APPENDIX

TO THE

LEGISLATIVE JOURNAL

SESSION OF 1945

REASONS FOR PARDONS GRANTED BY GOVERNOR

Commonwealth of Pennsylvania,
Governor's Office, Harrisburg, January 2, 1945.
To the Honorable, the House of Representatives of the
Commonwealth of Pennsylvania:
I have the honor to present herewith the reasons for
pardons granted by me from May 1, 1944, to date.

EDWARD MARTIN.

BOARD OF PARDONS

In re application of Harry Altemus, No. 7247, April
Session, 1944.

To His Excellency, the Governor of the Commonwealth of
Pennsylvania:

Sir: The above application having been heard, upon due
public notice, in open session, the undersigned members
of the Board of Pardons recommended that the minimum
sentence of Harry Altemus, convicted of arson in the Court
of Quarter Sessions of Northampton County on December
13, 1939, be commuted from 5 years to 4 years, 5 months,
and 10 days expiring on May 23, 1944.

Our reasons for making this recommendation are as
follows:

The applicant is 45 years of age and has now served
nearly four and one half years of the five year sentence.
This is his first major crime and he pleaded guilty to the
crime. The crime was committed by the applicant when
he was in such an intoxicated condition he was unable to
form the intent to commit the crime.

The Warden of the Northampton County Prison has in-
formed the Board of Pardons that the applicant has an
excellent institional record. The District Attorney of
Northampton County has written the Board of Pardons
in which he states that the application should be granted.

The Board of Pardons, therefore is of the opinion that
society would gain nothing by keeping the applicant in
jail for approximately six more months, and recommends
that clemency be granted as prayed for.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Frederick DePhilippi, B-4835, No.
4428, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of
Pennsylvania:

Sir: The above application having been heard, upon due
public notice, in open session, the undersigned members
of the Board of Pardons recommended that the minimum
sentence of Frederick DePhilippi, convicted of murder, in
the second degree in the Court of Oyer and Terminer of
Elk County on November 22, 1935, be commuted from 10
years to 8 years and 6 months, expiring on May 22, 1944.

Our reasons for making this recommendation are as
follows:

The applicant is 42 years of age and was sentenced to
a term of ten to twenty years for the crime of murder
in the second degree. He has now served approximately
eight and one half years of that sentence. He had no prior
criminal record.

The Board of Trustees of the Western State Penitentiary
advise the Board of Pardons that they would probably
recommend him for parole since this is his first convic-
tion and he has an excellent institutional record. The
present Judge in Elk County, Honorable Henry Hipple,
recommends that the Board of Pardons grant the Appli-
cant a commutation. The District Attorney of Elk County
has advised the Board that he would recommend the ap-
plicant favorably.

The Board of Pardons, therefore, feels that in view of
the present feeling of the authorities in Elk County that
the applicant has served a substantial portion of his sen-
tence and has shown every indication of having been
rehabilitated. Therefore, it is recommended that commu-
tation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Generoso DiGiacomo, No. 7246,
April Session, 1944.

To His Excellency, the Governor of the Commonwealth of
Pennsylvania:

Sir: The above application having been heard, upon due
public notice, in open session, the undersigned members
of the Board of Pardons recommended that Generoso

DiGiacomo, convicted of fraudulent conversion in the Court of Quarter Sessions of Philadelphia County, on December 14, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is 57 years of age and was convicted of the crime of fraudulent conversion. His sentence was he was to be placed on probation for the period of one year and to make restitution of the sum of \$1,000.00 which had been paid to him for the purpose of securing a lawyer for his victim's brother. He has made restitution of this sum.

This applicant has not been in any trouble for a period of six and one half years and this is the only crime of which he was convicted. He is at present employed as a salesman and as such is required to be bonded. Since this conviction is on the record it is difficult for him to carry on his occupation as salesman. He is steadily employed and has kept faith with the court by not becoming involved in any further legal difficulties. The District Attorney has no opposition to the granting of a pardon.

Since it is doubtful whether or not any intent to defraud the victim in this case and as it was explained to the Board, this was not an unusual practice at the time the applicant was arrested in Philadelphia and since the applicant has maintained a good record in the community since his conviction and has made restitution as required by the sentence of the Court, the Board of Pardons feels that the executive clemency sought for should be granted. We, therefore, recommend to your Excellency that a full and complete gubernatorial pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of William DiGiminiani, B-7825, No. 6332, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Digiminiani, convicted of operating a motor vehicle without consent of owner, larceny in the Court of Quarter Sessions of Clinton County on August 29, 1941, to be commuted from 3 years computed from July 31, 1941, to 2 years and 10 months, expiring on May 31, 1944.

Our reasons for making this recommendation are as follows:

This applicant is 20 years of age and had never before been convicted of any offense whatsoever. At the present time he has served two years and ten months of a minimum of three years for operating a motor vehicle without the consent of owner and larceny.

The Board of Trustees of the Western State Penitentiary report to the Board of Pardons that if this inmate was eligible for parole they would probably recommend him because this is his first imprisonment and he has an excellent institutional record. He is classified 1-A by the Special Panel of Selective Service System setup in the Rockview Penitentiary.

The Board of Pardons is of the opinion that since this is the first imprisonment and since he has served all but two months of his minimum sentence that further incarceration could have no further punitive effect and therefore recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Louis Efkovich, No. 7232, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis Efkovich, convicted of larceny in the Court of Quarter Sessions of Northampton County on April 11, 1939, to be commuted from 6 years computed from April 8, 1939, to 5 years, 1 month and 10 days, expiring on May 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 24 years of age and has served five years of a six year minimum sentence for larceny of chickens. His accomplices have all been released. This is the applicant's first imprisonment.

The Warden of the Northampton County Prison states that the Applicant has an excellent institutional record. The District Attorney of that county states in a letter to the Board that the application should be granted.

Since the applicant's accomplices, who were equally guilty, have all had their sentences commuted either by this Board or the Court which sentenced them, this applicant should receive similar treatment.

Therefore, the Board of Pardons recommends that the application for commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of James Finney, D-2800, No. 4434, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum

sentence of James Finney convicted of entering with intent to steal, larceny in the Court of Oyer & Terminer and Quarter Sessions of Philadelphia County on January 20, 1938, to be computed from January 14, 1938, be commuted from 11 years to 6 years, 4 months and 10 days, expiring on May 14, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 23 years of age and was convicted on five bills of indictment for larceny and entering with intent to steal. He was given consecutive sentences, totalling eleven years. He has served six years, three months of his sentence.

The Board of Trustees of the Eastern State Penitentiary states that the applicant has an excellent prison record. The District Attorney of Philadelphia County has written the Board of Pardons advising us that in his opinion there was not sufficient evidence to convict on two of the bills, and that his sentence is three years too large. Furthermore, no weapons were shown to have been used.

The Board of Pardons is of the opinion that if he has been improperly convicted on two bills of indictment he should not have to serve any of the sentence on those bills. Therefore, in view of his good record for a period of over six years and the fact that he was improperly convicted on two of the indictments, we feel he has served a sufficient length of time to atone for his crime. We therefore recommend commutation.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Henton Gary, D-3361, No. 6361, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Henton Gary, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 6, 1938, to be computed from August 5, 1938, be commuted from 10 years to 5 years 9 months and 20 days, expiring on May 25, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 27 years of age and has served nearly six years of a ten year minimum sentence. He was sentenced for the crime of robbery by the strong arm method. He has a good record in the Eastern State Penitentiary and has been continuously employed since November 4, 1941, in the Warden's office where he has demonstrated trustworthiness and a cooperative attitude.

The Trial Judge, Honorable Harry S. McDevitt, stated to the Board that he would be inclined to give him a chance.

Since the applicant has made an honest effort at rehabilitation so as to merit the confidence of those in charge of him, as well as the Trial Judge who sentenced him, the Board of Pardons recommends that his commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR., (Dissenting)
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Clarence King, D-1213, No. 5580, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Clarence King, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 6, 1936, be commuted from 10 years to 8 years 1 month and 20 days, expiring on May 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 29 years of age and has now served over eight years of his minimum sentence of ten years for the crime of robbery.

The Board of Trustees of the Eastern Penitentiary in their report to the Board of Pardons show that the applicant has a constructive and cooperative attitude and has made continuous improvement while incarcerated. He has also given five donations of blood to the American Red Cross.

The Trial Judge, Honorable Harry S. McDevitt, states that he has a good record and has maintained this consistent attitude for the past three years. The applicant's accomplice has had his sentence commuted.

The Board of Pardons feels that the Applicant's consistent cooperative attitude should be rewarded and the fact that the accomplice has already had his sentence commuted should cause the Board to give consideration to that fact. Therefore, the Board of Pardons recommends that the commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Edward Krock, D-2831, No. 5915, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members

of the Board of Pardons recommend that the minimum sentence of Edward Krock, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 27, 1938, to be computed from January 21, 1938, be commuted from 7½ years to 6 years and 4 months, expiring on May 21, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 29 years of age and has served six years, four months of a seven and one half years sentence. He had never before been convicted of any other crime.

The Board of Trustees of the Eastern State Penitentiary report that the applicant has an excellent record and that he has also made one donation of blood to the American Red Cross Serum Bank. The Honorable Harry S. McDevitt, Trial Judge, states that in his opinion with adequate supervision he thinks the applicant might be a good risk as he served practically all of his sentence. The District Attorney of Philadelphia interposes no objection to favorable consideration by the Board of Pardons.

Under the circumstances above set forth the Board of Pardons feels that this applicant should be given another chance and therefore, recommends that favorable consideration be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Steven Martin, No. 7231, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Steven Martin, convicted of larceny in the Court of Quarter Sessions of Northampton County on April 11, 1939 to be computed from April 8, 1939, be commuted from 6 years to 5 years, 1 month and 10 days, expiring on May 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 31 years of age and has served five years of a six year minimum sentence for larceny of chickens. This is the first time the applicant has ever become involved with the law.

The Warden of the Northampton County Prison states in a letter to the Board that the applicant's institutional record has been excellent. The District Attorney of Northampton County has also stated to the Board of Pardons that he believes the application should be granted. All of the applicant's accomplices have had their sentences commuted either by this Board or the Court which sentenced them.

The Board of Pardons, therefore recommends to your Excellency that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,
Attorney General.

WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Max May, No. 7208, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Max May, convicted of false pretense, making false statements in writing and obtaining property, fraudulent conversion, conspiracy in the Court of Quarter Session of Philadelphia County, on November 6, 1925, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is 49 years of age and was sentenced to imprisonment in the Philadelphia County Prison for the period of one year for the crime of fraudulent conversion and conspiracy.

Since his release from prison he has engaged in the general insurance business and Real Estate business. He has, since his arrest and conviction, conducted himself in an excellent manner and has by his actions shown an honest effort toward self-improvement. He states in his application that he wishes to remove, as far as possible, the stigma of his conviction and imprisonment, not alone for himself but for his family and for the further reason his conviction may be a handicap and bar to any employment he may seek in the future. Since imprisonment has two purposes, one to deter the other members of society not to engage in like courses of conduct and second to seek the rehabilitation of the prisoner the Board feels that this has been accomplished in the instant case. Therefore, since there is no objection from the Trial Judge nor the District Attorney's office and since the applicant has shown himself to be rehabilitated and in order that this conviction may not affect his later life the Board will recommend that a pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Lewis Murphy, D-1700, No. 7218, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Lewis Murphy, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and

Terminer and Quarter Sessions of Philadelphia County on November 6, 1936, be commuted from 10 years to 7 years, 6 months and 20 days, expiring on May 26, 1944.

Our reasons for making this recommendation are as follows:

This applicant is 28 years of age and had no prior criminal record. He received a sentence of from ten to twenty years of which he has served seven and one half years. Two of his accomplices have already been released from the Penitentiary.

The Board of Trustees of the Eastern State Penitentiary report that he has a good record and that he works well with a minimum of supervision. He has a satisfactory disciplinary record. The Honorable Harry S. McDevitt, Trial Judge, states in his letter of April 10, 1944, to the Board as follows: "I feel that there are favorable signs of rehabilitation, and I would be inclined to give him a favorable recommendation." For that reason and the reason that two of the accomplices have served their sentences and been discharged from the Penitentiary the District Attorney's office stated that they had no objection to the granting of commutation.

For the reasons set forth above the Board of Pardons is disposed to grant the prayer of the petitioner and recommend to your Excellency that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Edward Newborn, D-2183, No. 7167, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward Newborn, convicted of receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on April 30, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is 40 years of age and was convicted of the crime of receiving stolen goods on April 30, 1937. He served six months in the Eastern State Penitentiary. The term of his maximum sentence has expired and he is now on parole.

The applicant has not been in any trouble since the commission of this crime. The Honorable Harry S. McDevitt, Trial Judge, expresses no objection to the granting of the pardon, as does the District Attorney's office.

The applicant is now employed in the Registration Commission of the city of Philadelphia, and they advise this Board that unless a pardon is granted they will be obliged to dismiss the applicant. Since this would cause a great deal of hardship on the part of the applicant by having him lose his position and since he has made a sincere effort to rehabilitate himself and to wipe out this stain upon his name, the Board of Pardons is of the opinion that this is the case where executive clemency should be used and therefore recommend that a full and complete gubernatorial pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
♦JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Harvey Nichols, D-4016, No. 7217, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harvey Nichols, convicted of robbery, being armed with offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 11, 1939, to be computed from May 6, 1939, be commuted from 20 years to 5 years and 20 days, expiring on May 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 24 years of age and has served five years of a twenty year minimum sentence. He had no prior criminal record. The Board of Trustees of the Eastern State Penitentiary reports that he has a good disciplinary record and that there has been improvement in his attitude. The applicant was eighteen years of age at the time these robberies were committed and he seems to have learned his lesson as shown by his conduct record in the Penitentiary.

The District Attorney at the time of the hearing stated that he had no opposition to the granting of a commutation. The Board of Pardons feels that the applicant received an extremely heavy sentence and one of the accomplices who received a like sentence has his sentence commuted at the December, 1943, sentence of the Board.

Therefore, the Board of Pardons recommends that the prayer of the applicant's petition be granted and that his sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Joseph Parelyk, C-8023, No. 6389, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence

of Joseph Parelyk, convicted of murder, in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 21, 1932, be commuted from Life Imprisonment to 12 years, expiring on May 21, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 32 years of age and has now served nearly twelve years of a sentence of life imprisonment for murder in the first degree.

The Board of Trustees of the Eastern State Penitentiary in their report to the Board of Pardons state that the applicant is a model prisoner, although there is nothing in his prior record that would commend him. This killing occurred, while the applicant and three accomplices were robbing stores, the accomplice who killed the policeman has had his sentence commuted.

The Trial Judge, Honorable Harry S. McDevitt, feels that this applicant should be given a chance since the accomplice who did the actual killing has been give his freedom. The District Attorney's office makes no opposition to the application for commutation.

Since neither the Judge or the District Attorney have any objection to the granting of commutation and since this applicant is a model prisoner, which shows an honest effort to rehabilitate himself and since the accomplice who fired the fatal shot has been released from prison, the Board of Pardons feels that this applicant has learned his lesson and will merit the trust and confidence which is being reposed in him and therefore recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR., (Dissenting)
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Daniel Pargola, C-9136, No. 5445, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Daniel Pargola, convicted of larceny, forgery, false pretense in the Court of Quarter Sessions of Philadelphia County on January 29, 1940, to begin November 17, 1940, be commuted from 5 years to 3 years, 6 months and 12 days, expiring on May 29, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 28 years of age and has served four years and five months of a five year sentence. The Trial Judge, Honorable Harry S. McDevitt, leaves the matter of commutation entirely with the Board.

The Board of Pardons feels that the applicant received a very severe sentence for the type of crime that he committed and since he has served all but seven months of the minimum sentence it is felt that further imprisonment would not act as a deterrent if he has not learned his lesson.

The Board of Pardons recommends, therefore that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of William Rodgers, 57267, No. 7245, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Rodgers, convicted of making and uttering a check with intent to defraud in the Court of Quarter Sessions of Crawford County on February 22, 1943, to be computed from January 29, 1943, be commuted from 6 years to 1 year and 4 months, expiring on May 29, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 27 years of age and has served one year three months of a six year minimum sentence. He plead guilty to the crime of making and uttering a check with intent to defraud. He was sentenced on six indictments, covering six checks and was given consecutive rather than concurrent sentences. He is confined in the Allegheny County Work House and the Warden of that prison states that he is a cooperative and willing worker and has not violated any of the rules of the institution.

The Trial Judge has written the Board of Pardons stating that in his opinion, his sentence was a little harsh and that he recommends favorable consideration. The District Attorney of Crawford County has advised the Board that he had no objection to commutation.

The Board of Pardons is of the opinion that the sentence received by the applicant was rather severe for the crime involved and since the sentence authorities have no objection to commutation the Board of Pardons recommends that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Leo John Ross, D-5725, B-7854, No. 7153, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due

public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leo John Ross, convicted of assault, being armed with an offensive weapon with intent to rob in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 23, 1941, to be computed from April 19, 1941, be commuted from 4 years to 3 years, 1 month and 10 days, expiring on May 29, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 26 years of age and plead guilty to the crime of assault being armed with offensive weapon and intent to rob. He was sentenced to a term of four to eight years and has now served three years of his minimum sentence. His accomplice received a suspended sentence.

The Trial Judge, Honorable Joseph L. Kun, advises the Board of Pardons that he feels that commutation would be helpful in this case. The District Attorney's office withdraws any objection to the granting of a commutation. The Board of Trustees of the Eastern State Penitentiary reported to the Board of Pardons that the applicant has a good prison record and has a cooperative attitude.

Since this was applicant's first major offense and since he has served such a large portion of his sentence and there is no opposition at the present time from either the Court or District Attorney, the Board of Pardons recommends that clemency be granted in accordance with the prayer of the applicant's petition.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Robert Scotten, C-3126, No. 1662, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Life sentence of Robert Scotten, convicted of murder, in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Chester County on October 7, 1925, be commuted from Life Imprisonment to 18 years and 8 months, expiring on June 7, 1944.

Our reasons for making this recommendation are as follows:

This applicant is 38 years of age and has spent the last seventeen and one half years of his life in the Eastern Penitentiary for murder. He was sentenced to life imprisonment. The authorities at the Eastern State Penitentiary are unanimous in advising the Board of Pardons that this applicant is the most outstanding prisoner in the Eastern State Penitentiary. Both Dr. Linn Bowman and Mr. Frank P. Tucker, Senior Parole Officer, have stated to the Board of Pardons that he is a capable and conscientious worker. Dr. Herbert M. Goddard, former president of the Board of Trustees of the Eastern State Penitentiary has stated to the Board of Pardons as follows: "It is my considered conviction that a young man of unexcelled effort and progress over a period of practically

eighteen years in a penal institution, deserves a more just outlook for his future, in which there are such definite prophecies of usefulness".

Applicant's accomplice in this crime died in the Eastern Penitentiary.

The Board of Pardons is of the opinion that such an outstanding prison record which merits the confidence of all persons in the institution who have had him under supervision and control is sufficient evidence of complete rehabilitation which should cause the Board to make a favorable recommendation in this case. Therefore, after nearly two decades of imprisonment the Board of Pardons recommends to your Excellency that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR., (Dissenting)

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Theodore Wagner, B-7159, No. 5950, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Theodore Wagner, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on March 21, 1940, to be computed from March 14, 1940, be commuted from 7½ years to 4 years, 2 months and 10 days, expiring on May 24, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 33 years of age and has served four years and two months of a seven and one half minimum sentence for the crime of robbery. The Warden of the Western State Penitentiary, in a special letter to the Board of Pardons, states as follows: "Wagner has been a model inmate during the entire period of his incarceration, exceptionally well behaved and extremely industrious. He works without guard in the institutional garage outside the Pittsburgh prison. He has had this position for quite some time, and never in any way, has he violated the confidence placed in him".

The Board of Trustees of the Western State Penitentiary informs the Board of Pardons that if this applicant were eligible for parole, they would probably recommend him because this is his first major imprisonment; he has an excellent institutional record and is a cooperative inmate. He has also been placed in Class I-A by the Special Panel of the Selective Service System located in the Western State Penitentiary.

The Board of Pardons is of the opinion that the outstanding record of this applicant while in the Western State Penitentiary is such that he merits the consideration asked for and therefore recommends that commutation be granted as prayed for.

Respectfully submitted,

JOHN C. BELL, JR., (Dissenting)

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Leonard J. Zalutsky, D-3324, No 7023, April Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leonard J. Zalutsky, convicted of Burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on August 19, 1938, to be computed from August 5, 1938, be commuted from 10 years to 5 years, 9 months and 20 days, expiring on May 25, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 28 years of age and has now served five and one half years of a ten year minimum sentence on the charge of burglary.

From 1926 until 1928, this applicant was a one man crime wave and at the time of his sentence in Pennsylvania he was wanted in the state of Florida on the charge of murder for which he had been sentenced to life imprisonment.

A commutation of this sentence will not mean that the applicant will gain his freedom as the state of Florida has filed a detainer with the Eastern State Penitentiary. The Board of Trustees state that the applicant deserves consideration. All of the accomplices in the present crime have been released from the Penitentiary.

The Board of Pardons therefore, recommends that the present sentence be commuted from the minimum of ten years to the time now served in the Eastern State Penitentiary on condition that the applicant be returned to the state of Florida to serve the sentence there imposed on the charge of murder.

Respectfully submitted,

JOHN C. BELL, JR., (Dissenting)
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of John E. Barkley, D-3371, No. 6344, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John E. Barkley, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Cumberland County on August 23, 1938, be commuted from 7½ years to 4 years and 11 months expiring on July 23, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 24 years of age and has no prior record. He was sentenced to a term of from 7½ to 15 years for armed robbery, the total loot being \$30.00. He has now served approximately 6 years of the term of 7½ years.

The Board of Trustees of the Eastern State Penitentiary states that the applicant has an excellent work record and is considered trustworthy. His disciplinary record is also excellent. The trial judge, Honorable Fred S. Reese, states to the Board that if the applicant has a good prison record he has no objection to his release. The Board of Trustees is of the opinion that approximately 6 years of a minimum term of 7½ years, without prior application for commutation, is a good record and his prison record likewise is excellent.

Therefore, since he is a first offender, the Board feels he should be given another chance and recommends that commutation be granted.

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of William Britton, No. 0123, No. 6089, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Britton, convicted of entering and burglary in the Court of Quarter Sessions of Northumberland County on May 5, 1942, to be computed from March 3, 1942, be commuted from 2½ years to 2 years, 4 months and 23 days, expiring on July 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 22 years of age and this is his first conviction. The applicant was sentenced to a term of 2½ to 5 years in Northampton County Prison and at the present time has served 2 years 3 months of that sentence.

The District Attorney of Northampton County has advised the Board that he has no objection to commutation of sentence at this time. The Board feels that he has served such a large portion of his sentence and that this is his first major conviction and that the applicant has probably learned his lesson and a commutation would have a beneficial effect on his reaction toward society.

The Board of Pardons, therefore, recommends that commutation be granted.

Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Stephen A. Devereux, D-7005, No. 7297, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Stephen A. Devereux, convicted of voluntary manslaughter in the Court of Oyer and Terminer and Quarter Sessions of Chester County on March 5, 1943, to be computed from October 31, 1942, be commuted from 3½ years to 1 year and 9 months, expiring on July 31, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 41 years of age and has served over half of his sentence of 3½ to 9 years on a charge of Voluntary Manslaughter. The applicant is a member of the Bar of Chester County and the crime for which he seeks commutation of sentence was for shooting a trespasser on his land after he had been warned by the applicant to leave.

The Trial Judge, Honorable Ernest Harvey, states that the matter of commutation is up to the Board of Pardons. The Board of Trustees of the Eastern State Penitentiary have advised the Board of Pardons the applicant has an excellent institutional record.

This was a very unfortunate instance and the applicant has suffered heavily through his confinement. He was a reputable member of the Chester County Bar and had a wide-spread practice. Incarceration to him is doubly hard especially when he felt that there was some justification for his action by reason of the defiant attitude of hunters on his posted land and the fact that his children and his home had been shot at by these hunters.

The Board of Pardons are of the opinion that this applicant has been severely punished and that further confinement can have no effect toward rehabilitation and will only result in increased hardship to the applicant's wife and family. The Board of Pardons, therefore, recommends that the prayer of the applicant be granted and that commutation be issued.

JOHN C. BELL (Dissents)
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Russell Diefenderfer, No. 7308, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Russell Diefenderfer, convicted of burglary in the Court of Oyer and Terminer of Northampton County on November 22, 1937, to be computed from October 25, 1937, be commuted from 7 years to 6 years and 9 months, expiring on July 25, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 30 years of age. He was sentenced to

pay a fine of \$100.00 and to imprisonment in Northampton County Prison for a term of from 7 to 14 years for the crime of burglary.

The president judge, Honorable Herbert F. Laub, has made no objection. The District Attorney of Northampton County has no objection to the granting of the commutation as prayed for. The Warden of Northampton County Prison where the applicant is incarcerated states the applicant has lived up to all rules of the institution and he is worthy of consideration.

The Board of Pardons, in view of the unanimous approval of this applicant's petition by all the law enforcement agencies in Northampton County, feel that since this applicant has served 6½ years of minimum sentence of 7 years, he should be granted commutation and therefore, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Booker Dodson, No. 54559, No. 7311, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Booker Dodson, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on September 16, 1941, to be computed from June 30, 1941, be commuted from 5 years to 3 year and 1 month, expiring on July 30, 1944.

Our reasons for making this recommendation are as follows:

The applicant is twenty-nine years of age and at the present time is serving a sentence of not less than five nor more than ten years in the Allegheny County Workhouse. At present the applicant has served almost three years of his sentence. He also contends that he was innocent of the charge and he was forced to trial before the same jury on two disconnected offenses, separated in time by more than ten years. Also the applicant claims to have been of the age of sixteen years at the time of the alleged crime and therefore he should have been remanded to the Juvenile Court.

The President Judge, Honorable Charles M. Culver, has written the Board he would recommend the applicant for commutation of sentence if his record in prison has been good. The superintendent of the Allegheny County Workhouse, Lawrence P. Keenan, has informed the Board that the applicant has an excellent institutional record. There is also made a matter of the record an affidavit by the accomplice who plead guilty to the crime for which the applicant was sentenced and he states under oath that the applicant was not a party to this crime.

Therefore, the Board of Pardons feels that the applicant is being detained for a crime which he did not commit and that he has served three years with an excellent record and merits a commutation of the balance of his minimum sentence. The Board of Pardons, therefore, recommends that the commutation prayed for be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Charles J. Donnelly, No. 7287,
May Session 1944.

To His Excellency, the Governor of the Commonwealth of
Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Charles J. Donnelly, convicted of entering with intent to steal; carrying concealed deadly weapons without a license; burglary, entering in the night without breaking with intent to commit a felony, and receiving stolen goods, in the Court of Quarter Sessions of Philadelphia County, on October 1, 1931; June 9, 1933; and May 4, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is twenty-nine years of age and has been arrested on three charges, to wit: entering with intent to steal, carrying concealed deadly weapons; burglary, entering in the night without breaking with intent to commit a felony, and receiving stolen goods. The applicant has served his time on all three cases. He received only one prison sentence which was in the case of entering to commit a felony, in which case he was sentenced to a term of not less than one nor more than two years. His maximum sentence expired May 4, 1939.

The applicant is a member of the armed forces of the United States and took part in the invasion of Tarawa. He is now a Master Sergeant. He has been cited for a good conduct medal and has been promised a promotion if he can qualify. The Honorable Vincent A. Carroll who was Assistant District Attorney at the time has become interested in his case and is acting as his representative. There is no objection either from the Commonwealth or any of the parties interested. He has not been in trouble for the period of more than seven years and has conducted himself favorably with our armed forces. These convictions stand in the way of further promotion.

The Board of Pardons is of the opinion that by reason of his excellent army record and good conduct in the past 7 years that he is entitled to have the prayer of his petition granted.

The most that can be said for his criminal record is that they were youthful indiscretions. Therefore, the Board of Pardons recommends to your Excellency that a full and complete gubernatorial pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Thomas Ward Gibson, D-4937, No. 6357, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of
Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Thomas Ward Gibson, convicted of larceny and receiving stolen goods, in the Oyer and Terminer and Quarter Sessions Court of Delaware County, on October 6, 1939; and of voluntary manslaughter, in the Oyer and Terminer Court of Huntingdon County, on May 15, 1940; be commuted on Bill No. 262 September Sessions, 1939, from a maximum term of 5 years to a minimum term of 4 years, 9 months, and 20 days, expiring on July 26, 1944; and on Bill No. 17 February Sessions, 1940, from a minimum term of 1 year and 9 months to a minimum term of 1 day, expiring on July 27, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 20 years of age and is now serving an indeterminate sentence of 5 years for larceny and receiving stolen goods. He was given a sentence of 1 year 9 months to 3 years 6 months for voluntary manslaughter committed while an inmate of Pennsylvania Industrial School at Huntingdon. The applicant has now served over 4½ years and his maximum would expire October 6, 1944, at which time he would be required to begin serving a term of 1 year 9 months to 3 years 6 months for voluntary manslaughter of an inmate who attempted to commit sodomy upon him.

The Board of Trustees of the Eastern State Penitentiary where the inmate has been confined have advised the Board of Pardons that he has a good institutional record. The District Attorney of Huntingdon County in a letter to the Board of Pardons states that he has no serious objection to the granting of a commutation.

Since he has served nearly 5 years the Board of Pardons feel that no further good can be obtained by requiring this petitioner to serve an additional 2 years. Therefore, the Board of Pardons recommends to your Excellency that the sentence of the applicant be commuted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Lyle Leland Gordy, D-4124, No. 5600, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of
Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Lyle Leland Gordy convicted of rape, attempt to rape, assault and battery, in the Oyer and Terminer and Quarter Sessions Court of Luzerne County, on April 1, 1939 and to be computed from February 7, 1939, be commuted on Bills Nos. 254 November Sessions, 1938, and 125 April Sessions, 1939, from a minimum term of 7½ years to a minimum term of 5 years,

5 months, and 19 days, expiring on July 26, 1944; and in Bill No. 124 April Sessions, 1939, from a maximum term of 1 year to a minimum term of 1 day, expiring on July 27, 1944 (Luzerne County Prison sentence).

Our reasons for making this recommendation are as follows:

This applicant is at present 32 years of age. He has had no prior criminal record. He was sentenced on a charge of rape and attempted rape to a very severe sentence of 7½ to 20 years. The applicant was unfortunate in that he was brought to trial at a time when there was in the community an unsolved murder case. This applicant was convicted and was sentenced to this term. However, the facts from investigation are such as to lead us to believe that it is very doubtful if this applicant did commit the crime with which he was charged.

The Board of Trustees of the Eastern State Penitentiary advises us that he has an excellent institutional record and that their report indicates trustworthiness. The Board of Pardons is of the opinion that one of the factors in this case was the unsolved murder of another young girl in that county which attracted nation wide publicity and militated against this defendant when he was brought to trial at a time when feeling was still high on the other case. Since the Board feels that there was no rape committed here the applicant has served a very long time for what, at most, could be considered an attempt to rape.

Therefore, the Board of Pardons feels that having served 5 years and 5 months the applicant is entitled to commutation of sentence at this time.

Respectfully submitted,

JOHN C. BELL, JR., (Dissents)
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Salvatore (Sam) Guerrera, D-5631, No. 5389, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Salvatore (Sam) Guerrera, convicted of Voluntary manslaughter in the Court of Oyer and Terminer of Chester County on March 8, 1941, to be computed from October 6, 1940, be commuted from 4 years to 3 years, 9 months and 20 days, expiring on July 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is forty-four years of age and has served three years and eight months of a four year minimum sentence for voluntary manslaughter. The applicant had no prior criminal record. The trial judge has indicated to the Board of Pardons in a letter that he would recommend the applicant for commutation and the district attorney of Chester County does not oppose such action. The Board of Trustees of the Eastern State Penitentiary have stated that the applicant has an excellent institutional record. It might also be stated that the victim in this case was the aggressor and assaulted the applicant without provocation.

The Board of Pardons is of the opinion that the applicant has paid his debt to society and should be given his freedom at this time since he has served the greater portion of his minimum sentence. Further confinement can have no punitive effect. The Board of Pardons, therefore recommends that the prayer of the applicant be granted and that the sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Charles Ralph Hammers, B-8739, No. 7300, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Ralph Hammers, convicted of breaking and entering, burglary in the Court of Oyer and Terminer of Somerset County on August 9, 1943, to be computed from August 4, 1943, be commuted from 1½ years to 11 months and 25 days, expiring on July 29, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 22 years of age and has no prior criminal record. The applicant and his accomplice stole certain gasoline coupons from a Ration Board and sold them. He was sentenced to a term of 1½ years in the Western State Penitentiary.

The Board of Trustees of the Western State Penitentiary have stated that the applicant has an excellent institutional record and is presently confined to the institutional hospital where he is suffering from advanced tuberculosis. It is also stated by them that if released he will need further hospitalization. The trial judge of Somerset County in a letter to the Board has stated that the Board should commute the sentence because of his physical condition.

At the present time the applicant has served approximately 11 months of a sentence of 18 months and because of his physical condition, it is unwise to impose upon him further confinement which might result in a permanent, if not fatal, condition. The Board of Pardons, therefore, recommends that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Waide Hay, B-3591, No. 5264, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Waide Hay, convicted of robbery, breaking and entering, larceny, assault with intent to rob, etc., in the Oyer and Terminer Court of Westmoreland County; on February 8, 1933; robbery, etc., in the Oyer and Terminer Court of Fayette County, on November 27, 1936; and larceny, etc., in the Quarter Sessions Court of Washington County, on August 26, 1938; be commuted on Bill No. 149 February Sessions, 1933 (Westmoreland County) from a minimum term of 10 years (Bills Nos. 150, 151, 153, 154, 219, 229, 230 Westmoreland County—concurrent), to a minimum of 1 year, 5 months, and 15 days, expiring on July 23, 1944.

Our reasons for making this recommendation are as follows:

The applicant is at present 31 years of age and is serving a term of from 20 to 40 years in the Western State Penitentiary for committing a series of 11 robberies and larcenies, including a bank. This was his first conviction and he has now served 11½ years of his minimum term. Two of his accomplices have had their sentence commuted.

The Board of Trustees of the Western State Penitentiary in their report to the Board of Pardons have stated they would recommend this inmate for parole if he were eligible to apply because this is his first major conviction, he has an excellent institutional record and he has now served 11½ years. The other accomplices whose terms are still in effect, all had previous criminal records and were much older than this applicant.

The District Attorney of Westmoreland County has informed the Board that he has no objection to any action which the Board of Pardons sees fit to take. The Board of Pardons, therefore recommends that since the accomplices who had similar records to the applicant have all been released that this applicant should also be granted commutation of his sentence.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of John Jurcevich, B-6136, No. 7285, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Jurcevich, convicted of larceny of automobile, breaking and entering, larceny, arson in the Court of Quarter Sessions of Westmoreland County on May 19, 1938, to be computed from April 6, 1938, be commuted from 10 years to 6 years, 3 months and 25 days, expiring on July 31, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 24 years of age and is serving a term of from 10 to 20 years in the Western State Penitentiary for the stealing of two cars. He had no prior record and his accomplice in this matter was placed on probation rather than having been given a jail sentence. This applicant at the present time, has served 6 years and 3 months of his minimum sentence.

The Board of Trustees of the Western State Penitentiary have informed the Board that the applicant has an excellent institutional record and because of his record and the fact that this is his first conviction and he has served such a large portion of his sentence that they would recommend him for parole if he were eligible to apply. The Trial Judge states that any action taken by the Board will be satisfactory to him. The District Attorney of Westmoreland County feels that if this applicant is released he should enter the Armed Forces.

The Board of Pardons feels that this applicant certainly should have learned his lesson through the service of 6 years and that further imprisonment will have no punitive effect. Therefore, the Board of Pardons is of the opinion that commutation would be helpful in this case and should be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Frederick C. Kurtz, Jr., No. 7307, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frederick C. Kurtz, Jr., convicted of burglary in the Court of Quarter Sessions of Northampton County on July 14, 1941, to be computed from June 28, 1941, be commuted from 4 years to 3 years and 1 month, expiring on July 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 36 years of age and has never before been convicted of any offense whatsoever. He was sentenced to a term of from 4 to 8 years on charge of burglary. He has now served three years of that sentence.

The president judge, Honorable Herbert F. Laub, and the District Attorney of Northampton County have no objection to the granting of commutation. The Warden of the Northampton County Prison has made no report to the Board in this case. All articles taken in the burglary were returned to rightful owner.

The Board of Pardons feels that the applicant has served a substantial portion of his sentence and that he has learned his lesson and has substantially paid his debt to society. Therefore, the Board of Pardons recommends that the prayer of the applicant be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of John C. McDonnell, No. 7263, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John C. McDonnell, convicted of operating an automobile without consent of owner in the Court of Quarter Sessions of Philadelphia County, on June 23, 1938, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is twenty-four years of age and has not been in any trouble with the exception of this case which was operating an automobile without the consent of owner. The facts briefly are these: that the applicant borrowed his employer's truck to take himself and certain friends to church on Easter Sunday; that while enroute to church he was stopped by police and was placed under arrest.

He has been in no further difficulties and the sentencing authorities have no objection to the granting of a gubernatorial pardon. The applicant was a member of the armed forces of the United States but has since been discharged for medical reasons. The applicant is married. The prosecutor feels that at most this was a boyish prank.

Since he has behaved himself well and realizes the gravity of his conduct the Board feels he merits the removal of this blot from his name and therefore recommends to your Excellency that a full and complete pardon be granted.

Respectfully submitted,
JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Charles G. McErlane, No. 7273, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that Charles G. McErlane, convicted of operating an automobile without consent of owner, larceny in the Court of Quarter Sessions of Philadelphia County, on June 23, 1938, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is twenty-six years of age and had never been in trouble prior to this offense which was operating an automobile without consent of owner, larceny. The facts briefly are these, that accomplice of the applicant borrowed his employer's truck and took applicant and several friends to church. On their way to church they were stopped by police and the applicant was charged with this crime.

There has been in this case no more than a technical violation of the law insofar as the facts which are admitted and stated. The applicant did not drive the car and did not know that the car had been taken without the owner's consent. As a result applicant was placed on probation for a period of one year, June 23, 1938. Since that time he has not been in any trouble.

There is no objection from either the sentencing judge or district attorney of Philadelphia County. The prosecutor in the case testified that he was satisfied that it was a boyish prank as the boys had not been in trouble before.

The applicant is desirous of joining the United States Navy and feels that this conviction may stand in his way to advancement. He is married and has a son four months old.

In order to remove this blot from his record the Board of Pardons feels that he should be permitted to enter the navy with a clean slate and therefore, recommends to your Excellency that a full and complete gubernatorial pardon be granted.

Respectfully submitted,
JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Leous Meko, D-3044, No. 7258, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that the minimum sentence of Louis Meko, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Lackawanna County on April 14, 1938, be commuted from 10 years to 6 yrs. 3 mos. and 12 days, expiring on July 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 27 years of age and has served over six years of a 10 to 20 year sentence. The applicant was a party to a robbery where the loot taken amounted to approximately \$15.00.

The Board of Trustees of the Eastern State Penitentiary has informed the Board of Pardons that the applicant's institutional record is good and that he has a conformed and cooperative attitude. The District Attorney of Lackawanna County has informed the Board that he has no objection to the granting of commutation since the accomplice of the applicant had his sentence commuted at the September, 1943, Session of the Board of Pardons. Because this applicant's accomplice, who was equally guilty, has had his sentence commuted and since this applicant has served an additional period of approximately nine

months and has maintained a good institutional record, the Board of Pardons is of the opinion that a commutation in this case would have a beneficial effect on the social outlook of the applicant.

Respectfully submitted,
JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of William Perrine, Jr., No. 57268, No. 7305, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Perrine, Jr., convicted of violation of uniform Firearms Act, conspiracy to defraud in the Court of Quarter Sessions of Crawford County on February 22, 1943, to be computed from February 16, 1943, be commuted from 3½ years to 1 yr. 5 mos. and 10 days, expiring on July 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is eighteen years of age and has no prior criminal record. He was sentenced to a term of three and one-half to six years in the Allegheny County Workhouse in violation of the uniform Firearms Act, conspiracy to defraud. At the present time he has served nearly one year and six months of his sentence.

This applicant was not any more guilty than his accomplices were, yet all of the accomplices were paroled by the court at the time of sentence. The trial judge has stated to the Board of Pardons that he leaves the matter of commutation up to the Board. The district attorney of Crawford County goes so far as to recommend clemency. The Warden of the Allegheny County Workhouse states in a letter to the Board of Pardons that the applicant has a very good record. The Board of Pardons feels that the applicant has been severely punished for his part in this conspiracy, in fact, more so than those who shared in the benefits of the conspiracy. The Board is further of the opinion that to grant commutation now may have a good effect on the applicant.

Therefore, in view of his good record in the institution, the Board of Pardons recommends that the application for clemency be granted.

Respectfully submitted,
JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Earl Norman Price, D-3977, B-7656, No. 7281, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Earl Norman Price, convicted of accessory before the fact to murder in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 12, 1939, to be computed December 12, 1938, be commuted from 6 years to 5 yrs. 7 mos. and 14 days, expiring on July 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 39 years of age and is serving a term of from 6 to 20 years for accessory before the fact of murder.

The Board of Trustees of the Eastern State Penitentiary report to the Board of Pardons that the applicant has a satisfactory record and that he is cooperative and has good prison habits. The Trial Judge, Honorable Harry McDevitt, in letter to the Board states that the matter of commutation is up to the Board. The District Attorney of Philadelphia County, through his representative, James W. Tracy, Jr., Esquire, has informed the Board that they believe favorable consideration would be helpful.

This applicant has now served 5½ years of a 6 year minimum sentence, he has no prior criminal record to speak of and this is the first serious difficulty in which he found himself. He has made an honest effort to rehabilitate himself and should be given some credit for this effort. Therefore, the Board of Pardons recommends that commutation of the remaining portion of his minimum sentence be granted.

Respectfully submitted,
JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Anthony Rapone, No. 7260, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Anthony Rapone, convicted of unlawful possession of intoxicating liquor in the Court of Quarter Sessions of Philadelphia County, on October 2, 1931, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant at the present time is thirty-five years of age and his offense consists of the unlawful possession of certain intoxicating liquors, to wit; he made wine for personal consumption. This is one of the crimes which arose during the prohibition era and there is no doubt that he was technically guilty of a violation of the prohibition laws by reason of his failure to secure a permit for the making of this wine.

The trial judge, Honorable M. Ward Fleming, has stated that he would under the circumstances recommend the granting of a pardon. The applicant is at present engaged in defense work and this record has caused himself and his family certain unpleasantness as a result thereof.

The Board of Pardons feels that there was no evidence of any intent or conspiracy to violate the prohibition laws, that his action was merely an oversight which has caused a good deal of hardship on the applicant and his family. Therefore, the Board of Pardons feels favorably disposed to the granting of executive clemency in this matter and recommends that a pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Albert Rumford, D-968, No. 5751, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Albert Rumford, convicted of robbery, being armed with an offensive weapon, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on November 1, 1935; and of robbery, in the Oyer and Terminer and Quarter Sessions Court of Bucks County, on December 4, 1940, be commuted on Bill No. 222 September Sessions, 1935, from a minimum term of 10 years to a minimum term of 8 years, 8 months, and 25 days, expiring on July 26, 1944; and on Bill No. 223 from a minimum term of 5 years to a minimum term of 1 day, expiring on July 27, 1944; and on Bill No. 39 December Sessions, 1931, from a minimum term of 8 years to a minimum term of 3 years, 7 months, and 23 days, expiring on July 27, 1944. This sentence was to run concurrent with Bills Nos. 222 and 223 and to be computed from December 4, 1940.

Our reasons for making this recommendation are as follows:

The applicant is 36 years of age and was sentenced to serve a term of 15 to 30 years for armed robbery. The total loot amounted to approximately \$30.00 in two hold-ups. The accomplice of this applicant received a term of 5 to 10 years for the same offenses and served his minimum. The only reason that can be found for giving this applicant 15 to 30 years and his accomplice 5 to 10 years, would be on the basis of his prior criminal record.

The Board of Trustees in a report to the Board of Pardons states that this applicant has an excellent personality and an outstanding record of worthy use of prison time. He has an excellent disciplinary record and has always been a very cooperative inmate. The Trial Judge, Honorable Raymond MacNeille has stated to the Board that he has no objection to render in this case. The District Attorney of Philadelphia County has stated that he has no objection to commutation if the applicant has a good record. The Board then asked Mr. Frank Tucker, Senior Parole Officer, of the Eastern State Penitentiary, his views on this inmate's record and he recommended to the Board that because of the excellent record that this application be granted.

The Board of Pardons finds that there is no objection to the granting of the prayer of this petitioner and feels that the applicant received a very severe sentence in line with the sentence of his accomplice. He has now served more than half of this sentence and even though he received a sentence three times as heavy as his accomplice he still has an outstanding record in prison. Because of this outstanding record and the length of time that he has served, the Board of Pardons is of the opinion that it would be extremely beneficial to this applicant's view point of society if commutation was granted at the present time and therefore, unanimously recommend it.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Calvin Russell, B-3323, No. 3768, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Calvin Russell, convicted of assault and battery, aggravated assault and battery with intent to kill, robbery, larceny, receiving stolen goods, violation of the Firearms Act, in the Oyer and Terminer Court of Fayette County on August 26, 1932, be commuted on Bill No. 21/134-1/5 September Sessions, 1932, from a minimum term of 2½ years to a minimum term of 1 year and 11 months, expiring on July 26, 1944; and on Bill No. 21/134-2/5 from a minimum term of 2½ years to a minimum of 1 day, expiring on July 27, 1944. (Applicant has been granted parole on Bill No. 21/134).

Our reasons for making this recommendation are as follows:

The applicant is 35 years of age and this is his first major conviction. The applicant received a sentence of from 15 to 30 years for having been a member of a gang which tied up their victims and threatened them with whips to make them disclose where their money was located.

The Board of Trustees of the Western State Penitentiary have reported to the Board of Pardons that they would probably recommend this applicant for parole for the following reasons: it is his first conviction; he has an excellent institutional record; he is a cooperative inmate; he has made efforts toward self-improvements; he has served almost 12 years and the sentence of his accomplice was commuted January 29, 1938. According to the records of the Western State Penitentiary this applicant was not the leader of the gang which committed the robbery. The Trial Judge has written the Board that in this case he recommends clemency and states that the worst defendant has had his sentence commuted.

Therefore, the Board of Pardons is of the opinion that this applicant has served a very substantial portion of his sentence and in view of an excellent institutional record is entitled to consideration from this Board, therefore, the Board of Pardons recommends that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Joseph John Selmek, B-6190 B-8729, No. 7271, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph John Selmek, convicted of breaking and escaping penitentiary, in the Court of Quarter Sessions of Centre County on June 30, 1942, to be computed from July 13, 1943, be commuted from 5 years to 1 year and 10 days, expiring on July 23, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 31 years of age and is serving a term for breaking and escaping penitentiary and was given an additional sentence of 5 to 10 years to the one which he had been serving and which would have expired on July 13, 1943. The applicant has now served approximately one year of his sentence for breaking and escaping Penitentiary.

The applicant is in class I-A of the Special Panel of Local Board 27 of Selective Service System and will be recommended for induction into the Armed Forces of the United States if granted a release.

It is believed that the reason he escaped from Rockview Prison Farm was due to the fact that his wife contemplated a divorce at the time and that he had been under nervous strain following an operation.

The District Attorney of Allegheny County from which he was originally sentenced has stated that the matter of commutation of sentence is entirely up to the Board of Pardons. The Board of Trustees of the Western State Penitentiary state that this applicant has an excellent institutional record and since he has served almost 6 years they would recommend him for parole if he were eligible to apply.

The Board of Pardons is of the opinion that the applicant has served a long period of time on a charge of escaping from the penitentiary and that his excellent institutional record merits consideration and therefore, recommend to the Governor that the sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of William Shannaberger, B-4515, No. 3551, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on William Shannaberger, convicted of robbery, larceny, receiving stolen goods, assault with intent to rob, aggravated assault and battery, in the Oyer and Terminer Court of Fayette County, on March 7, 1935, be commuted on Bill No. 14½/30 March Sessions, 1935, from a minimum term of 5 years to a minimum term of 4 years, 4 months, and 20 days, expiring on July 27, 1944. (Applicant has been granted parole on Bill No. 14/30).

Our reasons for making this recommendation are as follows:

The applicant is 33 years of age and has now served approximately 9 years 2 months of a 10 years sentence in the Western State Penitentiary. It might be stated that in the files of the Board of Pardons there is a statement from the Warden of Fayette County Prison to the effect that the applicant was committed to that institution on December 23, 1934, although he was not sentenced for a period of nearly 3 months. He was never given credit for this additional three months which he served by including that in the time spent in prison he would have served nearly 9½ years of his 10 years sentence at the present time.

The applicant has been placed in class I-A and has signed a Voluntary Induction Waiver for Special Panel of Local Board No. 2, Centre County, of Selective Service System. This applicant has spent nearly one third of his life in prison and the Board feels that the recommendation of the Board of Trustees of the Western State Penitentiary should be followed wherein they state that this is the applicant's first major imprisonment; he has an excellent institutional record and is a cooperative inmate and has served over 9 years. It might also be stated in behalf of this applicant, that when he entered the institution he was an illiterate and that he has now completed three school terms and has reached a school grade equivalent to the fourth year.

Therefore, the Board of Pardons feels that because he has made a definite effort at self-improvement, some consideration should be granted him for his very obvious attempt to help himself and therefore, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of David Sims, D-7094, No. 7278, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum

sentence of David Sims, convicted of breaking and entering, etc., in the Court of Oyer and Terminer of Delaware County on January 13, 1939, to be computed from April 1, 1943, be commuted from 5 years to 1 year, 3 months and 25 days, expiring on July 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 39 years of age and has been continuously in prison for a period of 5½ years but only 1 year and 2 months of the 5½ years count on his sentence of from 5 to 10 years for breaking and entering and stealing eleven crates of chickens. The reason the applicant received what was equivalent of 9 years for this crime was because at the time it was committed he was on parole.

Since the applicant returned to prison and for the period of the last 5½ years he has maintained an excellent prison record and is now employed as a weaver in the institution. He has saved a large part of his earnings. The Trial Judge who sentenced him to serve this term of 5 to 10 years, to begin at the expiration of unexpired parole violation, has stated in a letter to the Board that if the applicant's record is good the Board should commute the applicant's sentence. The District Attorney of Delaware County has entered no opposition.

The Board of Pardons, therefore recommends that having served his minimum sentence and an additional term of 1 year 3 months for his parole violation, that commutation be granted as prayed for.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of John Symanski, B-5523, No. 5737, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on John Symanski, convicted of robbery, in the Oyer and Terminer Court of Allegheny County, on May 25, 1937, be commuted on Bill No. 17 March Sessions, 1937, from a minimum term of 2 years to a minimum term of 2 months, expiring on July 25, 1944. (Bill No. 19 April Term, 1937, to run concurrent is also commuted. (Applicant has been granted parole on Bills Nos. 69 and 18 March Sessions, 1937)).

Our reasons for making this recommendation are as follows:

The applicant is 29 years of age and he has served seven years of a 9 to 18 years sentence.

The Board of Trustees of the Western State Penitentiary state that the applicant has an excellent institutional record and that if he were eligible for parole that they would recommend applicant for parole. The Board believes that the applicant was guilty of this crime but that he has served such a great portion of his sentence that a commutation now will have a beneficial effect on his attitude toward society. The fact that he has served seven years would indicate that a further term in prison would have no beneficial effect.

Therefore, the Board of Pardons recommends that the commutation be granted and that the sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR., (Dissenting)
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Robert Hugh Tarbell, B-8864, No. 7282, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Hugh Tarbell, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer of Erie County on October 4, 1943, to be computed from September 24, 1943, be commuted from 3 years to 10 months and 2 days, expiring on July 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 22 years of age and committed this crime while on a leave from the United States Navy. The crime consisted of robbing his victim of approximately \$350.00 while applicant was intoxicated.

The applicant has an excellent institutional record in the penitentiary and his crime grew out of excessive drinking and a broken home in his youth. He is still quite young and has received quite a severe sentence. By the time commutation become effective he will have served approximately 10 months of a 3 year sentence.

The Board of Pardons feels that if this applicant is given another chance, since he has nearly eight years of parole to serve, that he will be under strict supervision of the Board of Parole and should be given an opportunity to redeem himself by returning to the Armed Forces if they will accept him. Therefore, the Board of Pardons is recommending that a commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of George Turner, D-1185, No. 7156, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due

public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Turner, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 16, 1936, be commuted from 10 years to 8 years, 4 months and 10 days, expiring on July 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 26 years of age and has no prior criminal record. He was sentenced to serve a term of 20 years for engaging in armed robberies of taxi cabs. He has now served 8 years and 3 months of this sentence without prior application to the Board of Pardons.

The Board of Trustees of the Eastern State Penitentiary state that his institutional record is good. The Honorable T. D. Finletter, Trial Judge, has written a letter to the Board of Pardons stating that he does not oppose a commutation, especially in view of the fact the applicant has served 8 years. The District Attorney of Philadelphia County has stated that he has no objection to the granting of a commutation.

The Board of Pardons feels that the applicant received a very severe sentence for having had no prior criminal record and since he has served well over four-fifth of this sentence, believe that if given credit for his fine institutional record in the form of a commutation, the inmate will not have a disgruntled view toward society in general. Therefore, the Board of Pardons recommend that this application be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Ruggerio Valerio, C-9323, No. 4287, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ruggerio Valerio, convicted of robbery, being armed with an offensive weapon in the Court of Quarter Sessions of Philadelphia County on October 9, 1934, be commuted from 10 years to 9 years, 9 months and 17 days, expiring on July 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 26 years of age and has had no prior convictions. He engaged in a series of hold-ups and secured approximately \$25.00. He was sentenced to a term of from 10 to 20 years and at present has served 9 years, 7 months of a 10 year sentence.

The Board of Trustees of the Eastern State Penitentiary state that he has a respectful attitude and apparently has a good work record. The Trial Judge, Honorable Joseph L. Kun, has written to the Board stating he believes commutation of the sentence would be helpful. The District Attorney of Philadelphia County has no opposition to the granting of commutation.

Accordingly, the Board of Pardons recommends that

commutation of the small balance of his minimum sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Clyde Williams, B-6362, No. 2380, May Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Clyde Williams convicted of breaking and entering, larceny, in the Quarter Sessions Court of Clearfield County, on October 3, 1938, to begin at the expiration of 5 years, 9 months, and 1 day back time (computed from July 12, 1938). (Applicant has been granted Parole on Bill No. 86 May Sessions, 1932), be commuted on Bill No. 92 September Sessions, 1938, from a minimum term of 5 years to a minimum term of 10 months and 15 days, expiring on July 24, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 32 years of age and was sentenced on October 3, 1938, to term of 5 to 10 years to run concurrently with an unexpired parole violation as the result of the decision in Commonwealth v. Wheeler. The Supreme Court stated that such sentences were void and that the applicant would be obliged to first serve his parole violation before beginning his sentence of 5 to 10 years. This was in direct conflict with the intention of the sentencing judge. The applicant has presently served nearly 6 years of his sentence.

The Trial Judge has advised the Board that the question of commutation of sentence is entirely up to the Board of Pardons. The Board of Trustees of the Western State Penitentiary have stated that the applicant has an excellent institutional record and is a cooperative inmate and that if he were eligible for parole that they would probably recommend him.

The Board of Pardons feels that the result of the Wheeler case has been to practically double the sentence which the Trial Judge intended to impose and therefore, since he has an excellent institutional record, the Board of Pardons feel he is entitled to commutation of his sentence at this time and so recommends.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Joseph Yeager, No. 7264, May Session, 1944.
To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Yeager, convicted of larceny, receiving stolen goods, in the Court of Municipal of Philadelphia County, on November 9, 1936, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty years of age and was arrested on a charge of larceny, receiving stolen goods for which he received a suspended sentence November 9, 1936. The facts surrounding this crime are that the applicant stole five gallons of gasoline for his own use.

There is no objection to the granting of a pardon by any of the law enforcement officers in Philadelphia County. The applicant has maintained a good record since his arrest. He is at the present time engaged as a shipper with Associated Transport and is in line for promotion, which promotion will require the giving of a bond for faithful performance of his duties in connection with money which he will receive. The applicant states that unless he is granted this pardon he will be unable to accept this promotion and he does not wish his wife and children to suffer any further distress on account of this mis-step.

Because of the fact that the applicant had never before been in any difficulty and since this case has been in no further trouble, the Board does not wish to impose any additional hardships on the applicant and his family and therefore, recommends that he be granted the pardon prayed for in this application.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Paul Andrich, D-2702, No. 7377, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Paul Andrich, convicted of robbery in the Court of Oyer and Terminer of Berks County on December 15, 1937, to begin October 9, 1937, be commuted from 8 years to 6 years, 8 months and 10 days, expiring on August 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant was sentenced to a term of 8 to 16 years for the robbery of \$5.00 through purse-snatching and at the time he committed this crime he was 20 years of age. He had never had any prior criminal record.

The Board of Trustees of the Eastern State Penitentiary have advised the Board that the applicant has a good

institutional record and that he has been transferred to the Berks County Prison where he has continued his progress as a good inmate. It is reported he has a good attitude towards the authorities and is a good worker. The District Attorney of Berks County has written the Board of Pardons and states that he recommends that commutation be granted.

The Board of Pardons is of the opinion that the applicant received a very severe sentence for a first offender and that 6½ years in prison has atoned for this crime. Therefore, the Board of Pardons is unanimous in recommending that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of George Baughtman, B-5397, No. 1789, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on George Baughtman, convicted of burglary, entering a building, in the Oyer and Terminer and Quarter Sessions Court of Allegheny County, on February 14, 1930; and of breaking and escaping penitentiary, in the Quarter Sessions Court of Centre County, on February 11, 1937 be commuted on Bill No. 434 Feb. Sess. 1930 from a max. of 4 years to a max. of 3 years 11 mos. and 26 days, exp. on Sept. 20, 1944; on Bill No. 435 from a min. of 2 yrs. to a min. of 1 day, exp. on Sept. 21, 1944; on Bill No. 436 from a min. of 2 yrs. to a min. of 1 day; exp. on Sept. 22, 1944; on Bill No. 437 from a min. of 1 yr. to a min. of 1 day, exp. on Sept. 23, 1944; and on Bill No. 150 (Centre Co.) from a min. of 2 yrs. to a min. of 1 day, exp. on Sept. 24, 1944.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

(And of the opinion of the Superior Court in the case of Commonwealth ex. rel. Anthony Narcise Appellant v. Board of Trustees of the Eastern State Penitentiary).

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of George M. Conrad, No. 7373, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that George M. Conrad, convicted of burglarly of an automobile in the Court of Quarter Sessions of Philadelphia County, on October 4, 1940, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant when 18 years of age was sentenced to the Pennsylvania Industrial School at Huntingdon for the burglary of an automobile. The automobile was taken for the purpose of joy riding and not with the intention of converting the automobile to the applicant's own use or depriving the owner thereof. This applicant served 11 months in the Pennsylvania Industrial School and upon his release entered the United States Armed Forces and is a Staff Sergeant of the Air Corps, and as a member of a Flying Fortress Crew has completed over twenty-five missions over Germany and has received the Distinguished Flying Cross and the Air Medal. He has now returned to this country for a rest and reassignment. His progress in the Army is limited because of this unfortunate occurrence which caused a criminal record.

Because of the above we feel this applicant's prayer should be granted. The trial judge joins in the prayer of the petition and the District Attorney's office has no objection. Therefore, we recommend that the prayer be granted as prayed for.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Samuel B. Crane, C-6131, No. 2025, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Samuel B. Crane, convicted of murder in the second degree, in the Oyer and Terminer and Quarter Sessions Court of Dauphin County, on April 14, 1930, to be computed from August 3, 1929, be commuted on Bill No. 8 September Sessions, 1929, from a minimum term of 8 years to a minimum term of 5 years and 20 days, expiring on August 23, 1944. (Applicant has been granted parole on Bill No. 13).

Our reasons for making this recommendation are as follows:

This applicant was tried in Dauphin County on two charges of murder at the September term, 1929. At that time he was 27 years of age and for several years prior to that time had been a baseball player of national repute. He had never been in any trouble whatsoever up until the happening of this crime. He was found guilty by a jury in Dauphin County of murder in the second degree and was sentenced by the Honorable William H. Hargest to two consecutive terms of 10 years and 8 years, making a total of 18 to 36 years. He began serving his sentence on August 3, 1929. He has now served all but one month of 15 years of his minimum of 18 years.

The Board of Pardons has been advised by the Eastern State Penitentiary authorities that the applicant has established an outstanding record and that through his trustworthiness and efficiency has earned a series of promotions until today he holds a position in the Superintendent's office and acts as secretary to the Superintendent when the civilian secretary is off duty. Never during the entire period of 15 years has he betrayed the confidence which he has won in prison. During the riot of 1934 in the penitentiary he performed his duties without interruption and in utter disregard to the sentiment of the general population. During the General State Authority's building program at Graterford, he had charge of the personnel records of the civilian workmen. He is at present a member of the emergency fire squad and is active in the air raid defense unit. The authorities are without hesitation in stating that here is a picture of a truly rehabilitated inmate. The District Attorney of Dauphin County, on a recent visit to the Graterford Institution has advised the Board of Pardons that in his opinion the defendant has rehabilitated himself to the extent that if clemency is extended to him he will become a useful member of society.

The Trial Judge, Honorable William M. Hargest has advised the Board of Pardons that he is of the opinion that there will be no risk to society in the event of the prisoner's release.

The applicant has also been offered employment at the Jacobs Aircraft Engine Company, immediately upon his release.

This applicant, it is true, committed a very serious offense against society, but the Board of Pardons feels that he has paid his debt to society by his outstanding record and conduct in the Penitentiary. The Board believes him to be truly rehabilitated, the Board further believes, that he will never again engage in a course of criminal conduct and therefore, it is our recommendation that your Excellency grant a commutation as an example to this applicant and others of what our attitude is toward those who have made an honest effort at rehabilitation.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Aleon Deitch, No. 7365, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Aleon Deitch, convicted of larceny in the Court of Quarter Sessions of Indiana County, on August 24, 1931, be pardoned.

Our reasons for making this recommendation are as follows:

Over 12 years ago this applicant, at that time being in the junk business, purchased some scrap iron from certain parties and later it developed that the scrap iron had been stolen. The applicant was indicted and found guilty on a charge of larceny for which he served 18 months in the Allegheny Workhouse.

Since 1932 the applicant has been the head of the A. Deitch Company, which firm is engaged in scrap iron and obsolete plant dismantling business. The applicant has in his employ anywhere from 40 to 300 employees depending on the nature of the dismantling operation. He is a well respected member of the community and his home is in an exclusive residential district of New Kensington, known as Pine Manor. The applicant enjoys an excellent reputation in his community and with his business associates. He has a family of two children. His firm is presently engaged in quite a bit of defense activities. His counsel has filed numerous letters with the Board as to his ability, his integrity and his dependability. The trial judge and the District Attorney of Allegheny County, both recommend that the application be granted. This man has made a remarkable recovery from the position to which he fell in 1931, therefore, the Board of Pardons recommends that the pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Leopold Dende, B-5208, No. 4874, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leopold Dende, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on November 27, 1936, be commuted from 9 years to 7 years and 9 months, expiring on August 27, 1944.

Our reasons for making this recommendation are as follows:

The applicant has now served 7 years of a 9 years' sentence and is 36 years of age. This is his first conviction and he and his 3 accomplices are accused of holding-up and robbing a priest. Two of the accomplices has already been released from the institution, although they received terms of 4½ to 9 years.

The Board of Trustees of the Western State Penitentiary state that the applicant has an excellent institutional record and that they would recommend him for parole if he were eligible to apply. The Board of Pardons feels that this applicant has been severely punished for a first offender and the fact that he has served over 7 years of his sentence, and that two of his accomplices have had their sentences commuted, indicates to the Board that there is merit in this application and therefore, recommends that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Anthony DePrince, D-5526, No. 7127, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Anthony DePrince, convicted of burglary, receiving stolen goods in the Court of Oyer and Terminer and of Philadelphia County on January 29, 1941, to be computed from January 18, 1941, be commuted from 5 years to 3 years, 7 months and 8 days, expiring on August 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 21 years of age and is serving a term of from 5 to 10 years for burglary and receiving stolen goods. He has been convicted on only one prior occasion. All of his accomplices, except one, Pallente, were sentenced to the Pennsylvania Industrial School at Huntingdon, and have since been freed. Pallente received a term of from 3 to 10 years and was released on the expiration of his minimum sentence. This applicant has an excellent institutional record, among which are 7 contributions of blood to the Red Cross Blood Bank. This applicant has not forgotten his duty to his country and his fellow men, even though he has been incarcerated.

Since his record is no worse than that of his accomplices and they have all received lesser sentences, (this applicant has served 3¼ years or ¼ of a year more than his accomplice Pallente), the Board of Pardons is of the opinion that he and the accomplice should receive equal consideration and therefore, hoping that favorable action by the Board of Pardons will cause this applicant to learn his duty toward society and forever remain a peaceful and law-abiding citizen, we recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Charles W. Dougherty, No. 7366, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Charles W. Dougherty, convicted of burglary in the Court of Quarter Sessions of Philadelphia County, on January 9, 1939, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is 23 years of age and approximately 5 years ago was sentenced to a term of 9 days to 3 years in Philadelphia County Prison on the charge of burglary committed while he and the accomplices were in an intoxicated condition. When he got over his intoxication and found what had happened he immediately took the loot and went to the Police Station. Further he has been a member of the United States Coast Guard, having been discharged from that branch of the service on April 8, 1944, by reason of a physical disability. He is married and has taken a Civil Service examination for appointment to the Police Force in Philadelphia. This one conviction represents more or less an act committed while under the influence of intoxicating liquor which, had he not been under that influence, probably would not have occurred.

The Board of Pardons is of the opinion that we can relax our rule in this case and grant the prayer of the petition and therefore, the Board recommends to your Excellency that a pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Earl Driggins, C-7573, No. 6572, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Life sentence of Earl Driggins, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 4, 1931, be commuted from Life Imprisonment to 12 years, 8 months and 20 days, expiring on August 24, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 50 years of age and is serving a term of life imprisonment for murder in the first degree. The murder occurred when the applicant got into a fight with his wife and she threw lye in his face some of which got into his eye.

The Honorable Harry S. McDevitt, has advised the Board as follows: "His institutional record for industry and dependability is good. He is employed in the cafeteria, operates a barber shop and saves his money. In justice to the inmate it must be said that his conduct record is good and his attitude excellent. His performance earned his promotions, and if you think the time served has atoned for his crime, I think he is as good a risk right now as he will ever be."

The Board of Trustees has also stated that he has a good institutional record and the District Attorney of Philadelphia County requests that favorable consideration be given the applicant.

The Board of Pardons is of the opinion that this applicant has served a sufficient length of time to pay his debt to society and that if granted commutation at this time he will be better able to adjust himself than at some later date and therefore, recommend that the application be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Howard C. Franell, B-713, B-7280, No. 5994, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Howard C. Franell, convicted of entering with intent to steal; robbery, in the Oyer and Terminer Court of Blair County, on March 26, 1928; and breaking and escaping penitentiary, in the Quarter Sessions Court of Centre County, on June 24, 1940, be commuted on Bill No. 28 March Sessions (2nd count-Blair County) from a minimum term of 10 years to a minimum term of 6 years and 5 months, expiring on August 26, 1944; and on Bill No. 35 September Sessions, 1940 (Centre County) from a minimum term of 10 years to a minimum term of 1 day, expiring on August 27, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 33 years of age and this is his first major conviction. He did, however, hold up a bank together with two accomplices and while an inmate at Rockview Prison Farm he escaped from that institution and was therefore, given an additional sentence of ten years to begin at the expiration of his original sentence of 15 years. The applicant has now served the minimum sentence from Blair County and has served 1 year and 3 months of the 10 year sentence for breaking and escaping a Penitentiary. In all he has served 16¼ years of a minimum sentence of 25 years.

The Board of Trustees of the Western State Penitentiary advise the Board of Pardons that since his escape and return to the institution his conduct record has been excellent. He also has an excellent employment record and since he is a first offender and was only 16 years of age when this crime was committed, the Board of Trustees state that if he were eligible to apply for parole they would recommend him. This applicant has served one half of his life in prison for one offense. He has received a very severe sentence, even so, he has an excellent institutional record. His two accomplices were paroled at the expiration of their minimum sentence, one having had his sentence commuted at the December 1942 Session of the Board of Pardons.

Therefore, the Board of Pardons is of the opinion that this applicant has been very severely dealt with and has served the minimum of his sentence for bank robbery and has served a portion of his sentence for escape and that to require the serving of the minimum term for escape would serve no useful purpose to society, therefore, we recommend that the applicant's prayer be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Robert L. Goodlin, B-7250, No. 5058, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert L. Goodlin, convicted of robbery in the Court of Oyer and Terminer of Cambria County on May 27, 1940, to begin May 18, 1940, be commuted from 5 years to 4 years, 3 months and 10 days, expiring on August 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 24 years of age and has no prior criminal record. He was sentenced to a term of from 5 to 10 years on the charge of robbery. His accomplices were his older brother and another person, both of whom had previous criminal records. This boy was more or less under the compulsion of his older brother and was 19 years of age when he committed this crime.

The Board of Pardons has received a letter from the

Trial Judge stating that if the facts indicate that the applicant was a victim of circumstances his sentence should be commuted. He further states that when this case came before the court there had been a series of highway robberies in Cambria County and had declared publicly that heavy sentences would be imposed. At the present time the applicant has served over 4 year of a 5 year minimum sentence for a first offender. These circumstances would indicate that together with a good prison record he is entitled to consideration and therefore, we recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Danasy L. Grous, No. 7326, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Danasy L. Grous, convicted of entering with intent to steal, larceny, receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on April 17, 1929, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant, when he was 17 years of age, with another became involved in the entering of building with intent to steal and the removal of certain jewelry from said building. The applicant acted as watchman. At a hearing on the matter the applicant plead guilty and was placed on probation for a period of two years.

After the applicant became involved in this affair and after he had served a period of his probation he enlisted in the United States Marine Corps and served a full enlistment and was honorably discharged. Since 1929, a period of 15 years, he has not been in any other trouble and has been almost steadily employed with the Pennsylvania Forge Corporation who state that, "He is very steady and reliable and we can recommend him very highly." The applicant is not on parole and therefore the Board of Parole can add nothing further to the matters already in our possession.

We feel that the applicant's conduct was because of his extreme youth and therefore since he has conducted himself as a lawful citizen during the past 15 years, that he is entitled to have this matter erased from his conduct record for the benefit of his wife and two children as well as himself.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Harold Harmon, D-5018, No. 5709, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harold Harmon, convicted of larceny of automobile, receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 21, 1940, to be computed from June 15, 1940, be commuted from 5 years to 4 years, 2 months and 10 days, expiring on August 25, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 41 years of age and has never before been convicted of any offense whatsoever. He was sentenced on the charge of larceny and receiving stolen goods, which consisted of stealing an automobile and driving it to New Jersey. The applicant received a sentence of from 5 to 10 years on this charge and at the present time has served over 4 years 2 months of his minimum sentence of 5 years.

The Honorable Harry S. McDevitt, trial judge, leaves the matter of commutation up to the Board. The District Attorney of Philadelphia County has no objection to commutation of sentence of this case.

The Board of Pardons is of the opinion this applicant has served a rather substantial portion of his sentence and this is his first major conviction and with his excellent institutional record feels that commutation should be granted as prayed for.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Leamon Harris, C-3331, No. 5936, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Leamon Harris, convicted of murder, in the first degree in the Court of Oyer and Terminer and Quarter Sessions of York County on February 25, 1926, be commuted from life imprisonment to 18 years and 6 months, expiring on August 25, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 43 years of age and has no prior criminal record; he was sentenced to life imprisonment on February 25, 1926, for murder. His accomplice has been free since January 1938.

The Board of Trustees of the Eastern State Penitentiary state that the applicant has an excellent institutional record and the trial judge Honorable Ray P. Sherwood, has written to the Board stating that there is no difference in the guilt between the applicant and his accomplice and if the accomplice's sentence was commuted the applicant

should be treated likewise. He has now served 18¼ years of a life sentence. His accomplice served only 12 years.

Under these circumstances and because both parties were equally guilty, the Board of Pardons feels that by serving half again as long as his accomplice did, the applicant has certainly atoned for his crime in the eyes of society in Pennsylvania, and therefore we recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of John S. Hartman, No. 7320, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John S. Hartman, convicted of operating an automobile while under the influence of intoxicating liquor in the Court of Quarter Sessions of Philadelphia County, on June 5, 1929, be pardoned.

Our reasons for making this recommendation are as follows:

Fifteen years ago this applicant was arrested for operating a motor vehicle while under the influence of intoxicating liquor and was found guilty and sentenced to imprisonment for a period of 30 days. He served this period and has since that time been in no other trouble whatsoever. He is a man now 39 years of age and has a son 18 years old. He has attempted to better his position in life but has been refused this opportunity because he was unable to provide a record free from all blemishes.

This applicant did not in an intentional manner commit this crime but was more or less guilty of an expensive attitude after having had a few too many. Since he has behaved himself for 15 years and this criminal record, if such it be, prevents him from bettering himself in life, it affects not only the applicant but his family and causes a heavier punishment than that which the court intended, therefore, we recommend that the prayer of the petition be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Clarence David Nosek, B-2893, No. 2670, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommending that the maximum sentence of Clarence David Hosek, convicted of robbery, receiving stolen goods in the Court of Oyer and Terminer of Allegheny County on October 1, 1931, be commuted from 20 years to 12 years, 10 months and 26 days, expiring on August 27, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 47 years of age and had once before been convicted of much the same offense. The offense that he committed was of holding-up a bank, at which robbery he was immediately apprehended. This occurred back in 1931 and the applicant was sentenced to a term of not less than 5 or more than 20 years. The applicant served his minimum sentence. He now applies to the Board of Pardons for commutation for his maximum sentence. He has been on parole a total of 13 years, during which time he has been very faithful in his parole duties and has accepted the supervision which has been set over him.

Since the applicant has been in no trouble for 13 years the Board of Pardons is willing to recommend to your Excellency that the commutation of his maximum sentence be reduced to the time served by him but is not willing to grant the pardon as originally sought because this applicant had on one prior occasion been pardoned for the crime of breaking and entering and receiving stolen goods and had thereafter become involved in this offense. For that reason, his counsel at the time of the hearing, made a motion to amend his petition and asked that it be an application for commutation of the maximum sentence. The Board is willing to do this and so now recommends to your Excellency that the commutation of his maximum sentence as applied for be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Harold Johnson, No. 7327, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Harold Johnson, convicted of operating automobile while under the influence of intoxicating liquor in the Court of Quarter Sessions of Philadelphia County, on May 17, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant was convicted of the crime of operating a motor vehicle while under the influence of intoxicating liquor. At the time this happened he was 23 years of age and he has never before or since been involved in any difficulty with the law.

The applicant was taken into custody because of the fact that he was "honking" his horn in a boisterous manner. The applicant is now 30 years of age and is married and desires to secure a position in either the Fire or Police Department of the city. This is the only record of

crime against the applicant and he cannot be appointed until this is removed.

For over 7 years there has been no trouble and the District Attorney's office states that they are not opposed to the granting of this pardon. Also the Honorable Harry S. McDevitt, trial judge, has advised the Board that he has no objection. Because the sentencing authorities in Philadelphia County have no objection the Board of Pardons can see no reason why the prayer of this petition may not be granted as this is a picture of a rehabilitated person who seeks to better his lot in life.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Benjamin Kelly, C-8788, No. 6591, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Benjamin Kelly, convicted of breaking and entering, burglary, in the Oyer and Terminer and Quarter Sessions Court of Lackawanna County, on March 10, 1933; and in the Oyer and Terminer and Quarter Sessions Court of Montgomery County, on April 9, 1937, be commuted on Bill No. 43-B April Sessions, 1933, from a minimum term of 5 years to a minimum term of 4 years, 7 months, and 11 days, expiring on August 26, 1944; and on Bill No. 207-1 November Sessions 1936, from 4 months to 1 day, expiring on August 27, 1944. (Applicant has been granted parole on Bill No.43-A).

Our reasons for making this recommendation are as follows:

The applicant has now served over 11 years of a minimum sentence of 10 years and 4 months. Due to the manner in which he was sentenced he was not granted a parole on the first bill of indictment until nearly 2 years had expired after the expiration of the minimum sentence. For this reason he was not granted the 2 year period on his second bill of indictment which means that his minimum sentence would not expire until January 15, 1945.

The Board of Trustees has advised the Board of Pardons that the applicant has had a good prison record for over the past 6 years and has made a conscientious effort to control his emotions and to establish a good institutional record. Since it was the intention of the sentencing judge that he serve a minimum of 10 years 4 months, he has now served well over that period of time and we feel that if he was now granted commutation it may have a salutatory effect upon his viewpoint toward society and we, therefore recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Calvin H. Kunsman, Jr., No. 7402, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Calvin H. Kunsman, Jr. convicted of aggravated assault and battery, assault and battery, failure to stop and render assistance in the Court of Quarter Sessions of Northampton County on September 22, 1942, be commuted from 2½ years to 1 year and 11 months, expiring on August 22, 1944.

Our reasons for making this recommendation are as follows:

This applicant had a very unfortunate accident and although he is guilty of a technical violation of the law, he seems to have received a very severe sentence for the crime that he committed. The applicant's crime was in striking his victim while driving to work on a very foggy morning. The victim was hit by the left rear fender of the applicant's car and he did not stop. However, he has made a satisfactory adjustment with the victim for his Doctor's bills and loss of earnings. He is now 29 years of age and has served nearly 2 years of a 2½ year sentence.

The warden of the Northampton County Prison has written the Board of Pardons that the applicant is a model prisoner. The District Attorney of Northampton County has also stated that he does not oppose commutation in this case and the president judge of Northampton County has written the Board stating that he feels commutation should be granted.

In view of all the foregoing the Board of Pardons recommends that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Charles Earl McCarney, B-8732, No. 7337, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Earl McCarney, convicted of burglary, larceny, receiving stolen goods in the Court of Oyer and Terminer of Fayette County on July 20, 1943, to begin July 7, 1943, be commuted from 2 years to 1 yr. 1 mo. 21 days, expiring on August 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 40 years of age and this is his first conviction. He received what seems to the Board of

Pardons, what is a very severe sentence for his actions. The crime consisted of going to the victim's home who owed him some money and when finding no one there, entered and took some groceries and cash to the extent of \$1.50. He has now served one year of a two year sentence.

The Board of Trustees of the Western State Penitentiary stated that if this applicant were eligible to apply for parole they would recommend him because this is his first conviction and he has an excellent institutional record. The sentencing authorities in Fayette County have interposed no objection to his release.

The Board of Pardons feels that the applicant has learned his lesson and will now conduct himself as a law abiding citizen and therefore, recommend that his sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of James McDonough, B-7153, No. 5656, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James McDonough, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on March 21, 1940, to be computed from March 9, 1940, be commuted from 10 years to 4 years, 5 months and 16 days, expiring on August 25, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 29 years of age and has no prior criminal record. He has now served 4 years, 3 months of a 10 to 20 year sentence for armed robbery.

The Board of Trustees of the Western State Penitentiary states that he is a very good inmate, that he has an excellent institutional record and has attempted to improve himself. The trial judge has written the Board urging that favorable consideration be given to the applicant's petition stating: "At heart he was not and is not a criminal in the accepted sense of the term."

Since his accomplice has been released and he has served nearly one half of his sentence, the Board feels that he has earned the right to be given another chance in society and recommends to your Excellency that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Samuel Meinster, No. 7345, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Samuel Meinster, convicted of involuntary manslaughter in the Court of Oyer and Terminer of Philadelphia County, on October 8, 1935, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant was involved in a very unfortunate accident in which he struck and killed an elderly woman on a dark and stormy night at 5th and Columbia Avenue in the city of Philadelphia. He was placed on a suspended sentence after pleading guilty to the crime of involuntary manslaughter. This was a close case and it is doubtful if there was sufficient negligence here and had the applicant stood trial he might not have been convicted. In addition to that fact he has been in no further trouble for the period of 8½ years and now is conducting in partnership, a retail ladies wearing apparel shop. He has a family of a wife and two children. He paid all of the expenses of the deceased woman and her family.

In his application he states that, "For my family's sake, as well as my own peace of mind, I request that you grant me a pardon." By reason of his conduct toward the family of the deceased, his subsequent conduct in pleading guilty, for if he had stood trial he might have been acquitted, and last but not least his spotless record for the past 8½ years, has in the eyes of the Board of Pardons, expiated for any sin or crime which he might have committed on that unfortunate night back in October 1935 and therefore, the Board of Pardons recommends that the prayer of the petition be granted and a pardon issued.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.

CHARLES M. MORRISON,
Secretary of the Commonwealth.

JAMES H. DUFF,
Attorney General.

WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Thomas Novak, No. 7389, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Thomas Novak, convicted of operating automobile while under the influence of intoxicating liquor; aggravated assault and battery in the Court of Quarter Sessions of Philadelphia County, on June 17, 1942, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant was charged with operating a motor vehicle while under the influence of intoxicating liquor and aggravated assault and battery by automobile. This occurred June 17, 1942 and he was placed on probation for a period of 6 months.

The applicant was born in Poland and at the time of

this unfortunate occurrence he was awaiting the requisite lapse of time before application for his final citizenship papers. By reason of this conviction the applicant is refused admission to citizenship although he has been in this country for a good many years. All damages to the car have been paid and this applicant should not be denied citizenship in this country by reason of this unfortunate instance.

We therefore, recommend that this applicant's petition be granted because up until this time he had been in no trouble and since then has been in no other trouble.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.

CHARLES M. MORRISON,
Secretary of the Commonwealth.

JAMES H. DUFF,
Attorney General.

WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Woodrow Porrecco, D-2058, No. 3870, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Woodrow Porrecco, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Berks County on July 25, 1940, to begin June 25, 1944, be commuted from 2 years to 2 months, expiring on August 25, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 26 years of age and has now just begun to serve his term of 2 to 4 years for the robbery and burglary of stealing a paint sprayer and robbing a pin-ball machine and an auto radio. Because the applicant was on parole at the time he received this sentence, he was required to serve a period of 4 years for the parole violation. At present he has served 4 years and one month and would still have one year and 11 months to serve if the Board of Pardons did not intervene.

The Board of Pardons feels that this applicant has received a very severe sentence. He is now imprisoned in the Berks County Prison where the Warden gives him an excellent record. The District Attorney of Berks County does not oppose if the applicant goes into the Army. This the Board of Pardons has no control over.

The Board of Pardons, therefore, recommends that commutation be granted because he has served a period of over 4 years for the parole violation and for his sentence in this case.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.

CHARLES M. MORRISON,
Secretary of the Commonwealth.

JAMES H. DUFF,
Attorney General.

WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Joseph J. Ragano, No. 7418, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph J. Ragano, convicted of arson in the Court of Oyer and Terminer of Allegheny County, on October 31, 1930, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is 40 years of age and over 13 years ago was sentenced in the Allegheny County Courts on the charge of arson to a term of from 1 to 2 years. He served his one year sentence and has not since been in any trouble whatsoever.

There is no doubt about it that the applicant was convicted on purely circumstantial evidence and at a time there was bad feeling between he and his brother and also at a time when he was looking after his father's interest in the property when the father had returned to Italy. The applicant has conducted himself in a peaceful and law abiding manner and enjoys a very good reputation in the community in which he lives. He has two sons, aged 15 and 7 years. These children are now reaching the point in life where this indiscretion of the father, when he was in his late twenties could have a very bad effect on their future and in fact on the future of the entire family. This would be punishment by society to the family for something the family themselves did not create and since the applicant has shown that he is truly a rehabilitated person, the Board of Pardons recommends that this blot on his name be wiped out through a gubernatorial pardon.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Herbert Rigby, No. 7422, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Herbert Rigby, convicted of robbery in the Court of Quarter Sessions of Westmoreland County, on April 8, 1933, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is now 30 years of age and when 19 years of age committed the crime for which he is now asking pardon, which consisted of breaking into a roadside stand and removing therefrom a slot-machine. He was placed on probation for a period of 90 days and since that time has been in no further difficulty whatsoever.

The applicant has been a member of the Fire Department in the city of Pittsburgh since 1939 and is now a member of the Armed Forces of the United States and

seeks to clear his record in order that this one misstep will not militate against his chance for advancement with the Armed Forces.

The authorities of Westmoreland County have filed no objection to the granting of the application as prayed for.

This applicant has, through his service in the Armed Forces, and the fact that he has not been in any other trouble save this, shown that he was worthy of the confidence placed in him 11 years ago by the trial judge and therefore, the Board of Pardons recommends that the application for pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Stanley Stanislawski, D-263, No. 6404, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Stanley Stanislawski, convicted of breaking and entering, larceny, in the Quarter Sessions Court of Luzerne County, on December 29, 1934, be commuted on Bill No. 585 November Sessions, 1934, from a minimum term of 5 years to a minimum term of 4 years and 8 months, expiring on August 29, 1944; and on Bill No. 586 from a minimum term of 5 years to a minimum term of 1 day, expiring on August 30, 1944. (Application has been granted parole on Bill No. 583).

Our reasons for making this recommendation are as follows:

The applicant is now 29 years of age and has served 9½ years of a 14 year minimum sentence for breaking into a store and stealing certain hunting and fishing equipment and later breaking into a State Arsenal and stealing some revolvers. The applicant was quite young when this crime occurred and he has since made a fairly good record in the Eastern State Penitentiary. His accomplice in these crimes had his sentence commuted by the May Session of the Board of Pardons in 1943. There is also inclosed a recommendation from Dr. Philip Q. Roche, psychiatrist, at the Eastern State Penitentiary, who in his recommendation favors commutation for this applicant as having a salutary effect after the very heavy sentence which he received. He has now served approximately 2/3 of his sentence which the Board recognizes as being very heavy for the crime involved. The authorities in Luzerne County have no objection to the granting of commutation.

The Board of Pardons is of the opinion that this applicant is entitled to some consideration in view of the fact that his accomplice who received a like sentence has already been on parole for a period of one year and therefore, we recommend that this applicant be given an opportunity to show whether or not he has learned his lesson and that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.

CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Joseph J. Stephens, No. 7393, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph J. Stephens, convicted of impersonating an officer, in the Court of Quarter Sessions of Allegheny County, on June 29, 1933, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is 37 years of age and more than 11 years ago was given a suspended sentence for a period of one year on the charge of impersonating an officer.

This applicant has not been in any trouble since that time and at present is a member of the Armed Forces of the United States and is now with the Infantry in England. He was graduated from Duquesne University. He is married but has no children. This is the only time that the applicant fell from grace. He has during the past ten years worked for his father in business and conducted himself as an honest and law abiding citizen.

The Trial Judge has written the Board of Pardons and stated that he would recommend that executive clemency be granted in this case in view of the past eleven years and his present status in the Armed Forces of the United States. The District Attorney of Allegheny County has no objection to the granting of a gubernatorial pardon.

Therefore, the Board of Pardons of the state of Pennsylvania feels that the applicant is entitled to receive from the people of Pennsylvania a pardon by reason of his patriotic service with the Armed Forces and also by reason of his unblemished record of the past eleven years.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Louis Trettle, No. 58181, No. 7336, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis Trettle, convicted of larceny in the Court of Quarter Sessions of Allegheny County on October 6, 1943, be commuted from 1 year to 10 months and 20 days, expiring on August 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 29 years of age and this is his first major conviction. He was sentenced to a term of from 1 to 2 years in the Allegheny County Workhouse for larceny of pocket watch from his employer.

The Warden of the Allegheny County Workhouse has written the Board of Pardons that the applicant has a good record in that institution and we are also in receipt of a letter from the trial judge, Honorable Sara M. Soffel, in which she states: "I believe that considering the crime, the sentence was somewhat severe so there is merit to the application." The District Attorney in Allegheny County has also stated to the Board that he has no objection to favorable consideration.

The Board of Pardons, in view of the unanimity of thought, recommend that your Excellency commute his minimum sentence.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Domnick Valletto, No. 52958, No. 6371, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Domnick Valletto, convicted of burglary in the Court of Oyer and Terminer of Allegheny County on November 14, 1940, to be computed from October 15, 1940, be commuted from 5 years to 3 years, 10 months and 10 days, expiring on August 25, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 24 years of age and was sentenced to the Allegheny County Workhouse for a term of 5 to 10 years on the charge of burglary and this was his first conviction. He has now served 3 years and 8 months of a 5 year sentence.

The District Attorney of Allegheny County leaves the matter of commutation to the Board of Pardons and no opposition has been filed by the trial judge.

In the commission of the burglary no weapons were used. The applicant is assured employment and his sponsor is interested in securing the applicant's services and in giving the applicant an opportunity to rehabilitate himself.

The Board of Pardons is of the opinion that this applicant has learned his lesson and will make an honest effort to adjust in society and therefore, recommends that the prayer of his petition be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Forrest Wagner, D-6081, B-8570, No. 6060, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Forrest Wagner, convicted of assault, being armed with an offensive weapon with intent to rob in the Court of Oyer and Terminer and of Philadelphia County on October 27, 1941, to be computed from October 14, 1941, be commuted from 3 years to 2 yrs. 10 mos. and 12 days, expiring on August 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 24 years of age and is serving a sentence of not less than 3 or more than 9 years on the charge of assault, being armed with offensive weapon. He has at the present time served approximately 2 years and 9 months of a minimum sentence of 3 years.

During the time that he has been imprisoned in the Graterford Institution he has had a very good prison record and has attempted to aid in his rehabilitation by taking courses to improve his general educational standard. The District Attorney of Philadelphia County has no objection to the granting of commutation and the trial judge, Honorable Harry S. McDevitt has informed the Board that the applicant is a good risk.

This applicant is at an age where, if released, he will in all probability be called into the Armed Forces and he exhibits a willingness to so serve. Therefore, the Board of Pardons is recommending that the prayer of the petition be granted and that the applicant's sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR., (Dissenting)
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Jay Gordon Wilson, B-8863, No. 7382, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jay Gordon Wilson, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Quarter Sessions of Erie County October 27, 1943 to be computed from May 1, 1943, be commuted from 1 year, 4 months to 1 year, 3 months, expiring on August 1, 1944.

Our reasons for making this recommendation are as follows:

The applicant is twenty-seven years of age and has now served one year and two months of a one year four months minimum sentence for robbery, being armed with an offensive weapon.

The applicant alleges that the cause of his trouble was frequent intoxication, at which time he was not familiar

with what he was doing. The crime resulted in an attempted hold-up, while using an empty gun. The applicant has a very good work record in the Western State Penitentiary and has made an attempt to adjust while there and is at present working at his trade of barbering in the penitentiary. This applicant has served within two months of his minimum sentence and he has a very poor physical condition due to his former habits as an alcoholic.

The Board feels that this applicant has learned his lesson and will in the future endeavor to conduct himself as a peaceful and law-abiding citizen and therefore, the Board recommends that because of his physical condition and the fact he has served the greater portion of his sentence, his minimum sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Herman Zussman, C-6286, No. 2826, June Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Herman Zussman, convicted of robbery, being armed with an offensive weapon; murder in the second degree, on June 27, 1930, and October 27, 1932, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, be commuted on Bill No. 1531 June Sessions, 1930, from a minimum term of 10 years to a minimum term of 4 years and 2 months, expiring on August 28, 1944. (Applicant has been granted parole on Bill No. 1583).

Our reasons for making this recommendation are as follows:

The applicant is now 33 years of age and has served 14 years of a 20 year sentence for robbery and murder in the second degree. He was but 19 years of age when sentenced for this crime and he is the only one of the group who is still confined. His brother who received a sentence of 25 years had his sentence commuted some years ago. The Board of Trustees has informed the Board of Pardons that he has a satisfactory institutional record and is a skilled woodworker and in the words of Honorable Harry S. McDevitt, who states that: "He is one of the best applicants that I have been asked to pass upon for your next calendar." He also states that he has seen him regularly during his confinement and has matured considerably and ends by saying: "I have no hesitancy in giving him a favorable recommendation." The District Attorney of Philadelphia County has left the matter of commutation entirely to the Board.

This applicant has been severely punished since his accomplices who received, in several instances, heavier sentences than he did, have all been discharged from prison. Because of his youth, his good record and the fact that the accomplices who were equally guilty, are now free, the Board of Pardons is of the opinion that this applicant should be given like treatment and therefore, recommend that his sentence be commuted.

Respectfully submitted,
 JOHN C. BELL, JR.,
 Lieutenant-Governor.
 CHARLES M. MORRISON,
 Secretary of the Commonwealth.
 JAMES H. DUFF,
 Attorney General.
 WILLIAM S. LIVENGOOD, JR.,
 Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
 Governor.

BOARD OF PARDONS

In re application of William J. Adams, No. 6624, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William J. Adams, convicted of blackmail, felony, fraudulent conversion in the Court of Quarter Sessions of Allegheny County on May 26, 1942, to be computed from April 17, 1942, to 2 yrs. 7 mos. and 10 days, expiring on November 27, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 42 years of age and has never before been convicted of any offense whatsoever. He has now served 2½ years for blackmail and extortion.

He has a good prison record. It should also be stated that this inmate has been a patient in the hospital almost from the date of his admission. The Board became concerned regarding his physical condition and appointed Dr. John P. Henry of Pittsburgh to examine him and report his findings. Dr. Henry reports that he is suffering from hysteria which is a psychoneurotic condition and associated with it are motor phenomena such as contractures of the limbs and anaesthesia, the applicant suffers both types, affecting his arms and legs. However, the conclusion seems to be that the applicant will not regain his normal functions while confined.

There is no doubt that the applicant received a substantial sentence and that a great deal of notoriety attended his trial, in the minds of a majority of the members, there was a certain amount of "war hysteria" itself present during the trial, which undoubtedly affected the sentence. The applicant was denounced as a Nazi and a German and it was said he was in the pay of the Nazis. Under other conditions than those existing presently, we feel that the applicant would not have received the sentence that he did. This sentence has inflicted suffering and hardship, not so much on the applicant as on his wife and infant son.

Under the above circumstances the majority of the Board feels that he has served a substantial portion of his sentence and that further incarceration would be useless as a punitive measure, that it would not have any further effect on the applicant and merely add to the misery and suffering of his family and therefore, we the majority of the Board of Pardons recommend that the sentence be commuted.

Respectfully submitted,
 JOHN C. BELL, JR., (Dissenting)
 Lieutenant-Governor.
 CHARLES M. MORRISON,
 Secretary of the Commonwealth.
 JAMES H. DUFF,
 Attorney General.
 WILLIAM S. LIVENGOOD, JR.,
 Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
 Governor.

BOARD OF PARDONS

In re application of Luther R. Aungst, B-7840, No. 6732, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Luther R. Aungst, convicted of robbery, being armed with an offensive weapon, in the Oyer and Terminer Court of Clinton County, on September 13, 1941, to be computed from September 10, 1941, be commuted on Bill No. 5 October Sessions, 1941 (Bill No. 6 concurrent) from a minimum term of 10 years to a minimum term of 3 years, 2 months, and 10 days, expiring on November 20, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 22 years of age. This is his first imprisonment for any offense whatsoever. He was sentenced to a term of 10 years for robbery.

The Board of Trustees of the Western State Penitentiary report that the applicant has an excellent institutional record and that they would recommend him for parole if he were eligible. It is also reported to the Board of Pardons that the applicant is classified in Class 1-A of the Special Panel of the Local Board of the Selective Service System and he has signed a voluntary waiver of induction.

The authorities of Clinton County have no objection if he is inducted into the armed forces.

The Board of Pardons is of the opinion that the applicant has served a good portion of his sentence and that if he desires to serve his country in the armed forces we should not stand in his way and therefore recommend that clemency be granted on condition that the applicant is inducted into the armed forces directly from the institution.

Respectfully submitted,
 JOHN C. BELL, JR.,
 Lieutenant-Governor.
 CHARLES M. MORRISON,
 Secretary of the Commonwealth.
 JAMES H. DUFF,
 Attorney General.
 WILLIAM S. LIVENGOOD, JR.,
 Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
 Governor.

BOARD OF PARDONS

In re application of Arthur Beach, B-8713, No. 7549, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Arthur Beach, convicted of attempt with intent to kill; pointing deadly weapons in the Court of Quarter Sessions of Centre County on June 21, 1943, to be commuted from May 4, 1943, be commuted from 2 years to 1 year, 6 months and 20 days, expiring on November 24, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 48 years of age. This is his first major conviction and imprisonment. He has now served 1½ years of a 2 year minimum sentence.

The applicant has an excellent employment and conduct record in the institution. He is a veteran of World War I and when he is released will first have to receive treatment for stomach ulcers, a condition which is not getting any better due to prison fare. He has been forgiven by his victim in this case and they have sent a letter to the Board stating they had no objection to his release.

The Board of Pardons is of the opinion that the applicant has served a substantial portion of his sentence with an excellent record, although his health has been none to good, he should be entitled to some clemency to permit him to regain his health. We, therefore, recommend clemency.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of James Brewner, B-6699, No. 6288, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on James Brewner, convicted of robbery, receiving stolen goods, in the Oyer and Terminer Court of Allegheny County, on April 20, 1939, to be computed from March 16, 1939; and on April 25, 1939, be commuted on Bills Nos. 63 and 64 April Sessions, 1939, from a minimum term of 10 years to a minimum term of 8 months and 10 days, expiring on November 26, 1944. (Applicant has been granted parole on Bill No. 74 March Sessions, 1939).

Our reasons for making this recommendation are as follows:

The applicant is now 28 years of age. On April 20, 1939, he was sentenced to a term of 10 to 20 years for participation in two holdups at gun point. Later he was sentenced to an additional 5 to 10 years for a third holdup. He has denied his part in this and the second affair.

The Board of Trustees of the Western State Penitentiary states that the applicant has an excellent institutional record, that he has made an effort toward self-improvement, that he has served over five years and both accomplices have been released.

The Board of Pardons feels that the applicant received a very severe sentence, that he was not given an opportunity to prepare a defense to the other two offenses and that he never before had been arrested for any offense whatsoever. Since the accomplices have all been discharged and this applicant has a good record it is felt by the Board that he merits our confidence and that a commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.

JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Joseph A. Cadden, D-7284, No. 7566, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph A. Cadden, convicted of statutory rape in the Court of Quarter Sessions of Wyoming County on July 3, 1943, to be computed from June 28, 1943, be commuted from 4 years to 1 year and 5 months, expiring on November 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 29 years of age and has had no prior criminal record. At the present time he has served 1 year 3 months of a 4 year minimum sentence. The applicant has an excellent institutional record as we are advised by the Board of Trustees of the Eastern State Penitentiary and he has conducted himself with a view towards his rehabilitation.

The authorities of Wyoming County have indicated to the Board that they have no objection to his petition for clemency and feel that if he is released he will not again be an offender. Since the applicant has made an obvious effort to rehabilitate himself and has served nearly half of his sentence and the fact that he is a first offender, never having been arrested before for any offense whatsoever, we feel that he should be given an opportunity to show the confidence which is being placed in him is merited.

We therefore, recommend that his petition for clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Charles Joseph Carbin, C-5027, No. 7419, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Charles Joseph Carbin, convicted of attempted burglary, entering with attempt to commit felony and felonies to steal, robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on December 21, 1928, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty-eight years of age and on December 21, 1928, was sentenced to a term of not less than ten years nor more than twenty years for an attempt with three accomplices to holdup a hotel in the City of Philadelphia. The holdup was frustrated by the police and the arrest was made while the applicant and his accomplices were in the hotel. The applicant served two years in the Eastern State Penitentiary when he was paroled. He has now been on parole a period of approximately fourteen years. This crime occurred when this applicant was a rather young man and before he had a chance to establish any stability in his social behavior. Since 1928 and during the fourteen years that he has served on parole the applicant has had a good record as shown by the parole report of the Board of Parole. At the present time the applicant is a member of the Armed Forces of the United States and is serving overseas.

With these facts and the fact that the applicant has had fourteen years of a good record and with the thought that he will be in a better position to advance in the army and therefore become a better soldier, the applicant has applied to us for this clemency. The Board feels that having served fourteen years without any further difficulty and the fact that he is a member of the Armed Forces and that a pardon will help him to further rehabilitate himself, we the members of the Board of Pardons recommend that his plea be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Joseph Consugar, D-2805, No. 4957, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Consugar, convicted of murder in the second degree, in the Court of Oyer and Terminer and Quarter Sessions of Schuylkill County, on January 17, 1938, to be computed from September 28, 1937, be commuted from 10 years to 7 years and 2 months, expiring on November 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant at the present time is twenty-four years of age and has served over seven years of a ten year sentence for murder in the second degree. He had no prior criminal record and this imprisonment was for the murder of his father.

The Board of Trustees of the Eastern State Penitentiary informed the Board of Pardons that the applicant has an excellent prison record and is a well adjusted and co-operative prisoner who gets along well with officers and inmates. After this boy's conviction and at every session of the Board of Pardons he has been represented by Mr. Charles H. Goynes, who was the foreman of the jury which convicted him. Mr. Goynes has made considerable investigation and finds that there was a good deal of provocation on the part of the victim for the crime. He has since felt that the jury was wrong in its verdict and

should have acquitted the defendant and applicant herein and because of that he has repeatedly sought clemency from our Board.

The Board of Pardons is impressed with the plea and earnestness of the juror and since this applicant has a good prison record and has served more than two-thirds of his sentence we feel that consideration should be given him and that his application for clemency should be granted

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Thomas Donsavage, D-6089, No. 1326, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas Donsavage, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Luzerne County on November 16, 1935, to be computed from October 30, 1941, be commuted from 10 years to 3 years and 1 month, expiring on November 30, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 31 years of age. He was sentenced to a term of 10 to 20 years after the expiration of his sentence on parole violation. To date he has served nearly 14 years.

The Board of Trustees tells the Board of Pardons that the applicant has a very good record.

The authorities in Luzerne County do not oppose commutation. In fact the district Attorney recommends to the Board of Pardons that commutation be granted.

The Board of Pardons is inclined to agree with the District Attorney that he is a proper subject for rehabilitation that commutation be recommended.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Norman Ross Dunbar, No. 54968, No. 7371, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due

public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Norman Ross Dunbar, convicted of false pretenses, forgery, in the Court of Quarter Sessions of Allegheny County on December 10, 1941, to be computed from November 7, 1941, be commuted from 5 years to 3 years and 13 days, expiring on November 20, 1944.

Our reasons for making this recommendation are as follows:

The applicant has served 2 years and 9 months of a minimum sentence of 5 years. He is confined in the Allegheny County Workhouse where the Warden states he has a good institutional record. He is recommended by the prison physician, Dr. Alfred H. Kraft and he states that he has learned his lesson.

This applicant has made a very good prison record and the prison authorities are of the opinion that the applicant has been rehabilitated. In view of this testimony on behalf of the applicant the Board of Pardons is recommending to your Excellency that his prayer be granted and the applicant be given an opportunity of demonstrating how well this lesson has been learned.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Theodore Fedevich, C-5451, No. 4966, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Life sentence of Theodore Fedevich, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Luzerne County on June 10, 1929, be commuted from Life Imprisonment to 15 yrs. 5 mos. and 10 days, expiring on November 20, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 57 years of age and prior to this offense had never been in any trouble whatsoever.

It is reported by the Board of Trustees of the Eastern State Penitentiary that the applicant has an outstanding institutional record and that his savings have amounted to over \$1200 during his stay in the institution. He has good habits of industry, thrift and conduct.

None of the authorities in Luzerne County have an objection to his release.

Because of the applicant's outstanding institutional record; the fact that the authorities in Luzerne County have no objection, and that he has served nearly 15 years, the Board of Pardons is of the opinion that the applicant has been thoroughly rehabilitated and that further incarceration will be of no further effect. We, therefore, recommend to your excellency that commutation be granted as prayed for in this application.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.

CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of James C. Gaines, B-4895, No. 6439, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James C. Gaines, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on February 10, 1936, be commuted from 9 years to 8 yrs. 9 mos. and 13 days expiring on November 23, 1944.

Our reasons for making this recommendation are as follows:

The applicant is aged 46. He has no prior criminal record. He is now serving a sentence of not less than 9 years nor more than 18 years for second degree murder.

The Board of Trustees of the Western State Penitentiary states that the applicant has an excellent institutional record and that he has served the major portion of his sentence.

The authorities in Allegheny County have evidenced no intention of opposing this appeal for clemency. The true intention of this application is to grant the applicant credit for the time spent in jail before trial and sentence.

The Board of Pardons recommends that the applicant be granted credit for the time spent in jail before trial and that his sentence be commuted on November 13, 1944, the date on which he will have spent 9 years, his minimum sentence in prison.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of John Geer, No. 7591, September Session 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that John Geer convicted of robbery, violation of firearms act in the Court of Oyer and Terminer and Quarter Sessions of Allegheny County, on September 25, 1940, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty-two years of age and has no prior criminal record. While under the influence of intoxicating liquor he held up a store and secured the sum of \$6.40. After the applicant was released from the Allegheny Workhouse he enlisted in the United States Army where he served honorably for a year but was discharged because of a physical disability. The Veteran Administration in their rehabilitation program secured employment for the applicant in Kaufman's Department Store in Pittsburgh, Pennsylvania. The applicant's sponsor Mr. A. H. Manion, National Commander of the Society of the 28th Division, has written the Board in which he states that he has known the applicant for over twenty years and that he fully realizes the magnitude of his error and holds no resentment for the penalty placed upon him. Because of the applicant's physical disability he wishes to qualify for a position as fireman with the City of Pittsburgh, but must qualify for that position by civil service examination. This he is forbidden to do because of his criminal record.

The Board of Pardons feels that the applicant has been sufficiently punished and therefore recommends that clemency be granted this petitioner and that the pardon issue.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of James Grennor, D-4036 No. 6648, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that the minimum sentence of James Grennor, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 5, 1938, to be computed from July 13, 1943, be commuted from 5 years to 1 year 4 months and 10 days expiring on November 23, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 33 years old. He was sentenced to serve a term of 5 to 20 years to run concurrently with a parole violation of 3 to 10 years term. He served 4 years 2 months of the parole violation and 1 year 3 months of the sentence of 5 years, or a total time spent in the penitentiary of 5 years 5 months. But for the decision in the Wheeler case which made such sentence illegal the applicant would have been released 5 months ago.

According to the Board of Trustees of the Eastern State Penitentiary the applicant has an excellent institutional record and makes worthy use of his prison time. The trial judge Honorable Harry S. McDevitt, states that the applicant is entitled to favorable consideration and the District Attorney does not oppose favorable consideration.

Therefore, in order to correct the sentence which was rendered illegal by the Lerner and Wheeler cases and to give effect to the trial judge's sentence, the Board of Pardons recommends that clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Jay Woodrow Hill, B-7839, No. 6733, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that the sentence of imprisonment imposed on Jay Woodrow Hill, convicted of robbery, being armed with an offensive weapon, in the Oyer and Terminer Court of Clinton County on September 13, 1941, to be computed from September 2, 1941, be commuted on Bill No. 5 October Sessions, 1941 (Bill No. 6 concurrent) from a minimum term of 10 years to a minimum term of 3 years, 2 months and 18 days, expiring on November 20, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 29 years of age. This is his first imprisonment for any offense whatsoever. He was sentenced to a term of 10 years for robbery.

It is reported from the institution that the applicant has an excellent institutional record and that they would recommend him for parole if he were eligible. It is also stated that the applicant is classified in Class 1-A of the Special Panel of the Local Board of Selective Service System and he has signed a voluntary waiver of induction.

The authorities in Clinton County have no objection if he is inducted into the Armed Forces.

The Board of Pardons is of the opinion that the applicant has served a good portion of his sentence and that if he desires to serve his country in the armed forces we should not stand in his way and therefore recommend that clemency be granted on condition that the applicant is inducted into the armed forces directly from the institution.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Nicholas Hobin, No. 7429, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members

of the Board of Pardons recommended that Nicholas Hobin, convicted of larceny, receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on November 29, 1932, be pardoned.

Our reasons for making this recommendation are as follows:

This applicant is now forty years of age and while in the employ of Sears-Roebuck Company in Philadelphia he was given a pair of shoes and some other articles which he later learned was stolen. Upon his arrest, he pleaded guilty and the Court placed him on a suspended sentence. The accomplice who actually stole the articles, a portion of which was given to this applicant, was granted a pardon by this body six years ago. Since the time of his arrest and sentence, which was November 29, 1932, or a period of approximately twelve years this applicant has been in no further difficulties. In fact this is the only offense which he ever committed. He is employed in the John Wanamaker Store in Philadelphia and has a wife and two children. He has made every effort to conduct himself well and to improve his position in life. He states that this offense is disturbing to him and feels that it may affect his children as they become older who were entirely innocent of any wrong doing.

In order that innocent persons do not suffer through the applicant's commission of this offense and by reason of the fact that he has an excellent record and has proved that he merited the confidence which was placed in him, we feel that he is a proper subject for a pardon.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Leonard L. C. Hunter, B-2529, No. 2891, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that the Life sentence of Leonard L. C. Hunter, convicted of murder, in the first degree in the Court of Oyer and Terminer of Washington County on March 2, 1931, be commuted from Life Imprisonment to 13 years 8 months and 12 days, expiring on November 14, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 38 years of age. He was convicted of murder in the first degree and was thereupon sentenced to life imprisonment. At present he has served 13 years 3 months of that sentence.

In the first instance we wish to call your Excellency's attention to the fact that according to the report of the Board of Trustees of the Western State Penitentiary this inmate has served nearly 14 years yet in all that time there has not been a single misconduct, nor is his record anything but excellent. Also the psychologist at the Western State Penitentiary records that this crime is the result of considerable provocation by the victim and after an assault on the applicant. It is further stated in behalf of the applicant that the present judge, Honorable Carl E. Gibson of Washington County makes no recommendation and the District Attorney makes no recommendation.

Therefore, on the basis of his record in the institution, since the authorities of Washington County make no recommendations, this applicant is undoubtedly rehabilitated. Furthermore this applicant was set upon by the victim and stabbed by him. Since incarceration is for a threefold purpose, this applicant according to the views of the majority of the Board, meets and passes the test: as to punishment he has served one-third of his life to date behind prison walls; as to its being a deterrent to others, the majority feels that such a long service will certainly deter others; as to his rehabilitation there is no doubt, therefore we, the majority of the Board, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR., (Dissenting)
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Francis Leo Hynes, C-4441, No. 3281, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Life sentence of Francis Leo Hynes, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 16, 1928, be commuted from Life Imprisonment to 16 years and 8 months, expiring on November 16, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 50 years old and is serving a life sentence for the crime of murder in the first degree. He was convicted of this crime.

He has a good record in the Eastern State Penitentiary during the past sixteen and a half years that he has been an inmate. At present he is employed in the tent peg shop and has also been a plumber's helper and yard laborer. He is a World War veteran who obtained an honorable discharge and due to disability received therein is receiving a pension.

The Trial Judge Honorable Harry S. McDevitt states he has no objection to the granting of executive clemency. This is not true of the District Attorney who still opposes favorable action.

The Board of Pardons feels that he will not again be a menace to society, that he has learned his lesson the hard way and will refrain from further anti-social conduct. Under these circumstances we recommend that clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Joseph Paul Jackson, D-7074, No. 7248, September Session, 1944.
To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that the minimum sentence of Joseph Paul Jackson, convicted of larceny, receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Luzerne County on March 26, 1943, be commuted from 2 years to 1 year and 8 months, expiring on November 26, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 19 years of age and this is his first major imprisonment. He has now served one year and seven months of a two year sentence. The reason for his present imprisonment was for stealing an automobile and escape from Kis-Lyn School.

The applicant has a good record at the Eastern State Penitentiary and the Board of Trustee's report shows that he has an excellent disciplinary record and has adjusted well. The District Attorney of Luzerne County writes the Board and states that he believed the applicant has been sufficiently punished and recommends him for clemency.

The Board of Pardons feels that the applicant has served a major portion of his sentence and should be given clemency at this time in order to prove to us and to himself that the confidence which is being placed in him will be well merited. For this reason the Board recommends that clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Joseph J. Maleno, No. 7590, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph J. Maleno, convicted of assault with intent to rob, robbery in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on March 29, 1939, to be computed from March 24, 1939, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is twenty-three years of age and has never before been in any difficulty. He and the accomplice are alleged to have robbed another individual. The three persons had been drinking together and it is doubtful if the victim, who was as much under the influence of liquor, as the applicant and accomplice, ever knew the true version of the affair. The applicant is no longer on parole having served the minimum sentence. The applicant is married and supports his wife and his mother. He was quite young when this matter arose, being only eighteen years of age. No offensive weapons were used and although the applicant maintained that he did not

commit the act, nevertheless he made restitution to the victim.

Since he has made an effort in the past five years to rehabilitate himself and to conduct himself well since his release and he wishes to now take an examination for a civil service appointment which he can not do by reason of this conviction has brought about additional punishment which it was not originally intended to do. In order that the applicant may not be hindered further from securing advancement in his life and to further prove to him the reward of a lawful life, the Board recommends that pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Stephen Masternak, B-5792, No. 4769, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Stephen Masternak, convicted of robbery, in the Oyer and Terminer Court of Allegheny County on October 26, 1936; and of breaking and escaping penitentiary, larceny of automobile, in the Quarter Sessions Court of Centre County on October 9, 1937, to be computed from January 11, 1942, be commuted on Bills Nos. 160 and 161 September Sessions, 1937 (Bill No. 162 concurrent) from a minimum term of 8 years to a minimum term of 2 years, 10 months, and 15 days, expiring on November 26, 1944. (Applicant has been granted parole on No. 20 October Sessions, 1936—Allegheny County).

Our reasons for making this recommendation are as follows:

The applicant is now 29 years of age. He has practically no criminal record, the robberies on which he was sentenced from Allegheny County were his first offenses. He has served that sentence. The offense that he is now serving is for escape from Rockview Branch of the Western State penitentiary and in effecting that escape the larceny of one car and the taking of another through robbery. No force was used in effecting the escape.

The Board of Trustees of the Western State Penitentiary recommend him because of the good institutional record and the fact that this is his first offense. The applicant has now served 7½ years. He still has approximately 5½ years to serve of his minimum sentence. Since this applicant has served his original sentence and has served an additional 2½ years for escape with a good record, the Board feels that a commutation of sentence may have a beneficial effect on the applicant's point of view and demonstrate to him the end result of leading a good life, not only in prison, where the reward is freedom, but on the outside where the reward is happiness, we, therefore, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.

JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Bernard McNichol, C-3552, No. 7421, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Bernard McNichol, convicted of entering with intent to steal; in the Court of Quarter Sessions of Philadelphia County, on June 19, 1935, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty-six years of age and on June 19, 1935, was sentenced to a term of 1½ to 3 years for the crime of entering with intent to steal and larceny. The applicant has served his sentence and at present is a member of the Armed Forces of the United States Army Air Corps, holding the rank of Sergeant in the First Troop Carrier Command.

The applicant is asking for a pardon on the basis of his record since he was released from prison and because of the fact that he is unable to progress further in the army because of this criminal record. It might be stated for the benefit of the record that the applicant had never before been arrested for any crime whatsoever. The authorities in Philadelphia County have no objection to the granting of a pardon as prayed for in this petition. The Board feels that this applicant has made every effort to rehabilitate himself and we are definitely of the opinion that the applicant is not of the criminal element of society because of his prior and past record after the commission of this offense.

Since he has made an honest effort to rehabilitate himself and is now serving with the Armed Forces of the United States and this conviction is an obstacle in his past to future success, we feel that he has merited the confidence which has been placed in him and that under these circumstances we recommend him to your Excellency for a full and complete gubernatorial pardon.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of John Micklow, D-4762, No. 7401, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members

of the Board of Pardons recommend that John Micklow, convicted of receiving stolen goods, larceny, conspiracy, in the Court of Quarter Sessions of Philadelphia County, on February 1, 1940, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty-three years of age and has no prior criminal record. He was sentenced February 1, 1940, to serve a term of 1½ to 3 years on the charge of receiving stolen goods and larceny.

This applicant together with about thirty other persons was employed by the Universal Carloading Company and were engaged in the process of unloading freight cars and loading automobile trucks. For a period of approximately five years the applicant pilfered articles that were being unloaded. There were quite a few other persons involved as stated above. The applicant served his sentence and was released on August 1, 1941. Since that time the applicant worked with the Mack Transportation Company and on September 26, 1943, joined the United States Army. He is at present serving overseas and makes application to the Board of Pardons to clear his record in order that if he should return to civil life he can do so with a clean slate.

The trial judge, Honorable Harry S. McDevitt, in writing to the Board states that this applicant was simply carried with the tide of other employees and by reason of lack of character and youth he became involved in this series of depredations. It is the opinion of Judge McDevitt that the applicant should receive favorable consideration. The district attorney also feels that the applicant should be given favorable consideration.

Under these circumstances and the fact that the applicant has been a member of the Armed Forces for more than one year and that he is at present serving overseas with the Armed Forces, and that this is the only time that he ever became involved with the law, we, the majority of the members of the Board of Pardons, recommends to your Excellency that he grant a pardon in this matter.

Respectfully submitted,

Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Charles Myers, No. 7400, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Charles Myers, convicted of entering with intent to steal, larceny in the Court of Quarter Sessions of Philadelphia County, on March 5, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty-five years of age and the crime for which he seeks pardon is that of entering with intent to steal and larceny. The facts briefly are these: The applicant and two accomplices entered a vacant building and removed brass pipe which they intended, at a later date, to sell. They were apprehended and the applicant was placed on probation for a period of five years.

It is felt by the members of the Board that this crime was more of an economic one rather than an indication of the applicant's anti-social behavior. He has not been in any further trouble and has made an honest effort to rehabilitate himself and has proved himself worthy of the confidence the trial judge placed in him. Therefore, in an effort to clear his past record and to help him atone for the mistake he has made, the Board of Pardons recommend that a pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Hartley Reynolds, B-8440, No. 6652, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Hartley Reynolds, convicted of burglary, larceny in the Court of Oyer and Terminer of Beaver County on January 16, 1943, to be computed from January 15, 1943, be commuted from 2½ years to 1 year, 10 months and 10 days, expiring on November 25, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 36 years of age. He has never been sentenced to prison before this offense. He was sentenced to a minimum term of 2½ years for the crime of larceny. From the facts as they are presented it seems the would be victim was the cause of his own trouble. The victim after losing heavily to the applicant and another at cards demanded the return of his money and when it was not returned he told the authorities that the applicant had stolen this money from him. Applicant was out on parole for the burglary of some tires which his wife and her paramour had stolen.

He has an excellent institutional record in the Western State Penitentiary and they would recommend him for parole if he was eligible.

The authorities in Beaver County have no objection to the granting of clemency. Therefore the Board of Pardons recommends that clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Francis A. H. Riether, B-6640, No. 7358, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Francis A. H. Riether, convicted of robbery, in the Oyer and Terminer Court of Allegheny County, on March 17, 1939, to be computed from January 7, 1939, be commuted on Bills Nos. 29 and 30 February Sessions, 1939, from a minimum term of 10 years to a minimum term of 5 years, 10 months, and 15 days, expiring on November 22, 1944; and on Bill No. 31 from a minimum term of 5 years to a minimum term of 1 day, expiring on November 23, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 35 years of age. He has now served 5 years and 5 months of three consecutive 5 year sentences resulting in a total sentence of 15 to 30 years. He admits his guilt as to the first charge but denies his guilt as to the other two. In the file of this case is a letter from Walter C. Monaghan, Inspector of Detectives of the Department of Public Safety of the city of Pittsburgh. In this letter Inspector Monaghan substantiates applicant's innocence of the crimes for which he was sentenced to a term of 10 additional years. Attorney General Duff advised the Board of Pardons that Inspector Monaghan is an able and honest officer and if he has doubt of the guilt of the applicant he would unqualifiedly agree with his conclusions. It might also be pointed out to your Excellency that this is the applicant's first application for commutation and was not filed until he had served the minimum of 5 years for the crime to which he plead guilty. The Board of Trustees of the Western State Penitentiary recommend him.

The Board of Pardons in reaching the conclusion that commutation should be recommended considered the following factors: (1) He served the minimum sentence without prior application to the Board for the crime which he admitted; (2) He has an excellent institutional record; (3) There is grave doubts as to his guilt of the other crimes he is charged with and for which he was sentenced to the additional 10 years.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of John D. Rizzo, No. 7438, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John D. Rizzo, convicted of fraudulent conversion, larceny, receiving stolen goods, in the Court of Oyer and Terminer and Quarter Sessions of Dauphin County, on September 28, 1934, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty years of age and was sentenced to a term of not less than nine nor more than eighteen months on the charge of fraudulent conversion, larceny and receiving stolen goods. One month later the sen-

tence was revoked and he was placed on probation for two years.

This is a very peculiar case and if the applicant had not pleaded guilty to the facts, it is doubtful if any conviction could have been secured. He had received a ring from a girl friend and he had later given this ring to another girl. It was then discovered that this ring was stolen and that the applicant did not know this ring had been stolen. When it was called to the applicant's attention he attempted to secure the ring from the girl to whom he had given it but she refused to return it. By that time the applicant was living in Utica, New York, but he nevertheless returned to Pennsylvania and pleaded guilty to the charges. The applicant is now a well established man in Utica and very highly thought of in his community. This whole set of circumstances were an unfortunate thing and if the applicant had retained counsel and stood trial, from the facts as we now know them, it is doubtful if a conviction could have been secured. He had never been connected with any wrong doing in his whole life other than this affair and he has borne a good reputation both before and since this offense. He is married and has two children, he wishes to further his position in life by entering into the hotel and restaurant business, which business he has been familiar with for some time. However, under the laws of the State of New York he is unable to secure a license to sell alcoholic beverages and this is a serious handicap to one in this business. To fail to grant this pardon would seriously handicap this man in his business and since there is doubt as to his crime, the Board would be remiss in its duties if it did not attempt to alleviate this condition.

Therefore, considering all of the circumstances we feel that this is a proper case for the granting of executive clemency.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Thomas Rodgers, B-7416, No. 5547, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas Rodgers, convicted of statutory rape in the Court of Oyer and Terminer of Allegheny County on November 12, 1940, to be computed from May 27, 1940, be commuted from 5 years to 4 years and 6 months, expiring on November 27, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 28 years of age. He is serving his first major imprisonment of 5 years on the charge of statutory rape. He has now served nearly 4½ years on this charge.

The employment and conduct of the Western State Penitentiary indicate that there are no misconducts against the applicant and that he has been an average inmate.

It is indicated by investigation of this crime that the victim gave the appearance of being older than her true age, fifteen at the time of the commission of this offense, and that she was a willing partner to the offense. Both of the accomplices to this matter were given suspended sentences.

Because this applicant has served such a substantial portion of his sentence and his accomplices served no time whatsoever and further because this alleged victim seems to have participated with consent, the Board of Pardons recommends that clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Carmine Santaniello, No. 7584, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Carmine Santaniello, convicted of assault and battery, aggravated assault and battery in the Court of Municipal of Philadelphia County, on April 20, 1934, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is twenty-six years of age and ten years ago, when he was sixteen he became involved in an automobile accident which resulted in an unavoidable injury to two pedestrians. As part of the sentence the applicant was required to make restitution in the sum of \$50.00 to one of the injured parties. This he did. It was also disclosed to the Board that the applicant while driving at a moderate rate of speed was involved in the accident with a car driving at a high rate of speed.

This is another case in which it is doubtful if the conviction which was secured here should have been sustained because there is nothing to indicate in the record that this applicant ever engaged in such gross negligence as should cause a conviction of aggravated assault and battery by auto. Nevertheless the applicant did not permit this to deter him from lawful conduct and finally was inducted into the United States Army from which he was discharged by reason of a physical disability in August 1943. This was not a crime which involved anti-social conduct on the part of the applicant and he now seeks to better his position in life by taking an examination for appointment to the Police Force in the City of Philadelphia.

The Board in recommending this applicant for clemency wishes to state that this case is the exception rather, than the rule and only by reason of the facts of the crime, the applicant's good conduct and the fact that he would be more severely punished than was ever intended if the pardon was not granted, that causes us to recommend to your Excellency that a pardon be granted in accordance with the prayer of the applicant's petition.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.

CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

Governor.

BOARD OF PARDONS

In re application of John Schroedel, D-4941, No. 5369, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Schroedel, convicted of sodomy in the Court of Quarter Sessions of Lackawanna County on May 20, 1940, be commuted from 5 years to 4 years and 6 months, expiring on November 20, 1944.

Our reasons for making this recommendation are as follows:

The applicant is thirty-six years old and he plead guilty to the crime of sodomy. At present he has served 4 years and 4 months of a term of 5 years. The applicant has no prior criminal record.

The Board of Trustees of the Eastern State Penitentiary state that the applicant has an excellent institutional record. He has made 12 donations of blood to the American Red Cross Blood Bank and is employed in the tent peg shop. There has been no display of immoral conduct while at the Penitentiary. The district attorney stated he had no objection to the granting of executive clemency and the prison authorities stated orally at the public hearing that the prison doctor was of the opinion that he could be released without risk to society.

The applicant presents a good parole plan and will be received by members of his family who are ready, willing and able to help applicant make a new start in life. They seem sincerely interested in the applicant. His sister was his representative before the Board of Pardons and made a very strong plea in behalf of clemency. The members of the Board of Pardons who are in the majority, believe from the reports submitted to them that the applicant is rehabilitated; that he is not suffering from any mental condition that would cause a recurrence of this offense; that he has served a substantial portion of his sentence and having no prior criminal record and an excellent institutional record he should be given an opportunity of proving that he is really ready to return to society. We, the majority, therefore recommend clemency.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.
(Dissenting)

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of John Andrew Schulkins, B-2678, No. 5419, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of John Andrew Schulkins, convicted of murder in the first degree in the Court of Oyer and Terminer of Allegheny County on May 18, 1931, be commuted from life imprisonment to 13 years and 6 months, expiring on November 18, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 44 years of age. He has no prior criminal record. He was sentenced on May 18, 1931, to a term of life imprisonment on a charge of first degree murder. While it is technically true that the murder occurred in the commission of a felony still there were extenuating circumstances that should cause, and as shown by our recommendation hereinafter set forth, did cause us to place this matter before your Excellency for favorable consideration.

The facts are such as to show the applicant was under dire emotional stress and the conduct of the victim, granted, did nothing to alleviate this condition. But be that as it may, it is also reported to us that the applicant has an excellent prison record and has made every effort to atone for his breach of conduct. In fact Honorable Roy T. Clunk who was the prosecuting attorney has joined in the petitioners plea for clemency.

Therefore, your Excellency, it behooves the Board in this case in view of all of the present circumstances; his good record, his unfortunate misstep, and his attempt to atone for it, to recommend that clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Lewis Schwartz, D-6387, No. 6614, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Lewis Schwartz, convicted of assault with intent to kill in the Court of Oyer and Terminer and Quarter Sessions of Lehigh County on March 24, 1942, to be computed from December 23, 1941, be commuted from 3 years to 2 years and 11 months, expiring on November 23, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 24 years of age. He had no prior criminal record. He has now served 2 years, 10 months of a 3 year sentence.

He has a good prison record according to the report submitted by the Board of Trustees of the Eastern State Penitentiary.

No objection to commutation is filed by the authorities in Lehigh County.

The Board of Pardons recommends commutation for the following reasons:

- (1) He is a first offender.
- (2) He has a good prison record.
- (3) No objection to clemency is filed.
- (4) He should be given a reduction in sentence to show that good conduct is rewarded.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Alice Shisler, No. 6246, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Life sentence of Alice Shisler, convicted of murder in the first degree in the Court of Oyer and Terminer and General Jail Delivery of Delaware County on March 27, 1935, be commuted from Life Imprisonment to 9 years, 7 months and 20 days, expiring on November 17, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 43 years of age. She has no prior criminal record. She is now serving a sentence of life imprisonment for the murder of her husband.

There is no doubt that the applicant has a good institutional record having spent her term in Broadmeadow Prison. However, her health at the present time is very bad, she having a toxic goiter, which is also affecting her heart. Under these circumstances the District Attorney of Delaware County advised the Board of Pardons that he had no objection to clemency.

Therefore, because of the physical condition of the applicant and her long service in the institution we, the Board of Pardons recommend that clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved:

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Helena Smith, No. 7448, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Helena Smith, convicted of aggravated assault and battery in the Court of Quarter Sessions of Philadelphia County on March 6, 1944, be commuted

from 1½ years to 9 months, expiring on December 6, 1944.

Our reasons for making this recommendation are as follows:

The applicant is twenty-five years of age and on a plea of guilty to aggravated assault and battery she was sentenced to a term of eighteen months. She had no prior criminal record.

The applicant has a good institutional record in the Philadelphia County Prison.

The District Attorney stated to the Board at the hearing that he thought the applicant had received a very severe sentence for a first offender.

Because the applicant had no prior criminal record and it is thought that she received a very severe sentence and has a very good record, the Board of Pardons recommends that the sentence of the applicant be commuted to 9 months expiring on December 6, 1944.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Leroy Spence, 2704, No. 7562, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the indeterminate sentence of Leroy Spence, convicted of burglary in the Court of Oyer and Terminer of Allegheny County on February 3, 1944, be terminated from indeterminate term to 9 months and 20 days, expiring on November 23, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 19 years of age. He has no prior criminal record and has been imprisoned in the White Hill Industrial School for a period of 8½ months.

This applicant was the unfortunate product of a broken home. However, his mother and step-father have indicated a willingness to look after the welfare of the applicant and provide him with a good home and a job in Washington, D. C., where they now live.

We believe if the applicant's sentence at White Hill is now terminated and he be given an opportunity to show whether or not he has learned his lesson that he will merit the confidence the Board of Pardons is placing in him by recommending that his indeterminate sentence be terminated.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Jacob Surket, C-9761, No. 4440, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Jacob Surket, convicted of arson, firing a barn, a parcel of a dwelling house, in the Oyer and Terminer and Quarter Sessions Court of Bucks County, on June 18, 1934, be commuted on Bill No. 11, May Sessions, 1934, from a minimum term of 5 years to a minimum term of 5 months, expiring on November 18, 1944. (Applicant has been granted parole on Bill No. 12).

Our reasons for making this recommendation are as follows:

The applicant is in his 70th year. Prior to this arrest and conviction of this crime the applicant had been in no trouble whatsoever. He has served nearly 10½ years of a 15 year minimum sentence.

The Board of Trustees of the Eastern State Penitentiary state that the applicant has a good institutional record and is quite industrious. The report of the Board of Parole indicates that the son of the applicant will take him back to the applicant's farm where he will be able to readjust himself in a civilian community.

The Board of Pardons is of the opinion that the applicant has served a most severe sentence and that for many men it would have been equivalent to a life sentence. Therefore, since the applicant has served 2/3 of his sentence and has a good institutional record the Board feels he should be granted clemency because of his advanced age.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Wilfred Van Camp, B-8201, No. 6046, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Wilfred Van Camp, convicted of statutory rape in the Court of Oyer and Terminer of Somerset County on May 11, 1942, to be computed from February 10, 1942, be commuted from 3 years to 2 years, 9 months and 10 days, expiring on November 20, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 37 years of age and this is his first conviction. He has now served 2 years 9 months of a 3 year sentence. The Board of Trustees of the Western State Penitentiary state that the applicant has an excellent record and if he were eligible to apply for parole they would recommend the granting of a parole.

Since his conviction there seems to have been brought up the question of the victim's reputation which, from

the reports to our Board, indicate that it is not very good. The Trial Judge has written the Board and stated that he feels the sentence should be commuted.

Under these circumstances the Board of Pardons recommends that the applicant's petition for clemency be granted for the following reasons:

1. He has an excellent institutional record.
2. The victim's reputation is not the best and the Trial Judge recommends that the application be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Herman Whytes, B-4777, No. 7594, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Herman Whytes, convicted of murder in the second degree in the Court of Oyer and Terminer of Cambria County on October 28, 1935, be commuted from 10 years to 9 years and 1 month, expiring on November 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant who is 38 years of age is serving his first major imprisonment for the crime of murder in the second degree. He was sentenced to a term of 10 years minimum. He has now served 9 years of that time.

The institution reports that the applicant has a satisfactory work and conduct record. No objection is filed by the District Attorney of Cambria County and the Trial Judge did not advise the Board concerning his recommendation.

Since the applicant has served such a substantial portion of his sentence and his record at the institution has been satisfactory the Board feels that he has atoned for his crime and further incarceration would have no punitive value, therefore, we recommend that clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Henry Williams, D-2857, No. 6573, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Henry Williams, convicted of entering with intent to steal, larceny in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on February 4, 1938, to be computed from January 28, 1938, be commuted from 15 years to 6 years and 10 months, expiring on November 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant is 22 years of age. He has no prior criminal record. He has now served 6 years 8 months of a term of 15 years.

He has an excellent institutional record with good progress. He was only sixteen years old when sentenced to the penitentiary. The applicant is not a hardened criminal but was a member of a group of youngsters known as the "Dragon Gang." Their actions were those of thoughtless youngsters rather than hardened criminals. No objection was interposed by the authorities to favorable consideration.

The Board of Pardons feel that the applicant has had a severe sentence, but even though he was a very young man he reacted well and has a good record. The accomplices of the applicant have all been free for some time. We, therefore, recommend that the application be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Clarence W. Wood, No. 7355, September Session 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Clarence W. Wood, convicted of operating motor vehicle while under the influence of intoxicating liquor in the Court of Quarter Sessions of Delaware County, on October 6, 1943, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is forty-six years of age and has no prior criminal record. The crime for which he seeks a pardon is driving under the influence of intoxicating liquor.

The facts of the situation are that the applicant after having three or four glasses of beer bumped the car of another causing damage to the extent of \$5.00. This applicant was given a sentence of three months to one year in the Delaware County Prison and he was directed to pay a fine in the sum of \$200.00. The applicant has served his sentence and since resumed his former employment as sales and service manager of the Mason-Neilan Regulator Company which is engaged in defense work. The applicant is married and has a daughter and nephew whom he supports.

The Board is of the opinion that this was an unfortunate and regrettable incident for which he was arrested and sentenced and if granted a pardon the Board need not

ever fear that the applicant will again be before us for he is not the criminal type.

We, therefore, recommend to your Excellency that a full and complete gubernatorial pardon be granted.

Respectfully submitted,

JOHN C. BELL, JR., (Dissenting)
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Ausben Kenneth Wyle, C-8983, No. 1878, September Sessions, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Ausben Kenneth Wyle, convicted of assault with intent to rob in the Court of Quarter Sessions of Lackawanna County, on June 3, 1933, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty-six years of age and was sentenced on June 3, 1933, to a term of not less than ten nor more than twenty years in the Eastern State Penitentiary on the charge of assault with intent to rob. The facts briefly are that the applicant is alleged to have assaulted his divorced wife's uncle. He denies the allegation. The question of identity of the applicant was never clearly shown but nevertheless he was convicted and served nine and one-half years in the Eastern State Penitentiary before his sentence was commuted. Since the commutation of his sentence, the applicant has engaged in defense activities in St. Louis, Missouri, although he is presently suffering from tuberculosis.

There is attached to his application letters and affidavits showing that the applicant has made an honest effort at rehabilitation. The applicant's mother is the owner and operator of a small jewelry business in the town of Waverly, Illinois. Because of the applicant's physical condition he is unable to engage in strenuous activities of defense plant work and would like to take over the jewelry store business which is his mother's and which she now conducts. The circumstances of the jewelry business are such that it would be practically impossible for a paroled convict to carry on such livelihood. The testimonial which he has presented indicate that the applicant has made an honest effort at rehabilitation and that he wishes to further his position in his home community by becoming a business man. His record on parole has been excellent and he received the commendation of his parole officer in the State of Missouri, parole officer in the State of Illinois and the County Judge of the county in which Waverly is situated, as well as many other prominent citizens of that locality.

Under these circumstances the Board feels that the applicant has done all that is possible for him to do to rehabilitate himself and make himself a fit member of society and that to refuse this pardon would be to heap upon him an additional sentence to the term of nine and one-half years which he served. That in itself was sufficient punishment for this offense and we, therefore, recommend that a pardon be granted.

Respectfully submitted,
 JOHN C. BELL, JR.,
 Lieutenant-Governor.
 CHARLES M. MORRISON,
 Secretary of the Commonwealth.
 JAMES H. DUFF,
 Attorney General.
 WILLIAM S. LIVENGOOD, JR.,
 Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
 Governor.

BOARD OF PARDONS

In re application of Charles H. Ziegler, No. 7568, September Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Charles H. Ziegler, convicted of selling liquor without a license, unlawfully permitting consumption on premises where it was sold in the Court of Quarter Sessions of Philadelphia County, on January 27, 1936, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty-one years of age and has never been in any other difficulty whatsoever. This case presents a very unusual set of circumstances in that the applicant was a waiter in a restaurant which had no license for the retail selling of malt beverages and the applicant was not aware of this fact. When the inevitable raid took place the applicant was the only one who was arrested.

On advice of counsel he pleaded guilty, although under these circumstances, which were not denied by the district attorney or the judge in their letter to the Board, it is doubtful whether this applicant could have been convicted. Since the proprietor of the establishment, who was without a doubt the guilty party, was not arrested or indicted, this applicant should not have been made the "goat" since he received no financial gain from the sale and was merely the innocent human agent.

The Board feels that he should not suffer any further penalty and we therefore recommend that the pardon be granted.

Respectfully submitted,
 JOHN C. BELL, JR.,
 Lieutenant-Governor.
 CHARLES M. MORRISON,
 Secretary of the Commonwealth.
 JAMES H. DUFF,
 Attorney General.
 WILLIAM S. LIVENGOOD, JR.,
 Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
 Governor.

BOARD OF PARDONS

In re application of Vincent Andrews, D-6615, No. 6661, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum

sentence of Vincent Andrews, convicted of robbery, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 25, 1937, sentence to begin July 25, 1942, be commuted from 5 years to 2 years and 5 months, expiring on December 25, 1944.

Our reasons for making this recommendation are as follows:

The applicant is twenty-eight years of age. This crime consisted of a parole violation and the applicant plead guilty to its commission. The applicant now denies his guilt and claims to have been intoxicated at the time. He states that he plead guilty on advice of counsel.

The applicant has a good prison record and is listed by the Board of Trustees of the Eastern State Penitentiary as a capable janitor and obedient to orders. He has also been assigned to a position of trust in the guards' quarters outside the wall. This applicant has at the present time served over seven years but only two years, three months of this sentence applies on the present sentence of five years. It is understood that if clemency is granted in this case that the applicant will be a resident of the State of New York.

The Board feels that if the applicant is granted an opportunity he will realize the benefits of his freedom and the seriousness of the crime which he committed.

Therefore, because of his good conduct in the institution and also that his attitude has been good, we feel that he has established his sincerity in desiring to become a worthwhile part of society and recommend that his sentence be commuted.

Respectfully submitted,
 JOHN C. BELL, JR.,
 Lieutenant-Governor.
 CHARLES M. MORRISON,
 Secretary of the Commonwealth.
 JAMES H. DUFF,
 Attorney General.
 WILLIAM S. LIVENGOOD, JR.,
 Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
 Governor.

BOARD OF PARDONS

In re application of A. F. Butler, B-3587, No. 6276, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on A. F. Butler, convicted of robbery and larceny, in the Oyer and Terminer Court of Westmoreland County, on February 8, 1933; and of assault with intent to rob, robbery, in the Oyer and Terminer Court of Fayette County, on March 26, 1937, be commuted on Bill No. 149 February Sessions, 1933, from a minimum term of 10 years to a minimum term of 1 year, 10 months, and 20 days, expiring on December 28, 1944. (Applicant has been granted parole on Bill No. 152).

Our reasons for making this recommendation are as follows:

The applicant is sixty-four years of age. This is his first major conviction. He and four accomplices are alleged to have robbed a bank of approximately \$3200.00. He was sentenced to a term of not less than twenty nor more than forty years, which in effect, was almost equivalent to a life sentence. He has, however, at the present time served eleven and one-half years of his term.

The Board of Trustees of the Western State Penitentiary have informed the Board that this applicant has an ex-

cellent institutional record, that all of his accomplices have had their sentences commuted, he has an excellent institutional record and that this is his first major imprisonment. Therefore, if he were eligible for parole they would probably recommend him.

The authorities in Fayette and Westmoreland Counties have not opposed this application neither do they recommend it.

The Board of Pardons is of the opinion that we need not feel any further antisocial conduct from the applicant because of his advanced age and because he has an excellent institutional record it would indicate to us that he has become rehabilitated.

Because of the length of time which he has served and his good record and the fact that several of his accomplices have already had their sentences commuted, we feel that the petition for clemency should be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Joseph Chmielewski, D-2677, No. 6225, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Chmielewski, convicted of robbery with aggravating circumstances, in the Court of Oyer and Terminer and Quarter Sessions of Northumberland County, on December 13, 1937, to be computed from November 9, 1937, be commuted from 7½ years to 7 years, 1 month, and 10 days, expiring on December 29, 1944.

Our reasons for making this recommendation are as follows:

The applicant is twenty-seven years of age and was sentenced to a term of not less than seven and one-half nor more than fifteen years on the charge of robbery. He and two accomplices held up a gas station. The loot they received was \$100.00. At the present time he has served nearly seven years of his minimum sentence.

It is reported to us that the applicant is an exceptional good inmate being detained at the present time in Graterford. He has made three donations to the American Red Cross Blood Bank and he has the reputation of being a cooperative and well adjusted inmate.

The Board of Pardons is of the opinion that further incarceration would have no punitive effect upon this applicant and that if he has not learned his lesson now he never will. We believe that if given an opportunity to demonstrate his ability to get along in society he will merit our confidence.

We, therefore, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Norman Dalbow, D-398, No. 6765, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Norman Dalbow, convicted of entering with intent to steal, larceny, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on February 27, 1935; and the Oyer and Terminer and Quarter Sessions Court of Montgomery County, on April 1, 1935, be commuted on Bill No. 733, February Sessions, 1935 (Philadelphia County) from a minimum term of 5 years to a minimum term of 4 years and 10 months, expiring on December 27, 1944; and on Bill No. 40-1 February Sessions, 1935 (Montgomery County) from a minimum term of 10 years to a minimum term of 9 years and 10 months, expiring on December 27, 1944—this was a concurrent sentence. (Applicant was granted parole on Bill No. 731).

Our reasons for making this recommendation are as follows:

The applicant is thirty-two years of age and has been sentenced to a term of not less than ten nor more than twenty years for five charges of larceny. The applicant has now served nine years and seven months of this sentence. Most of the loot which was taken in this series of larcenies was recovered.

It is reported to us by the Board of Trustees of the Eastern State Penitentiary that the applicant's disciplinary record is excellent, that he holds a position of trust as mailroom clerk. It is also stated by the district attorney of Philadelphia County that if the applicant's prison record is good he should be given a chance. Honorable Harry S. McDevitt, has stated this applicant has made a good adjustment in the institution.

This applicant has served such a substantial portion of his sentence that by the time this commutation is actually in effect he will have served all but three months of his minimum sentence.

Since he has such an excellent record, we feel he should be granted even three months respite from his minimum term and, we therefore, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Daniel Demarco, No. 7537, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due

public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Daniel Demarco, convicted of burglary, larceny, receiving stolen goods, in the Court of Quarter Sessions of Lawrence County on December 3, 1943, to be computed from October 2, 1943, be commuted from 3½ years to 1 year, 2 months, and 27 days, expiring on December 29, 1944.

Our reasons for making this recommendation are as follows:

The applicant is thirty-three years of age and was sentenced to a term of not less than three and one-half nor more than seven years for the crimes of burglary, larceny, and receiving stolen goods. He has no prior criminal record and the number of chickens that were taken was sixty. The applicant was the manager of his mother's restaurant and bought these chickens from the persons who had stolen them.

The trial judge, Honorable W. Walter Braham, has written the Board of Pardons and stated that he believes at the present time the sentence was excessive and that the applicant should be given some consideration. The Warden of the Allegheny County Workhouse states that the applicant has a good record, and because of this, the opinion of the Board of Pardons is that he did receive a very severe sentence. Under these circumstances and that he has served nearly one year and three months of his sentence, the Board of Pardons feels that they should recommend that favorable action be taken in this matter.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Matthew Dembrowski, B-7171, No. 6458, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Matthew Dembrowski, convicted of burglary in the Court of Oyer and Terminer and General Jail Delivery of Allegheny County on April 10, 1940 to be computed from March 17, 1944, be commuted from 2 years to 9 months and 10 days, expiring on December 27, 1944.

Our reasons for making this recommendation are as follows:

The applicant is twenty-four years of age and before becoming involved in this offense he had no prior criminal record. He was only nineteen or twenty years of age at the time of the crimes that he participated in. These crimes were no more or less than petty burglary by persons who were bad associates for this boy, they having long criminal records.

The Board of Trustees of the Western State Penitentiary informs us that the applicant has an excellent institutional record and he has nearly served five-sixth of his minimum sentence of six years leaving him twenty-four years to serve on parole.

Because of the fact that he has a good prison record, this being his first conviction, and that he has served a substantial portion of his sentence, the Board of Pardons

is going to give him an opportunity to demonstrate that he has learned his lesson. We therefore, recommend that the commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Andrew M. Dempsey, No. 7468, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Andrew M. Dempsey, convicted of larceny, receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on November 25, 1938, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is twenty-seven years of age and was arrested and charged with larceny and receiving stolen goods. The larceny being of an automobile.

At the trial it was disclosed that the applicant had gone for a ride with a friend and that the friend had been the one who had stolen the automobile and it wasn't until after they had begun their ride that the applicant knew that the car had been stolen.

He received a sentence of probation for a period of ten years and at the present time the applicant has served over six years of probation and has been in no further trouble. The applicant alleges that he is a machine tool inspector with the William Sellers and Company, machine tool manufacturers. He also states that this one conviction hinders his chance for promotion with his present employer and will prevent his making contacts with other companies, especially the United States Government.

It is disclosed to the Board of Pardons that the applicant has been with his present employer during almost the entire period of his parole and that during this time he has been earning an average of \$125.00 a week and has saved in cash and War Bonds the sum of \$5,000.00. The applicant has an excellent parole record, he has conducted himself well, he has been regular in his attendance at church, he has exhibited the habit of thrift and industry which is good to see.

Under the circumstances we feel he has been sufficiently punished and the Board of Pardons can wipe the slate clean without fear of any other criminal misconduct. We, therefore, recommend to your Excellency that the pardon prayed for be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Anthony Esposito, D-4339, No. 6049, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Anthony Esposito, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on October 18, 1939, to be computed from September 18, 1939, be commuted from 10 years to 5 years, 3 months, and 10 days, expiring on December 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant is twenty-four years of age and was sentenced to a term of not less than ten nor more than fifty years for participation in a series of burglaries. These series of burglaries netted the applicant the munificent sum of \$150.00. This was the applicant's first conviction for any offense whatsoever.

The trial judge, Honorable Harry S. McDevitt, has stated in a letter to the Board that he feels the applicant has so rehabilitated himself to entitle him to favorable consideration at this time.

The district attorney of Philadelphia County, Mr. Tracey, has stated that he wishes to leave the matter to the Board for their decision.

The applicant has a good plan for parole and will be sponsored by Colonel F. Dickinson Shaw, Psychiatrist Philip Q. Roche, at the institution feels that this inmate would benefit by commutation of his sentence. It might also be pointed out to your Excellency that all the accomplices who were equally guilty, got only half the sentence this applicant received and further, they have all been released from prison.

Therefore, in order to give this applicant some hope for the future and not to penalize him because he was the last of the group to be apprehended, we feel that he should not have been sentenced to any greater punishment than his accomplices, we recommend in accordance with the statements expressed by the authorities of Philadelphia County, that the commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of William Grant, B-2035, No. 173A, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence, of imprisonment imposed on William Grant, convicted of robbery, larceny of automobile, in the Oyer & Terminer and Quarter Sessions Court of Allegheny County, on May 14, 1930, be commuted on Bill No. 36 May Sessions, 1930, from a min. term of 5 yrs. to a min. term of 4 years 5 months and 27 days, expiring on November 11, 1944; on

Bill No. 63 from a minimum of 1 year to a minimum term of 1 day, expiring on November 12, 1944; on Bill No. 64 from a minimum term of 1 year to a minimum term of 1 day, expiring on November 13, 1944; and on Bill No. 65 from a minimum term of 1½ years to a minimum of 1 day, expiring on November 14, 1944.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Roosevelt Griffin, D-5803, No. 172-A, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due

public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Roosevelt Griffin, convicted of assault and battery with intent to rape, rape, in the Oyer and Terminer and Quarter Sessions Court of Allegheny County, on October 12, 1937, and October 18, 1937, sentence to begin June 15, 1937, be commuted on Bill No. 15 October Sessions, 1937, from a minimum term of 5 years to a minimum term of 2 years and 6 months, expiring on December 15, 1944.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Donald Healey, D-6004, No. 3216, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Donald Healey, convicted of entering with intent to commit larceny, larceny, in the Oyer and Terminer and Quarter Sessions Court of Tioga County on September 23, 1939, to be computed from September 18, 1941, be commuted from 6 years to 3 years, 3 months, and 10 days, expiring on December 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant is twenty-nine years of age and is a parole violator. He was sentenced on the violation of parole to a term of six to twelve years to become effective at the expiration of the parole violation. He has now been in jail for over five years.

The violation of parole consisted of the stealing of two calves. If the applicant is not granted commutation at the present time his minimum sentence would not expire for a period of three more years which would mean that the applicant would be forced to serve a term of over eight years. This seems like a rather severe sentence to the Board of Pardons when there were only two calves involved.

The trial judge and district attorney state that if the applicant has a good prison record, they have no objection to granting of commutation. The Board of Trustees in reporting on his conduct while in the institution state that he had made a very good adjustment and that his disciplinary record is good.

Because he has served such a substantial portion of his sentence and because of his good prison record we recommend that his sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Haywood Long, B-4694, No. 3077, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Haywood Long, convicted of murder in the second degree, in the Oyer and Terminer Court of Fayette County, on September 18, 1935, to be computed from June 1, 1935, be commuted from 10 years to 9 years, 6 months, and 27 days, expiring on December 28, 1944.

Our reasons for making this recommendation are as follows:

The applicant is forty-two years of age and was sentenced to a term of not less than ten nor more than twenty years for murder in the second degree. At the present time he has served nearly nine and one-half years of his ten year sentence. This is his first conviction for any offense whatsoever.

The applicant had been attacked by the victim and it was shown that the actions of the victim had, in a large part, contributed to this unfortunate affair.

The Board of Trustees of the Western State Penitentiary have advised the Board of Pardons that if this applicant was eligible for parole that they would recommend him because he is a cooperative inmate, this is his first imprisonment, and he has an excellent institutional record.

The trial judge, Honorable Thomas H. Hudson, has advised the Board he has no objection to granting of clemency.

The Board of Pardons feels that this applicant has served the major portion of his sentence and that he has rehabilitated himself while in the institution and has made every effort to cooperate with those in authority.

Because of this we feel that further incarceration would have further punitive effect and, we therefore, recommend that clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of William A. Leuthe, D-3591, No. 4935, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William A. Leuthe, convicted of felonious rape, in the Court of Oyer and Terminer and General Jail Delivery of Lackawanna County, on October 15, 1938, to be computed from April 27, 1938, be commuted from 7½ years to 6 years and 8 months, expiring on December 27, 1944.

Our reasons for making this recommendation are as follows:

The applicant is thirty-four years of age and this is his first conviction. He was sentenced to a term of seven and one-half to fifteen years on the charge of felonious rape. He denied the charge but nevertheless was found guilty.

The Board of Trustees of the Eastern State Penitentiary have written the Board that the applicant has a good prison record and that he has had almost continuous employment since he has been an inmate of the institution.

The trial judge, Honorable Edward P. Little, has advised the Board that if we are satisfied of his reformation he has no objection to favorable action.

The district attorney of Lackawanna County has stated that he has no objection and believes that the sentence was severe under the circumstances.

Since the applicant has served such a large portion of his sentence and it was a first conviction we believe he has affected a desire to rehabilitate himself and to be worthy of his freedom. We, therefore, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.

WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Edwin W. Matthews, No. 7322, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edwin W. Matthews, convicted of entering with intent to steal in the Court of Quarter Sessions of Philadelphia County, on December 3, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is twenty-four years of age and when he was but sixteen years old he is alleged to have entered a roadside stand which was later set afire and burned. The applicant, however, did not participate in the setting fire to the stand and was merely charged with entering with intent to steal. He was placed on probation for a period of three years.

This affair occurred on election night and was entered into by the applicant as more or less of a prank. He had been in the army but after having served one and one-half years the applicant was given an honorable discharge due to a nervous condition. Since he has been discharged from the army he has resumed his former employment with the Disston Saw Company.

The Board of Parole reports that he had a good record on parole but is no longer on their records. He has been in no trouble for over seven years and has made an honest effort to rehabilitate himself. There is no other criminal record and since he has endeavored to walk the straight and narrow path the Board feels that they should encourage his present course of conduct by recommending that the pardon be granted as prayed for.

Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Ada McKee, No. 7536, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of Ada McKee, convicted of abortion, in the Court of Oyer and Terminer of Allegheny County on June 5, 1944, be commuted to 9 months, expiring on March 5, 1945.

Our reasons for making this recommendation are as follows:

The applicant is forty-five years of age and she has no prior criminal record. However, she did commit the criminal act of performing an abortion upon her victim and the result was that the victim died. This is not the first time the applicant performed these abortions, but the first time she was apprehended.

The trial judge, Honorable Joseph Richardson, indicated that the applicant should serve a period of nine months and we agree with the trial judge in his findings.

We therefore, recommend to his Excellency that the sentence of Ada McKee be commuted at the expiration of nine months.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Eugene Miller, B-1119, No. 1933, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Eugene Miller, convicted of rape, statutory rape, in the Oyer and Terminer Court of Allegheny County, on November 23, 1928, be commuted on Bill No. 67 November Sessions, 1928, from a minimum term of 7½ years to a minimum term of 1 year and 22 days, expiring on December 15, 1944.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the neces-

sary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of James H. Newton, No. 3352, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James H. Newton, convicted of assault, being armed with intent to rob, in the Court of Oyer and Terminer of Philadelphia County on December 14, 1931, be commuted from 20 years to 13 years and 15 days, expiring on December 29, 1944.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and was sentenced to a term of not less than ten nor more than twenty years for the crime of assault, being armed with intent to rob. After having served eight years of his minimum sentence, the then Board of Pardons commuted his minimum sentence from ten to eight years. He has been on parole a total of five years on December 22nd, of this year.

The Board of Pardons has advised us that this applicant has conducted himself satisfactorily while on parole. This was his first conviction. The applicant has rehabilitated himself and is now assistant manager of a restaurant known as the Alpine Bar at the corner of Broad and Lehigh Avenue, Philadelphia.

The applicant now seeks commutation of his maximum sentence so that he can be released from further parole. We believe by his good record in prison and his subsequent conduct on parole, the applicant has earned the right to ask for this commutation of his maximum sentence. We therefore, recommend that the maximum sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Thomas Nokes, A-13596, No. 178, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Thomas Nokes, convicted of robbery in the Oyer and Terminer Court of Allegheny County on July 11, 1924, be commuted on Bill No. 103 June Sessions, 1924, from a minimum term of 5 years to a minimum term of 1 year, 1 month, and 20 days, expiring on December 28, 1944.

Our reasons for making this recommendation are as follows:

This applicant is forty-four years of age and when originally sentenced to the Western State Penitentiary in 1924 his sentences were improperly lumped as was decided by the Supreme Court ruling in the Kinsella case. Therefore, when he was paroled he was only paroled on the first sentence.

The crime which the applicant is alleged to have committed is such a one that his plea of innocence be the truth. However, he was given a sentence of not less than two and one-half nor more than five years which he served and then was returned to the Western State Penitentiary for parole violation, because of the improper lumping of sentence at the Western State Penitentiary, approximately twenty years ago.

This applicant has not been in prison over three and one-half years and yet a little over one year applies on the five year minimum sentence. We, however, feel because of his excellent prison record both in the Eastern and Western State Penitentiary he should not be held responsible for the improper recording of the sentences by the institution, and because of this he has more than paid his debt to society and, we therefore, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Sidney Richardson, D-495, No. 6698, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Sidney Richardson, convicted of robbery, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on April 8, 1935, be commuted on Bill No. 898, March Sessions, 1935, from a minimum term of 5 years to a minimum term of 4 years

and 8 months and 20 days, expiring on December 28, 1944. (Applicant has been granted technical Parole on Bill No. 897).

Our reasons for making this recommendation are as follows:

The applicant is thirty-eight years of age and has never before been guilty of any offense whatsoever in Pennsylvania. However, a robbery was committed by strong-arm methods with an accomplice and for this robbery the applicant was sentenced to a term of not less than ten nor more than twenty years. At the present time he has served nine and one-half years of this sentence. The actual assault on this individual was made by the accomplice and not by the applicant.

The authorities at the Eastern State Penitentiary have advised the Board of Pardons that the applicant has a good institutional record and that his attitude has been cooperative. He also shows evidence of the habit of thrift which is indicated by his institutional balance of \$365.00 and the purchase of \$450.00 in United States Government War Bonds.

No opposition to favorable consideration is placed in our way by either the President Judge, Honorable Harry S. McDevitt nor the office of the District Attorney.

In view of the above circumstances the Board of Pardons recommends that the application for clemency be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of James Calvin Shroyer, B-8846, No. 7510, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Calvin Shroyer, convicted of larceny, receiving stolen goods, in the Court of Oyer and Terminer of Fayette County, on October 8, 1943, be commuted on Bill No. 8½/56 September Sessions, 1943, from a minimum term of 2½ years (Bill No. 8/56 concurrent) to a minimum term of 1 year, 2 months, and 21 days, expiring on December 29, 1944.

Our reasons for making this recommendation are as follows:

The applicant is twenty-one years of age and has no prior criminal record. He was sentenced to serve a term of not less than two and one-half nor more than five years on the charge of larceny and receiving stolen goods. The crime for which he was sentenced was the killing of steers in the field, butchering them and then taking the meat. He did not deny this crime and upon a plea of guilty was sentenced as above.

The Board of Trustees of the Western State Penitentiary have advised us that the applicant has an excellent institutional record and since this is his first conviction that if he were eligible to apply for parole, the Board of Trustees recommend him.

All of the accomplices in this affair were either placed on probation or were acquitted. The applicant is the only one who received a prison sentence.

The Board of Pardons feels that the applicant received a very severe sentence since all of the accomplices, who were equally guilty, did not serve any time in jail and therefore since he has no prior criminal record, we feel that this imprisonment has indicated to him that criminal conduct does not pay and we further recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Wilson E. Smith, B-8252, No. 7507, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Wilson E. Smith, convicted of rape, in the Court of Quarter Sessions of Venango County on June 9, 1942, be commuted from 5 years to 2 years, 6 months, and 20 days, expiring on December 29, 1944.

Our reasons for making this recommendation are as follows:

This applicant is now twenty-six years of age and at the present time has served two and one-half years of a five year minimum sentence for rape. This is his first conviction for any crime whatsoever.

While at the Western State Penitentiary and Rockview, he has maintained an excellent institutional record. Letters from the trial judge and district attorney of Venango County indicate that they have no objection to favorable consideration in this matter. Prior to him becoming involved in this offense he had borne a good reputation in his home community.

Because of the applicant's good institutional record and the fact that there is no objection from the sentencing authorities in this matter, the Board of Pardons feels that the applicant is entitled to commutation of his minimum sentence in order that he may prove to society that they were justified in the future trust they are placing in him. We therefore, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Ember R. Sprow, D-3978, No. 5987, October Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ember R. Sprow, convicted of burglary, larceny, in the Court of Oyer and Terminer and Quarter Sessions of Franklin County on April 29, 1939, be commuted from 7½ years to 5 years and 8 months, expiring on December 29, 1944.

Our reasons for making this recommendation are as follows:

Ember R. Sprow who is twenty-nine years of age is serving a seven and one-half years minimum on four bills of indictment charging him with burglary and larceny. He has now served five years and eight months of his sentence.

The Board of Trustees of the Eastern State Penitentiary reports that the applicant has made an excellent adjustment and has been steadily employed.

The District Attorney of Franklin County interposes no objections to favorable consideration by the Board of Pardons. The Trial Judge, Honorable Watson R. Davison, informs the Board that he has no objection to commutation of sentence if applicant enters the army.

The Board of Pardons has taken into consideration the report of the Board of Trustees and other persons who have written the Board and makes this recommendation; that commutation be granted on the condition that he be accepted for induction into the army of the United States and that he be inducted into the army directly from the institution

Respectfully submitted,

JOHN C. BELL, JR.,

Lieutenant-Governor.

CHARLES M. MORRISON,

Secretary of the Commonwealth.

JAMES H. DUFF,

Attorney General.

WILLIAM S. LIVENGOOD, JR.,

Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,

Governor.

BOARD OF PARDONS

In re application of Louis J. Biancone, D-5679, No. 6488, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis J. Biancone, convicted of larceny in the Court of Oyer and Terminer of Berks County, on March 27, 1941, to be computed from April 17, 1943, be commuted from 2½ years to 1 year, 8 months, and 10 days, expiring on December 27, 1944.

Our reasons for making this recommendation are as follows:

This applicant is now twenty-five years of age and was sentenced to a term of not less than two and one-half nor more than five years for the charge of larceny.

The inmate has been transferred to the Berks County Prison and we are informed that he has maintained a good conduct record while there. The trial judge, Honorable Forrest R. Shanaman, has advised the Board of Pardons that he has no objection and states that: "... I am inclined to favor commutation, but am of course quite content with the judgment of the Board upon the matter." There is no objection to this commutation by the district attorney of Berks County.

The Board feels that his good conduct record should entitle him to some consideration and, we therefore, recommend that his sentence be commuted.

Respectfully submitted,
 JOHN C. BELL, JR.,
 Lieutenant-Governor.
 CHARLES M. MORRISON,
 Secretary of the Commonwealth.
 JAMES H. DUFF,
 Attorney General.
 WILLIAM S. LIVENGOOD, JR.,
 Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
 Governor.

BOARD OF PARDONS

In re application of Bertha E. Brown, No. 2024, No. 7663, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the indeterminate sentence of Bertha E. Brown, convicted of procuring or attempting to procure an abortion in the Court of Oyer and Terminer of Beaver County on May 6, 1944, be commuted from an indeterminate term to 1 year, expiring on May 6, 1945.

Our reasons for making this recommendation are as follows:

The applicant is fifty-two years of age and this is the first time she has ever been involved in any criminal offense whatsoever.

She has a good conduct record in the Industrial Home for Women, at Muncy, and we feel that she will never again offend against society if she should be given her freedom.

The trial judge, Honorable Henry Wilson, has advised the Board of Pardons that he feels her sentence should be commuted. We therefore, recommend that the sentence of the applicant be commuted to a term of one year, expiring on May 6, 1945.

Respectfully submitted,
 JOHN C. BELL, JR.,
 Lieutenant-Governor.
 CHARLES M. MORRISON,
 Secretary of the Commonwealth.
 JAMES H. DUFF,
 Attorney General.
 WILLIAM S. LIVENGOOD, JR.,
 Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
 Governor.

BOARD OF PARDONS

In re application of Edward A. Flynn, B-3958, No. 7665, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Edward A. Flynn, convicted of robbery, being armed with an offensive weapon, in the Quarter Sessions Court of Erie County on January 17, 1934, be commuted on Bill No. 186, May Sessions, 1929 from a minimum term of 10 years to a minimum term of 11 months and 10 days, expiring on December 27, 1944. (Applicant has been granted parole on Bill No. 185).

Our reasons for making this recommendation are as follows:

The applicant is thirty-two years of age and has now served nearly eleven years of a twenty year sentence for robbery.

The recommendation of the Board of Trustees of the Western State Penitentiary is: ". . . If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) has served almost 11 years; (2) very good institutional record; (3) cooperative inmate."

The sentencing authorities of Erie County has advised the Board of Pardons that they had no objection to the granting of clemency in this matter. All of the accomplices in this crime have been free for a period of over five years.

This applicant has served a substantial portion of a very harsh sentence and by reason of his good conduct in prison in his attempt to rehabilitate himself, he has earned his right to another chance in society. We therefore, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
 Lieutenant-Governor.
 CHARLES M. MORRISON,
 Secretary of the Commonwealth.
 JAMES H. DUFF,
 Attorney General.
 WILLIAM S. LIVENGOOD, JR.,
 Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
 Governor.

BOARD OF PARDONS

In re application of James H. Gallagher, No. 7608, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James H. Gallagher, convicted of acceptance of bawd money, in the Court of Quarter Sessions of Allegheny County on April 13, 1944, be commuted from 1½ years to 8 months, 16 days, expiring on December 29, 1944.

Our reasons for making this recommendation are as follows:

The applicant is twenty-two years of age and had no prior criminal record. This is the first time that he has become involved in any criminal undertaking. The reason he received such a severe sentence we are informed by Honorable John J. Kennedy, who was the sentencing judge, is that the person who was more deeply involved in the matter was also pleading guilty.

At the present time this applicant has now served approximately eight months of an eighteen month sentence. He appears to have a very good conduct record in the institution. The trial judge, Honorable John J. Kennedy, states that he recommends commutation and, we therefore, feel that under these circumstances the commutation should be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
 Lieutenant-Governor.
 CHARLES M. MORRISON,
 Secretary of the Commonwealth.
 JAMES H. DUFF,
 Attorney General.
 WILLIAM S. LIVENGOOD, JR.,
 Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of James Gray, D-6507, No. 7624, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Gray, convicted of burglary, breaking and entering and receiving stolen goods, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County of October 4, 1893, to be computed from June 1, 1942, be commuted from 4 years to 2 years and 7 months, expiring on January 1, 1945.

Our reasons for making this recommendation are as follows:

This applicant is thirty-nine years of age and has served two and one-half years of a four year sentence for burglary, breaking and entering, and receiving stolen goods.

At the present time he has served over five years in the penitentiary but only two and one-half years applies to the present sentence. The rest was for violation of parole on a prior sentence.

The Board of Trustees of the Eastern State Penitentiary has advised the Board of Pardons that he has a good record in that institution. The trial judge, Honorable Joseph L. Kun, believes that in this case commutation would be helpful. The district attorney of Philadelphia County stated that he had no objection and would leave the matter of commutation entirely up to the Board of Pardons.

Because of these facts and the long term the applicant has served, we feel that he will make every effort to adjust himself as he has done in prison. We therefore, recommend that commutation be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Paul Halenda, No. 56958, No. 7203, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Minimum sentence of Paul Halenda, convicted of rape in the Court of Oyer and Terminer and General Jail Delivery of Allegheny County, on November 29, 1942, be commuted from 3 years to 2 years and 1 month, expiring on December 29, 1944.

Our reasons for making this recommendation are as follows:

The applicant is thirty-three years of age and had no prior criminal record. He was sentenced on November 29, 1942, to a term of not less than three nor more than six years in the Allegheny County Workhouse on a charge of rape. At the present time he has served two years and one month of his sentence.

He has never before been involved in any offense whatsoever. He has been advanced to a position as a trusty in the Allegheny County Workhouse and the Warden has stated to us that he is a very cooperative inmate, obedient and a diligent worker. There is no doubt about it that this is a combination of alcohol and women. He, however, did not use the best of discretion in this case, but we feel he has learned his lesson and will be worthy of his parents and society generally. We, therefore, recommend that this sentence be commuted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Nesbit R. Jordan, D-2793, No. 7644, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Minimum sentence of Nesbit R. Jordan, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 19, 1938, to be computed from January 10, 1938, be commuted from 15 years to 6 years, 11 months, and 20 days, expiring on December 30, 1944.

Our reasons for making this recommendation are as follows:

This applicant is thirty-one years of age and has no prior criminal record. He was sentenced to a term of imprisonment of not less than fifteen nor more than thirty years for the crime of robbery. He and his accomplice held up at the point of a gun a store and the total loot taken amounted to \$58.00.

The Board of Trustees of the Eastern State Penitentiary states that he has a good institutional record. The trial judge, Honorable Harry S. McDevitt, has indicated that he would leave this matter up to the Board by stating: "... Before getting into trouble he was regularly employed, married, and enjoyed a good reputation." The district attorney of Philadelphia County stated to the Board of Pardons that he would be content with whatever decision the Board made in this matter.

At the present time he has served nearly seven years of his fifteen year sentence. Under these circumstances, we feel that the applicant has been sufficiently punished for one who has no prior criminal record and therefore, recommend that the prayer of the applicant be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Raymond Herbert Patrick, B-3881, No. 6553, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Raymond Herbert Patrick, convicted of assault and battery, aggravated assault and battery, conspiracy to rob, robbery, larceny, receiving stolen goods, etc., in the Court of Oyer and Terminer of Fayette County on November 16, 1933, be commuted on Bill No. 21/134-15 September Sessions, 1932, from a minimum term of 5 years to a minimum term of 1 year, 1 month, and 10 days, expiring on December 26, 1944; and on Bill No. 21/134-2/5 from a minimum term of 3 years to a minimum term of 1 day, expiring on December 27, 1944. (Applicant has been granted parole on Bill No. 21/134).

Our reasons for making this recommendation are as follows:

The applicant is thirty-three years of age and is serving a sentence of not less than eighteen nor more than thirty-six years for armed robbery.

The Board of Trustees of the Western State Penitentiary has advised us that the applicant has a very good prison record and this is his first commitment to a major penal institution; that he has already served a substantial portion of his sentence to-wit: a little more than eleven years of the minimum sentence of eighteen years. At the present time we are informed that the applicant is suffering from leukemina and two of the other accomplices in this matter had their sentences commuted.

In view of these facts, we feel that the applicant has been sufficiently punished to realize that this conduct leads to no good and useful purpose and if he desires to engage in such anti-social conduct the only result will be a life time in jail. We feel, however, that he has learned his lesson and further incarceration will have no punitive value, and therefore, recommend that the application be granted.

Respectfully submitted,
JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Joseph Perno, No. 7647, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Perno, convicted of illegal possession and sale of intoxicating

liquor in the Court of Municipal of Philadelphia County, on May 1, 1929, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant is thirty-six years of age and in 1929 while the country was suffering from prohibition, the applicant was placed on probation for a period of one year for selling an officer of the law one pint of whiskey. Since that time, to wit, a total of fifteen and one-half years, the applicant has been in no further trouble.

The applicant learned the trade of barbering and since 1934 has been in charge of the barbershop at the Naval Hospital, at Philadelphia. He has married and has a son and two daughters.

The trial judge, Honorable Eugene C. Bonniwell, has stated that he recommends that a pardon be granted in this matter. The district attorney of Philadelphia County has stated he has no objection to favorable consideration.

This individual presents a case of one misstep from crime during the time when many honest people were making the same misstep. His subsequent conduct has indicated that he is not the criminal type and is such that the Board of Pardons feels that this should be wiped from the record, and therefore, recommends to your Excellency that executive clemency should be granted and pardon issue.

Respectfully submitted,
JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Ray Rauch, No. 58390, No. 7845, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ray Rauch, convicted of larceny, in the Court of Oyer and Terminer and Quarter Sessions of Lawrence County on September 22, 1943, be commuted from 2 years to 1 year, 3 months, and 7 days, expiring on December 29, 1944.

Our reasons for making this recommendation are as follows:

The applicant is nineteen years of age and has no prior criminal record. He is alleged to have been an accomplice in the stealing of certain chickens and for this he was sentenced to the Allegheny County Workhouse for a term of not less than two nor more than four years.

At the last session of the Board of Pardons another accomplice in this matter had his sentence commuted by the Board. The circumstances are such in Lawrence County that the trial judge, Honorable W. Walter Braham, has stated that he had no objection to the release of the applicant if he is rehabilitated. The report on the applicant's conduct from the Allegheny County Workhouse shows that he has a very good record there.

If released, the applicant will go to live in Florence, South Carolina, with his mother who represented him before the Board of Pardons.

The Board of Pardons feels the applicant received a very severe sentence and that he has rehabilitated him-

self and should be given an opportunity to show his worth to society, and therefore, we recommend that the prayer of the petitioner be granted.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Harry S. Russell, C-8042, No. 3185, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Maximum sentences of imprisonment imposed on Harry S. Russell, convicted of burglary, in the Oyer and Terminer and Quarter Sessions Court of Chester County, on May 31, 1932; and the Oyer and Terminer and Quarter Sessions Court of Delaware County, on June 9, 1932, be commuted from a maximum term (Chester County) of 20 years to a maximum term of 12 years and 7 months, expiring on December 31, 1944; and from a maximum term (Delaware County) of 10 years to a maximum term of 7 years and 5 months, expiring on January 3, 1945.

Our reasons for making this recommendation are as follows:

The applicant is fifty-two years of age and on June 1, 1942, his sentence of fifteen to thirty years was commuted. This applicant now seeks commutation of his maximum sentence which would not expire until May 31, 1952.

Since the applicant has been on parole the Board of Pardons has advised us that he has a very good record while on parole and that they have no objection to favorable action on his application.

Since he has had this very good record the Board of Pardons feels that it should recommend to the Governor that the prayer of the petitioner should be granted and that the maximum sentence be commuted from May 31, 1952, to December, 1944.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of Richard Smith, No. 7618, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Richard Smith, convicted of possession of liquor and receiving stolen goods in the Court of Quarter Sessions of Delaware County on January 11, 1944, be commuted from 15 months to 1 year, expiring on January 11, 1945.

Our reasons for making this recommendation are as follows:

The applicant is fifty-five years of age and was given a sentence of fifteen months to three years for possession of liquor and receiving stolen goods. The applicant purchased a case of whiskey from a friend and the applicant was arrested for this.

This is a very stiff sentence for this particular crime. At the present time the applicant has served almost one year of this sentence. The Warden of the Delaware County Prison states that he has a very good record. Because of this good record and also his age, we feel that further imprisonment would have no good effect other than merely continuing a burden on society.

We therefore, recommend that the sentence of fifteen months be commuted to one year, expiring on January 11, 1945.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of William Stanley, No. 7680, November Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Minimum sentence of William Stanley, convicted of robbery in the Court of Quarter Sessions of Delaware County on October 6, 1942, to be computed from August 8, 1942, be commuted from 2½ years to 2 years and 5 months, expiring on January 8, 1945.

Our reasons for making this recommendation are as follows:

The applicant is twenty-four years of age and he was given a minimum sentence of two and one-half years for the crime of robbery.

The Board of Pardons feels that the victim herself led the applicant to the commission of this crime, and therefore, we feel that the applicant was severely punished for this crime. This is his first major imprisonment and we know of no facts other than it has been served well.

The Board, therefore, recommends that this application for commutation be granted to become effective on January 8, 1945.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

BOARD OF PARDONS

In re application of James F. Sullivan, B-6142, No. 5948, December Session, 1944.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on James F. Sullivan, convicted of robbery, rape, in the Oyer and Terminer Court of Allegheny County, on May 3, 1938, and June 1, 1938, be commuted on Bill No. 21 September Sessions, 1937, from a minimum term of 5 years to a minimum term of 3 years, 6 months, expiring on August 19, 1944 (Bill Nos. 22 and 20 September Sessions, 1937 concurrent are also to be commuted).

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice

that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

Respectfully submitted,

JOHN C. BELL, JR.,
Lieutenant-Governor.
CHARLES M. MORRISON,
Secretary of the Commonwealth.
JAMES H. DUFF,
Attorney General.
WILLIAM S. LIVENGOOD, JR.,
Secretary of Internal Affairs.

The above recommendation is approved.

EDWARD MARTIN,
Governor.

THE LEHIGH COAL AND NAVIGATION COMPANY

Fidelity-Philadelphia Trust Building, Philadelphia 9, Pa.

Henry H. Pease

Vice-President and Secretary

December 19, 1944.

To the Senate and House of Representatives of the Commonwealth of Pennsylvania In the General Assembly met:

In compliance with the requirements of the 19th Section of the Act of Assembly, passed March 20, 1818, entitled "An Act to Improve the Navigation of the River Lehigh," I would respectfully report that no tolls were received on the Lehigh Navigation during the year 1944, according to the records of this office.

Very truly yours,
HENRY H. PEASE, Secretary

State of Pennsylvania :

: ss

County of Philadelphia :

Before me, the subscriber, a Notary Public of the County of Philadelphia and State of Pennsylvania, personally appeared on this nineteenth day of December, 1944, Henry H. Pease, Secretary of The Lehigh Coal and Navigation Company, who being duly affirmed according to law, did depose and say that the above statement is just and true to the best of his knowledge, information and belief.

HENRY H. PEASE

Affirmed and Subscribed
before me the day and
year aforesaid. (Seal)

M. H. Edmunds, Notary Public

My Commission Expires at the end of the next Session of the Senate.

TWELFTH BIENNIAL BUDGET OF THE COMMONWEALTH OF PENNSYLVANIA FOR THE FISCAL BIENN-
NIUM JUNE 1, 1945, TO MAY 31, 1947

Submitted to the

GENERAL ASSEMBLY

By EDWARD MARTIN, Governor

January, 1945

TABLE OF CONTENTS

GOVERNOR'S BUDGET MESSAGE

SUMMARY OF THE BUDGET BY FUNDS

SECTION ONE

General Fund, Showing Summary of the General Fund Budget; Deficiency Appropriations for 1943-1945 Recommended by the Governor; Appropriations for 1945-1947 Recommended by the Governor; Revenues and Receipts to the General Fund.

SECTION TWO

Motor License Fund, Showing Summary of the Motor License Fund Budget; Appropriations Recommended by the Governor; and Revenues and Receipts to the Motor License Fund.

SECTION THREE

Other Special Funds, Showing Revenues, Receipts, Bal-

ances, and Appropriations Recommended by the Governor from (1) the Operating Special Funds; (2) the Custodial Special Funds; and (3) the State Stores Fund.

SECTION FOUR

The Sinking Funds and Public Debt as of November 30, 1944; and The General State Authority Rentals.

NOTE

Statements of the Actual Classified Operating Expenditures of the State Government by Departments and Appropriations from June 1, 1937 to May 31, 1944 are presented in a Supplement to the Budget under Separate Cover.

See also Supplement to the Budget for the Custodial Special Funds except the Sinking Funds.

COMMONWEALTH OF PENNSYLVANIA,

EXECUTIVE CHAMBER

Harrisburg, January 2, 1945.

To the Honorable, the General Assembly of the Commonwealth of Pennsylvania:

In compliance with Article VI of the Act of April 9, 1929, P. L. 177, I have the honor to lay before the General Assembly a State Budget for the fiscal biennium from June 1, 1945 to May 31, 1947.

This is the second wartime budget I have presented to the Legislature. In my message two years ago I stated that the budget was constructed around the central purposes of enabling the State Government to do all in its power to aid in the prosecution of the war and to prepare for postwar adjustments. This wartime budget similarly is constructed around these two central purposes.

Provision has been made wherever necessary to enable the State Government to give full cooperation and support to the war effort. Since we are nearer the end of the war more definite planning has been done for the postwar period and this planning is reflected in the budget.

The Commonwealth is in excellent financial condition—better than at any time in its whole history. At the end of the present biennium, May 31, 1945, it is expected there will be a General Fund surplus of \$110,700,000 and a balance in the Motor License Fund of \$55,800,000. This surplus has come about in spite of the fact that biennial taxes were reduced \$45,000,000 at your Session two years ago. The surplus which we find on hand is due in some measure to inflation of receipts from war production but largely from economical operation of the State Government. During this biennium, the State is being operated considerably below the appropriations which you made two years ago.

In this budget you will notice I am recommending that \$48,870,000 of the surplus be used to discharge obligations in the form of General State Authority bonds, which obligations were incurred during the 1937-1939 biennium. When that is done, and after discharging \$13,000,000 of the State's indebtedness during the present two-year period according to appropriations which you made two years ago, there will be a net State debt, May 31, 1945, of only \$53,235,000.

The Commonwealth, therefore, is not only in good condition to meet the current obligations in cooperating with the war effort and furnishing services to the people of the State, but it is in good condition to plan and to set aside funds involved in that planning to meet the difficult postwar period which lies ahead of us.

The outstanding characteristics of this budget are as follows:

1. I am recommending that the emergency one-cent Liquid Fuels Tax, first established in 1935, the receipts from which have been placed in the General Fund, be re-enacted but with the receipts going into the Motor License Fund and that from those receipts specific grants be made for road, street, and bridge purposes to local governments in order that they may reduce their real estate taxes.

2. After the transfer of the receipts of the one-cent Liquid Fuels Tax from the General Fund to the Motor

License Fund, there will be estimated funds available for the 1945-1947 biennium in the General Fund in the amount of \$110,700,000 above appropriations recommended for the ordinary expenses of the State Government not including appropriations for construction.

The recommendation is that these surplus funds be used in the following ways:

- (a) Retire all outstanding General State Authority Bonds as of May 31, 1945 involving an outlay of \$48,870,000. When this is done the usual appropriation of about \$8,000,000 for rentals for a two-year period need not be made.

- (b) A program of postwar projects given in detail in this budget is recommended amounting to \$61,865,000.

3. General Fund recommended appropriations for 1945-1947 amount to \$366,206,547.60. Estimated receipts for the 1945-1947 biennium are \$369,000,000. This is the estimate of receipts after the transfer of the one-cent Liquid Fuels Tax from the General Fund to the Motor License Fund. The current receipts, therefore, exceed the recommended appropriations by \$2,800,000 and such is the case although \$27,000,000 has been included in the recommended appropriations for continuing increased salaries for school teachers.

4. The total appropriations recommended in this budget for all funds amount to \$497,459,081.50, compared with \$507,773,883.28 in the 1943-1945 biennium. Postwar projects and retirement of State Authority bonds are not included in this comparison.

One of the most important financial problems confronting us is that of the disposal of the large surplus.

As I stated previously this large amount is partly due to economical operation of the State Government and partly due to inflated receipts from war production. Now that it is on hand we must make use of it for all the people of the State.

The program I have recommended is that part of these funds be used for debt retirement and part for postwar construction and other projects.

Estimated receipts for 1945-1947 are \$80,500,000 below the estimated receipts for the present biennium. And estimated receipts for 1945-1947 are just about equal to the appropriations I am recommending for operating the State Government. If we should reduce General Fund taxes further than what I have recommended, receipts would fall below the amount necessary for the ordinary expenses of the State Government. If the Legislature wants tax reduction then it will be necessary to make corresponding reductions in appropriations. This would mean relieving the State of some of the obligations for services or subsidies which it now has because one cannot be done, without the other.

Accordingly, I have recommended that a large share of the surplus be used to retire the General State Authority Bonds now outstanding. I have done this for several reasons. In the first place these bonds, not being full faith and credit bonds, bear 4% interest. The State Government which leases the buildings constructed with the proceeds of the bond issues is obliged to pay rentals for the buildings amounting to about \$8,000,000 in a biennium. From this amount the interest on the bonds and payments on principal are made. The State, in

reality, due to the fact that funds were borrowed in such a way that the bonds were not full faith and credit obligations, is paying a rate of interest at least double what it would pay on funds borrowed by the State. And this would continue over the thirty-year life of the bonds. This will reduce the income of the Retirement Funds, which Funds hold the bonds, but I believe any shortage which might occur should be made up by appropriation rather than to maintain the income by subterfuge.

It strikes me as good business from the dollar and cents standpoint, now that we are able, to retire all of these bonds.

There is another good reason for this recommendation. Under the present arrangement the State does not own the buildings constructed by the General State Authority and operated by the Welfare, Health, Public Instruction and other departments. The State by deed turned over the land on which the buildings are located to the General State Authority and then leased from the General State Authority the buildings constructed on the land. There are many requirements of the terms under which the bonds were sold and of the General State Authority which cause annoyance and difficulties to the departments operating the institutions of which these buildings are a part. All of these perplexities will be removed if you follow this recommendation.

For another large segment of the surplus as a postwar program I am recommending that you set up appropriations which will provide many increased services to the people of the State by furnishing the buildings and other capital facilities which those services require. In this message and in a schedule in the budget you will find these recommendations set forth. It would take a lengthy message to give the reasons and supporting material back of all of these recommendations. The departments concerned will cooperate with you fully in your examination of that program.

The program as set forth in the budget does not by any means include all of the projects requested by the departments or other interests throughout the State. In making up this program there had to be a selection of projects from a long list. In making this selection I have tried to choose those which meet the most urgent needs of the departments and those which, with an outlook to the future, will give the people of the State greater services and yield valuable results for the money spent. Some of the projects in this program will need to be started as soon as war conditions will permit but it is intended that others will be undertaken in correlation with the demands from and employment standpoint. This is not in any sense of the word a two-year program. It is the establishment of a program to be undertaken in accordance with the urgency of the needs from the department's standpoint and existing economic conditions. It is possible that some of this program will extend over several biennial periods. The list of postwar projects and debt redemption which I propose be financed from the surplus funds is as follows:

Postwar Projects

Department of Forests and Waters	
Stream Reclamation	\$ 11,000,000
Reforestation	
Port Improvements	1,000,000

Department of Health	
Sanatoria	12,325,000
Crippled Children's Hospital	
Central Laboratory—Harrisburg	
Correction of Stream Pollution	
Department of Military Affairs	
Armories—Reconditioning	2,750,000
Indiantown Gap—Construction and Im- ment	
Land Purchase	
Soldiers and Sailors Home—Improve- ments	150,000
Preserving Records of Selective Service	500,000
Department of Property and Supplies	
Construction—Rear of Capitol Building }	6,500,000
William Penn Memorial—Archives and Museum	
Governor's Mansion	
Department of Public Instruction	
Teachers Colleges—Alterations, Re- placements and Repairs	8,000,000
Other Institutions:	
Soldiers Orphan School	
Thaddeus Stevens Industrial School ..	
Pennsylvania Oral School for the Deaf—Scranton	
Pennsylvania State College	
Pennsylvania State Police	
Five (5) Base Barracks and Training }	2,050,000
School Sub-barracks	
Department of Welfare	
Construction and Major Improvements:	15,735,000
Penal Institutions	
Mental Institutions	
Postwar Planning Commission	
Aid to Local Governments in Preparing Plan	1,000,000
Sub-Total—Postwar Projects	\$ 61,865,000
Redemption of General State Authority	
Bonds on May 31, 1945 with Accrued Interest	48,870,000
Grand Total	\$ 110,735,000

In addition to this \$61,865,000 General Fund Postwar Program there will be a postwar Highway program of \$58,000,000 from the unobligated funds in the Motor License Fund which amount does not include \$37,000,000 of additional Federal Aid the Department of Highways anticipates receiving in the next two-year period.

This is a postwar program which we feel will make Pennsylvania a better industrial State and a better State in which to live

Revenues

At the last Session of the Legislature a number of the Emergency Taxes which were first enacted in the year 1935 were abolished. They were the Emergency State Personal Property Tax, Emergency Bank Stock Tax, Emergency Tax on Shares and the Emergency Corporate Loans Tax. In this Session, I am recommending that you re-enact the Emergency Liquid Fuels Tax but transfer the receipts from the General to the Motor License Fund. Of the Emergency Taxes originally enacted, this leaves the Corporate Net Income Tax, the Cigarette Tax, the

Liquor Tax, and the Gross Receipts Tax. I am sorry to say that I shall have to ask the reenactment of these four Emergency Taxes.

I should like to show here the reason why it is necessary to request the re-enactment of these Emergency Taxes. In the biennium before the Emergency Taxes were adopted, total General Fund appropriations were \$232,000,000. In the 1937-1939 biennium the appropriations reached an all-time high of \$416,000,000, an increase in four years of \$184,000,000. Since that time, there has been a big decrease in State expenditures. In the present biennium we have total General Fund appropriations of \$373,000,000, and deficiency recommendations of \$2,747,000. For the 1945-1947 biennium, I am recommending total appropriations of \$366,206,567.50. While this is a decrease of \$50,000,000 below the high point in 1937-1939, it is still \$134,000,000 above appropriations in the biennium before the Emergency Taxes were adopted.

What are the reasons for this increase? An examination shows that subsidies to the schools, hospitals, animal indemnities, and so forth, have increased \$62,000,000 from the 1933-1935 biennium to the amount I am recommending for 1945-1947. Public Assistance costs, while low at the present time, are still \$23,000,000 above the 1933-1935 biennium. Costs in our State institutions have gone up \$35,000,000 in that period of time. General State Authority rentals have been established amounting to \$8,000,000. The increases in these four categories, therefore, explain the increase which has come about in the expenditures of the State Government since the biennium when the first Emergency Taxes were adopted. It is because of these increases that it is necessary to request the re-enactment of these Emergency Taxes.

The estimate of General Fund revenues for 1945-1947 including the four Emergency Taxes I am asking to be re-enacted is \$369,000,000. This is the estimate after the elimination of the emergency one-cent Liquid Fuels Tax from the General Fund. With this tax included, the estimate would have been \$391,500,000. This compares with a revised estimate of \$449,518,000 for the present biennium. We anticipate, therefore, a decline of \$58,000,000 in the next two-year period. Some of this reduction, however, is due to the fact that some of the taxes which you abolished at the last Session were collected for the first year or some part of the present biennium. The chief reductions in estimate are as follows:

	1943-1945	1945-1947	Decrease
Emergency Corporate Net Income Tax	\$128,051,689	\$95,000,000	\$33,051,689
Emergency Corporate Loans Tax (Repealed)	5,284,215	5,284,215
Emergency Tax on Shares, Banks and Trust Companies (Repealed)	5,964,471	5,964,471
Business Licenses (Repealed)	2,759,596	2,759,596
Licenses and Fees	9,244,831	8,183,008	1,061,823
Taxes on Capital Stock			
Foreign and Domestic	66,940,822	64,000,000	2,940,822
Inheritance Taxes	31,221,623	29,000,000	2,221,623
			\$53,284,239

With a reduction in revenue by the transfer of the one-

cent Gasoline Tax now being paid into the General Fund to the Motor Fund, it is estimated that the remaining General Fund sources will yield \$369,000,000 during the biennium. This is approximately the equivalent of the \$366,200,000 of appropriations I recommend for 1945-1947, plus \$2,700,000 of appropriations needed to complete the 1943-1945 biennium. The revenues, therefore, are estimated to be sufficient to provide for the general expenses and subsidies of the State Government without dipping into the surplus to pay any part of these. The provision for all construction items, however, is recommended to be made from the estimated surplus funds which will remain at the end of the present biennium.

I invite your careful examination of this estimate.

You will recall that two years ago we made a change in the Corporate Net Income Tax by providing that Federal taxes would not be allowed as a deduction in computing the State tax and the rate was lowered from 7% to 4%. This change was made because our State tax was being crowded into a smaller and smaller fraction by the high Federal taxes. In an examination of the effects of this change, we find that for a majority of the corporations paying this tax there was a decrease in their total tax bill, Federal and State, below what it would have been had there been no change. For some corporations there was a very slight increase in total Federal and State taxes over what the amount would have been had no change been made. And we find that the receipts from this tax have increased about 30% because of this change. This means that due to this change the State will receive during this biennium \$30,000,000 more than would have been received had this change not been made.

Appropriations

I am recommending a total of \$366,200,000 in General Fund appropriations for the coming biennium. \$372,898,000 was appropriated for the 1943-1945 biennium. In order to compare these figures, however, the \$372,898,000 must be increased by \$2,747,000 in supplemental amounts which I am recommending that this General Assembly appropriate. At the same time, a total of \$21,057,000 in General State Authority rentals and construction items do not compare with the appropriations recommended for the 1945-1947 biennium. When these are deducted, the remaining \$354,588,000 of 1943-1945 appropriations will compare with the \$366,200,000 recommended for 1945-1947.

As you will see by turning to the summary tables, the appropriations recommended for the general operations of the departments are \$6,600,000 greater than at present. Institutional appropriations have been increased \$4,500,000. Appropriations for subsidies are increased \$4,600,000. On the other hand, interest and sinking fund requirements are decreased \$2,650,000 and appropriations for Public Assistance are less by \$1,000,000.

Department of Agriculture

I am recommending an increase in the amount available for subsidies for diseased cattle destroyed of \$300,000 making an appropriation recommended for that purpose of \$2,000,000. At the same time, I propose that you appropriate a somewhat larger amount for the operations of the Department of Agriculture in order that it may

advance the work of cattle testing and other programs which protect the public health and promote agriculture.

Department of Forests and Waters

I am recommending an increase in the appropriation to this department so that it may proceed immediately when labor is available and war-time restrictions are lifted to reconstruct the State parks and perform maintenance activities in the State forests. Both of these functions have been very largely curtailed during the war.

Department of Internal Affairs

Included in the appropriation recommended to the Department of Internal Affairs is an amount of \$200,000 with which the Topographic and Geological Survey can study the potential oil bearing areas which are as yet unmapped and only partially explored. The alarming decline in the production of oil from Pennsylvania's fields in the face of the demand for products from our crude oil makes this work by the Survey highly important.

Department of Labor and Industry

During the current biennium, the appropriation for the employment service has been unnecessary because of wartime absorption of the employment service into the Federal organization. I am proposing for 1945-1947 that an appropriation of \$446,600 be made contemplating the return of the employment service to become again a State function.

With the passing of an Act of Congress relating to rehabilitation, and by the passage of rehabilitation acts relating to veterans, it is expected that the State will be called upon to carry a greater financial burden for this function along with the Federal Government. For 1945-1947 it is expected that \$795,000 will be required in comparison with \$375,000 appropriated at present.

In my message I recommended that due to changed conditions and increased cost of living the benefits provided for under our workmen's compensation, unemployment compensation and occupational disease laws be increased and liberalized. The amount I have recommended for occupational disease benefits and the moneys in the unemployment compensation fund are ample to provide increased benefits. You will notice in the budget that I have recommended an increased appropriation for the Department of Labor and Industry so that safety inspections can be made more effective and sanitary conditions improved by increased industrial hygiene work.

Department of Mines

You will notice in the budget that I have recommended a considerable increase for the Department of Mines. This function has been built up and maintained at a high standard of efficiency. This increase is to maintain this standard and to build it still higher because there is no more important state function.

Department of Property and Supplies

Looking to the lifting of wartime restrictions on equipment and building materials, I am recommending that \$736,000 be appropriated for the purchase of automobiles and \$1,000,000 for a number of projects in and about the capitol buildings. In company with the citizenry, the State

has been able to buy but a few of the automobiles during these two years which it would have ordinarily bought during normal times. Consequently, a greater financial burden will be thrown on the 1945-1947 biennium. We presume, of course, hopefully, that the production of new cars to begin at the end of the war will be realized during the coming two-year period. The building projects I have in mind include such projects as remodeling of the present State Arsenal for use as an office or storage structure, completion of the repairs to be done in the Main Capitol Building, demolition of the temporary buildings behind the Capitol when it becomes possible to vacate them, and other projects of a maintenance nature.

Pennsylvania State Police

I have directed the Commissioner of the State Police to plan the recruitment of personnel as soon as manpower conditions will permit to bring the State Police force up to its authorized strength of 1,600. In anticipation of this, I am recommending an appropriation of \$11,000,000 to the State Police of which \$3,000,000 would be appropriated from the General Fund and \$8,000,000 from the Motor Fund. Currently, \$1,000,000 is appropriated from the General Fund and \$8,000,000 from the Motor Fund. I believe the increased General Fund appropriation is justified because a considerable share of the proposed building-up of the State Police force will be in the sphere of crime prevention and control, rather than traffic control.

Department of Health

The appropriation I am recommending to the Department of Health for the operation of the Tuberculosis Sanatoria and Crippled Children's Hospital will be sufficient according to our estimates to take care of twice the 250 prospective patients now on the waiting list. Let me say at this point that there would be no waiting list of tubercular patients if the State had been able to hire enough doctors, nurses and institutional help to man the quarters available at the Mont Alto and Hamburg Sanatoria to accommodate these patients. But the call of the armed services has made it impossible for the State to care for more patients than it now has. The appropriation I am recommending will make it possible to correct this condition immediately when help can be obtained.

In my message to the Legislature I emphasized that there should be a more thorough medical examination of our school children as a proper step in aiding health. I recommended that you consider legislation requiring a general physical examination periodically of every school child of Pennsylvania. Additional funds have been provided in the budget in order to step up this medical school examination function. I hope that you will go into this problem thoroughly with the Department of Health as to the best economical method of performing this function and the adequacy of funds set aside for this purpose.

Public Schools

Teachers Salary Increase

The cost of living conditions under which the 1943 General Assembly appropriated \$24,300,000 to pay a cost of living increase in teachers salaries still exist. There are differences of opinion as to the percentage by which the cost of living has increased but I presume everyone agrees

that it is not less at present than it was in 1943. Since the same conditions obtain, the State can do no less than continue the appropriation out of which the increase in teachers salaries is paid. In order to complete the present biennium it is estimated that \$2,442,000 must be appropriated by this Session to supplement the \$24,300,000 appropriated by the 1943 Session. To compare with this \$26,742,000 needed for 1943-45, I recommend an appropriation of \$27,000,000 for 1945-47.

Appropriation for Teachers Salaries

Aside from the appropriation to pay the increase in teachers salaries it is estimated that the regular appropriation for teachers salaries may be slightly less during the coming biennium than during the present biennium. If this estimate is realized, it will probably mark the first instance since the adoption of the public schools system when the call upon the State Treasury for this particular school aid has decreased to any extent.

Transportation

It is estimated that \$900,000 more than the present \$9,000,000 will be needed for payment of the State's share of school districts cost of transporting pupils. It appears that this increased appropriation is caused by an increase in the local cost of providing transportation. If later information to be gained from reports now being collected by the Department of Public Instruction indicates that any less amount than \$9,900,000 will be needed, you will be so informed.

Financially Handicapped School Districts

In spite of a higher rate of income to the citizens of Pennsylvania there are still some school districts which must have supplemental State aid in order to operate with the minimum program. The 1943 General Assembly appropriated \$2,000,000. To this I am recommending \$300,000 be added upon the advice of the Department of Public Instruction. For 1945-1947, I recommend an appropriation of \$2,000,000.

Universities and Colleges and Other State-Aided Institutions

I am recommending that the 1943-1945 appropriations to these institutions be increased. The war has brought most perplexing problems to these institutions and a study of their requests for appropriations indicates that to solve their financial difficulties, they would turn to the State for a very substantially increased amount of State aid. However, as I have pointed out to their officers in a number of recent conferences, they cannot look to the State as the sole solution for their problems, but in order to maintain what I believe is a most essential independence of higher education from State Government they should explore their own resources.

In the budget you will notice that I have recommended an amount for State-wide competitive scholarships. There are many of our best equipped youth who are prevented from attending institutions of higher learning because they cannot afford the tuition and other costs. By providing scholarships to take care of their tuition cost it is felt that a large part of this situation can be remedied. It is intended that these scholarships will be distributed throughout the State and that they will be used in any college or

university in the State. Not only will this be of great benefit in aiding young men and women in completing their educational work but it will be of important help to colleges and universities which have had a hard struggle during the war years.

Department of Revenue

The elimination of certain taxes by the 1943 General Assembly and those recommended to the present Session will make it possible for the Department of Revenue to operate with a decreased appropriation.

Welfare Institutions

I am recommending \$49,270,000 for maintenance of State-owned Welfare institutions. This is an increase of \$3,300,000 over the present appropriation. The increase is caused to some extent by the continuing growth in the number of mental patients for which the State must care, but it is principally due to the rise in the costs of labor, food stuffs, and supplies. I have inserted in this message the following small table which will show how costs have risen at the various classes of Welfare institutions since 1940-1941.

Per Capita Per Diem Costs Welfare Institutions

	1940-1941 Actual	1943-1944 Actual	1944 September	1945-1947 Estimated
Medical and Surgical Hospitals	3.25	4.34	5.07	5.00
Mental Hospitals84	.92	.92	1.10
Penal and Correctional Institutions	1.15	1.59	1.71	1.75
Institutions for Mental Defectives70	.82	.86	.92

State-Aided Hospitals

Although the private income of State-aided hospitals is probably higher than it has been heretofore, the operating costs of these institutions have also greatly increased. I am including in my budget the same amount of appropriations for 1945-1947 as was needed during 1943-1945 and I recommend to the Legislature that they consider income and cost conditions in determining, whether they are in agreement with this amount of appropriation.

Auditor General and State Treasury

I have included in this budget the amounts of appropriations requested by these two departments. Since they are constitutionally independent of the Governor, the responsibility of considering and approving their appropriation requests rests with the General Assembly.

Other Appropriations

Other appropriations recommended vary by little from the amounts appropriated for 1943-1945 and I believe do not need comment.

Department of Highways

Including an estimated \$55,870,000 cash balance on May 31, 1945, it is expected that the Motor License Fund will have a total of \$220,670,000 available during 1945-1947. After providing a total of some \$25,000,000 for debt service, revenue collection, and the State Police, \$195,000,000 will remain for the highways. Maintenance and administration

will require an estimated \$58,000,000 of this \$195,000,000, leaving \$137,000,000 for construction equipment, right-of-way, etc.: This is essentially postwar construction due to the wartime restrictions upon the use of road building materials and labor. Only a comparable \$40,000,000 will be spent for road construction during the biennium drawing to a close.

Motor License Fund Revenues

The Department of Revenue looks for a slight improvement in the Motor License Fund revenues for 1945-1947. The gasoline tax may yield an increase if present restrictions are lifted and the tire supply does not fail, but offsetting this optimistic outlook is the picture of the stockpile of new cars now entirely exhausted and the number of cars aging and wearing beyond repair.

Earlier in this message I recommended that the proceeds from the one-cent Liquid Fuels Tax be placed in the Motor License Fund and that grants be made therefrom to local governments so that they may reduce their real estate taxes. I have not included this amount in the budget for the Department of Highways because I believe that the Legislature should establish the amount and the methods for making these grants.

Fish and Game

The revenues to the Fish Fund and Game Fund have fallen off because of the number of men in the military services and the restrictions upon transportation. Both the Fish Commission and the Game Commission have reserves which, with their wartime retrenchment, will see them through with unimpaired finances.

The Department of Revenue estimates an increase in the revenues of these two funds during 1945-1947 at present license rates which, if realized, will give the Fish Commission \$350,000 and the Game Commission \$1,500,000 toward postwar expansion of their functions.

Conclusion

This budget message is one of suggestions. The Governor's Office and all the departments thereunder offer you all their facilities to aid you in making appropriations which will be for the benefit of all the people of Pennsylvania.

Respectfully submitted,

EDWARD MARTIN,
Governor.

SUMMARY OF THE BUDGET FOR THE BIENNIUM 1943-1945 AND 1945-1947

	1943-1945	1945-1947
FUNDS AVAILABLE:		
General Fund	\$ 487,729,762.72	\$ 476,942,480.98
Motor License Fund	180,643,677.02	220,672,290.63
Fish Fund	1,901,600.02	1,799,806.30
Game Fund	4,442,679.91	4,536,082.91
Banking Department Fund	1,620,511.04	1,624,065.82
Milk Control Fund	658,428.89	643,559.89
State Farm Products Show Fund	303,946.74	353,416.53
Flood Control Fund	883,893.60	1,745,000.00
TOTAL FUNDS AVAILABLE FOR THE BIENNIUM 1945-1947	\$ 678,184,499.94	\$ 708,316,703.06
APPROPRIATIONS AND ALLOCATIONS FOR 1943-1945 RECOMMENDED BY THE GOVERNOR:		
General Fund	\$ 377,040,381.74	\$ 366,206,567.50
Motor License Fund	124,771,686.39	125,000,000.00
Fish Fund	1,381,793.72	1,410,000.00
Game Fund	2,487,897.00	2,578,300.00
Banking Department Fund	1,387,653.22	1,324,044.00
Milk Control Fund (Act 37, 1933 Special Session)	562,229.00	597,620.00
State Farm Products Show Fund (1929 P. L. 823)	142,242.21	342,550.00
Flood Control Fund (Act 46, 1936 Special Session)		
TOTAL BUDGET OF THE COMMONWEALTH	\$ 507,773,883.28	\$ 497,459,081.50
Estimated Unobligated Cash, May 31, carried forward to next biennium	170,410,616.66	2,599,417.45
Available for post-war projects and debt retirement recommended by the Governor—all funds		* \$ 208,258,204.11
Availability by Funds:		
General Fund		\$110,735,913.48
Motor License Fund		* 95,672,290.63
Fish Fund		350,000.00
Game Fund		1,500,000.00

* Includes estimated additional Federal Highway Aid of \$37,300,000 for 1945-47. With this deducted the availability of State funds will be \$170,958,000.00.

Purpose of Appropriations	Amount of Appropriation for two years				Recommended by the Governor for the two years 1945-1947
	1937-1939	1939-1941	1941-1943	1943-1945	
GOVERNMENTAL OPERATIONS OTHER THAN SUBSIDIES (Continued)					
Administration — State Emergency Relief Board 1935 to June 30, 1937 (See Note)	S 483,460.68	
	
	
Total Governmental Operations other than Subsidies	\$ 19,961,515.68	\$ 20,315,464.00	\$ 14,809,000.00	\$ 13,226,800.00	
SUBSIDIES					
Department of Welfare					
Mothers Assistance	\$H 180,131.00	
Old Age Assistance	J 908,002.00	
Pensions for Blind	K 332,912.00	
Pensions for Blind—1936 Special Session	
Pensions for Blind—De- ficiency	
State Emergency Relief Board					
Emergency Relief—Regu- lar Session	S 4,353,539.32	
Emergency Relief—De- ficiency	
Emergency Relief—1936 Special Session	
Department of Public Assistance					
Assistance	T113,193,900.00	\$T110,620,800.86	\$T106,214,600.00	\$T76,005,200.00	\$ 87,500,000.00
Assistance—1938 Special Session	25,000,000.00	
Assistance—1940 Special Session	U 62,973,735.14	
Assistance—Deficiency	44,720,000.00	20,800,000.00	
Total Subsidies	\$ 188,688,484.32	\$ 194,394,536.00	\$ 106,214,600.00	\$ 76,005,200.00	
TOTAL — Department of Public Assistance	\$ 208,650,000.00	\$ 214,710,000.00	\$ 121,023,600.00	\$ 89,232,000.00	\$ 88,220,000.00

Note: It has been the practice, in making appropriations for Aid to Dependent Children, Mothers Assistance, Pensions for the Blind, and General Assistance, to make lump sums covering both administrative costs and grants (subsidies). In this Statement, portions of appropriations which were spent for administration are shown under Administration and the remainder of the appropriation is shown under Subsidies. In each column the amounts prefixed by the same letter must be added together to show the total amount of appropriation.

‡ Allocation from Lump Sum appropriation for State Owned Medical and Surgical Hospitals.

Note: See also schedule of actual and estimated patient days service and per capita per diem costs presented in a later statement.

Note: Lump sum appropriation for all State Owned Medical and Surgical Hospitals amounted to \$2,800,000 in 1937-39, of which \$2,761,493 was allocated, the balance of \$38,507 being lapsed together with separate lapses indicated for each institution. In 1939-41 \$2,898,200.00 was allocated from appropriation of \$2,900,000 and unallocated balance of \$1,800 was included with specific lapses. For 1941-43 the total appropriation was \$3,100,000, all of which has been allocated. For 1943-1945 the total appropriation was \$3,750,000 of which \$3,670,000 has been allocated and \$80,000 carried as reserve.

† Allocation from lump sum appropriation for Penal and Correctional Institutions.

Note: See also schedule of actual and estimated patient days service and per capita per diem costs presented in a later statement.

Note: Lump sum appropriation for all Penal and Correctional Institutions amounted to \$6,520,000 in 1937-39, of which \$6,437,217 was allocated, the balance of \$82,783 being lapsed together with separate lapses indicated for each institution. For 1939-41, the total appropriation was \$6,600,000, all of which has been allocated. In addition, the sum of \$300,000 contained in an additional appropriation for maintenance to be allocated to any institution, has all been allocated to the Penal and Correctional group. For 1941-43 the total appropriation was \$7,600,000, all of which has been allocated. Deficiency appropriation for 1941-1943 was \$830,000 of which \$810,000 has been allocated and \$20,000 carried as reserve. For 1943-1945 the total appropriation was \$9,375,000 of which \$9,091,000 has been allocated and \$284,000 carried as reserve.

† Allocation from lump sum appropriation for Feeble Minded and Epileptic Institutions.

Note: See also schedule of actual and estimated patient days service and per capita per diem costs presented in a later statement.

Note: Lump sum appropriation for all Feeble Minded and Epileptic Institutions amounted to \$3,250,000 in 1937-39, from which \$3,213,500 was allocated, the balance of \$36,500 being lapsed, together with separate lapses indicated for each institution. For 1939-41 the total appropriation amounted to \$3,550,000 of which \$3,460,000 had been allocated to May 31, 1942, leaving unallocated \$90,000.00. For 1941-1943 the total appropriation was \$3,950,000, all of which has been allocated. Deficiency appropriation of \$150,000 for 1941-1943 has not been allocated and is carried as reserve, for 1943-1945 the total appropriation was \$4,800,000 of which \$4,790,500 has been allocated and \$9,500 as reserve.

THE DISTRIBUTION OF STATE SCHOOL SUBSIDIES

REPORT I OF THE SCHOOL COMMISSION

to

THE GENERAL ASSEMBLY OF THE COMMONWEALTH
OF PENNSYLVANIA, JANUARY, 1945

THE SCHOOL COMMISSION

Created by Act 278, Session of 1943

George Young, Chairman

Honorable D. Raymond Sollenberger, Vice-Chairman

Senator Frederick L. Homsher, Secretary-Treasurer

Senate Members

Clarence D. Becker
Edward J. Coleman
Louis H. Farrell
Frederick L. Homsher
Frank W. Ruth
Thomas B. Wilson

House Members

Appointees of the Governor

George Young
Mrs. Florence D. Haller
Mrs. Edwin F. Yarnall
Paul H. Wueller, Executive Director

LETTER OF TRANSMITTAL

To the Members of the General Assembly of the Commonwealth of Pennsylvania:

Pursuant to the provisions of Act 278, Section 2, we submit, herewith, Report I, which deals with "The Distribution of State School Subsidies," and our recom-

mendations for necessary changes in currently used school subsidy procedures.

The members of the School Commission are persuaded that revision of subsidy procedures is one of the most pressing issues before the General Assembly.

Although some portions of Report I were not unanimously approved, the majority of the members believe that the recommendations, if favorably acted upon by the General Assembly, would produce marked improvements, in what all the members consider an inadequate school subsidy system.

At a later date, the Commission will report to the General Assembly upon such matters as teacher's salaries, financially handicapped school districts, and per pupil costs.

Throughout the ten month's period of its deliberations and investigations, the Commission was generously aided by government officials, schoolmen, school directors, and taxpayers, whose assistance is gratefully acknowledged.

The statistical analyses underlying Report I were developed by Dr. T. C. Benton, Dr. Evan Johnson, J. and Dr. H. L. Krall all of the Commission's Technical staff. The Report was prepared by Dr. Paul H. Wueller, Executive Director of the Commission. However, and all views expressed in the report reflect the judgments of the members of the Commission.

GEORGE YOUNG, Chairman

Harrisburg, Pennsylvania
January, 1945

Table 9 Approximate Costs of Commission's Subsidy Plan on the Basis of a Pupil-Teacher Ratio of 27 and Alternative Maximum and Minimum Subsidies per Teaching Unit

Summary of Findings

Though school expenditures constitute the largest single dollar amount in both local and State budgets, in the average year during the decade beginning in 1932, Pennsylvanians devoted but between 1.08% and 2.08% of their incomes to the operation of their public schools.

During the years 1941-1943, the Federal Government contributed about 5% of total school expenditures in Pennsylvania, the Commonwealth's General Fund contributed approximately 25%, and the balance of 70% was made available by local school districts.

In the average year of the decade beginning in 1932, the citizens of Pennsylvania, devoted a smaller fraction of their incomes to the operation of their public schools than was contributed on the average by the citizens of the other forty-seven states. Similarly, the Commonwealth's General Fund made a smaller percentage contribution toward school expenditures than the general funds of most of the Commonwealth's neighboring states.

The relatively small percentage contribution of the Commonwealth, when taken in conjunction with the present school subsidy distribution system is responsible for excessive local real estate tax burdens in some school districts, marked differences in local school tax rates and inadequate educational facilities and services in many districts.

In addition, the present State school subsidy system encourages employment of unnecessary or non-essential teachers, and discourages the establishment of attendance areas of sufficient size to facilitate economical operation of the schools.

Under the existing State school subsidy system the liabilities of the Commonwealth's General Fund are in large measure determined by the arbitrary action of local school boards.

Arbitrary action on the part of local school boards is possible for two reasons. First, the present School Code does not prescribe a pupil-teacher ratio for all districts. Second, the assessed-market value percentages, as currently certified by school boards, as well as the assessed valuations to which these percentages are applied for purposes of school reimbursement determination are unreliable, inadequate, and subject to gross manipulation.

Summary of Recommendations

The members of the School Commission agree unanimously that it should be the policy of the Commonwealth to guarantee to every child a sound basic education, including essential health services, such education to be made available by local school districts at reasonable and fairly uniform rates of local taxation.

With a view of assuring a sound basic education of healthy children at reasonable and fairly uniform local tax rates, as well as at a defensible cost to the Commonwealth, the majority of the members of the School Commission recommends to the General Assembly that it adopt the following principles:

(1) all school districts shall be reimbursed by the State on account of some fraction of the cost of instruction, pupil transportation, high school tuition, and health services.

(2) State reimbursement of any one school district on account of instruction, pupil transportation, and high school tuition shall be made to depend exclusively upon two factors:

(a) the assessed valuation of taxable real estate located within the district as determined for county tax purposes, and

(b) the district's number of teaching units.

To facilitate the realization of these fundamental principles, the majority of the School Commission recommends that:

(1) every school district, regardless of classification, shall be enabled to provide for the instruction of every twenty-eight pupils in average daily membership at least \$1,700, by levying a five mill tax upon the assessed valuation of taxable real estate as determined for county tax purposes;

(2) the Commonwealth contribute the same percentage toward defraying the cost of reimbursable pupil transportation as it contributes toward the payment of \$1,700 per teaching unit;

(3) the Commonwealth pay to every school district, regardless of classification, \$2.00 per pupil in average daily membership in the district's public schools, on the condition that the district, singly or jointly with other districts, (1) provides for complete physical examinations by licensed physicians of all pupils enrolled in the first, fourth, seventh and tenth grades, and (2) the district, singly or jointly with other districts, makes available adequate health inspection services to be rendered by licensed personnel, the adequacy of a district's health inspection program to be determined by the Secretary of Health of the Commonwealth.

Any school subsidy distribution plan which contemplates the equalization of basic educational opportunities must provide that the Commonwealth pay to every school district the difference between the cost of a minimum program and the amount which a school district may reasonably be expected to contribute toward the financing of such a program. Because of the extreme difficulty of collecting the school per capita tax in many districts, the amounts which a school district can be expected to contribute toward the financing of any program are largely determined by the district's assessed valuation of taxable property per teaching unit. Under the circumstances it is essential that real property be adequately and equitably assessed. The evidence before the Commission indicates that, though the law provides for the assessment of taxable real estate at market value, assessing authorities, in many instances, have deemed it expedient to assess property at varying fractions of the standard stipulated by the law.

In view of these facts, the School Commission is compelled to report to the General Assembly that the provisions of Act 254, Session of 1943, as well as the provisions of comparable acts relating to first, second and third class counties are not yet uniformly complied with by local authorities. Undoubtedly the unsettled economic condition is one factor responsible for but partial compliance up to this time.

However, the observable lack of uniformity of assessments is in part due to the fact that there exists at present no agency which acts as a clearing house for assessment facts and practices. The absence of such a clearing house makes it difficult for county authorities to establish uniform assessment levels.

To assure the attainment of uniformity in future years, the School Commission recommends to the General Assembly that it create a State Board of Assessment Equalization, such as Board to: (1) consult with county authorities regarding assessment procedures, and (2) adjust county valuations of taxable real estate with a view of securing the establishment of uniform assessment levels throughout the Commonwealth.

Section I: The Characteristics of a Desirable State School Subsidy Distribution System

The determination of the characteristics, the nature and the structure of a desirable State school subsidy distribution system is a policy job.

Various school subsidy systems are in use in the forty-eight States of the Union. The minds of men have created many others. To choose from among the many systems in existence and on the blue prints of planners is a task that calls for the determination of the objectives of school subsidy systems upon which reasonable men can agree.

In the course of their deliberations, extending over a period of ten months, the members of the School Commission have come to the conclusion that a State school subsidy system to be acceptable to the majority of citizens of the Commonwealth of Pennsylvania, must meet the following tests and conditions:

In the first place, an acceptable system must assure every child, regardless of race, color or creed, a sound basic education. To create the conditions necessary to safeguard such an education, it is essential that all school districts shall be enabled to make available like minimum sums of money per teaching unit.

Second, the subsidy or reimbursement system should be such that the furnishing of like sums of money per teaching unit shall be made possible for every school district by the imposition of fairly uniform rates of local taxation upon taxable real property, equitably assessed.

Third, the local rates of taxation necessary to finance minimum educational opportunities must not only be uniform, they must also be sufficiently low to assure tax relief for real estate wherever needed, and to encourage home ownership and the development of agriculture, industry and trade.

Fourth, an acceptable State school subsidy system should encourage the establishment of sufficiently large attendance areas, either by means of consolidation of schools and school districts or by the establishment of joint schools, to assure a sound basic education at a reasonable per pupil cost.

Fifth, school subsidies should be so designed as to safeguard the interests of those tax payers who annually replenish the Treasury of the Commonwealth. Under a sound reimbursement system it should be impossible for local authorities to manipulate accounts and payrolls in a manner calculated to derive pecuniary advantages from an all too indulgent State.

Last but not least, a good and sound school subsidy system should be sufficiently flexible to permit easy adjustment to economic and social conditions. This last requirement is of particular importance at a time when change is the only constant element in the relations of men.

The members of the Commission are in agreement that Pennsylvania's children of school age, as well as her taxpayers, should have the benefit of a reimbursement system fashioned to attain the above listed objectives.

The members of the Commission deeply regret that they must report to the General Assembly that Pennsylvania's present reimbursement system—if the conglomerate of subsidy arrangements is to be dignified by the designation "system"—attains none of the ends which in the judgment of the members, should be realized by a desirable institution.

The present reimbursement scheme amended by many sessions of the Legislature to compensate for stresses and strains, which it developed because it was not designed to carry the load which it must carry, is now beyond repair. Many grave inequalities, the creatures of present arrangements, call for redress. The task of designing and building a new and better system calls for statesmanship, courage and the vision that transcends party lines and petty sectionalism.

Section II: The Present State School Subsidy System and Its Defects

It is for the purpose of familiarizing the Members of the General Assembly with the defects and shortcomings of present reimbursement procedures that the subsequent brief account of their operation is presented. Though the story told is in no sense exhaustive, it shows enough detail to illustrate and substantiate the claims made in Section I of this Report.

It is with the adequacy of total school expenditures, the size of the State's percentage contribution, and above all the distribution of that contribution among the school districts, that the present section of Report I is concerned.

During the Biennium 1941-43, the General Fund of the Commonwealth contributed about \$112,259,000, or 24.79%¹ toward total expenditures for public education.

The Distribution of State School Subsidies

It is the judgment of the members of the School Commission that it is idle to speculate upon the adequacy of both total expenditures for public education and the State's percentage contribution toward financing the cost of public education until the defects of the present subsidy scheme are clearly understood and remedied.

At present the Commonwealth reimburses the local school districts on account of instructional salaries, voca-

¹ See Joint State Government Commission, Committee on Continuation of Tax Study, "An Analysis of Public Expenditures for Education," Harrisburg, June, 1944, p. 21.

tional education, high school tuition, pupil transportation and closed one-room schools.²

Under any and all of these accounts the dollar reimbursement of a given school district is determined either, (a) on the basis of a school district's classification taken in conjunction with the number of teachers and supervisors whom the district actually employs or with whom it is credited, or (b) on the basis of so-called "true" valuation per teacher.

The actual reimbursement procedure is somewhat different in connection with different accounts:

Reimbursement on Account of Instructional Salaries

The Constitution of the Commonwealth provides that school districts be classified according to population. Under authority of this Constitutional mandate, the General Assembly has established four classes of school districts. First class school districts have a population of 500,000 or more; second class school districts have a population of from 30,000 to 500,000; third class school districts have a population of from 5,000 to 30,000 and fourth class school districts have a population of less than 5,000.

First, second and third class districts whose so-called "true" valuation per teachers is in excess of \$100,000 receive a State subsidy calculated by multiplying the mandated minimum entry salary of elementary teachers by .25, .35 and .35 respectively. Inasmuch as the mandated minimum salary of an elementary teacher in a first class district is \$1,200 and \$1,000 in both second and third class districts, first class districts receive \$300 per teacher from the State, and second and third class districts receive \$350 per teacher.

In fourth class districts which have a "true" valuation per teacher in excess of \$100,000 computation of State reimbursement on account of instructional salaries is somewhat different. These districts receive 50% of the mandated minimum salary prescribed by law prior to 1941, for both elementary and secondary teachers, plus the difference between the minimum salaries as mandated prior to and after 1941, plus two increments of \$50 each for teachers who, under the minimum salary law are entitled to such increments.

All but fourth class school districts, with a so-called "true" valuation of between \$50,000 and \$100,000 are reimbursed to the extent of 60% on the minimum entry salaries of elementary teachers. Again, all but fourth class districts, with a "true" valuation per teacher of \$50,000 or less are reimbursed 75% on the minimum entry salaries of elementary teachers. However, fourth class districts with "true" valuations per teacher of from \$50,000 to \$100,000 and below \$50,000 are reimbursed to the extent of 60% and 75% on the minimum entry salaries of both elementary and secondary teachers stipulated by law prior to 1941, plus the difference between "old" and "new" minimum salaries and State financed increments.

Reimbursement on Account of Vocational Education

All school districts employing teachers of vocational subjects receive additional reimbursement on the mandated minimum entry salaries.

² In addition to reimbursement under the standard accounts, school districts unable to meet their financial obligations receive so-called emergency aid from the General Fund. The problems arising in consequence of the granting of emergency aid will be dealt with in a separate report.

The reimbursement fractions made available for vocational teachers vary with both the school districts' classification and the so-called "true" valuation according to the following schedule: (1) first class districts 25%; (2) second-, third-, and fourth-class districts 50%, if their "true" valuation per teacher is less than \$100,000; 45% if it is between \$100,000 and \$200,000; and 40% if it is over \$200,000. However, in no case may the State subsidy exceed 80% of the salary paid to any vocational teacher.

Reimbursement on Account of Pupil Transportation

In contradistinction to reimbursement on account of instructional and supervisory salaries, reimbursement on account of pupil transportation, which, in accordance with the provisions of the School Code, is eligible for reimbursement, is based exclusively upon a district's "true" valuation per teacher. Contemporary dollar reimbursement on account of pupil transportation is calculated on the basis of the following schedule:

Table 1

Reimbursement Schedule:	Pupil Transportation
"True" Valuation Per Teacher (in dollars)	Percentage of Transportation Cost Reimbursed
0—25,000	90
25,000—50,000	80
50,000—75,000	75
75,000—100,000	70
100,000—150,000	65
150,000—200,000	60
200,000—250,000	55
over 250,000	50

In other words, a school district whose "true" valuation per teacher is less than \$25,000, is eligible for reimbursement on the cost of specified pupil transportation to the extent of 90%. However, the dollar reimbursement to any one school district may, in no one school year, exceed \$8,000.

Reimbursement on Account of High School Tuition

Since 1941, the Commonwealth has been reimbursing school districts on account of high school tuition payable to other districts.

As in the case of pupil transportation, high school tuition reimbursement is based exclusively upon a district's "true" valuation per teacher.

On the tuition charge computed in accordance with the provisions of the School Code a sending district is eligible for reimbursement in accordance with the schedule below:

Table 2

Reimbursement Schedule:	High School Tuition
"True" Valuation Per Teacher (in dollars)	Percentage of Tuition Cost Reimbursed
0—25,000	60
25,000—50,000	55
50,000—75,000	50
75,000—100,000	45
100,000—150,000	40
150,000—200,000	35
200,000—250,000	30
over 250,000	none

Reimbursement on Account of Permanently Closed One-Room Schools

If a fourth or third class district closes a one-room school permanently it receives \$200 per year in perpetuity

from the State. Moreover, for purposes of determining its reimbursement fraction under any of the above mentioned accounts, at no time is the district credited with fewer teachers than it employed at the time of the closing of the one-room school.

The last proviso is of far-reaching importance, because it enables school districts of the third and fourth class to improve their reimbursement position under any and all accounts by closing one-room schools.

Temporary Salary Increases

In addition to the above dollar reimbursement to school districts, Act 329, Session of 1943, provides for temporary salary increases "to meet the increased cost of living during the present emergency, and to enable teachers in the lower salary brackets to maintain for themselves and their families a decent standard of living."

The schedule of emergency salary increases mandated by Act 329, which expires automatically upon the close of the Biennium 1943-45, is as follows:

Table 3

Mandated Cost of Living Increases by Salary Range

Salary Range (in dollars)	Mandated Cost of Living Increase (in dollars)
1,000—1,099	300
1,100—1,499	250
1,500—1,999	200
2,000—2,999	150
3,000—3,499	100

That is to say, under the provisions of Act 329, a teacher or member of the supervisory staff whose salary prior to the passage of Act 329 was \$1,000, is entitled to a mandated increase in salary of \$300, the mandated increase to be paid by the Commonwealth. Similarly an entrant is entitled to an increase in salary, the amount of increase to be determined by the mandated entry salary payable to him under the provisions of the School Code.

The Present Reimbursement System in Operation

A moment's consideration shows that the present reimbursement system violates some rather fundamental principles of equality and fair play.

The members of the Commission believe they reflect majority opinion when they agree unanimously that school districts which have like taxable resources per teaching unit should receive like State subsidies per teaching unit. However, under our present system, like or similarly circumstanced districts, receive subsidies of widely varying magnitude.

Take for instance, State subsidies on account of instructional salaries allotted to a first and a fourth class district both of which have in excess of \$300,000 of valuation per teacher. Exclusive of temporary increases, the first class district receives \$300 per teacher and the fourth class district receives between \$550 and \$700 per elementary teacher, and between \$615 and \$715 per secondary teacher depending upon the number of State mandated and State financed salary increments to which these teachers are entitled.

The above example is not a mere illustration. The circumstances outlined actually prevail today.

Again consider the State reimbursement on account of salaries, to two similarly circumstanced fourth class dis-

tricts. One of the two districts has \$51,000 so-called "true" valuation per teacher, the other has \$50,000.

The district with \$51,000 of "true" valuation is reimbursed 60% on mandated minimum salaries prevailing prior to 1941; while the \$50,000 district is reimbursed 75% on the same basis. In terms of dollars and cents, the \$51,000 district receives \$780 per elementary teacher with three years of service, exclusive of the cost of living increase. The \$50,000 district receives \$900. In other words, because of a decrease in "true" valuation per teacher of 1.96%, a fourth class district's dollar reimbursement on account of the salary of an elementary teacher with three years of service increases 15.38%. In the case of third class districts, the change in reimbursement resulting from a slight change in "true" valuation per teacher is still more drastic. For instance, in the case of a third class district whose "true" valuation per teacher decreases from \$101,000 to \$100,000, the State's subsidy per teacher increases from \$350 to \$600. This is but another way of saying that the third class district under consideration receives an increase in State subsidy of 71.43% because of a decrease in "true" valuation per teacher of .99%.

It goes without saying that abrupt decreases in reimbursement are not contemplated with equanimity by the directors of school districts adversely affected. When faced with a situation of the type outlined, school directors attempt to compensate for the defects of our contemporary reimbursement system.

Under the present way the "true" valuation of a school of action are open to the local school directors: (a) they may increase the assessed-market value ratio which they certify to the Department of Public Instruction, or (b) they may engage unnecessary or non-essential teachers. Needless to say, school directors of districts which are close to either the \$50,000 or the \$100,000 limit will strenuously oppose the equalization of assessments at market value levels.

Under present lay the "true" valuation of a school district is determined by dividing the assessed-market value ratio of taxable real property, averaged for the three years preceding the year for which reimbursement is made, as certified by local school board secretaries, into the district's assessed valuation. For instance, if a district has an assessed valuation of \$500,000 and if the average percentage computed on the basis of the percentages annually certified by the school board is 50, the "true" valuation of the district equals \$500,000 divided by .50 or \$1,000,000.

Manifestly, the higher the assessed market value ratio certified by local school boards, the lower the "true" valuation of the district and the higher the State's reimbursement to the district.

The evidence before the Commission shows conclusively that school directors have been aware of the pecuniary advantages accompanying assessed-market value ratio manipulation. From year to year, the ratios certified have increased in the face of declining total assessments, until today more than two-thirds of the school districts certify ratios in excess of 77%. In some counties, all school districts certify 100%.

The march toward 100% certifications has continued unabated over the last twenty years.

If a school district certifies 100% (as yet the State Council of Education has not accepted certifications in excess of 100%) and still is not in the highest reimbursement bracket, the school directors easily remedy the situation by engaging extra teachers.

The "remedy" works as follows: Suppose a school district which certifies 100% has a "true" valuation of \$1,530,000 and employs 30 teachers. Under these circumstances the school district has a "true" valuation of \$1,530,000 divided by 30 or \$51,000 per teacher, and receives State reimbursement, exclusive of cost of living increase, of \$780 per teacher.

The school directors gather and discuss the reimbursement position of their district. Some few computations show conclusively that by employing an extra teacher whose services are not really needed, the school directors can lower the "true" valuation per teacher to \$50,000 and receive \$900 per teacher from the State. The directors hire the extra teacher for, say \$1,400 per year. Considering the cost of living increase which is paid by the State, the employment of the additional teacher costs the district \$200.00. However, the district now receives 30 times \$120 in additional State subsidy which means that it closes the transaction with an annual "net profit" of \$3,400 at the expense of the State.

However, the annual "net profit" is not confined to the \$3,400 on account of instructional salaries. By virtue of the transaction under review the district's reimbursement fraction on account of pupil transportation increases from 75% to 80%, and its reimbursement fraction on account of high school tuition from 50% to 55%.³

The implications of the school district's "profitable undertaking" are far reaching. Frequently the maneuver results in unwarranted State expenditures. As a long pull proposition, the engagement of unnecessary teachers tends to depress teachers' salaries. During the present crisis the employment of teachers for the sake of improvement of a district's reimbursement position creates a scarcity of teachers in some localities.

The above outlined transaction repeated in many school districts of the Commonwealth, tolerated and freely discussed, indicates that the community at large refuses to accept and abide by the financial provisions of the School Code.

Aside from the disrespect for the law which the inequitable and unreasonable reimbursement procedures have bred in the community, their operation imposes hardships upon some communities and discourages the establishment of attendance areas large enough to assure reasonable per pupil costs. A few simple illustrations will bring the significance of these issues into high relief.

At present it is possible for a fourth class school district to engage an elementary teacher for approximately \$1,400 per year. Here is a fourth class district with a "true" valuation of \$50,000 per teacher. The State reimbursement, including the cost of living salary increase, is about \$1,200 per year. In order to engage a teacher it must raise \$200 locally. This necessitates the imposition of a local real estate tax rate of \$200 divided by \$50,000 or 4 mills. For one reason or another the district's valuation decreases until it reaches, say \$5,000. At that point the district will have to levy \$200 divided by \$5,000 or 40

mills, to pay its share of the salary of one elementary teacher!

Forty-seven per cent of the school districts of the Commonwealth employing 25% of the teachers have assessed valuations of less than \$50,000 per teacher. The shrinkage of tax base in the face of constant and justifiable school expenditures is a stark reality in many school districts. It produces increasing tax pressure and makes for inferior educational opportunities. The situation outlined is not the conjecture of idle fancy, but the description of a condition which prevails in many of the mining regions of this Commonwealth, where depletion of mineral resources is not accompanied by a corresponding decrease in essential governmental services.

The all too often all too glibly made suggestion that districts consolidate and pool their resources is no solution under the present reimbursement system. If two or more small districts consolidate with a view of pooling resources and establishing attendance areas conducive to lower per pupil costs their classification changes and their reimbursement from the State decreases. Poorer districts can ill afford to pay that penalty for an improvement in operational efficiency.

Again, the present reimbursement system discourages the establishment of attendance areas sufficiently large to furnish acceptable educational programs on the secondary level at reasonable per pupil costs because of the conditions under which reimbursement on account of high school tuition is made available and the changes in State reimbursement on account of instructional salaries and transportation which districts sending tuition pupils to other districts experience under the present reimbursement system.

At present approximately two-thirds of all fourth class districts and about one-half of all third class districts are in the 60% and 75% reimbursement brackets. By virtue of the method used in determining a district's reimbursement bracket, a sending district's valuation per teacher is increased and a receiving district's valuation is decreased. The changes in valuation per teacher consequent upon the sending and receiving of tuition students tend to decrease State reimbursements to sending districts and increase State reimbursements to receiving districts.

The members of the Commission are agreed that the currently used procedure is unsound, because it tends to deprive some sending districts of needed State appropriations and because in many cases it allots unnecessarily large State funds to receiving districts. In some sections of the Commonwealth the procedures under review have produced unwarranted expansion of secondary school facilities and cut-throat competition for tuition pupils.

Again the members of the Commission are persuaded that the provisions of the School Code regulating the computation of tuition charges are unsound and discriminatory.

Details aside, at present a receiving district must include the major "current expense" items minus State appropriations on account of teachers salaries in the tuition bill. However, the receiving district may not charge the sending district for the use of its capital facilities by the sending district's pupils. In lieu of a charge for the use of capital facilities, the receiving district may add 10% to

³See above, pp. 18 and 19.

the bill as determined in accordance with the provisions of the School Code.

This arrangement is unsatisfactory for two reasons. Permission to add a surcharge of 10% in lieu of a charge for the use of capital facilities results in a per pupil tuition charge which is sometimes lower and sometimes higher than the actual per pupil cost incurred by the receiving district. The requirement which necessitates the deduction of the receiving district's State appropriation on account of salaries tempts school directors to send their tuition pupils to districts receiving the highest State appropriations per teacher. It can be shown that the last mentioned tendency is not conducive to the establishment of attendance areas that make for economical operation of the schools.

Again, the present tuition reimbursement method definitely discourages the establishment of joint high schools, for the simple reason that the State appropriation obtainable per tuition pupil is considerably in excess of the State appropriation obtainable per resident student.

It is the consensus of opinion among the majority of the members of the Commission that the establishment of strategically located joint high schools is essential if acceptable opportunities for secondary education at a reasonable cost to the taxpayer are to be provided.

In concluding the outline of the operational effects of our contemporary reimbursement system the members of the Commission wish to direct the attention of the General Assembly to the previously mentioned State payment of \$200 per year in perpetuity for permanently closed one-room schools.

Since 1911, the State has paid \$200 per year for every one-room school permanently closed. At an interest rate of 5% the annual payment of \$200 is the equivalent of the carrying charge on \$4,000 worth of school plant. Between 1911 and 1942 six thousand and nine one-room schools have been closed. This means that the Commonwealth pays annually about \$1,200,000 on account of closed one-room schools. This is the equivalent of paying the carrying charge on \$24,000,000 worth of new school plant. However, under present arrangements it is not obligatory for local school districts to use the annual payment of \$200 to finance new school buildings. The majority of the members of the School Commission wish to suggest to the Members of the General Assembly that they consider the financial feasibility as well as the desirability from a policy point of view of limiting for a specified period of time, any State payments on account of one-room schools which may be closed in the future, as well as payments for schools closed in the past if such payments have been made for periods exceeding thirty years.

Section III: Outline of a New State School Subsidy System

It is a settled conclusion, borne of extended discussion, of the majority of the members of the School Commission, that all the children of all Pennsylvanians shall be assured of a sound basic education, such basic education to be financed in part by the imposition of reasonable and fairly uniform rates of local taxation.

It is a settled conclusion based upon detailed examinations of all pertinent facts, that the present State school subsidy system cannot facilitate the equalization of either educational opportunities or local tax rates.

In the light of these conclusions the majority of the members of the School Commission are forced to recommend to the General Assembly that the present system of school subsidies be discontinued and that a new, flexible and better system be substituted for the present arrangements.

The designers of any institution need broad, general objectives. The broad objective recommended to the General Assembly by the School Commission is the equalization of both: basic educational opportunities and local tax effort. However, a broad, general objective, though a prerequisite to any constructive Legislative program, is of but little consequence unless supplanted by detailed specifications which may reasonably be expected to facilitate realization of that objective.

If equalization of basic educational opportunities and local tax effort is to become a reality in this Commonwealth a number of rather specific questions have to be answered.

In the first place, the sum of money required to make available basic educational opportunities to every child, must be determined. Such a determination is impossible unless it is agreed how many pupils a teacher may reasonably be expected to instruct. More technically speaking, per pupils or per teaching unit costs depend in large measure upon the pupil-teacher ratio which prevails, or is legislatively established.

Second, it has to be decided what constitutes reasonable local tax effort. Is five mills a reasonable local school tax rate? Or might the citizens of Pennsylvania be expected to levy ten mills upon real estate assessed in conformity with the law to finance the local district's share of school cost?

Third, a formula has to be developed by reference to which the equalization plan can be operated with a minimum of administrative discretion.

The first two problems are policy or legislative problems. Once these problems are settled the development of a formula becomes a matter of technique.

With a view of ascertaining reasonable per pupil cost, a reasonable pupil-teacher ratio and a reasonable local millage, the members of the School Commission have turned to the one and final authority that decides such matters in a Democracy: "the people back home."

The technical staff of the Commission in collaboration with the Department of Public Instruction has made a study of the net current expense cost, exclusive of pupil transportation costs, per elementary and secondary pupil enrolled in selected school districts of the Commonwealth.

The school districts in question were selected with a view of eliminating as far as possible the presence of extremes in locally taxable resources. That is to say, the school districts chosen for study were districts with typical local capacity to support public education, measured in terms of real estate valuation per teacher.

The Commission finds that in 1943, the net current expense cost per pupil in average daily membership, exclusive of transportation costs, in districts which had typical capacity and offered acceptable programs were as follows:

* A detailed report dealing with per pupil costs, pupil-teacher ratios and the factors responsible for their variations, will be submitted to the General Assembly at a later date.

Table 4

Per Pupil Current Expense Costs in Selected School Districts

	Per pupil Current Expense Cost (in dollars)	
	Elementary	Secondary
Lowest	41.07	58.33
Median	72.50	107.50
Highest	125.67	191.92

In other words school districts with typical capacity and offering acceptable programs were able to do so at a minimum net current expense cost of \$41.07 per elementary pupil in average daily membership, and at a minimum net current expense cost of \$58.33 per secondary pupil. Weighting these minimum cost figures by the estimated number of elementary and secondary pupils, the average minimum net current expense cost per pupil in 1943 was \$47.63.

Again the Commission has investigated the pupil-teacher ratios, measured in terms of average daily membership, which during the school year ended in 1943 prevailed in school districts of typical capacity offering acceptable programs. These ratios, like net current expense costs per pupil, vary widely, as the table below shows:

Table 5

Pupil-Teacher Ratios in Selected School Districts

	Pupil-Teacher Ratio	
	Elementary	Secondary
Lowest	16.4	15.2
Median	25.6	21.7
Highest	41.0	30.5

On the basis of these data, taken in conjunction with detailed investigations of specific school districts, the majority of the members of the Commission have concluded that a pupil-teacher ratio (the term "teacher" to include supervisory employees) of 28, though not permitting highly diversified curricula, is not unreasonable. Such a ratio is unquestionably reasonable if it be the legislative intent to guarantee basic or minimum educational opportunities to every child.

Taking the weighted average minimum per pupil net current expense cost of \$47.63 and multiplying by the pupil-teacher ratio of 28, the minimum net current expense cost of a teaching unit becomes approximately \$1,333.00.

It is the judgment of the majority of the members of the Commission that, taking full cognizance of price changes since 1943, a teaching unit can be operated at a net current expense cost of \$1,700, provided the district's attendance area is sufficiently large and the district's business is prudently managed.

On the basis of extensive investigations by its staff, the Commission finds that school tax rates show striking variations. In fact the variations in school tax rates are more pronounced than the variations in either per pupil current expense cost or pupil-teacher ratios. For instance, in the selected school districts extensively investigated, school tax rates were found to range from 9.0 mills to 38.7 mills.

The interpretation of school tax rates is exceedingly difficult because taxable real property is not uniformly assessed. On the basis of the meagre facts the Commission has been able to gather, it appears that, exclusive of the

population centers of the Commonwealth, real property is assessed at approximately 50%.⁵

Applying this percentage to the highest school tax rate of 38.7 mills found in any of the selected school districts, that rate, expressed in terms of market value, becomes 19.35 mills, and the lowest rate is reduced to 4.5 mills. It is the considered judgment of the majority of the members of the Commission that these wide variations should be reduced and that the Commonwealth pursue a policy calculated to produce uniform school tax rates upon real estate. Any reduction in school tax rates, however, must be contingent upon the attainment of more uniform and equitable real estate assessments.

To attain the above objectives the majority of the School Commission recommends to the General Assembly that: (1) the Commonwealth pay to every school district, the difference between the yield of a five mill tax upon the assessed valuation of taxable real property as determined for county tax purposes and \$1,700 per teaching unit for which the district is financially responsible provided, that the Commonwealth's payment per teaching unit to any one school district be in no case less than \$600; (2) the Commonwealth contribute the same percentage toward the cost of approved pupil transportation, eligible for State reimbursement under the existing provisions of the School Code, as it contributes toward the financing of the minimum current expense cost of \$1,700 per teaching unit; (3) a State Assessment Equalization Board be created, such board to consult with and aid county authorities in the establishment of uniform real estate assessments throughout the Commonwealth.

The Mechanics of State Reimbursement Under the New System

To assure the operation of the above outlined reimbursement plan with a minimum of administrative discretion, the majority of the members of the School Commission recommends that the General Assembly enact legislation providing for:

I. The Computation of a Reimbursement Fraction for Every School District

The reimbursement fraction shall be known as the "standard reimbursement fraction" and shall be computed annually by the Department of Public Instruction as follows:

(1) subtract from \$1,700, an amount determined by multiplying a school district's assessed valuation per teaching unit by .005 and divide the difference so obtained by \$1,700.

(a) a school district's assessed valuation to be used for purposes of computing the "standard reimbursement fraction" shall be the assessed valuation of the district's taxable real property as determined for the preceding year for county tax purposes.

⁵In this connection it may be pointed out that Dr. Logan, Budget Secretary of the Commonwealth found, in 1934, on the basis of a study of 13,329 pieces of real property located in 25 counties that the median assessed-selling price percentage was 59.8. Logan, Edward B., "Taxation of Real Property in Pennsylvania", p. 44. Analysis of Dr. Logan's data shows that approximately two-thirds of the assessed-selling price ratios varied from 52.82 to 68.74. This means that at the time of Dr. Logan's study, in about two-thirds of the 25 counties investigated, the ratios in question deviated by plus and minus 13.31% from the median ratio for the 25 counties.

(b) a school district's number of teaching units for purposes of determination of the "standard reimbursement fraction" shall be obtained by dividing by 28 the number of pupils in average daily membership¹ whose parents or guardians reside within the school district, regardless of whether these pupils attend the district's public schools or the public schools of some other district; provided, that no school district be credited with less than one teaching unit, and providing further that no school district be assigned a reimbursement fraction lower than the value of the fraction "minimum subsidy" divided by "maximum subsidy".

I. Reimbursement on Account of Current Expense Cost of Resident Instruction of District Pupils

Every school district, regardless of classification shall be paid by the Commonwealth for the school year beginning in 1945, and for every school year thereafter, an amount on account of the resident instruction of the children of the district's residents enrolled in the district's own public schools, such amount to be determined by:

(1) dividing the total number of districts pupils in average daily membership in the district's public schools whose parents or guardians reside within the district, by 28, and

(2) multiplying the number of teaching units so obtained by both: \$1,700 and the district's "standard reimbursement fraction":

(3) provided that a one-room school operated in accordance with the provisions of the School Code shall be credited with at least one teaching unit, and that no one school district shall receive less than \$600 per teaching unit, and

(4) provided further, that if a district's pupil-teacher ratio, measured in terms of average daily membership, equals or exceeds 35, the number of teaching units with which the district is credited shall equal the number of teachers and supervisors actually employed by the district.

I. Reimbursement on Account of Pupil Transportation

Beginning with the school year 1945, and for every year thereafter, every school district, regardless of classification, shall receive annually from the Commonwealth an amount on account of pupil transportation, eligible under the existing provisions of the School Code for State reimbursement, such amount to be determined by:

(1) multiplying the cost of approved pupil transportation incurred by the school district by the district's "standard reimbursement fraction". However, in no one school year shall be Commonwealth's dollar reimbursement to any one school district exceed \$8,000.

(2) when approving reimbursable pupil transportation the Department of Public Instruction shall permit school districts which own their own vehicles an annual depreciation charge of seven per cent, such charge to be calculated on the basis of the certified cost at which the school district acquired the vehicle for which depreciation is claimed.

¹The number of pupils in average daily membership equals the average number of pupils on the rolls of a given school district.

IV. Reimbursement on Account of High School Tuition

A. Computation of Tuition Charge:

A school district receiving high school pupils whose parents or guardians reside in some other school district shall compute the tuition charge per pupil in the following manner:

(1) subtract from the cost of "general control" the cost of tax collection and census enumeration and divide the difference by the number of all the pupils in average daily membership in the receiving district.

(2) divide the salaries of supervisors, principals, clerks, assistants, and teachers employed in the receiving district's secondary schools plus the cost of secondary teachers' attendance at teacher's institutes by the number of all the secondary pupils in average daily membership in the receiving district.

(3) subtract from the cost of "auxiliary agencies" the cost of pupil transportation and the cost of enforcement of compulsory attendance and divide the difference by the number of all the pupils in average daily membership in the receiving district.

(4) divide the "cost of operation" by the number of all the pupils in average daily membership in the receiving district.

(5) divide the contribution to the State Retirement Fund of all secondary school personnel as listed under (2), above, by the number of all the secondary pupils in average daily membership.

(6) add Items (1) to (5), above, inclusive, and further add a rental charge of \$8.00 per pupil in average daily membership.

(7) the cost so determined shall be designated as the "reimbursable tuition charge per pupil" and shall be billed to the sending district in accordance with the provisions of the School Code.

B. State Reimbursement on Account of Reimbursable Tuition Charge

It should be noted that a school district sending pupils to the high school of some other district, has no direct control over per pupil costs. It is in part because of this fact that the majority of the members of the School Commission recommends to the General Assembly that school districts be allotted a larger dollar reimbursement on account of high school tuition than on account of resident instruction of district pupils.

The median per secondary pupil current expense cost of districts with typical capacity to support public education and offering acceptable programs was \$107.50 in 1943 and the median pupil-teacher ratio was about 22. Hence, the median current expense cost of a high school unit was \$2,265. Multiplying this cost by 1.27, the same factor which was used to adjust the average minimum per pupil cost, a current expense cost of \$3,003.00 is obtained. In other words, taking due account of price changes, it is reasonable to assume that during the coming school year a secondary unit can be operated at a current expense cost of \$3,003.00.

If school districts were to receive the same dollar reimbursement on a high school tuition unit as they receive under the Commission's plan on a resident unit, the objective contemplated could be attained by specifying

ing that the sending district's reimbursement on account of high school tuition be determined by multiplying the tuition received by both: a sending district's "standard reimbursement fraction" and the fraction \$1,700 (maximum subsidy) divided by \$3,003.00 (medium cost of high school unit) which equals .566.

However, the evidence before the Commission shows, that the use of the fraction .566 would reduce State reimbursement on account of high school tuition to some sending districts which can ill afford to lose State appropriations. Hence, the majority of the members of the Commission recommends that the fraction in question be raised to .65.

Specifically, the majority of the members of the Commission recommends that school districts be reimbursed on account of high school tuition as follows:

Upon audit by the Department of Public Instruction, the Commonwealth shall pay to any one school district sending secondary pupils to another district, a fraction of the "tuition bill." The "tuition bill" is to be computed by multiplying the "reimbursable tuition charge per pupil" by the number of tuition pupils sent to another district's high school. The fraction of cost payable by the Commonwealth is to be determined by multiplying the tuition bill by the "standard reimbursement fraction" multiplied by .65.

For purposes of high school tuition reimbursement, pupils attending a joint high school approved by the Department of Public Instruction, shall be regarded as tuition students. However, in computing the reimbursable tuition charge per pupil, the rental of \$8.00 shall not be included.

V: A Numerical Illustration of the Reimbursement Procedure

A numerical illustration may facilitate fuller understanding of the reimbursement procedure recommended by the Commission.

Suppose a school district has a total assessed valuation as determined for county purposes of \$100,000. Three-fourths of the children of the residents of the district attend the district's own elementary school and one-fourth of the children are sent to the high school of some neighboring district. In terms of average daily membership, the district sending the high school pupils is responsible for, say one hundred and twelve pupils, or the equivalent of four teaching units. Eighty-four of the pupils in average daily membership, or three teaching units, are enrolled in the district's elementary schools and twenty-eight of the pupils in average daily membership attend the high school of a neighboring district. The neighboring district sends the sending district a tuition bill, in the amount of \$3,360. In addition the sending district incurs an obligation of, say \$800 for reimbursable pupil transportation. Under these hypothetical conditions the district's reimbursement will be computed as follows:

(1) Computation of Standard Reimbursement Fraction:

Under the Commission's plan the district used for illustrative purposes, only, has a total assessed valuation as determined for county purposes of \$100,000. Hence, the assessed valuation per teaching unit equals \$100,000

divided by the number of teaching units. Inasmuch as the district is financially responsible for 112 pupils in average daily membership and the Commission recommends a pupil-teacher ratio of 28, the assessed valuation per teaching unit for purposes of determination of the "standard reimbursement fraction" equals:

$$\frac{\$100,000}{112/28} = \$25,000$$

A five mill tax on \$25,000 of assessed valuation per teaching unit produces:

$$\$25,000 \times .005 = \$125$$

and the "standard reimbursement fraction" becomes:

$$\frac{\$1,700 - \$125}{\$1,700} = .926$$

(2) Computation of State Dollar Reimbursement on Account of Resident Instruction of Pupils of Residents:

The maximum subsidy recommended by the Commission is \$1,700 and the district under review has 3 resident teaching units and a standard fraction of .926. Hence its reimbursement on account of resident instruction of district pupils equals:

$$\$1,700 \times 3 \times .926 = \$4,722.60$$

(3) Reimbursement on Account of Reimbursable Pupil Transportation Costs:

$$\$800 \times .926 = \$740.80$$

(4) Reimbursement on Account of High School Tuition:

$$\$3,360 \times .926 \times .65 = \$2,022.38$$

(5) Total State Reimbursement: \$7,485.78

Inspection of the above sample computation shows that the plan recommended by the Commission provides for somewhat more generous State reimbursement on account of high school tuition than on account of resident instruction of district pupils. It is the judgment of the majority of the members of the Commission that the dollar differential in question is justified because: (1) a district sending pupils to the secondary schools of some other district has no control over per pupil costs; (2) it is considered a desirable objective of legislative policy to encourage the establishment of joint high schools wherever alternative facilities are not available.

The majority of the members of the Commission have no hesitation in making the following claims for their reimbursement plan:

(1) Contrary to present procedures the plan is flexible and can easily be adjusted to changing economic conditions by simply changing the maximum reimbursement (\$1,700); the minimum reimbursement (\$600) or the computation millage (.005).

(2) The penalties which present procedures impose upon consolidation of districts and the establishment of joint high schools are removed and the removal of these penalties opens the way for larger attendance areas and consequent lowering of per pupil costs.

(3) The computation of high school tuition as provided for under the Commission's plan follows sound

business principle. Under the recommended procedure, receiving districts are fully paid for all costs legitimately chargeable against tuition students but are not encouraged to over-build high school facilities and compete for tuition students.

(4) The possibility of manipulations of assessed-market value ratios as certified by school boards is automatically eliminated by reason of the fact that the Commission's plan provides for reimbursement on the basis of the county duplicate.

(5) The employment of unnecessary teachers is discouraged because of the legislative determination of a pupil-teacher ratio for which the Commission's plan provides.

(6) Under the Commission's plan all school districts of the Commonwealth regardless of classification will be enabled to furnish a minimum program of \$1,700 "worth" of education at local tax rates not exceeding five mills.

In other words the Commission's plan encourages sound administration and provides for the equalization of basic opportunities at reasonable and fairly uniform local tax rates

If it should be the wish of the General Assembly to encourage the development or expansion of specific curricula or activities, such as for instance, vocational education or health services, the majority of the members of the Commission recommended that such encouragement take the form of a lump sum dollar payment per pupil in average daily membership.

It is the conviction of the majority of the members of the Commission that lump sum dollar payments are adequate for the purposes under consideration, because the Commission's reimbursement plan provides for thorough-going equalization of basic opportunities.

VI: Reimbursement on Account of Health Services

As regards the encouragement of specific services at this time the members of the Commission are persuaded that the improvement of the health and physical fitness of the youth of the Commonwealth is a matter calling for immediate action.

To assure the improvement of the health of youth of school age, the Commission recommends that the Commonwealth pay to every school district, regardless of classification \$2.00 annually per pupil in average daily membership in the district's public schools on the condition that (1) the district, singly or jointly with other districts, provide for thorough-going physical examinations by licensed physicians of all pupils in the first, fourth, seventh and tenth grades, and (2) the school district, singly or jointly with other districts, furnish all pupils enrolled in the district's public schools with adequate health services, such services to be rendered by licensed personnel. The adequacy of the service shall be determined by the Secretary of Health of the Commonwealth.

Section IV: Cost of the School Commission's Subsidy Plan to the Commonwealth and Dollar Reimbursements to Differently Circumstanced School Districts

At the outset, the majority of the members of the

School Commission wish to point out that the claims with respect to administrative efficiency made for their subsidy distribution plan are independent of the magnitude of the maximum subsidy, the minimum subsidy and the computation millage recommended by the Commission.

Regardless of the magnitude of maximum subsidy, minimum subsidy, computation millage and pupil-teacher ratio, the Commission's plan, if favorably acted upon by the General Assembly would encourage the organization of larger attendance areas and the elimination of non-essential teaching and supervisory personnel, the two most important factors responsible for high per pupil costs in some of the school districts of the Commonwealth.

However, any lowering of the maximum and minimum subsidies recommended by the Commission would reduce State subsidies to a point where it would be virtually impossible to promise in good faith that the plan could guarantee basic or minimum educational opportunities to all Pennsylvania children. In the face of a lowering of the amounts recommended by the Commission, the promise regarding minimum opportunities could be made only if the General Assembly mandated higher local school tax rates. It is believed that such a course is contrary to what the members of the School Commission consider desirable legislative policy. In their judgment, such policy should aim at the gradual reduction of local school taxes upon real estate.

Regardless of the magnitude of maximum subsidy, minimum subsidy, computation millage and pupil-teacher ratio, which the General Assembly elects to write into the subsidy distribution plan recommended by the Commission, its cost to the Commonwealth in any one year, depends upon: (1) the pupil load, (2) the distribution of the pupil load among differently circumstanced local school districts, and (3) the extent to which local school districts re-arrange their affairs in response to the proposed changes in reimbursement procedures. In other words, the annual cost of the plan to the Commonwealth cannot be stated with exactitude, but must be approximated as well as available data permit.

It is with these reservations that the School Commission presents the following dollar amounts, estimated with due regard for safety margins, to the members of the General Assembly.

The Commission's plan, if used to provide for a maximum subsidy of \$1,700; a minimum subsidy of \$600, a computation millage of .005 and a pupil-teacher ratio, expressed in terms of average daily members, of 28, would call for State subsidies per year of: (1) approximately \$57,808,000 on account of resident instruction plus high school tuition, and (2) approximately \$5,100,000 on account of pupil transportation. Appropriations on account of health services and medical inspections would call for approximately \$2,946,000 per year.

These amounts are estimated on the basis of a net enrollment of 1,550,000⁷ pupils, which is the approximate equivalent of 1,473,000 pupils in average daily membership.

These estimates exceed the amounts appropriated by

⁷ See above, pp. 41 and 42.

⁸ Current estimate of the Department of Public Instruction for the school year ended in 1944.

the 1943 Session of the General Assembly by the following amounts: (1) instruction, including temporary cost of living increase, \$6,748,000, (2) pupil transportation, \$600,000, (3) health and medical inspection, \$2,946,000. In other words the annual cost of the Commission's plan would call for increased State appropriations of \$10,294,000 per year.

Thus, the Commission's plan, including the specific amounts recommended by the Commission, increases both the dollar liabilities⁹ of the Commonwealth and the Commonwealth's percentage contribution toward the financing of total school costs. Needless to say, the plan increases the dollar reimbursements of the less fortunate school districts substantially.

The table below shows (1) the "standard reimbursement fractions" (Col. 2) for school districts with different valuations per teaching unit (Col. 1); (2) the dollar reimbursements per resident teaching unit (Col. 3) to differently circumstanced districts; (3) the percentage of districts (Col. 4) which have assessed valuations per teaching unit below the assessed valuations per teaching unit as listed in Col. 1; and (4) the estimated percentage of teaching units (Col. 5) operated by school districts whose assessed valuation per teaching unit is less than the valuation listed in Col. 1.

The table below is to be read as follows: under the Commission's reimbursement plan, providing for a maximum subsidy of \$1,700; a minimum subsidy of \$600; a computation millage of .005 and a pupil-teacher ratio of 28 a school district with an assessed valuation of \$25,000 (Col. 1) per teaching unit is assigned a standard reimbursement fraction of .026 (Col. 2) and receives a dollar reimbursement on account of resident instruction of district pupils of \$1,575 (Col. 3). At the present 11.79% (Col. 4) of the Commonwealth's local school districts have assessed valuations of less than \$25,000 per

Table 6

Standard Reimbursement Fractions and Dollar Reimbursements per Teaching Unit of Differently Circumstanced School Districts

Assessed Valuations per Teaching Unit (in thousands of dollars)	Standard Reimbursement Fraction	Dollar Reimbursement per Teaching Unit	Percentage of Districts having Assessed Valuations per Teaching Unit less than the Valuation Listed in Col. 1	Estimated Percentage of Teaching Units Operated by Districts having Assessed Valuations per Teaching Unit less than the Valuation Listed in Col. 1
(1)	(2)	(3)	(4)	(5)
25	.926	1,575	11.79	5.19
50	.853	1,450	46.80	25.18
75	.779	1,325	69.93	42.44
100	.706	1,200	82.40	56.18
125	.632	1,075	88.45	65.02
150	.559	950	92.61	72.20
175	.485	825	94.97	77.83
200	.412	700	96.97	80.26
220 and over	.353	600	97.60	80.90

teaching unit and 5.19% (Col. 5) of the teaching units operated in the Commonwealth are operated in the 11.79% of the districts which have less than \$25,000 of assessed valuation per teaching unit.

⁹In connection with the increase in the liabilities of the Commonwealth it should be remembered that the pupil load (1,550,000 for the school year 1943-44) is relatively low at present. Prior to the war, pupil loads in excess of 1,800,000 were not unusual.

An increase in dollar liabilities as well as in the percentage contribution of the Commonwealth are unavoidable if the poorer school districts are to be enabled to furnish basic educational opportunities at reasonable and fairly uniform rates of local taxation.

In connection with the increases in both dollar liabilities and percentage contribution of the Commonwealth consequent upon the establishment of the Commission's reimbursement plan, the members of the Commission wish to point out that in the past, the citizens of Pennsylvania have devoted a smaller fraction of their income to the financing of public education than was contributed on the average by the citizens of the other forty-seven states. Similarly, the General Fund of the Commonwealth has contributed a lesser fraction toward the cost of financing public education than most of the States bordering Pennsylvania.

The table¹⁰ below shows current Pennsylvania school expenditures for selected years as percentages of the estimated income of Pennsylvanians and comparable figures for the other forty-seven states.

Table 7

Current Expenditures for Schools as Percentages of Income of Pennsylvanians and Residents of Other States

School Years Ended in	Pennsylvania Current Expenditures as Percentages of Income of Pennsylvanians	Other States Current Expenditures as Percentages of Income of their Residents
(1)	(2)	(3)
1930	2.13	2.51
1934	2.86	2.79
1936	2.33	2.44
1938	2.76	2.84
1940	2.43	2.55
1941	2.05	2.15
1942	1.83	1.76

Inspection of the above table shows that in five years out of the seven years for which data are presented, residents of States other than Pennsylvania devoted a larger fraction of their incomes to the financing of education than the electorate of the Commonwealth.

Similarly, during the past pre-war year for which data are readily available, Delaware contributed 92.0% of total school expenditures, West Virginia and Ohio contributed 51.0% and 48.9% to current school expenditures, Maryland contributed 26.1% of current school expenditures and New Jersey allotted (exclusive of the year of the State's special school tax) 5.7% toward total public school receipts. Pennsylvania contributed but 23.0% of current expenditures.¹¹

On the chance that it might be the wish of the members of the General Assembly to increase the Commonwealth's percentage contribution beyond the amount recommended by the Commission, two tables have been prepared showing the changes in cost to the Commonwealth on account of resident instruction and high school tuition reimbursement consequent upon changes in maximum and minimum subsidies and pupil-teacher ratio. Both tables have been computed on the basis of a

¹⁰ Pennsylvania income data underlying table from: U. S. Department of Commerce, "Survey of Current Business", June 1943, pp. 19 and 22; U. S. A. income data from: Social Security Board, Social Security Bulletin, Vol. VII, No. 5, May 1944, p. 43; Pennsylvania School data from: "Statistical Report of the Superintendent of Public Instruction, 1942", p. 169; U. S. A. school data: U. S. Office of Education, "Education for Victory", No. 23, June 3, 1944, p. 11.

¹¹ From, National Education Association, Research Bulletin, No. Vol. XX, November, 1942.

enrollment of 1,550,000 which is the approximate equivalent of 1,473,000 pupils in average daily membership.

The table below shows changes in the Commonwealth's approximate cost on account of reimbursement for resident instruction and high school tuition if the maximum and minimum subsidies are changed but the computation millage held constant and the law stipulates a pupil-teacher ration of 28.

TABLE 8

Approximate Costs of Commission's Subsidy Plan on the Basis of a Pupil-Teacher Ratio of 28 and Alternative Maximum and Minimum Subsidies Per Teaching Unit

Maximum Subsidy per unit	Minimum Subsidies Per Unit			
	\$550	\$600	\$650	\$700
\$ 1,600	\$53,108,000	\$53,585,000	\$54,091,000	\$54,633,000
1,700	57,553,000	57,898,000	58,368,000	58,844,000
1,800	61,915,000	62,361,000	62,812,000	63,158,000

The above table should be read as follows: if a maximum subsidy of \$1,600 and a minimum subsidy of \$550 are provided for, State reimbursement on account of current expense cost of instruction and high school tuition will cost about \$53,108,000 per year. However, if the minimum subsidy should be raised from \$550 to \$700, the cost to the State would increase from \$53,108,000 to \$54,633,000.

An increase in the State's percentage contribution, with a consequent lowering of local school tax rates, can also be facilitated by lowering the pupil-teacher ratio by reference to which school district reimbursement is computed.

The table below shows the approximate dollar cost to the State for reimbursement on account of current expense cost of resident instruction and high school tuition if reimbursements are computed on the basis of a pupil-teacher ratio of 27.

TABLE 9

Approximate Costs of Commission's Subsidy Plan on the Basis of a Pupil-Teacher Ratio of 27 and Alternative Maximum and Minimum Subsidies per Teaching Unit

Maximum Subsidy per unit	Minimum Subsidies Per Unit			
	\$550	\$600	\$650	\$700
\$ 1,600	\$55,714,000	\$56,214,000	\$56,745,000	\$57,312,000
1,700	60,305,000	60,674,000	61,168,000	61,668,000
1,800	64,812,000	65,283,000	65,759,000	66,128,000

Comparison of the above two tables shows that the Commonwealth's percentage contribution can be effectively increased by either lowering the pupil-teacher ratio or increasing maximum or minimum subsidies.

In concluding Report I, the members of the School Commission wish to point out once more that the cost estimates presented above are all based upon a student load of 1,550,000. In the prewar years from 1932 to 1942, the student load was usually in excess of 1,800,000. If the student load should reach this level in future years, the cost of the Commission's plan to the Commonwealth would be increased by approximately \$14,000,000 per year. Again, if the General Assembly should elect to go beyond the proposals of the majority of the members of the Commission any substantial increase in the pupil load would unquestionably necessitate the imposition of additional State taxes.

SCHOOL DISTRICTS ON RELIEF REPORT II OF THE SCHOOL COMMISSION to

THE GENERAL ASSEMBLY OF THE COMMONWEALTH
OF PENNSYLVANIA, JANUARY, 1945

THE SCHOOL COMMISSION

Created by Act 278, Session of 1943

LETTER OF TRANSMITTAL

To the Members of the General Assembly of the Commonwealth of Pennsylvania:

Pursuant to the provisions of Act 278, Section 2, w submit, herewith, Report II, which dealt with "School Districts on Relief," and our recommendations regarding such changes in the School Code as are necessary in the judgment of the majority of the members of the School Commission, if the so-called "distressed" school districts are to be rehabilitated.

Report II presents a brief outline of the history of "distressed" school districts between 1929 and 1943 and details the story of the one hundred and fourteen school districts located in twenty-eight counties, which received special or emergency aid from the Commonwealth during the school year 1943-44, a year of unprecedented high income levels in Pennsylvania.

It is customary to label school districts receiving special or emergency aid from the State as either "distressed" or "financially handicapped" school districts. These labels, however, when defined and applied to specific situations, fail to reflect the facts.

For example, the term "distressed" suggests that at the school districts which received aid from the emergency fund strained their own taxable resources to the breaking point before petitioning the Superintendent of Public Instruction for assistance. Such is definitely not the case. For instance, the evidence submitted in Report II indicates that one of the school districts classified "distressed" levied a school tax of ten mills and 38 districts levied 25 mills or less upon taxable real estate which was assessed at only a fraction of market value. Moreover, many of these districts either failed to levy any per capita school tax at all or imposed a rate but one or two dollars. In addition, many of these districts

tricts collected only a small portion of the total taxes levied.

The term "financially handicapped" is equally inadequate. Such a classification suggests that the school districts in question lack sufficient local tax resources. The evidence submitted in Report II shows conclusively that such a contention is erroneous. Many of these districts had considerably better than average capacity to support public education. That is to say, many of these districts had adequate resources measured in terms of assessed valuation per teacher to pay their share of the cost of operating their schools. In point of fact, six of the districts, which received special aid in 1943, were definitely in the upper capacity bracket. These six districts had in excess of \$100,000 of assessed valuation per teacher, a condition which is enjoyed by only 17.6% of all the school districts of this Commonwealth.

There is but one thing all the districts which received special aid in 1943-44 had in common: they were unable to pay their bills and the Commonwealth had to come to their rescue if the schools were to be kept open.

The inability of school districts to pay their bills without special assistance from the State was due to a multiplicity of circumstances. In some cases, the insolvency of the districts was a direct result of the inadequacy of our contemporary school subsidy procedure, the defects of which have been detailed in Report I. In other cases, failure to liquidate contractual obligations was caused by imprudent administration or improper management. Again, in many cases, the financial difficulties of the district are explicable only in terms of refusal on the part of local school directors to face squarely their responsibilities. Whatever may be said in condemnation of this attitude, it must be frankly recognized that it has been encouraged, not to say, systematically fostered by the unreasonable and inequitable financial provisions of the present School Code.

Though some of the districts which received special State aid could have done without it had their affairs been administered more prudently, the granting of aid must not be construed as a reflection upon the judgment of the Superintendent of Public Instruction. Under the present law, the freedom of anticipatory action on the part of the Superintendent is severely delimited. Quite often, the Superintendent has but a choice between granting special aid or facing the closing of some public schools.

The statistical analyses underlying Report II were developed by Dr. T. C. Benton, Dr. Evan Johnson, Jr., Dr. H. L. Krall and Dr. A. Schwartz of the Commission's Technical Staff. The Report was prepared by Dr. Paul H. Wueller, Executive Director of the Commission. However, any and all views expressed in the Report reflect the judgment of the members of the Commission.

GEORGE YOUNG, Chairman

Harrisburg, Pennsylvania
January, 1945.

SUMMARY OF FINDINGS

Every year since 1929, a varying number of school districts which have been unable to pay their bills have received so-called special or emergency grants.

Between 1929 and 1933 these grants were made by the State Council of Education. Since 1933, they have been made by the Superintendent of Public Instruction. The making of any one grant is discretionary with the Superintendent. The grants are financed out of a special legislative appropriation.

Between 1933 and 1943, legislative appropriations for special grants ranged from \$2,000,000 for the biennium 1943-45 to \$5,000,000 for the biennium 1933-35.

The number of school districts applying for special grants ranged from 715 during the school year 1933-34 to 186 during the school year 1942-43. In 1933-34, five hundred and twenty-one of the petitioning districts received aid. In 1942-43, the applications of 167 districts were favorably treated.

The average grant per district ranged from \$4,251 in 1934-35 to \$10,764 in 1942-43.

Over the period 1933 to 1943, school districts in all but five counties (Lancaster, Lebanon, Monroe, Philadelphia, Pike) received special State grants at one time or another.

In 1943-44, a year which was marked by income levels never before attained by the citizens of the Commonwealth, 114 of the Commonwealth's 2,546 school districts, received emergency grants.

Geographically, the grant receiving districts were scattered through 28 of the Commonwealth's 67 counties. Some were located in counties in the western, northern, eastern and southern sections of the State. Some of the counties in the anthracite and bituminous coal regions had more grant receiving school districts than any of the other counties of the State.

The grant receiving districts varied widely as regards size, measured in terms of teachers employed. One district did not employ any teachers. The largest district employed 136 teachers and the average district employed 18 teachers.

Similarly, the districts under review showed marked differences in assessed valuations per teacher. The poorest district, which received special aid had \$7,689 of assessed valuation per teacher, while the richest had \$143,109 per teacher.

The differences in school tax rates are of a similar pattern. The lowest tax rate district levied but 10 mills. The highest levied 50 mills and the average tax rate was 30 mills. All these rates were imposed upon assessments which represent but some fraction of market values. Again, as regards per capita tax rates, variability was the rule rather than the exception. Fifty-three per cent of the districts levied the maximum of \$5.00 permitted by law. The remaining 47% of the districts levied at rates ranging from zero to \$5.00.

The tax collection record of the districts was exceedingly spotty. As regards real estate tax collections, two districts collected less than 25% of the amount levied and 14 districts collected less than 50%. Four districts, however, collected in excess of 96% of their levy. On the whole, the percentage of per capita taxes collected was lower than the percentage of real estate taxes collected. Eight districts collected less than 10% of per capita taxes levied. Nineteen districts collected less than 20% of their levy. Seventy-nine of the districts collected less than 50%.

Broadly speaking, the districts which received special aid in 1943 may be divided into two classes: (1) districts which because of the inadequacies of the present reimbursement system were unable to make ends meet, and (2) districts whose school directors either refused to levy or collect taxes or were unable or unwilling to manage the affairs of their districts in a prudent and economical manner.

Favorable action on the part of the General Assembly upon the reimbursement plan recommended by the School Commission in Report I, "The Distribution of State School Subsidies," would go a long way toward easing the financial situation in those school districts whose "distress" is due to scarcity of taxable resources rather than local unwillingness to tax available resources.

SUMMARY OF RECOMMENDATIONS

The members of the School Commission are unanimously agreed that the existence of so-called "distressed" or "financially handicapped" school districts calls for prompt and effective remedial action on the part of the Members of the General Assembly.

The majority of the members of the Commission are persuaded that though the introduction of the Commission's State School Subsidy Distribution Plan would go a long way toward relieving bonafide distress, legislation is required if the adequate operation of local schools is to be assured at reasonable costs and the interest of the General Fund of the Commonwealth are to be protected.

In view of this conclusion, the majority of the members of the School Commission recommends that:

The General Assembly direct the Department of Public Instruction not to review applications for special aid after July, 1946, unless the petitioning school district submits evidence showing that during the school year preceding the year during which application is made, as well as for the year in which application is made, the petitioning district has levied a school tax rate of 35 mills upon taxable real estate and a school per capita tax of \$5.00 upon every taxable. And further, that the General Assembly direct the Department of Public Instruction not to pay any special aid monies to any one district unless the district gives evidence that it has enforced the collection of per capita school taxes in accordance with all the provisions of existing law.

With a view of preventing the occurrence of so-called "distress" in many of the Commonwealth's school districts, the majority of the Commission further recommends to the General Assembly that it direct the Department of Public Instruction:

(1) to investigate all school districts whose financial condition warrants special attention and consideration.

The financial condition of a school district shall be presumed to warrant special attention, if and when, upon termination of any one school year, the district's temporary loans including book credits exceed 20% of the district's tax collections for that year. However, the Superintendent of Public Instruction may authorize an investigation of school districts even though the above presumption is not established, if in his judgment such an investigation is necessary or desirable.

(2) upon completion of the investigation of any one school district, the Superintendent of Public Instruction, shall submit the findings of such investigation, together with his recommendations regarding changes in financial practice, curricula, and teaching and supervisory staffs to the Board of School Directors of the district concerned.

(3) failure of the school district to act in accordance with the recommendations of the Superintendent of Public Instruction shall make it mandatory upon the Superintendent of Public Instruction to refuse the district any grants from the special aid fund. However, any district shall be privileged to appeal from the decision of the Superintendent of Public Instruction to the Governor of the Commonwealth.

Section I: "Distressed" School Districts: 1929-1943

Special grants to so-called "distressed" school districts made their first appearance in 1929. Between 1929 and 1933, they were awarded by the State Council of Education. Since 1933, they have been administered by the Superintendent of Public Instruction.

The special grant appropriations requested by the Department of Public Instruction, the appropriations made by the General Assembly, the number of applications for special aid received by the Department, the number of districts aided, the amounts allocated to districts and the approximate size of the average grant per district for the decade 1933-1943 are shown in Table 1.

TABLE 1

Special Grant Appropriations Requested and Made, Number of Applications for Special Aid and number of Grants Made; Annual Grant allocations and Size of Average Grant per District, 1933-1943

Appropriations (in thousands) of dollars) Requested Made	Year	No. of Applications for Special Aid	No. of Grants Made	Annual Grant Al- locations (in dol- lars)	Size of Average Grant (in dol- lars)
(1)	(2)	(3)	(4)	(5)	(6)
	5,000	1933-34	715	2,733,004.00*	4,779
		1934-35	611	2,265,877.54	4,251
5,000	4,000	1935-36	475	1,922,879.18	6,263
		1936-37	370	2,065,029.15	6,220
3,000	3,000	1937-38	470	1,609,686.73	4,374
		1938-39	506	1,592,669.05	3,712
4,000	4,500	1939-40	457	2,116,562.48	5,455
		1940-41	400	2,337,140.00	6,983
4,300	3,950	1941-42	270	1,886,945.40	7,986
		1942-43	186	1,797,573.33	10,764

* Includes \$242,954.00 which was paid to 41 districts in lieu of granting permission to reduce teachers' salaries under the provisions of Act 48, passed at the 1933 Session of the General Assembly. These districts are not included in the numbers reported above.

Inspection of Table 1, Col. 4, Col. 5 and Col. 7 shows that there have been marked year to year fluctuations in number of applications, number of grants and size of average grant. In addition, comparison of Col. 5 and Col. 7 indicates that as the number of grants increases, the size of the average grant decreases.

There is no question that both the number of petitions for aid and the number of grants depend in part upon the levels of prosperity prevailing in the Commonwealth.

Table 2, below, has been prepared to bring this relationship into high relief.

TABLE 2

Number of Petitions for Special Aid, Number of Grants and Per Capita Income of Pennsylvanians, 1933-43.

School Year	Number of Petitions	Number of Grants	Per Capita* Income of Pennsylvanians (in dollars)
(1)	(2)	(3)	(4)
1933-34	715	521	408
1934-35	611	533	469
1935-36	475	307	503
1936-37	370	332	580
1937-38	470	368	611
1938-39	506	429	541
1939-40	457	388	589
1940-41	400	349	635
1941-42	270	236	760
1942-43	186	167	894

* Data for 1933-1938 from F. M. Cone, Income Payments by States, "Survey of Current Business", August 1941, pp. 14 and 17. Other data from D. Creamer and C. F. Schwartz, State Income Payments in 1942, "Survey of Current Business", June 1943, pp. 11 and 22.

Though the data in Col. 2 and Col. 3 of Table 2 are for school years, while the data in Col. 4 are for calendar years, the evidence presented forcefully suggests that the level of prosperity, measured in terms of per capita income is a potent determinant of "distress" in many of Pennsylvania's school districts.

It will be shown subsequently, that negative changes in levels of prosperity eventuate into "distress" in many school districts because of two separate and distinct factors. In some cases a decline of income produces a situation that makes it literally impossible to operate local schools without special assistance from the State. In other cases, the decline in income levels, while not disastrous, calls for special State aid because of local failure to meet the challenge of changed circumstances.

It is interesting and instructive to ascertain the location of districts which received special grants and the amount of aid received in different years.

For purposes of study and comparison, three years have been selected, 1933, 1937 and 1942. In 1933, income levels reached an all time low in recent Pennsylvania history. The year 1937 was one of relatively high income. In 1942, Pennsylvania per capita income exceeded the 1929 per capita income of the residents of the Commonwealth by \$136.

Table 3, below, shows: (1) the location, on a county basis, of school districts which received special aid in 1933, 1937 and 1942, (2) the number of districts which received special aid located within different counties, and (3) the total dollar amounts received in the form of special State aid by all the districts located within given counties.

Inspection of Table 3, Col. 1, shows that in either one or several of the years for which data are presented, school districts located in 60 of Pennsylvania's 67 counties received special aid.

As a matter of fact over the period 1933-1942, one or more school districts in all counties save Lancaster, Lebanon, Monroe, Philadelphia and Pike petitioned for and received emergency assistance from the State.

It is interesting to note: (1) the concentrations of "distressed" districts in different counties, and (2) dollar amounts of special grants received by school districts located in different counties.

TABLE 3 Number of Districts which Received Grants and Amounts Received by Districts Located in Different Counties: Selected Years (Concluded)

Name of County	1933-1934		1936-1937		1941-1942	
	Number of Districts Aided	Total Special Aid Received by Districts Located in Counties	Number of Districts Aided	Total Special Aid Received by Districts Located in Counties	Number of Districts Aided	Total Special Aid Received by Districts Located in Counties
(1)	(2)	(3)	(4)	(5)	(6)	(7)
York	3	15,400	1	10,000.00	None	None
Act 48 *	41	242,954	None	None	None	None
Totals	562	\$2,733,004	332	\$2,083,029.15 ** 18,000.00	236	\$1,887,945.40 ** 1,000.00
				\$2,065,029.15		\$1,886,945.40

* The provisions of Act 48, passed at the 1933 session of the General Assembly, permitted school districts to reduce teachers' salaries during the school years 1933-34 and 1934-35 to an amount not less than 90% of the salaries to which they were entitled during the school year 1932-33. The act further provided that districts might reduce salaries below the 90% level with the permission of the Superintendent of Public Instruction. To forty-one districts which applied in the spring of 1934 for permission to reduce salaries below the 90% level, but which were refused this permission, the Superintendent granted an allocation from the special aid fund to compensate for the difference in the amount which the district was able to provide in its own budget, and the amount needed to pay salaries at the 90% level. These allocations totaled \$242,954.00. Grants on the basis of formal applications for special aid were made to 521 different districts during the school year 1933-34 and totaled in amount \$2,490,050.00.

** Grants to districts which refused to accept them under the conditions imposed. These grants were lapsed.

Confining the discussion of concentrations to counties with more than 20 school districts receiving special aid during the school year 1933-34, the following may be observed: (1) in the order of rank, Allegheny (41) was first, Clearfield (30) was second, Cambria (29) third, Westmoreland (28) fourth and Fayette (25) fifth. Beaver and Luzerne with 22 "distressed" districts each competed for the sixth place and Lycoming with 21 was the lowest of the heavy concentration counties.

It may be noted that though these counties are geographically widely scattered (the western part of the State is represented by Beaver, Allegheny, Fayette, Westmoreland; the central portion by Cambria and Clearfield; the northeast by Lycoming and Luzerne) they all have one element in common. Traditionally, many of the residents of these counties rely for a living upon bituminous or anthracite mining.

Table 4, below, shows how the number of "distressed" school districts in heavy concentration counties changed during succeeding years.

TABLE 4

Number of "Distressed" School Districts in Selected Counties: 1933-34, 1936-37, 1941-42

County	Number of "Distressed" School Districts		
	1933-34	1936-37	1941-42
Allegheny	41	16	7
Clearfield	30	19	18
Cambria	29	24	15
Westmoreland	28	13	9
Fayette	25	20	17
Beaver	22	12	2
Luzerne	22	21	14
Lycoming	21	9	10

Inspection of Table 4 shows that the number of "distressed" districts declined in the heavy concentration counties as Pennsylvania income levels improved. In addition, it shows that the decline was by no means uniform. For instance, in Allegheny County, the number of districts which received special aid decreased from 41

in 1933-34 to seven in 1941-42 or about 83%. In Beaver, the number decreased from 22 to two or about 91%. However, in Luzerne, the percentage decrease was but 36 and in Fayette, but 32.

The counties which were marked by heavy concentrations of "distressed" school districts also received the lion's share of the Commonwealth's emergency aid allocations. For instance, in 1933-34, the counties listed in Table 4 received allocations amounting to \$1,368,133 or 50.1% of total allocations. In 1936-37, the school districts in the counties in question received \$939,063 or 45.5% of the total allocations and in 1941-42, they were granted \$543,550 or 28.8% of the allocations.

If the list of heavy concentration counties be expanded to include such other coal producing counties as Carbon, Huntingdon, Lackawanna, Northumberland, Schuylkill and Washington, the amounts allocated to coal producing counties and these amounts as percentages of total emergency aid allocations are as follows:

- (1) in 1933-34: \$1,825,450 or 66.8%,
- (2) in 1936-37: \$1,653,635 or 80.1%,
- (3) in 1941-42: \$1,626,545 or 86.2%.

The above evidence justifies the following conclusions: (1) coal producing counties have a relatively high percentage of "distressed" districts, (2) coal producing counties, as a group, receive the largest percentage share of emergency grants, and (3) in every year throughout the period 1933-1942, coal producing counties had some school districts on the relief rolls.

It may be noted that chronic "distress" is largely confined to the school districts located in the coal regions of the Commonwealth.

In regions not typified by mining activities, "distress" tends to be temporary. For instance, York (see Table 3, above) had three "distressed" districts in 1933-34, one in 1936-37 and none in 1941-42. Union had one "distressed" district in 1933-34, one in 1936-37 but none in 1941-42.

In Snyder County, four districts received aid in 1933-34, two districts were in the same category in 1936-37 and there were none in 1941-42. Four Northampton districts received emergency assistance in 1933-34. However, in 1936-37 and 1941-42, all of Northampton's districts were self-supporting. Mifflin had two "distressed" districts in 1933-34, one in 1936-37 and none in 1941-42. Franklin had three "distressed" districts in 1933-34, one in 1936-37 but none in 1941-42. Crawford had two districts in 1933-34 but all of its districts were solvent in both 1936-37 and 1941-42. Bucks had two "distressed" districts in both 1936-37 and 1936-37 but none in 1941-42. Nine of Berks' districts received special aid in 1933-34, five in 1936-37 but none in 1941-42.

The districts included in the above list were apparently hard hit by the depression. With the active cooperation and guidance of the Department of Public Instruction they had improved their positions by 1937 and in 1941-42, they were again able to finance their operations out of local tax resources and standard State subsidies.

However, further perusal of Table 3 suggests that there is still a third type of district. This type of district apparently managed to weather the worst of the depression only to find itself in difficulties in years marked by relatively high income levels.

For instance, no district in Juniata received special aid in 1933-34. However, five district in that county received emergency aid in 1936-37 and eight districts petitioned the Department successfully in 1941-42. Montour's pattern is similar to that of Juniata. Venango and Wayne had no "distressed" districts in either 1933-34 or 1936-37, but one of the districts in each county received special aid in 1941-42.

Observation of the different patterns of "distress" suggests the following conclusions: (1) some school districts faced with unexpected emergencies find it necessary to petition the Superintendent of Public Instruction for special aid, given financial assistance and the benefit of the guidance of the Department, these districts are usually rehabilitated in a relatively short time, (2) many school districts in the coal counties of the Commonwealth are chronically or repeatedly unable or unwilling to pay their bills without grants from the emergency fund.

In 1943-44, a year marked by unprecedented high income levels, 114 of Pennsylvania's 2,546 school districts were on relief. Many of these districts were located in the coal regions.

The subsequent sections of Report II of the School Commission are devoted to an analysis of the factors responsible for the "distress" in these 114 districts. Such an analysis is imperative if the causes of "distress" are to be removed by the General Assembly.

It is the considered judgment of the members of the School Commission that the problems of relief districts must be attacked and solved. Failure to find a solution now will result in chaos once the War ends and the problems of reconversion and readjustment are thrust upon the community.

Section II: The Characteristics of "Distressed" School Districts: A Close-Up View, 1943-44

During the school year 1943-44, one hundred and fourteen districts located in twenty-eight counties of this

Commonwealth received "special" aid grants in varying amounts out of the \$2,000,000 appropriation made available for the Biennium 1943-45 by the General Assembly, Session of 1943. Out of \$1,213,350 allocated in 1943-44, \$1,023,800 was paid to school districts located in seven coal producing counties—Cambria, Clearfield, Fayette, Lackawanna, Luzerne, Northumberland and Schuylkill,

It is with a view of familiarizing the Members of the General Assembly with the facts of the case that the School Commission submits the following data.

As regards the characteristics of so-called "distressed" school districts, it has often been asserted that all these districts are located in specified sections of the Commonwealth, that they are all small districts, that they all labor under the limitations of low capacity to support public education and that no district has ever received special aid from the State unless and until it has exhausted its own taxable resources. On the basis of the evidence submitted below, the members of the School Commission are persuaded that all these allegations are false.

The Location of "Distressed" School Districts

A glance at the map on the opposite page shows conclusively that "distressed" school districts are not the exclusive problem of any one county or any one region of the Commonwealth.

For instance, out of seven western counties of the State, three (Lawrence, Beaver and Washington) had one "distressed" school district each. Again, of the six northern counties of the Commonwealth, Tioga and Bradford had one "distressed" district each and Susquehanna had two "distressed" districts.

Delaware County in the extreme south sent two successfully petitioning school districts to Harrisburg. As regards centrally located counties, four school districts in Centre County and nine school districts in Clearfield County received grants from the emergency fund.

The best that can be said by way of generalization is that "distressed" school districts tend to appear with relatively high frequency in both the anthracite and the bituminous coal regions. However, even this generalization is subject to limitations. For example, it is generally conceded that Northumberland, Schuylkill, Lackawanna and Carbon Counties are part of the anthracite region. But, while Northumberland had seven distressed districts, Luzerne eight, Lackawanna 11 and Schuylkill nine; in Carbon County but one school district received special aid in 1943-44. Again, Greene, Washington, Allegheny, Westmoreland and Fayette Counties are part of the bituminous coal region. However, eight districts in Fayette County received special aid, three districts in Westmoreland County, four districts in Allegheny County and but one district in Washington County were in the "distressed" category. Not one district in Greene County received any special aid.

The Size of "Distressed" School Districts

It is frequently suggested that inability to pay the bills when they fall due is a unique problem of the small school. Table 5, below, shows that this contention is devoid of factual foundation.

The number of teachers in the 114 "distressed" districts ranged from zero to 136. Twenty-five per cent of

the districts had less than seven teachers and another 25% had more than 39 teachers. The median number of teachers in the districts under review was 18. In other words, "distress" is in no sense a unique characteristic of small districts.

TABLE 5

Distribution of "Distressed" School Districts According to Number of Teachers Reported for Reimbursement Purposes, 1943-44:

Number of Teachers	Number of Districts	Cumulative Number of Districts	Cumulative Percentage Distribution
0	1	1	.88
1- 10	45	46	40.35
11- 20	14	60	52.63
21- 30	14	74	64.91
31- 40	13	87	76.32
41- 50	8	95	83.33
51- 60	5	100	87.72
61- 70	4	104	91.23
71- 80	1	105	92.11
81- 90	1	106	92.98
91-100	3	109	95.61
101-110	2	111	97.37
111-120	1	112	98.25
121-130	1	113	99.12
131-140	1	114	100.00

The number of teachers in the 114 "distressed" districts range from 0 to 136. The median number of teachers in the districts under review was 18.

Another measure of size is the number of pupils in the schools of the district. The smallest district which received special aid in 1943-44 had 15 pupils; the largest, 3,377 pupils and the average number of pupils enrolled in any one of the schools of the "distressed" districts was 1,098.

The Taxable Capacity of "Distressed" School Districts

The taxable capacity, measured in terms of assessed valuation per teacher, of the school districts which received special aid in 1943-44 varies as markedly as their size.

Table 6, below, shows the assessed valuation per teacher of the "distressed" districts, the number of districts which fall within a given assessed valuation per teacher range and the cumulative percentage distribution of "distressed" districts which have less than a given assessed valuation per teacher.

TABLE 6

Distribution of "Distressed" School Districts According to Assessed Valuation per Teacher Employed,* 1943-44:

Assessed Valuation per Teacher (in thousands of dollars)	Number of Districts
0- 10	1
10- 20	18
20- 30	30
30- 40	18
40- 50	11
50- 60	12
60- 70	6
70- 80	6
80- 90	2
90-100	2
100-110	2
110-120	1
120-130	0
130-140	2
140-150	1
	112

* One district did not report and one district did not employ any teachers.

From point of view of assessed valuation per teacher, the districts which employed teachers and received special aid in 1943-44 ranged from \$7,700 to \$143,100. Approximately 17% of the districts had assessed valuations

per teacher of less than \$20,000 and 86% had valuations per teacher of less than \$70,000. However, 5.4% or six districts had in excess of \$100,000 of assessed valuation per teacher. In this connection it may be noted that only 17.6% of all the school districts of this Commonwealth had assessed valuations per teacher above \$100,000. In the light of this evidence, it cannot very well be argued that all the districts which received special aid in 1943-44 suffered from an acute lack of locally taxable resources. The so-called "distress" of some of these districts is explicable only in terms of local unwillingness to levy and collect taxes and inefficient local school management.

In this connection, it is interesting and instructive to compare the percentage of "distressed" districts which have less than specified valuations per teacher with the percentages of all school districts in the State in the same valuation per teacher brackets.

Table 7, below, has been prepared to facilitate such comparison.

TABLE 7

Cumulative Percentages of "Distressed" School Districts and All School Districts With Less Than Specified Valuations per Teacher, 1943-44:

Assessed Valuation per Teacher Less than: (in dollars)	Cumulative Percentages of "Distressed" Districts Receiving "Special" Aid	Cumulative Percentages of All School Districts
25,000	29	12
50,000	70	47
75,000	88	70
100,000	95	82
125,000	99	88
150,000	100	93

Table 7 should be read as follows: In 1943-44, twenty-nine per cent of the districts receiving special aid had assessed valuations per teachers of less than \$25,000. In the same year, twelve per cent of all the school districts in the State had less than \$25,000 of assessed valuation per teacher. Similarly, in 1943-44, seventy per cent of the districts receiving special aid had less than \$50,000 of assessed valuation per teacher and forty-seven per cent of all the school districts had less than \$50,000 of assessed valuation per teacher.

These percentages tell a long story of failure and default.

Twelve per cent of all the districts or 306 districts had less than \$25,000 of assessed valuation. However, out of the 306 districts, only 33 districts received special aid. In other words, there were 273 districts with assessed valuations per teacher of less than \$25,000 which managed to pay their bills without payments from the emergency fund.

Again, Table 7 shows that 95% of the districts or 106 districts, which received special aid in 1943-44 had assessed valuations of less than \$100,000 per teacher. During the same year, 82% of all of the school districts of the Commonwealth or 2,087 had assessed valuations per teacher of less than \$100,000. This is but another way of saying that 1,981 districts of the 2,087 with valuations of less than \$100,000 managed to pay their bills without assistance from the emergency fund.

The above evidence shows conclusively that the "distressed" district problem is not caused exclusively by limited locally taxable resources. The evidence suggests

that the problem is in part created by local unwillingness to make a local tax effort comparable to that of other similarly circumstanced districts.

Local Tax Effort in "Distressed" School Districts

The inference regarding the inadequacy of local tax effort is amply substantiated by an examination of both school taxes locally levied and percentages of locally levied school taxes collected.

The real estate rates (all levied upon assessed valuations which represent but some fraction of the market values of properties) ranged from a low of 10 mills to a high of 50 mills with an average of 30 mills. Of the "distressed" districts, 60.87% levied tax rates in excess of 27 mills and 40.13% levied tax rates of 27 or less. None of these rates are excessive when compared with the rates imposed in districts which managed without special aid.

TABLE 8

School Tax Rates Levied Upon Taxable Real Estate in Districts Which Received Special Aid, 1943-44:

School Tax Rate (in mills)	Number of Districts* Levying Specified Rates	Cumulative Percentage Distribution of Districts Levying Specified Rates
48-52	2	1.74
43-47	4	5.22
38-42	9	13.04
33-37	28	37.39
28-32	27	60.87
23-27	25	82.61
18-22	14	94.78
13-17	5	99.13
8-12	1	100.00
	115	

* 1 joint district; 2 reports

As regards the imposition of per capita taxes, the record of the so-called "financially handicapped" districts is not particularly impressive as Table 9, below, shows.

TABLE 9

Per Capita Taxes Levied by School Districts Which Received Special Aid, 1943-44:

Per Capita Tax Levied (in dollars)	Number of Districts	Cumulative Percentage of Districts
5.00	60	52.63
4.00	10	61.40
3.50	1	62.28
3.00	20	79.82
2.50	8	86.84
2.00	9	94.74
1.00	5	99.12
0.00	1	100.00

Only 60 of the 114 "distressed" school districts or 52.63% levied the maximum per capita tax permitted by law. Twenty-three districts levied less than \$3.00 of per capita tax and one district did not trouble to levy any tax whatsoever.

The picture of local effort is incomplete without a tax collection record. As regards vigorous and energetic attempts to collect school taxes imposed, the showing of many of the so-called "distressed" districts is exceptionally poor. Table 10, below, shows the percentages of real estate school taxes collected by different districts. A glance at Table 10 shows that two districts collected 25% or less of the real estate taxes which they imposed.

TABLE 10

Distribution of "Distressed" Districts According to Percentage Collections of the Real Estate Tax, 1943-44:

Percentage of Real Estate Tax Collected	Number of Districts
1- 25	2
26- 50	12
51- 55	5
56- 60	3
61- 65	10
66- 70	6
71- 75	9
76- 80	13
81- 85	14
86- 90	21
91- 95	15
96-100	4
	114

Twelve districts collected between 26% and 50% of the real estate taxes levied. Taking the districts as a group, 74 of the 114 districts, or 64.9% collected less than 85% of the real estate taxes levied.

Table 11, below, indicates that some "distressed" school districts made virtually no effort to collect their per capita taxes.

Table 11 shows that but 35 of the 114 districts which received special aid in 1943-44, collected better than 50% of their per capita school taxes. Eight districts collected less than 10%, 11 districts collected between 11% and 20%, and 25 districts collected between 21% and 30%.

TABLE 11

Distribution of "Distressed" Districts According to Percentage Collections of the Per Capita Tax, 1943-44:

Percentage of Per Capita Taxes Collected	Number of Districts
0- 10	8
11- 20	11
21- 30	25
31- 40	20
41- 50	15
51- 60	16
61- 70	10
71- 80	5
81- 90	4
91-100	0
	114

These low collection percentages show beyond a shadow of a doubt that the school districts concerned refused to do their part toward the financing of their public schools. It is common knowledge that the years 1943 and 1944 were marked by income levels never before reached in Pennsylvania. With pay envelopes bulging and the ever-present threat of inflation, the school directors in the districts concerned might have directed the tax collector to certify the tax for collection to the employers of their taxables.

Section III: Major Factors Responsible for the Financial Condition of "Distressed" School Districts

Upon analysis of all the pertinent data, the members of the School Commission have come to the conclusion that the major factors responsible for the existence of "distressed" school districts are: (1) absence of locally taxable resources not adequately compensated for by currently used reimbursement procedures, (2) an unwillingness on the part of local school directors to make a reasonable tax effort.

These two factors which stand out upon examination of the evidence submitted in Section II, above, are brought

into high relief when the situation in selected school districts which received State grants in 1943-44 is examined in detail.

In order to acquaint the Members of the General Assembly with the significant details, the Technical Staff of the Commission has prepared Table 12.

TABLE 12

Assessed Valuation per Teacher, Special Aid Grants, Accumulated Deficit and Difference between Real Estate Tax Actually Collected and Collectible at a Tax Rate of 35 Mills

Name of County and District (1)	Assessed Valuation per Teacher (in thousands of dollars) (2)	Special Aid (3)	Accumulated Deficit (4)	Special Aid Plus Deficit (5)	Difference Between Yield of Tax Imposed and 35 Mill Tax (6)

* In Huntingdon County, Logan township and Petersburg boro, operate a joint high school.

Table 12 shows, for all so-called "financially handicapped" districts, which levied 25 mills or less upon taxable real estate for school purposes, the following information: (1) name of district and the county in which it is located, (2) the assessed valuation per teacher actually employed, (3) the amount of special aid grants received by the district in 1943-44, (4) the accumulated deficit of the district, (5) the sum of (3) and (4), and (6) the difference between actual real estate tax collections in the district and possible tax collections, assuming a rate of 35 mills on taxable real estate and the same collection fraction which applies to taxes actually levied.

Inspection of Cols. 3, 4, 5 and 6, justified the following conclusions:

(1) out of the 38 "distressed" school districts which levied 25 mills or less upon locally taxable real estate (assessed at various fractions of market value) nine districts could have liquidated in one single year, their deficit, in many cases accumulated over a period of several years (Col. 4) and raised additional amounts equal to or in excess of special State aid received in 1943-44 (Col. 3), if they had levied 35 mills upon taxable real estate; provided the rate of collection under the increased millage had been the same as the collection rate of the taxes actually levied. For instance, Braddock Township in Allegheny County actually levied 25 mills upon real estate and collected 65% of the amount levied. If Braddock had levied 35 mills and collected 65% of the amount due upon imposition of that millage, it would have collected additional local realty taxes in the amount of \$6,181. However, special aid (Col. 3) plus the accumulated deficit (Col. 4) amounted to but \$3,632 (Col. 5), which means that Braddock by levying 35 mills could have had a "surplus" of \$2,549.

(2) Again, 15 of the 38 "distressed" districts which levied 25 mills or less could have done without special State aid and liquidated part of their accumulated deficits in one year, if they had levied 35 mills. For example, Lincoln Township in Allegheny County levied 24 mills and collected 88% of its levy. Had Lincoln levied 35 mills and collected 88% of the amount due, it would have obtained \$3,914 (Col. 6) in additional taxes. This additional amount could have been substituted for special State aid in the amount of \$2,500 (Col. 3). Such substitution would still have left \$1,414 which could have been used to reduce the accumulated deficit of \$3,345 (Col. 4). It goes without saying that an energetic tax effort over several years would have permitted Lincoln to pay its bill in full and liquidate its accumulated deficit.

(3) However, 14 out of the 38 districts under review could not have raised enough to equal the amounts granted in the form of special State aid, even if they had levied 35 mills. For instance, Burnside Township in Centre County levied 20 mills and collected 53% of the amount levied. Even if Burnside had levied 35 mills, collected at the rate of 53%, it would have obtained additional taxes only in the amount of \$375. Burnside, however, was granted

\$800 of special State aid by the Superintendent of Public Instruction to keep its school open.

It is instructive to compare the taxable capacity, measured in terms of assessed valuation per teacher of the three classes of "distressed" school districts discussed above.

As regards the districts which could have paid their bills and liquidated their accumulated deficits in one single year, it may be observed that their assessed valuations per teacher (Col. 2) ranged from \$28,000 in Saxton-Liberty (Bedford County) to \$116,000 in Braddock (Allegheny County). The average (median) assessed valuation per teacher was \$51,000.

Relative to the districts which could have paid their bills and liquidated their accumulated deficits over a period of years it is to be noted that their assessed valuations per teacher (Col. 2) ranged from \$16,000 in Saltillo (Huntingdon County) to \$143,000 in Hopewell (Huntingdon County). The average (median) assessed valuation per teacher for this group of school districts was \$43,000.

In other words, the average valuation per teacher in the School districts belonging to the second group was lower than that of the districts in the first group.

Relative to the capacity of those districts which could not have raised the amounts which they received in the form of special State aid even if they had levied 35 mills, the evidence shows that though their assessed valuations per teacher (Col. 2) ranged from \$12,000 for Newburg (Clearfield County) to \$108,000 for Susquehanna (Lycoming County), their average (median) valuation per teacher was but \$22,000.

In the judgment of the members of the School Commission, the above case study of 38 "financially handicapped" school districts reinforces and strengthens the conclusions reached on the basis of the over-all picture of the "distressed" school districts presented in Section II of this report.

There is no doubt in the minds of the members of the Commission that many of the school districts which received special State aid in 1943-44 could have managed without it, if their school directors had taken pains to administer their affairs in a prudent and businesslike manner. It is a sad commentary upon the attitude of some school directors, the alertness of some school administrations and the civic spirit of the citizenry that some school districts refuse to make a reasonable local effort to support their public schools.

The members of the School Commission are agreed that the situation calls for prompt remedial action on the part of the General Assembly. The majority of the members are persuaded that the General Assembly should: (1) make it mandatory upon school districts to meet specified conditions before they can qualify for special State aid and (2) direct the Superintendent of Public Instruction to investigate and advise school districts whose financial conditions warrant attention.

At present the Superintendent has no authority either to investigate or advise school districts until and unless they petition for special State aid. This situation is unsatisfactory, because at the time when a district petitions for special aid, its financial position is often so precarious

that the Superintendent of Public Instruction is virtually compelled to grant aid if the district's pupils are to continue to go to school.

Anticipatory investigation and action would go a long way toward preventing crucial situations in many of the school districts.

However, preventive action on the part of the Superintendent of Public Instruction, no matter how carefully planned or meticulously executed cannot improve the basic structure of our contemporary reimbursement system.

Unless the contemporary reimbursement system is redesigned by the General Assembly, inadequate school facilities and oppressive local taxes will continue to rest heavily upon the less fortunate districts of this Commonwealth.

Section IV: The School Commission's State School Subsidy Distribution Plan and the Rehabilitation of "Financially Handicapped" School Districts

Though any strengthening of the sense of local responsibility would eliminate so-called "distress" in many school districts, the stark fact remains that those school districts which are actually "financially handicapped" by virtue of low valuations will continue to show signs of "distress" unless our State school subsidy distribution system is changed.

Among the many defects of our present reimbursement system, which have been detailed elsewhere,¹ two have a particularly acute impact upon financially handicapped school districts: (1) the method of determining a district's valuation per teacher and (2) failure of the present system to provide adequately for districts whose valuations per teacher or teaching unit are substantially below \$50,000.

Table 13, below, has been prepared to illustrate and substantiate these two contentions.

The "number of resident teaching units" (Col. 2) in the above table has been computed by dividing by 28, the number of pupils who attend the district's public schools and whose parents or guardians reside within that district. The "number of district's teaching units" (Col. 3) has been computed by dividing by 28, the number of pupils whose parents or guardians reside within the district, regardless of whether these pupils attend the district's public schools or the public schools of some other district.

Twenty-eight is the pupil-teacher ratio recommended by the School Commission in Report I for State reimbursement computation purposes.

Analysis of Table 13 indicates that computation of State reimbursement on the basis of the number of teaching units operated by a district rather than on the basis of the number of teaching units for which a district is financially responsible tends to discriminate against the less fortunate districts.

For instance, if the assessed valuation per teaching unit is computed on the basis of resident teaching units (Col. 2) 73 school districts have assessed valuations of less than \$50,000. However, if the assessed valuation per teaching unit is computed on the basis of a district's total teaching units (Col. 3), that is, on the basis of all the teaching units for which the district is financially responsible, 82 districts have assessed valuations of less than \$50,000. In other words, by virtue of a shift in the capacity computation basis from responsibility to operation, the number of teaching units which must be locally supported on assessed valuations of less than \$50,000 increases approximately 12%.

It goes without saying that a reimbursement system under which local capacity to support public education is determined by reference to teaching units operated accentuates the plight of the poorer districts.

The irrational capacity computation basis which is currently used has forced some of the districts under review into the distressed category.

Another factor which tends to generate bonafide distress in some school districts resides in the fact that the present reimbursement scheme² does not provide for increased State school subsidies as a district's assessed valuation per teaching unit falls progressively below \$50,000. As inspection of Col. 3 indicates, 20 of the 114 districts which received special aid in 1943-44 had to depend for local support on less than \$20,000 of assessed valuation per teaching unit for which they were responsible.

The Commission's reimbursement plan,³ if favorably acted upon by the General Assembly would eliminate the above mentioned causes of distress. Under the Commission Plan, State reimbursement is computed on the basis of the teaching units for which a district is financially responsible regardless of whether the pupils constituting the teaching units are enrolled in the district's own public schools or in the public schools of some other district.

Again, under the Commission Plan, State reimbursements increase as local capacity to support public education decreases.

However, the members of the School Commission are duty bound to point out, that though their reimbursement plan, if favorably acted upon by the General Assembly, would contribute substantially toward the rehabilitation of financially handicapped districts; the total elimination of "distressed" districts cannot be anticipated in the immediate future, unless the sense of local responsibility as well as local tax effort are materially improved.

Analysis of Table 14, below, substantiates this contention.

² For details see, The School Commission, op. cit., Section II.

³ See. Ibid., Section III.

Table 14 presents the following information for a western, a central and an eastern county (1) names of school districts which received special State aid in 1943-44 (Col. 1), (2) State subsidies to districts in 1943-44 on account of instructional salaries, including increments and temporary cost of living increases (Col. 2), (3) State subsidy on account of resident instruction under the School Commission plan (Col. 3), (4) increase or decrease in State subsidy for resident instruction under the School Commission Plan (Col. 4), (5) amount of special State grants received in 1943-44 (Col. 5), (6) State grants on account of closed schools; (Col. 6) and (7) the difference between the sum of the amounts in Col. 2 plus Col. 5 plus Col. 6 and the amount in Col. 3 (Col. 7).

Table 14 should be read as follows: In 1933-44, the

school district of Menallen Township in Fayette County (Col. 1) received \$28,525 (Col. 2) from the Commonwealth on account of instructional salaries including the temporary cost of living increase. If the School Commission's Plan had been in effect in 1943-44, Menallen would have received \$43,448 (Col. 3) on account of resident instruction of district pupils. This would have represented an increase of \$14,923 (Col. 4). However, Menallen received a special grant of \$10,000 (Col. 5) in 1943-44 plus \$1,200 (Col. 6) for six permanently closed one-room schools. Nevertheless, the sum of the State appropriations to Menallen on account of instructional salaries, special grants and closed schools was \$3,723 less (Col. 7) than the sum it would have received on account of resident instruction alone, if the School Commission Plan had been in effect in 1943-44.

Winton	50,450	65,583	15,133	35,000	—19,867

It is instructive to compare the reimbursement position on account of resident instruction of the school districts in Fayette, Centre and Lackawanna counties under present procedures (Col. 2) and under the Commission Plan (Col. 3).

In Fayette County, seven of the eight school districts which received special aid in 1943-44 would have received more under the Commission Plan. The increases range from \$6,227 in Point Marion to \$72,241 in Redstone.

In Centre County, all four of the distressed districts would have received greater State subsidies under the Commission Plan. The increases range from \$31 for Burnside to \$4,638 for Rush.

However, in Lackawanna, the situation is markedly different. Out of 11 districts which received special aid

in 1943-44, only seven would have obtained larger appropriations on account of resident instruction under the Commission Plan. The increases range from \$1,454 for Archbald to \$26,951 for Dunmore.

Comparable differences are observed if the amounts which the districts under review received under all accounts listed in Table 14 and the amounts which they would have received if the Commission Plan had been in effect in 1943-44 are compared (see Col. 7).

Three major factors are responsible for the observed difference in any one district's reimbursement position under present procedures and the Commissions Plan: (1) the assessed-market value ratios now certified by different districts, tax rates now in effect and percentage of taxes collected, (2) the pupil-teacher ratio which obtains

in different districts, and (3) the relative number of "ghost" teachers in different districts.

As regards the effect of these factors upon a district's improvement under the Commission's Reimbursement Plan, the following may be noted: (1) the lower the assessed-market value ratios now certified, the greater the improvement in a district's reimbursement position under the Commission Plan; (2) the higher a district's current pupil-teacher ratio, the more marked its improvement under the Commission Plan, and (3) the lower a district's percentage of "ghost" teachers (that is, teachers who formerly taught in one-room schools which have been closed permanently but for whom, the district continues to be credited for reimbursement bracket determination purposes), the greater the improvement in its reimbursement position under the Commission Plan.

Table 15, below, has been prepared to facilitate the evaluation of these factors as regards the relative reimbursement position of the school districts listed in Table 14, under present procedures and under the School Commission Plan.

Col. 1 of Table 15 lists the names of the districts, Col. 2

is a reproduction of Col. 7 in Table 14, Col. 3 in Table 15 shows the pupil-teacher ratios in terms of enrollment of the districts listed in Col. 1, Col. 4 shows the real estate tax in mills, Col. 5, the percentage of real estate tax collected, Col. 6 presents per capita tax levied and Col. 7 shows the percentage of per capita tax collected by the districts listed in Col. 1.

As regards the situation in Fayette County, it may be noted that out of eight "distressed" districts, only two (Point Marion and Upper Tyrone) would have received less on account of resident instruction under the Commission Plan than they received under currently used procedures, including payments on accounts of closed schools.

As inspection of Col. 3 indicates, this fact is largely explained in terms of the relatively low pupil-teacher ratios which obtained in Point Marion and Upper Tyrone. Point Marion had a pupil-teacher ratio of 23.8 and Upper Tyrone operated on a pupil-teacher ratio of but 20.6. These ratios are lower than the pupil-teacher ratios in any of the other "distressed" districts in Fayette County.

Vandling	— 6,834	15.2	33	47	No Levy	No Levy
Winton	—19,867	25.7	45	47	5.00	8

Relative to Centre County, it may be observed that but one school district (Burnside) would have received less under the Commission's Plan than it received under present procedures.

Inspection of Col. 3 shows that Burnside had a pupil-teacher ratio of 18.3, the lowest ratio of any of the "distressed" districts in Centre County. Again, inspection of Col. 4 and Col. 5 shows that Burnside levied the lowest real estate tax and collected the lowest fraction of the

amount levied. Col. 7 shows that though Burnside levied the maximum per capita tax permitted under the law, it collected less than half as much of this levy as any of the other "distressed" districts in Centre County.

The situation in Lackawanna is drastically different. In Lackawanna County, all districts would receive less under the Commission's Plan than they receive under currently used procedures. Lackawanna's position is explicable in terms of several sets of facts.

In the first place, Lackawanna has an unusually large number of "ghost" teachers when compared with Fayette and Centre. The percentages: "ghost" teachers to number of teachers used for reimbursement purposes are: Fayette, 7%; Centre, 11%; Lackawanna, 24%.

Second as regards pupil-teacher ratios, Lackawanna ranks low. In 1943-44, the average pupil-teacher ratios for the "distressed" districts in the three counties under review were: Fayette, 28.1; Centre, 23.8; Lackawanna, 22.5.

Again, while the "distressed" school districts in Lackawanna County levied relatively heavy real estate taxes (see Table 15, Col. 4) they collected but small percentages of the amounts levied (Col. 5).

The poor collection record with respect to real estate taxes in Lackawanna County is due to two major factors: (1) unwillingness of school directors to press collection, and (2) plant and mine abandonments.

Inspection of Cols. 6 and 7 shows conclusively that many of the school directors of the "distressed" districts in Lackawanna County did not levy the per capita taxes warranted by the financial condition of their districts and that some school boards made virtually no effort to enforce the collection of the per capita taxes levied.

In the light of the evidence presented, the members of the School Commission conclude that the "distressed" school district problem must be simultaneously attacked by means of a new State school subsidy system and an infiltration of a sense of local responsibility.

A new, more adequate and more equitable reimbursement system will not solve the problem unless local districts can be induced to contribute toward the maintenance of their public schools in accordance with their respective capacities.

TEACHERS' SALARIES AND THE COMMISSION'S SCHOOL SUBSIDY PLAN

REPORT III OF THE SCHOOL COMMISSION

to

THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA

FEBRUARY, 1945

THE SCHOOL COMMISSION

Created by Act 278, Session of 1943

George Young, Chairman

Honorable D. Raymond Sollenberger, Vice-Chairman

Senator Frederick L. Homsher, Secretary-Treasurer

Senate Members

Clarence D. Becker
Edward J. Coleman

Mrs. Florence D. Haller

Mrs. Edwin F. Yarnall

Paul H. Wueller, Executive Director

LETTER OF TRANSMITTAL

To the Members of the General Assembly of the Commonwealth of Pennsylvania:

Pursuant to the provisions of Act 278, Section 2, we submit herewith, Report III, which deals with "Teachers' Salaries and the Commission's School Subsidy Plan" and the recommendations of the majority of the members of the Commission relating to necessary modifications in minimum salary schedules and in the method of imposing and collecting the school per capita tax.

The statistical analyses underlying Report III were developed by Dr. T. C. Benton, Dr. Evan Johnson, Jr., and Dr. H. L. Krall all of the Commission's Technical Staff. The Report was prepared by Dr. Paul H. Wueller, Executive Director of the Commission. However, any and all views expressed in the Report reflect the judgment of the members of the Commission.

GEORGE YOUNG, Chairman

Harrisburg, Pennsylvania

February, 1945.

SUMMARY OF FINDINGS

Average salaries of teachers in all school districts have increased over the last decade but percentage increases in salaries have not been uniform in different classes of districts.

Though there are still marked and unjustifiable differences in average salaries in different classes of districts, differentials in salaries paid have tended to decrease. In 1934 the average salary of a teacher in a fourth class district was but 39.1% of the average salary of a teacher in a first class district. But in 1944, the average salary of teachers in fourth class districts was 50% of the average salary in first class districts.

The differences in average salaries are due in part to differences in State mandated minimum salaries.

Over the years and in spite of salary increases, the income level of Pennsylvania teachers has been below the income level of the average Pennsylvania family. In 1933-34, the average salary of all teachers was about 20% above average per family income, exclusive of investment income. In 1936-37, the average salary of all teachers was about 11% below per family income and in 1941-42, it was about 32% below the income of the average Pennsylvania family.

Although teachers' salary levels have been below per family income levels, salaries of teachers have been more stable over the years than incomes of Pennsylvanians. In addition, teachers enjoy the benefits of certain valuable considerations not shared by the community at large, such as, job security and a relatively short working year. However, these advantages are offset by the fact that the compulsory preparation period of teachers is longer than that of the average citizen. For 50.9% of Pennsylvania's teachers have completed four years of college or more, whereas an estimated 2.4% of all Pennsylvanians have graduated from college.

Teachers appear to place a relatively high value upon the non-monetary compensations associated with their calling. Between 1932 and 1941, (the latter, the year that marks the beginning of a legislative policy aimed at increasing minimum salaries in fourth class districts) the average number of years of service of all teachers increased from 9.01 years to 13.65 years. In first class districts the number of years of service rendered increased from 14.98 to 20.15 and in fourth class districts from 7.01 to 10.42.

The striking and unjustifiable differences in teachers' salaries prevent the realization of the principle: equal

educational opportunities for all. Moreover the low salary scale in 2,245 of Pennsylvania's 2,546 school districts makes the teaching profession unattractive to many potentially qualified people.

Under the Commission's State School Reimbursement Plan, providing for a maximum of \$1,700, a minimum subsidy of \$600, a computation millage of .005 and a pupil-teacher ratio of 28, the mandated minimum salaries of the lowest paid teachers can and should be increased.

If an improvement in minimum salaries is to be accompanied by a lowering of real estate school tax rates in the smaller school districts, the per capita tax must be changed in order to assure both: wider application of the levy and adequacy of collection.

SUMMARY OF RECOMMENDATIONS

The members of the School Commission are agreed that the payment of adequate salaries is essential if the children of Pennsylvanians are to be assured of qualified and socially adjusted teachers.

To facilitate the employment and retention of good teachers in all classes of school districts, to lessen unjustifiable differentials between the salaries of elementary teachers and to assure excellent elementary teachers in third and fourth class districts of more adequate remuneration, the majority of the members of the School Commission recommends to the General Assembly that legislation be enacted providing that: (1) all teachers be rated annually by reference to a point system, (2) the size of the annual mandated minimum increment payable to a teacher be made to depend upon his efficiency rating and (3) one single salary schedule be established for fourth and third class districts, such schedule to apply to both elementary and secondary teachers.

Specifically, the majority of the members of the School Commission recommends that the General Assembly direct the Superintendent of Public Instruction to establish an efficiency rating system, by reference to which the services of all certificated personnel employed in all classes of school districts are to be evaluated once annually.

The efficiency rating system shall be a point system assigning a maximum number of points to such characteristics of a teacher as, in the judgment of the Superintendent, bear pertinently upon his efficiency; provided, however, that no credit points are to be given for the teacher's formal or scholastic education. The total number of points assignable to any teacher shall be one hundred.

It shall be mandatory upon principals to rate all teachers under their jurisdiction, once annually, on the basis of the rating system established by the Superintendent of Public Instruction. The ratings made by principals shall be reviewed and, if the facts warrant such action, revised by county or district superintendents of proper jurisdiction. In the event that principals and superintendents fail to agree upon the efficiency rating of a teacher the case shall be referred for final determination to the board of school directors employing the teacher. Similarly, any teacher aggrieved by the rating of his principals as reviewed and approved by the county or district superintendent, shall have the right to appeal to the board of school directors or board of education which

employs him. The decision of the Board shall be final. Teachers earning less than sixty credit points in any one year shall not be entitled to an increment during that year. Teachers earning between sixty and up to, but not including ninety credit points in any one year shall be entitled to one-half increment. Teachers earning ninety credit points or more shall be entitled to the full increment.

As regards changes in mandated minimum entry salaries and mandated minimum increments, the majority of the School Commission recommends:

(1) First Class Districts:

(a) increase the minimum entry salary of an elementary teacher from \$1,200 to \$1,400, and provide for ten annual increments of \$115 each; the full increment of \$115 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(b) increase the minimum entry salary of junior high school teachers from \$1,800 to \$2,000, and provide for ten annual increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who earned between sixty and ninety credit points.

(c) high school teachers, increase the minimum entry salary from \$1,800 to \$2,000 and provide for ten annual increments of \$140 each; the full increment of \$140 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(d) supervisors, increase the minimum entry salary from \$1,800 to \$2,000, and provide for ten annual increments of \$100 each; the full increment of \$100 to be payable to a supervisor who earned ninety or more credit points, and one-half of the increment to be payable to a supervisor who has earned between sixty and ninety credit points.

(e) elementary principals, increase the minimum entry salary from \$2,100 to \$2,250, and provide for ten annual increments of \$175 each.

(f) retain the minimum entry salary of \$4,000 for high school principals, but provide for ten annual increments of \$100 each.

(2) Second Class Districts:

(a) increase the minimum entry salary of elementary teachers from \$1,000 to \$1,400, and provide for six annual increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(b) high school teachers, increase the minimum entry salary from \$1,400 to \$1,600, and provide for eight annual increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(c) supervisors, increase the minimum entry salary from \$1,400 to \$1,600, and provide for eight annual increments of \$100 each; the full increment of \$100 to be payable to a supervisor who earned ninety or more credit points, and one-half of the increment to be payable to a supervisor who has earned between sixty and ninety credit points.

(d) elementary principals, increase the minimum entry salary from \$1,600 to \$1,800, and provide for eight annual increments of \$100 each.

(e) high school principals, retain the minimum entry salary of \$3,000, but provide for eight increments of \$125.

(f) district superintendents, retain the present salary of \$5,000 per year.

(3) Third Class Districts:

(a) establish single salary schedule for both elementary and high school teachers, providing for a minimum entry salary of \$1,400 and four annual increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(b) supervisors, increase the minimum entry salary from \$1,200 to \$1,500, and provide for four increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a supervisor who has earned between sixty and ninety credit points.

(c) elementary principals, increase the minimum entry salary from \$1,400 to \$1,600, and provide for four annual increments of \$100 each.

(d) high school principals, increase the minimum entry salary from \$2,000 to \$2,100, and provide for four annual increments of \$125 each.

(e) district superintendents, retain the present salary schedule of \$3,500 per year.

(4) Fourth Class Districts:

(a) establish a single salary schedule for elementary and high school teachers, providing for a minimum entry salary of \$1,400 and four annual increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

The minimum salary schedules recommended by the majority of the Commission shall be effective in the school year beginning in 1945, but no teacher may receive less than the mandated minimum salary including mandated increments and the cost of living increase to which he was entitled under the provisions of the existing School Code during the school year ending in 1945.

In order to make it financially possible for school districts to reward exceptional teachers for meritorious services and to ease the pressure of school taxes upon homes, farms, factories and mines, the majority of the members of the School Commission recommend that the form of the present school per capita tax be changed.

To facilitate a change in the form of the school per capita tax without increasing the burden of this levy upon the relatively small number of Pennsylvanians who are now subject to the maximum per capita tax authorized by law and the still smaller number of citizens who do not own real estate but pay the tax imposed in accordance with present law, the majority of the members of the School Commission recommend that the General Assembly change the form of the per capita tax by legislation stipulating that: (1) all school districts, regardless of classification, impose a tax of \$10.00 upon every gainfully employed person, (2) the County Treasurer collect the tax from every self-employed natural person, (3) in the case of employed persons, it shall be mandatory upon employers to withhold the tax in equal installments from wages and salaries, the employer to remit the amount of tax withheld to the County Treasurer, (4) in the case of taxes withheld from taxpayers who are not residents of the county, the County Treasurer shall transfer the monies remitted to the Treasurer of the county in which the taxpayer resides.

As regards the distribution of the monies collected by the County Treasurer, the majority of the members of the School Commission recommend that the General Assembly direct: (1) the Superintendent of Public Instruction to furnish annually, to each County Treasurer a statement showing, for each school district within a given county, the fraction: number of pupils in average daily membership for whose maintenance in some public school the district is financially responsible divided by the total number of pupils in average daily membership in the public schools of the school districts located within the county, (2) the County Treasurer to distribute annually the proceeds of the school tax upon gainfully employed persons among the school districts of the county in accordance with fraction certified to him by the Superintendent of Public Instruction.

Section I: The Economic Position of Teachers

The economic position of teachers and supervisors may be conveniently approximated in terms of: (1) the legislative guarantees regarding mandated minimum salaries, security of tenure and retirement allowances, (2) the average salaries which school personnel commands at different times, (3) the relationship between average salaries and income levels prevailing in the community at large and (4) the number of years in service rendered by the average teacher.

Different sets of evidence illuminate different facets of the problem under review.

Legislative guarantees reflect the judgments of the General Assembly with respect to minimum economic opportunities which teachers ought to enjoy and which every community can afford to make available to members of the teaching and supervisory staffs of the public schools. Average salaries reflect the economic strength of teachers. Average salaries related to the average income of the community at large indicates the relative economic position of the teacher within the community. The number of years of service rendered by the average teacher reflects both the teacher's appraisal of his relative economic position and the absence or presence—in the judgment of the teacher—of more attractive alternative employment opportunities.

Legislative Guarantees

Pennsylvania's 60,147¹ teachers enjoy the security of State mandated tenure, a State retirement system whose premiums they pay to the extent of 25% and State mandated minimum salaries.

As regards minimum salaries, it may be observed that only 24 of the 48 states of the Union make the payment of specified minimum salaries mandatory upon local school districts.

The minimum salaries mandated by the Legislatures of different states cannot be directly compared, because states differ widely as regards prevailing welfare levels. If meaningful comparisons of mandated minimum salaries are to be made, minimum salaries must be expressed as percentages of some measure (such as estimated income per family) of the levels of economic well-being which obtain in different states.

Table 1 shows weighted mandated minimum salaries of teachers as percentages of estimated per family income, exclusive of investment income, in all states having mandated minimum salaries.

Table 1, col. 2 shows mandated minimum salaries for teachers holding the lowest grade of certificate, when expressed as percentages of the estimated per family income prevailing in the state in which they are employed. It will be observed that these percentages range from 8.0 in Mississippi to 66 in Delaware. In Pennsylvania the weighted average percentage is 49. In only five of the 24 states providing for minimum salaries are these salaries higher than in the Commonwealth when expressed as fractions of per family income.

Inspection of col. 3 shows that mandated minimum salaries for secondary teachers, when expressed as fractions of estimated per family income, range from 13% in Mississippi to 80% in Colorado. For Pennsylvania, the weighted average ratio is 64%.

Again, in only four of the twenty-four states which provide for minimum salaries are these minima higher than in Pennsylvania, when expressed as fractions of estimated per family income.

Table 1¹

Mandated Minimum Salaries of Teachers as Percentages of Estimated per Family Income Exclusive of Investment Income, 1942

Name of State	Mandated Minimum Salaries of Teachers as Percentages of Estimated Per Family Income

² Represents averages weighted by number of teachers employed by different classes of districts in 1942.

³ Exclusive of Milwaukee.

It is instructive to compare cols. 2 and 3. On the basis of such a comparison, it appears that ten (California, Delaware, Iowa, Massachusetts, New Jersey, North Dakota, Oregon, Rhode Island, Washington, Wisconsin) of the twenty-four minimum salary states provide the same minimum salaries for both white elementary and white secondary teachers. This is but another way of saying that more than one-third of the minimum salary states use what is commonly known as the single salary schedule. Many of the single salary schedule states have recently shifted to this single standard.

The change from double to single schedule is in accord with recent developments and trends of thought. There is no longer any significant difference in the certification requirements of elementary and secondary teachers. In addition, it is increasingly believed that the job of the elementary teacher is more arduous than that of the high school teacher.

Table 2, below, shows Pennsylvania's mandated minimum salaries and increments by type of position and class of school districts.

Table 2 should be read as follows: in the two first class school districts of the Commonwealth, the minimum annual salary of an elementary teacher is \$1,200; an elementary teacher is entitled to 12 increments of \$100 each which means that during his thirteenth year of service, the elementary teacher in a first class district

must be paid an annual salary of at least \$2,400.

Analysis of Table 2 shows that the School Code mandates: (1) widely differing salaries for the same type of teacher, operating in different classes of school districts and (2) considerably differing salaries for elementary and secondary teachers employed by the same school district.

For instance, during his thirteenth year of service, an elementary teacher in a first class district must be paid an annual salary of at least \$2,400. However, an elementary teacher employed by a fourth class district need be paid but \$1,100.

Again, upon conclusion of eight years of service, an elementary teacher in a second class district must receive a minimum annual salary of \$1,800 but a secondary teacher is entitled to \$2,200.

It is the judgment of the members of the School Commission that both the large differentials among school districts as well as the differentials between the salaries of elementary and secondary teachers are unjustifiable.

As regards the differentials among districts, it may be observed that these differences are often "justified" by reference to the alleged differences in cost of living. It may be noted that the proponents of this argument are prone to greatly exaggerate cost of living differences. The evidence before the Commission indicates that, small isolated settlements aside, differences in cost of living do not normally exceed 10%. The mandated minimum salary plus increments of an elementary teacher in a third class school district is \$1,400. The mandated minimum salary plus increments of the same type of teacher in a first class district is \$2,400. In other words, the teacher working in a first class school district is paid a salary 71% in excess of that paid to the teacher in a third class district, though the difference in cost of living in the two districts does not generally exceed 10%.

Table 2

Mandated Minimum Salaries and Increments, Exclusive of Temporary Cost of Living Increase, of Teachers and Supervisors in Pennsylvania

Class of District	Population Range	Number of Dis- tricts	Minimum Salaries By Type of Position	Annual Incre- ments	Number of Incre- ments	Minimum Salary + Incre- ments	
(1)	(2)	(3)	(4)	(5)	(6)	(7)	
First	500,000	2	Elementary	\$1,200	\$100.00	12	\$2,400 ¹
			Jr. High School	1,800	125.00	8	2,800
			High School	1,800	175.00	8	3,200 ²
			Supervisors	1,800	125.00	8	2,800
			Elementary Principals	2,100	237.50	8	4,000
			Jr. High School and High School Principals	4,000	250.00	4	5,000
			Second	30,000 but less than 500,000	20	Elementary	1,000
			High School	1,400	100.00	8	2,200
			Supervisors	1,400	100.00	8	2,200
			Elementary Principals	1,600	100.00	8	2,400
			High School Principals	3,000	125.00	8	4,000
			Superintendents	5,000	None	None	5,000
Third	5,000 but less than 30,000	279	Elementary	1,000	100.00	4	1,400
			High School	1,200	100.00	4	1,600
			Supervisors	1,200	100.00	4	1,600
			Elementary Principals	1,400	100.00	4	1,800

¹ The last two increments of \$100 were mandated by Act 360, Session of 1943.

² Provided that subject to regulations by the State Council of Education and such regulations as the local board of education may prescribe, the minimum salary plus increments for high school teachers shall be at least \$3,600.

Table 2 (Continued)

Mandated Minimum Salaries and Increments, Exclusive of Temporary Cost of Living Increase, of Teachers and Supervisors in Pennsylvania

Class of District (1)	Population Range (2)	Number of Districts (3)	Minimum Salaries By Type of Position (4)	(5)	Annual Increments (6)	Number of Increments (7)	Minimum Salary + Increments (8)
			High School Principals	2,000	125.00	4	2,500
			Superintendents	3,500	None	None	3,500
Fourth	Less than 5,000	2,245	Elementary	1,000	50.00	2	1,100
			High School	1,200	50.00	2	1,300

When confronted with the facts of the case, proponents of the cost of living argument change their position slightly. They substitute the phrase "standard of living" for "cost of living" and assert that the citizens of the densely populated school districts of the Commonwealth impose a higher standard upon their teachers.

Whatever the facts regarding locally imposed standards, it is the judgment of the members of the School Commission that these differences should be compensated for by local taxation. Such compensation, if any, should be at the pleasure of the majority of the citizens of the school district concerned.

In the light of the evidence, the members of the School Commission recommended to the General Assembly that it pursue a policy calculated to lead to the eventual establishment of one salary schedule for both elementary and secondary teachers. Moreover, the Commission recommends that this single schedule be applicable to all school districts of the Commonwealth regardless of classification. It goes without saying that any such policy must be followed with due regard to any contractual obligation which may now obtain.

In connection with the equalization of mandated salary schedules, it may be noted that the General Assembly took a step in the indicated direction in 1943 when it provided for temporary salary increases "to meet the increased cost of living during the present emergency, and to enable teachers in the lower salary brackets to maintain for themselves and their families a decent standard of living."

The schedule of emergency salary increases mandated by Act 329, Session of 1943 which expires automatically upon the close of the Biennium 1943-45 is as follows:

Table 3

Mandated Cost of Living Increases by Salary Range

Salary Range (in dollars)	Mandated Cost of Living Increase (in dollars)
1,000-1,099	300
1,100-1,499	250
1,500-1,999	200
2,000-2,999	150
3,000-3,499	100

The application of these temporary increases to the standard schedule reproduced in Table 2 has the effect of lessening unjustifiable differentials previously observed in mandated salaries plus increments.

For example, exclusive of cost of living increase, the mandated minimum entry salary of an elementary teacher employed by a fourth class district is \$1,000, while that of a secondary teacher is \$1,200. Inclusive of cost of living increase, the two salaries are \$1,300 and \$1,450, respectively. The unadjusted salary of the high school teacher is 20% higher than that of the grade school teacher. However, if both salaries are adjusted for cost of living increase, the high school teacher's mandated minimum is but 11% higher.

Average Salaries

State mandated salaries and State mandated increments including cost of living increases are strictly minima. Local boards may not legally go below these amounts, but the School Code permits local boards to go beyond them. Some boards do go above mandated minimum salaries because they are unable to obtain personnel at the legal minimum price or because they wish to recognize exceptional ability.

The members of the School Commission are persuaded that the policy of local school boards to go beyond the State mandated minimum salaries is commendable and should be legislatively encouraged. However, effective encouragement must, of necessity, await the installation of a new, better and flexible reimbursement system by the General Assembly. Under the present reimbursement system, too many school districts find themselves in the position of the proverbial turnip.

It is with a view of showing the relationship between mandated minimum salaries and salaries actually paid that the School Commission presents Table 4. This table shows weighted median salaries for classroom teachers employed by different classes of school districts. The weighted median salary for a given year provides a reasonably exact estimate of the average salary which a district in a given classification actually paid to a teacher.

Table 4

Weighted Median Salaries of Classroom Teachers

Class of District	Weighted Median Salaries for School Years Ended in:			
	(in dollars)			
	1934	1937	1940	1944
First	2,270	2,540	2,586	3,019
Second	1,655	1,945	2,027	2,271
Third	1,313	1,503	1,554	1,868
Fourth	888	983	1,027	1,510

A glance at Table 4 shows the actual salaries paid closely follow the pattern of mandated minimum salaries. The salary level of first class districts is higher than that of any other class of district. Third class district salaries rank about fourth class district salaries and second class district salaries rank about third class district salaries.

In this connection it may be observed that there is a close relationship between maximum mandated minimum salaries and weighted median salaries. For instance, the weighted (weighted by number of pupils) average mandated salaries plus increments and cost of living increases of teachers in fourth class districts are only about \$70.00 lower than the weighted median salary. This is but another way of saying that salaries actually paid tend to approximate mandated minimum salaries.

Relating weighted median salaries to number of teachers and supervisors employed by different classes of school districts, it appears that by far the larger number of teachers receive the lowest salaries.

Table 5, below, shows weighted median salaries of classroom teachers for the school year ended in 1944, estimated number of full-time classroom teachers and total certificated personnel.

Table 5

Weighted Median Salaries of Classroom Teachers for the School Year 1943-44, Estimated Number of Full-time Classroom Teachers and Total Certificated Personnel

Class of District	Total Certificated Personnel	Estimated Number of Full-time Classroom Teachers *	Weighted Median Salaries of Classroom Teachers (in dollars)
First	10,097	8,500	3,019
Second	7,818	7,000	2,271
Third	19,363	17,400	1,868
Fourth	22,869	20,800	1,510
	60,147	53,700	

* Weighted median salary (all classroom teachers) \$1,964.

Inspection of Table 5 shows that the weighted median salaries range from \$1,510 for classroom teachers in fourth class districts to \$3,019 for classroom teachers in first class districts. The weighted median salaries of all classroom teachers in all classes of school districts is \$1,964. This means that approximately 26,850 of the 53,700 full-time classroom teachers received salaries of less than \$1,964.

In view of recent legislative policy expressed by Act 329, Session of 1943, it is interesting to compare changes in the relationships among salary levels prevailing in different classes of school districts. Table 6, below, facilitates such comparison.

Table 6

Weighted Median Salaries of Fourth, Third and Second Class School Districts as Fractions of Weighted Median Salaries in First Class Districts

Table 6 should be read as follows: during the school year ended in 1934, the weighted median salary of teachers employed by second class districts was 72.9% of the weighted median salary of teachers in first class districts. The average salary of teachers in third class

districts was 57.8% of the average salary of teachers in first class districts. The average salary of teachers in fourth class districts was but 39.1% of the average salary of teachers in first class districts.

Inspection of the second and last columns of Table 6 show that whereas the relation between salaries in third and second class districts to salaries in first class districts was approximately the same during the school years ending in 1934 and 1944, the relative salary position of teachers in fourth class districts improved considerably over the period under consideration. In 1934, salaries in fourth class districts were 39.1% of the salaries in first class districts, but by 1944 they amounted to 50% of salaries paid in first class districts.

Though the relative salary position of teachers employed by different classes of districts is of importance, the relative position of teachers as a group in the community at large is equally significant.

Large salary differentials which are not compensated for by differences in cost of living and pupil load encourage the migration of superior teachers from lower paying districts to districts offering better salaries. Such migration tends to produce inequality of educational opportunities.

Again, a substantial differential between the economic position of teachers as a group and the community as a whole tends to deprive the public schools of superior talent.

The relative economic position of teachers may be approximated by expressing average salaries of teachers as fractions of estimated per family income.

For selected years, the weighted average salary of all teachers, the estimated per family income of Pennsylvanians, exclusive of investment income, and the ratios: average salary to estimated per family income are shown in Table 7, (See opposite page).

Class of District	Fractions for School Years Ended in:			
	1934	1937	1940	1944
First	1.000	1.000	1.000	1.000
Second729	.766	.784	.752
Third578	.592	.601	.619
Fourth391	.387	.397	.500

Table 7 indicates that, in the depression year of 1933-34, teachers as a group were about 20% better off than the members of the Pennsylvania community as a whole. In 1936-37, a year of relatively high income levels, the teachers were about 11% below the level of the community as a whole. In 1941-42, a year of exceptional income levels, the economic level of teachers as a group, was 32% below the level of the larger community.

In interpreting these percentages, a number of factors must be remembered. In the first place, both numerator and denominator represent statistical estimations. Hence, any inference drawn from an analysis of the fractions cannot be applied to specific individuals but must be confined to groups of individuals. Second, the numerator—weighted average salary of all classroom teachers—does not fully describe the average income position of teachers. Many teachers supplement their earnings as teachers by working in stores, in factories and on farms after hours and during vacation periods.

Table 7

Weighted Teachers' Average Salaries, Estimated Per Family Income (Exclusive of Investment Income) and Ratios: Salaries to Estimated Per Family Income

	1933-34	Years 1936-37	1941-42
Per Family Income	\$1,145	\$1,731	\$2,389
Weighted Average Salaries	\$1,377	\$1,547	\$1,642
Ratio: Salaries to per Family Income	1.203	.894	.687

However, it is believed that the data are sufficiently reliable to serve as approximate, though not exact indicators, of the relative economic position of the teacher in the community.

On the basis of the above figures and other relevant data, the members of the School Commission conclude that it has been the policy of the community, as expressed by the action of both the General Assembly and local school boards to stabilize the economic position of the teacher somewhat below the level of the community as a whole. In periods of economic distress the teacher tends to rise slightly above the economic level of the community. In periods of relative prosperity, he tends to fall considerably below it.

In attempting any over-all evaluation of the relative position of the teacher in the community, it must not be forgotten that the teacher, unlike most other members of the community has a working year of but nine or ten months. In addition, he enjoys the benefits of a State old-age retirement system. Moreover, unlike many of his fellow citizens, he has a high degree of job security. On the other hand, it must be remembered that many teachers have spend a considerable period of time in study prior to their entry into the school system. The long and constantly increasing compulsory preparation period is reflected by the fact that today about 50.9% of the teachers of Pennsylvania have completed at least four years of college, whereas an estimated 2.4% of the general population of the Commonwealth is in this category. Again, the increase in the length of the preparation periods is reflected by the fact that in 1920-21, only 7.7% of Pennsylvania's teachers had college certificates, whereas by 1943-44 that percentage had risen to 50.9%.

Not all of the above mentioned factors are priced in the market place. Nevertheless they represent valuable considerations which must not be overlooked when evaluating the position of the teacher in the community. There is evidence that teachers, among others, are aware that some of the non-monetary advantages which they enjoy are often the equivalent of the differentials between teachers' salaries and the monetary compensation received by others.

Number of Years of Service Rendered by Teachers

The members of the School Commission are of the opinion that the changes in the number of years of service rendered by teachers employed by different school districts is an index of the teacher's own evaluation of the non-monetary advantages associated with his calling and the alternative opportunities available to him. One would expect that if the years of service rendered by the average teacher increase over time, the average teacher prefers teaching to other types of employment, though they may be financially more remunerative.

Table 8 below, shows the median number of years of service rendered by teachers employed by different classes of school districts for the period 1932-41.

Table 8

Median Number of Years of Service of Teachers Employed by Different Classes of School Districts and Total Number of Teachers Actually Employed, 1932-41

School Year Ending	Median Number of Years of Service in Different Classes of Districts					Total Number Actually Employed Teachers
	First Class	Second Class	Third Class	Fourth Class	All Districts	
(1)	(2)	(3)	(4)	(5)	(6)	(7)
1932	14.98	10.76	8.55	7.01	9.01	63,645
1933	15.89	11.48	8.76	7.42	9.38	62,885
1934	16.68	12.46	9.38	7.60	9.81	61,964
1935	16.97	12.77	9.67	7.89	10.26	62,324
1936	17.60	13.40	10.13	8.10	10.80	62,804
1937	18.16	13.91	10.80	8.25	11.33	63,309
1938	18.65	14.39	11.22	8.57	11.79	64,043
1939	19.30	14.96	11.81	9.08	12.33	63,977
1941	20.15	16.95	13.02	10.42	13.65	63,257

Inspection of Table 8, col. 6 shows that the median number of years of service rendered by all teachers increased from 9.01 in 1932 to 13.65 in 1941.

As regards different classes of districts, it will be observed that the median number of years of service rendered increased as follows: (1) first class districts from 14.98 to 20.15, (2) second class districts from 10.76 to 16.95, (3) third class districts from 8.55 to 13.02 and (4) fourth class districts from 7.01 to 10.42.

The major factors responsible for the increase in median years of service rendered are: (1) reluctance on the part of the younger people to enter the school system, and (2) unwillingness of teachers with several years of service to leave the school system, in spite of the fact that their salary levels are below the earned income levels of the community as a whole.

In addition, the data in Table 8 shows that teachers in the larger districts have more years of service to their credit than teachers in the smaller districts. The difference in years of service of teachers in different types of districts is apparently due in part to the observed salary differentials. However, other factors such as more pleasant working conditions, a preference for urban pattern of living and an improvement in the chances for advancement play their part.

Whatever the relative importance of these factors, it may be noted that, at present, there are no significant differences in either preparation or certification which might bar the majority of teachers from moving from small to larger districts.

For instance, in 1943, the percentages of teachers with college certificates, employed by different classes of school districts are as follows:²

First Class District: 47.4%
Second Class Districts: 59.3%
Third Class Districts: 60.6%
Fourth Class Districts: 45.4%
All Districts: 50.9%

It is the judgment of the members of the School Commission that the movement of large numbers of teachers from lower salary districts to higher salary districts is undesirable and that it should be the objective of long range legislative policy to eliminate unwarranted salary differentials which are in part responsible for the condition observed.

² For details see Henry Klonower, "Teacher Personnel in Wartime," in the Pennsylvania School Journal, Vol. 93, No. 4, December, 1944, p. 105.

³ See, Klonower, op. cit., p. 105.

Section II: Average Salaries of Teachers and the School Commission's State School Subsidy Plan

Though under the Commission's State School Subsidy Plan, local school districts would be reimbursed on the basis of variable fractions of current expense costs, a practical reimbursement plan must take full cognizance of instructional and supervisory salaries if the plan is not to impose undue hardships upon school districts and local taxpayers.

It is with a view of determining the salary schedules which are feasible under the Commission's reimbursement plan, providing for a maximum subsidy of \$1,700, a minimum subsidy of \$600, a computation millage of .005 and a pupil-teacher ratio of 28,⁴ that the School Commission submits several sets of data.

Average (weighted medians) Salaries, 1943-44 and Local Real Estate Tax Rates Required to Finance Average Salaries in Different Classes of and Differently Circumstanced School Districts

Table 9 exhibits the real estate tax rates in terms of assessed valuations of taxable property as determined for county tax purposes, which school districts in different classifications with different assessed valuations per teacher must levy to pay the difference between 1943-44 average salaries (\$1,510 in fourth class districts, \$1,868 in third class districts, \$2,271 in second class districts, \$3,019 in first districts) and average State subsidies made available on account of instruction under present procedures.

Table 9 should be read as follows: to pay the difference between the average State subsidy for teachers' salaries and the average salary prevailing in fourth class districts in 1943-44, a fourth class district with an assessed valuation per teacher of \$20,000 had to levy 15.95 mills upon taxable real estate as assessed for county purposes in 1943-44. Districts with valuations of less than \$20,000 employed an estimated 2.63% of the 60,147 teachers and supervisors employed by all school districts. Again, in order to pay the difference between the average State subsidy for teachers' salaries and the average salary prevailing in third class districts in 1943-44, a third class district with an assessed valuation per teacher of \$40,000 had to levy 21.70 mills upon taxable real estate. School districts with assessed valuations per teacher of less than \$40,000 employed an estimated 17.30% of all teachers and supervisors employed by all school districts.

TABLE 9

Local Real Estate Tax Rates Necessary to Finance Differences Between Present Subsidies (Including Cost of Living Increase) and 1943-44 Average Salaries

Assessed Valuation per Teacher (in dollars)	Local Real Estate Tax Rates (in mills) Necessary to Finance Differences Between State Subsidies and Average Salaries (by Classes of School Districts)				Estimated Percentages of Teaching Units (all Districts): Valuation per Teacher Less than:
(1)	Fourth (2)	Third (3)	Second (4)	First (5)	(6)
20,000	15.95	2.63
40,000	7.98	21.70	17.30
60,000	7.58	16.97	33.39
80,000	5.69	12.72	45.50
99,999	4.55	10.18

⁴ For details see, The School Commission, "The Distribution of State School Subsidies," Report I, January, 1945, Section III.

200,000	2.91	6.59	3.86	80.26
250,000	2.32	5.27	7.03	81.54
300,000	1.94	4.39	5.90	8.56	82.13

Inspection of cols. 2, 3 and 4 show that differently circumstanced school districts in the same classification had to levy widely different local real estate tax rates in 1943-44 to finance their share of the average salary of a teacher. For instance, a fourth class district with \$20,000 of assessed valuation per teacher had to levy 15.95 mills for the purpose in hand. A fourth class district with \$300,000 assessed valuation per teacher, however, had to levy but 1.94 mills. Both the poorest and the richest districts of the Commonwealth are fourth class districts. A third class district with \$40,000 of assessed valuation per teacher had to levy 21.70 mills to pay its share of the average salary of a teacher. But a third class district with \$300,000 assessed valuation per teacher had to levy only 4.39 mills.

Comparison of cols. 2, 3, 4 and 5 shows that the larger a school district, the higher the tax rate which it had to levy to pay its share of the 1943-44 average salary of a teacher. For example, a fourth class district with an assessed valuation per teacher of \$100,001 had to levy 5.81 mills. However, third and second class districts with valuations of \$100,001 per teacher had to levy 13.18 mills and 17.71 mills respectively.

When evaluating the millage shown in Table 9, it should be remembered constantly that the financing of the local share of a teacher's average salary is but a fractional part of total local expenses. Taking the State as a whole, in the average year, salaries of teachers and supervisors constitute approximately 50% of total school expenses. This means, of course, that over-all school tax rates in differently circumstanced school districts must be considerably higher than the millages shown in Table 9.

Table 10, below, shows the local millages which would have to be imposed by differently circumstanced school districts to pay their share of alternative minimum salaries if the Commission's State School Subsidy Plan were favorably acted upon by the General Assembly.

TABLE 10

Local Real Estate Tax Rates (in mills) Required to Finance Local Share of Alternative Minimum Salaries Under School Commission's Reimbursement Plan

Assessed Valuation per Teacher	Alternative Minimum Salaries and Tax Rates to Finance Local Share						
	\$1,400	\$1,500	\$1,600	\$1,700	\$1,800	\$1,900	\$2,000
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)
\$ 20,000	M*	M	0	5.00	10.00	15.00	20.00
40,000	M	0	2.50	5.00	7.50	10.00	12.50
60,000	0	1.67	3.33	5.00	6.67	8.33	10.00
80,000	1.25	2.50	3.75	5.00	6.25	7.50	8.75
100,000	2.00	3.00	4.00	5.00	6.00	7.00	8.00
150,000	3.00	3.67	4.33	5.00	5.67	6.33	7.00

300,000	2.67	3.00	3.33	3.67	4.00	4.33	4.67

* M indicates district would have a margin over and above salary requirements.

Table 10 should be read as follows: if the Commission's Reimbursement Plan, providing for a maximum subsidy of \$1,700, a minimum subsidy of \$600 and a computation millage of .005 were favorably acted upon by the General Assembly, and if a minimum salary of \$1,400 (col. 2) were stipulated by law, a school district with a \$20,000 valuable per teacher would not have to levy any millage in order to pay a salary of \$1,400 per

teacher. In fact, such a school district would have a margin (M) of \$200.00 per teaching unit, which could be applied to the financing of other school costs. However, if a minimum salary of \$1,700 (col. 5) should be stipulated by law, any school district with a valuation of \$20,000 per teaching unit would have to levy five mills to pay the salary in question. Again, if a salary of \$2,000 should be stipulated by law, a school district in the category in question would have to levy 20 mills (col. 8) to pay its share toward the financing of the salary.

In this connection it must be pointed out again, that to say a given millage will finance the difference between the maximum subsidy and alternative salaries does not mean that the millage in question will suffice to finance all the activities of local schools.

An illustration will help clarify the matter. Under the Commission's Plan, a \$60,000 district would have to levy 1.67 mills to finance a salary of \$1,500. In the past salary costs have been approximately 50% of total school expenditures. This means, of course, that the district in question would have to raise another \$1,500 to finance all the operations of its schools. Dividing \$1,500 by \$60,000 (the district's valuation per teacher) a millage of 25 is obtained. In other words, the district in question would have to levy 25 mills plus 1.65 mills or a total of 26.65 mills upon taxable property, typically assessed at varying fractions of market value.

It should be realized, however, that not all districts allot 50% of their total expenditures to salaries. The percentage used in the illustration is an unweighted average which conceals a multitude of variations.

Given prudent management and enlarged attendance areas, districts can increase the fraction: salary cost to total expenses, by reducing allocations to the maintenance, operation and general control accounts.

In addition, the over-all millages required to operate the public schools can be reduced by approximately 20% by the imposition of the maximum per capita tax of \$5.00 permitted by law, provided collection percentages are average.

As has been pointed out in Reports I and II, the collection record for the per capita tax is exceedingly spotty. The unsatisfactory record of the tax is in large measure due to the reluctance of tax collectors to enforce collection in accordance with the provisions of the law, as well as the ill-advised generosity of local boards with respect to exoneration of tax collectors.

To assure both reduction of real estate taxes and the improvement of salaries of the lowest paid teachers, the majority of the members of the School Commission recommend to the General Assembly that it change the form of the present per capita school tax by legislation stipulating that: (1) all school districts, regardless of classification impose a tax of \$10.00 upon every gainfully employed person, (2) the County Treasurer collect the tax from every self-employed person and (3) in the case of employed persons, it shall be mandatory upon employers to withhold the tax in equal installments, the employer to remit the amount of tax withheld from wages and salaries to the County Treasurer, in the case of taxes withheld from taxpayers who are not residents of the county, the County Treasurer shall transfer the monies remitted to the treasurer of the county in which the taxpayer resides.

As regards the distribution of the monies collected by the County Treasurer, the majority of the members of the Commission recommend that the General Assembly direct: (1) the Superintendent of Public Instruction to furnish annually to each County Treasurer a statement showing for each school district within a given county, the fraction: number of pupils in average daily membership for whose maintenance in some public school the district is financially responsible divided by the total number of pupils in average daily membership in the public schools of the school districts located within the county, (2) the County Treasurer to distribute annually the proceeds of the school tax upon gainfully employed persons among the school districts of the county in accordance with the fraction certified to him by the Superintendent of Public Instruction.

It is the judgment of the majority of the members of the School Commission that the net additional yield of the gainfully employed persons' tax together with the additional State appropriation for instructional purposes recommended in Report I will facilitate a reduction of real estate taxes and improvement in the salaries of teachers.

As regards changes in mandated minimum salary schedules, the members of the School Commission wish to submit the following precepts for the consideration of the Members of the General Assembly:

(1) it should be the objective of long range legislative policy to establish one minimum salary schedule for all teachers in all classes of school districts,

(2) no increments should be mandated for teachers serving their probationary periods,

(3) entry salaries and increments should be regarded as legislative minimum guarantees and school districts should be encouraged and enabled to go beyond the minimum guarantees for the purpose of rewarding and holding exceptional teachers,

(4) the mandated salary schedule, including increments, should not be so high as to prohibit local school boards, laboring under the handicap of limited local capacity, from recognizing exceptional merit by means of voluntary salary increases,

(5) the teacher's wages should be adequate, fairly compensate him for services rendered and, when averaged over the years, should guarantee him a decent standard of living.

In justification of these precepts of long range legislative policy, the Commission wishes to submit to some pertinent considerations.

As pointed out previously, the average salary of teachers in first class districts is approximately 100% higher than the average salary in fourth class districts. The available evidence indicates that, small isolated settlements aside, cost of living differentials do not normally exceed 10%. However, regardless of the magnitude of cost of living differentials, the majority of the members of the Commission believe that it should not be the policy of the General Assembly to compensate districts for any cost of living differentials. To say that the cost of living is high is but to say that the miscellaneous goods and services purchased by men and women in the market are high. To say that prices are high is but to say that the

values of taxable property are high. Hence any cost of living differentials should be locally compensated for if local authorities elect to do so.

The probationary period of two years provided for by the School Code was planned to afford teachers an opportunity to prove themselves and to protect the community against unqualified personnel. If the Members of the General Assembly are of the opinion that two years are required to evaluate the teacher, they should not make it compulsory for any district to pay such probationer any increments.

Again, the members of the Commission are convinced that no organization can endure and render effective and efficient service unless the exceptionally meritorious members of that organization can look forward to pecuniary rewards commensurate with their exceptional merits. The directors of the school districts in this Commonwealth should be placed in a financial position that would make it possible for conscientious directors to give additional cash where such cash is due.

There should be no question among fair-minded men that teachers, like other citizens should be adequately compensated for services rendered. There might be some question in the minds of some men regarding the desirability of stabilizing the economic position of teachers—that good times or bad, the community should maintain the teacher in a relatively stable position. So far, the community at large has been unable to control the ups and downs of economic affairs. The abrupt changes in levels of economic well-being which the general community suffers do not constitute an argument against communal underwriting of the economic lot of the teacher. Folklore notwithstanding, we must realize that the tastes, interests and aptitudes of men exhibit a charmingly varied pattern. In the mass, teachers are fond of security, stability and everlasting serenity. It is believed that the community at large will obtain better teaching services if its members help teachers to realize these values.

The members of the Commission are of the opinion that the present world conflagration with its concomitant of unsettled prices and an unsettled future makes it impossible, at this time, to establish a minimum salary schedule that will prove adequate in the years to come.

Again, the members of the School Commission feel that adequate wages presuppose adequate services. Teachers' qualifications and competence aside, unjustifiably low pupil-teacher ratio in some schools suggest that not all teachers are afforded an opportunity to carry adequate pupil loads.

Any adjustment in so basic a matter as teachers' salaries, which affects directly the economic position of more than sixty thousand Pennsylvanians, must give recognition to past conditions, inequitable and unjustifiable though they may have been.

To facilitate the employment and retention of good teachers in all classes of school districts, to lessen unjustifiable differentials between the salaries of elementary teachers and to assure excellent elementary teachers in third and fourth class districts of more adequate remuneration, the majority of the members of the School Commission recommends to the General Assembly that legis-

lation be enacted providing that: (1) all teachers be rated annually by reference to a point system, (2) the size of the annual mandated minimum increments payable to a teacher be made to depend upon his efficiency rating; and (3) one single salary schedule be established for third and fourth class districts, such schedule to apply to both elementary and secondary teachers.

Specifically, the majority of the members of the School Commission recommends that the General Assembly direct the Superintendent of Public Instruction to establish an efficiency rating system, by reference to which the services of all certified personnel in all classes of school districts are to be evaluated once annually.

The efficiency rating system shall be a point system, assigning a maximum number of points to such characteristics of a teacher as, in the judgment of the Superintendent, bear pertinently upon his efficiency; provided, however, that no credit points are to be given for the teachers formal or scholastic education. The total number of points assignable to any teacher shall be 100.

It shall be mandatory upon principals to rate all teachers under their jurisdiction, once annually, on the basis of the rating system established by the Superintendent of Public Instruction. The ratings made by principals shall be reviewed and, if the facts warrant such action, revised by county or district superintendents of proper jurisdiction. In the event that principals and superintendents fail to agree upon the efficiency rating of a teacher the case shall be referred for final determination to the board of school directors employing the teacher. Similarly, any teacher aggrieved by the rating of his principals as reviewed and approved by the county or district superintendent, shall have the right to appeal to the board of school directors or board of education which employs him. The decision of the Board shall be final.

Teachers earning less than sixty credit points in any one year shall not be entitled to an increment during that year. Teachers earning between sixty and up to, but not including ninety credit points in any one year shall be entitled to one-half increment. Teachers earning ninety credit points or more shall be entitled to the full increment.

As regards changes in mandated minimum entry salaries and mandated minimum increments, the majority of the School Commission recommends:

(1) First Class Districts:

(a) increase the minimum entry salary of an elementary teacher from \$1,200 to \$1,400, and provide for ten annual increments of \$115 each; the full increment of \$115 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(b) increase the minimum entry salary of junior high school teachers from \$1,800 to \$2,000, and provide for ten annual increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(c) high school teachers, increase the minimum entry salary from \$1,800 to \$2,000, and provide for ten annual increments of \$140 each; the full increment of \$140 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(d) supervisors, increase the minimum entry salary from \$1,800 to \$2,000, and provide for ten annual increments of \$100 each; the full increment of \$100 to be payable to a supervisor who earned ninety or more credit points, and one-half of the increment to be payable to a supervisor who has earned between sixty and ninety credit points.

(e) elementary principals, increase the minimum entry salary from \$2,100 to \$2,250, and provide for ten annual increments of \$175 each.

(f) retain the minimum entry salary of \$4,000 for high school principals, but provide for ten annual increments of \$100 each.

(2) Second Class Districts:

(a) increase the minimum entry salary of elementary teachers from \$1,000 to \$1,400, and provide for six annual increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(b) high school teachers, increase the minimum entry salary from \$1,400 to \$1,600, and provide for eight annual increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(c) supervisors, increase the minimum entry salary from \$1,400 to \$1,600, and provide for eight annual increments of \$100 each; the full increment of \$100 to be payable to a supervisor who earned ninety or more credit points, and one-half of the increment to be payable to a supervisor who has earned between sixty and ninety credit points.

(d) elementary principals, increase the minimum entry salary from \$1,600 to \$1,800, and provide for eight annual increments of \$100 each.

(e) high school principals, retain the minimum entry salary of \$3,000, but provide for eight increments of \$125.

(f) district superintendents, retain the present salary of \$5,000 per year.

(3) Third Class Districts:

(a) establish single salary schedule for both elementary and high school teachers, providing for a minimum entry salary of \$1,400 and four annual increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

(b) supervisors, increase the minimum entry salary

from \$1,200 to \$1,500, and provide for four increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a supervisor who has earned between sixty and ninety credit points.

(c) elementary principals, increase the minimum entry salary from \$1,400 to \$1,600, and provide for four annual increments of \$100 each.

(d) high school principals, increase the minimum entry salary from \$2,000 to \$2,100, and provide for four annual increments of \$125 each.

(e) district superintendents, retain the present salary schedule of \$3,500 per year.

(4) Fourth Class Districts:

(a) establish a single salary schedule for elementary and high school teachers, providing for a minimum entry salary of \$1,400 and four annual increments of \$100 each; the full increment of \$100 to be payable to a teacher who earned ninety or more credit points, and one-half of the increment to be payable to a teacher who has earned between sixty and ninety credit points.

The minimum salary schedules recommended by the majority of the Commission shall be effective in the school year beginning in 1945, but no teacher may receive less than the mandated minimum salary including mandated increments and the cost of living increase to which he was entitled under the provisions of the existing School Code during the school year ending in 1945.

The above recommendations shall be incorporated into the present schedule (see Table 2) and the schedule so modified shall be designated as the "War Emergency Minimum Salary Schedule."

If favorably acted upon by the General Assembly, the above changes would produce the following effects:

(1) in third and fourth class districts, elementary and secondary teachers would enjoy the benefits of a single salary schedule, which should ultimately be established in all classes of districts.

(2) the entry salary position of elementary teachers relative to the entry salary position of secondary teachers would be improved in all districts.

(3) the salary position of elementary teachers relative to the salary position of secondary teachers would be improved in third and fourth class districts. Elementary teachers in third class districts account for 52% of classroom teachers. In fourth class districts they constitute approximately 70% of classroom teachers.

The members of the School Commission are aware of the fact that under the schedule recommended by the majority, there will still obtain large and unjustifiable differentials in minimum salaries. However, the majority of the members of the School Commission are persuaded that though these differentials are unjustifiable on principle, they must be eliminated gradually. After all, the mandated minimum salary of an elementary teacher employed by a fourth class district prior to 1941 was but \$100.00 per month or \$800.00 for the mandated minimum

fourth class district school year of eight months. Under the minimum salary schedule recommended by the majority of the members of the School Commission, these teachers, provided they are rated excellent will be granted an increase of 125% in mandated minimum salaries.

In fairness to those members of the School Commission who do not share the views of the majority relative to minimum salary schedules, the School Commission wishes to advise the General Assembly that some of its members favor the legislative establishment of a minimum entry salary only, while others favor the establishment of higher minimum entry salaries as well as legislative provision for more mandated increments. All members agree that the ends of equity and operating efficiency would have been better served in the past, if our schools had operated under a single minimum salary standard providing for efficiency rating of teachers.

The majority appreciates the views of the minority members, who represent both major parties, but after extensive consideration has come to the conclusion that it cannot share these views. The factors responsible for a difference of opinion are as follows: majority and minority members are in agreement that school taxes upon real estate should be lowered gradually. If this view is adhered to, it follows that the average mandated salaries in the economically less fortunate districts should be below the level of the maximum subsidy (\$1,700) under the Commission's State School Subsidy Distribution Plan). Any other course will tend to increase tax pressure upon real estate in school districts, which, in the judgment of the majority can ill afford such pressure.

The proposals of some of the members of the School Commission call for an increase in the maximum State subsidy of \$1,700. An increase of \$100.00 in the maximum subsidy would increase the cost to the State of the Commission's reimbursement plan by approximately \$4,500,000 per year.

The majority of the members of the School Commission do not object to increases in State appropriations for the Commonwealth's public schools. They believe that every Commonwealth dollar spent for the support of public schools is a dollar well spent. They are convinced that State dollars, prudently and equitably distributed will help to improve the educational opportunities of Pennsylvania children and to reduce the real estate tax burden of Pennsylvania taxpayers.

The majority of the members of the School Commission are cognizant of the fact that far reaching changes in the percentage of school costs to be borne by the Commonwealth and the relationships of teachers' salaries in different classes of school districts, have been the subject of public discussion. The net additional cost to the Commonwealth of the various proposals ranges from about \$45,000,000 per year to approximately \$130,000,000 per year.

It is the judgment of the majority of the members of the School Commission that none of these proposals are feasible unless the General Assembly introduces new comprehensive personal taxes such as income—or retail-sales-taxes. Both personal income—and retail-sales-taxes are substantial revenue producers. For instance, it is estimated that a retail sales tax, levied at a rate of two

and one-half per cent would currently produce \$76,000,000 per year.

The introduction of either one of these levies, if accompanied by the abolition of both per capita and occupation taxes would not increase the tax burdens of those Pennsylvanians who are now subject to them and liquidate their lawful obligations. The net addition of State revenues produced by either sales or personal income taxes would facilitate larger State school subsidies, further improve teachers' salaries and give relief to real estate.

It is a settled conviction with the majority of the members of the School Commission that there should be no long range appropriation commitments not covered by fairly stable and reliable tax receipts.

The majority of the members are aware that, over the last biennium the revenues of the Commonwealth's General Fund exceeded expenditures by \$110,735,000. However, they agree with the Governor when he says: "Pennsylvania is now in excellent financial condition because of economies and of increased tax collections caused by war-time business conditions. We must, however, make our appropriations on a peacetime return of revenue. . . . I do not know of a more dangerous thing than a governmental surplus. . . . We must remember that this surplus has been accumulated under extraordinary circumstances, and these circumstances are not likely to reoccur."⁵

THE DOLLAR SAVINGS BANK

Organized in 1855 for the purpose of encouraging thrift and the habit of saving, is a Mutual Savings Bank, operated solely for the benefit of its depositors. It has no stockholders. All profits, after payment of taxes and expenses, are distributed to depositors in dividends, or carried for their protection in the reserves and surplus of the Bank.

INFORMATION FOR DEPOSITORS

Put Your Savings in a Savings Bank

Deposits may be made

In the name of one person.

In trust for a minor. Under absolute control of Trustee during his or her lifetime. In event of Trustee's death, payable to beneficiary on attaining the age of 21 years.

In trust, payable to one or more beneficiaries after the death of the Trustee or Trustees, without letters of administration.

In trust for Lodges, Societies or Associations.

In the names of husband and wife jointly, payable to either or the survivor.

In the names of persons other than husband and wife, payable to survivor or survivors.

In the names of Executors, Administrators, Committees or Guardians, with proper court documents.

Depositors should notify the Bank promptly in case of loss of pass book.

Banking by Mail

Accounts may be opened, deposits made and funds withdrawn by mail.

The Pass Book must accompany every transaction and will be returned on the day it is received.

Loans are made to depositors on their pass books.

Dividends are credited semi-annually, June 1st and December 1st.

Banking Hours: { Daily, 9 A. M. to 3 P. M.
 Saturdays, 9 A. M. to 12 Noon

REPORT OF THE CERTIFIED PUBLIC ACCOUNTANT

Linville & Parry

Certified Public Accountants

Twelve South Twelfth Street, Philadelphia

Walker E. Linville, C.P.A.

John C. Parry, Jr., C.P.A.

To the President and Managers of
The Philadelphia Saving Fund Society

We have examined the appended condensed statement of the assets and liabilities of The Philadelphia Saving Fund Society as of December 31, 1944, and the appended statement listing in detail the bond investments of the Society at that date.

Our examination included a verification by count or confirmation of the cash on hand and in banks and of all investments of the Society in bonds, mortgages, ground rents, and deeds to real estate.

The bonds are valued at less than market, the mortgages, real estate and office building at conservative figures with adequate reserves.

We have reviewed the system of internal control and accounting procedure and have examined or tested accounting records and other supporting evidence to the extent and by methods which we deemed appropriate.

In our opinion the statements correctly reflect the assets and liabilities and the bond investments of the Society as of December 31, 1944.

LINVILL & PARRY

Certified Public Accountants

Philadelphia, Pa. January 12, 1945

CONDENSED STATEMENT

December 31, 1944

ANNUAL REPORT OF THE DELAWARE RIVER JOINT COMMISSION OF PENNSYLVANIA AND NEW JERSEY

To the Honorable: The Legislatures of the Commonwealth of Pennsylvania and the State of New Jersey.

In 1944 11,360,550 vehicles crossed the Delaware River Bridge, an increase of 1,721,217 or almost 18 per cent over the 1943 total. The gain was made despite the country's shrinking automobile registration which, in the vicinity of this bridge, amounted to 9 per cent. Although traffic and receipts have been greater in some former years, the 1944 operation may be regarded as satisfactory inasmuch as it developed an excess of \$256,700.12 over all expenses, interest and bond maturity requirements. This was a decided improvement over 1943 as the following summarized comparison shows:

	1944	1943
Gross operating income	\$3,001,169.32	\$2,625,829.28
Operating expenses	634,168.36	701,424.58
NET OPERATING INCOME ..	2,367,000.96	1,924,404.70
Income from fund investments	142,666.92	132,906.93
NET INCOME BEFORE INTEREST	2,509,667.88	2,057,311.63
Interest on debt	999,000.00	1,425,060.00
NET INCOME AFTER INTEREST	1,510,667.88	632,251.63
Premium paid on bonds purchased for fund investments	20,634.40	876.58
NET INCOME AFTER ALL CHARGES	1,490,033.48	631,375.05
Bond maturity requirements ..	1,233,333.36	785,138.90
NET INCOME OVER BOND MATURITY REQUIREMENTS	\$256,700.12	\$153,763.85*

*Deficit

At the end of 1943 the Commission had cash and government bonds of \$8,231,647.37 while, in one year, these increased to \$9,661,367.91. Outstanding were \$37,000,000 Refunding Bridge Bonds bearing 2.7 per cent interest due August 1, 1973 but callable August 1, 1946 at 105. Over the period of years since the bridge opened, July 1, 1926, the following tabulation shows the fluctuation of traffic, receipts and expenses:

	Traffic	Gross Receipts	Expenses	Net Receipts
1944	11,360,550	\$ 301,169.32	\$634,168.36	\$2,367,000.96
1943	9,639,333	2,625,829.28	701,424.58	1,924,404.70
1942	12,463,283	3,069,647.27	702,687.82	2,366,959.45
1941	15,638,687	3,653,611.09	653,401.11	3,000,209.98
1940	14,185,835	3,340,113.26	562,054.96	2,778,058.30
1939	13,378,235	3,155,259.05	526,546.73	2,628,712.32
1938	12,820,338	3,027,489.36	581,672.32	2,445,817.04
1937	12,293,129	2,969,423.52	452,810.03	2,516,613.49
1936	10,614,475	3,067,967.87	461,260.86	2,606,707.01
1935	10,156,929	2,899,563.25	441,146.59	2,458,416.66
1934	9,981,615	2,846,116.26	429,412.63	2,416,703.63
1933	9,886,705	2,820,018.71	418,516.46	2,401,502.25
1932	10,804,557	3,091,576.91	456,397.44	2,635,179.47
1931	12,308,225	3,479,337.93	430,856.72	3,048,981.21
1930	12,285,359	3,517,730.64	500,597.53	3,017,133.11
1929	11,615,609	3,331,754.46	398,496.20	2,933,258.26
1928	9,725,470	2,827,786.83	378,590.01	2,449,196.82
1927	8,593,201	2,435,784.40	346,678.59	2,089,921.89
1926 (½ year)	4,137,674	1,110,108.38	158,109.47	946,682.83

The rail transit line which is an extension of the Philadelphia subway system into Camden contributed \$203,781.19 to Commission receipts. In 1943 this return was \$203,859.69 while, in 1942, it amounted to but \$102,206.81. Scarcity of gasoline and tires resulted in a switchover from

the use of private automobiles to the rail transit line. Daily average passengers on the line numbered 22,479 in 1944, a slight increase over the 22,383 average of 1943.

While fewer motorists were able to drive to shore resorts, summer bridge traffic was augmented by patronage attracted by the racetrack near Camden which opened a fifty-day meet July 5. Approximately 2,500 additional cars crossed the bridge daily during the meet.

Satisfactory service was maintained by all departments in the operation and maintenance of the bridge despite the absence of employees in the armed forces of the United States. At the end of the year the honor roll in the corridor of the Administration Building bore thirty-seven names, five of whom, honorably discharged, returned to their positions on the bridge, while one has been killed. The Commission adopted the policy of appointing as few temporary employees as absolutely necessary in order to keep places open for the re-employment of its veterans. The shortage of manpower caused the Commission in March, 1944 to raise the maximum age limit of temporary employees from thirty-five to forty-five years.

On August 18, 1944 Counsel for the Commission brought suit in the United States District Court for the District of New Jersey against the Collector of Internal Revenue to recover the sum of \$10,497.16 paid under protest by the Commission in October, 1943 as taxes, including penalties and interest, on a portion of the bonds issued by the Commission in 1933. The case had not been tried up to the end of the year.

A number of changes in Commission membership occurred during 1944. On April 10 the New Jersey Legislature, by concurrent resolution, elected the following as members of the Commission for five-years effective July 1, 1944: Atlantic County, Doctor I. Norwood Griscom; Burlington County, Harold T. Parker; Camden County, Edward C. McAuliffe, Cape May County, Alfred Cooper; Cumberland County, Clarence B. McCormick; Gloucester County, Hugh L. Mehorter; Ocean County, Arthur C. King; Salem County, Erwin S. Cunard. At the June meeting the Commission warmly commended the retiring members, Messrs. Barton F. Sharp, Marvin H. Coombs and A. Matlack Stackhouse, upon their active participation in the stewardship of the bridge. On May 8, 1944 Mr. Solon D. Bausher of Reading, Pennsylvania was appointed a commissioner by Governor Martin to fill the vacancy caused by the resignation of Mr. Thomas B. Smith in May, 1943.

During the year intensive study was given the problem of improvement of bridge approaches in Camden without definite results. In Philadelphia the Commonwealth of Pennsylvania was active in acquiring all needed property along the south side of Vine Street to provide a handsome post-war boulevard for bridge traffic extending to the Parkway, a distance of more than one mile. On March 24 the Commission approved plans submitted by the Department of Public Works of the City of Philadelphia calling for the incorporation of Commission-owned property to round out this project. In Camden, however, no definite step has been taken to improve the inadequate bridge approaches although the Department of Highways of the State of New Jersey has shown interest and concern. The imperative need for providing these approaches will be demonstrated by the augmented bridge traffic at the end of the war.

The bridge and appurtenant property were in excellent condition at the end of the year; minor repairs were made whenever necessary. The asphalt paving on the suspended spans will probably have to be replaced in 1945. Under ordinary conditions the bridge would have been completely re-painted in 1944 but this must be deferred until the end of the war. In the meantime, special attention is being given spot-painting and removal of rust by our maintenance force.

The Commission continued to carry multi-risk insurance on the suspended spans, from anchorage to anchorage, in the amount of \$10,000,000. A separate policy of \$32,000,000 war risk insurance was extended for one year from July 1, 1944 by the War Damage Corporation without payment of additional premium. Use and Occupancy insurance covering a year's total receipts was still in force.

During 1944 sixteen accidents occurred on the bridge; eighty-seven arrests were made; two thousand twenty-five

disabled cars towed and forty-one fires extinguished.

Members of the Legislatures of the Commonwealth of Pennsylvania and the State of New Jersey are cordially invited to inspect the Delaware River Bridge at any time.

Respectfully submitted,

THE DELAWARE RIVER JOINT COMMISSION

\$ 9,684,433.87

The Delaware River Bridge connecting Philadelphia, Pa. and Camden, N. J., opened July 1, 1926

Construction was begun January 6, 1922.

The cost of the Bridge including Real Estate was \$37,085,100.71.

Principal Dimensions and Quantities

Total length of bridge and approaches	9,570 feet
Length of main span	1,750 feet
Width of bridge	128 feet
Width of roadway between curbs	57 feet
Height of towers above mean high water ..	380 feet
Clearance above mean high water	135 feet
Weight of main span per linear foot	26,000 lbs.
Live load capacity per linear foot	12,000 lbs.
Deepest foundation below mean high water ..	105 feet
Total weight of bridge	720,000 tons

Masonry (Cubic Yards)

	Granite	Concrete	Totals
Main Piers	6,600	52,400	59,000
Anchorage	14,000	202,000	216,000
Approaches	4,600	35,400	40,000

Totals	25,200	289,800	315,000
--------------	--------	---------	---------

Paving

Roadway	50,000 sq. yds.
Footwalks	20,000 sq. yds.

Cables

Number of cables	2
Diameter of cables	30 inches
Number of wires in each cable	18,666
Number of strands in each cable	61
Number of wires in each strand	306
Size of wire (No. 6) diameter	0.195 inch
Total length of wire used	25,100 miles
Distance center to center of cables	89 feet
Weight of cables	7,000 tons
Diameter of suspender ropes	2¼ inches

Structural Steel

Main towers	10,000 tons
Suspended structure	18,600 tons
Anchorage	7,300 tons
Approaches	25,800 tons

Total	61,700 tons
-------------	-------------

Towers

Towers above mean high water	380 feet
Depth Phila. tower pier below M.H.W.	58 feet
Depth Camden tower pier below M.H.W. ..	82 feet
Weight of steel in two main towers	10,000 tons
Load on each tower from cables	35,000 tons
Field driven rivets in each tower	145,000
Roadway expansion joints at each tower provide for 24 inches of motion due to temperature changes.	

Anchorage

Each anchorage occupies ¾ acre	
Anchorage foundation depths below M.H.W.	
Philadelphia	63 feet
Camden	105 feet
Weight of each anchorage	200,000 tons

Rail Transit Line

Constructed at a cost of	\$10,985,383.53
Construction begun	February 23, 1934
Started operation	June 6, 1936
The line is operated by the Philadelphia Transportation Company under a lease, the Bridge Commission receiving 2½ cents from each 10 cent fare.	
Trains run from 8th and Market Streets, Philadelphia, to Broadway Station, Camden.	

SCHEDULE OF TOLL RATES

Passenger Automobile20
Motor Truck—7,000 pounds gross weight (pneumatic tires)20
(Commutation toll books containing 40 tickets for the passage of passenger automobiles and trucks of 7,000 pounds gross weight are sold for \$6.00 for use within 30 days after purchase. Unused tickets will not be redeemed. Use of tickets will be limited to the vehicle identified by the license number recorded on the book cover.)	
Motor Truck:	
7,000 pounds gross weight (solid rubber tires)35
7,001 to 18,000 pounds (pneumatic tires)40
(solid rubber tires)50
18,001 to 26,000 pounds (pneumatic tires)65
(solid rubber tires)75
26,001 to 28,000 pounds gross weight (pneumatic tires)90
(Solid rubber-tired vehicles in excess of 26,000 pounds by special permit only.)	
28,001 to 36,000 pounds gross weight (pneumatic tires)	1.00
Passenger Bus (single-deck)50
(double-deck)75
Horse-drawn vehicles (1 or 2 horses)30
(3 or more horses)40
Horse and Rider15
Led horse, mule, cow, hog or sheep20
Motorcycle10
One-wheel trailer10
"Gross Weight" is the combined weight of the vehicle and its maximum allowable load. Loads in excess of 26,000 pounds (gross weight) on solid tires and 36,000 pounds on pneumatic tires when permitted, shall be charged 25 per 2,000 pounds, or portion thereof, of such load in excess of 26,000 pounds or 36,000 pounds, respectively, in addition to the above tolls.	

No vehicle and load of a combined weight exceeding 80,000 pounds on solid tires or 150,000 pounds on pneumatic tires permitted to cross the bridge.

No motor truck or tractor with metal tires allowed on the bridge.

SUMMARY REPORT OF THE JOINT STATE
GOVERNMENT COMMISSION
TO THE
GENERAL ASSEMBLY, 1943-45

Taxes, Strip Mining, Municipal Authorities, Legislative Apportionment, Unemployment Compensation Benefits, State-Local Sharing of Liquid Fuel Taxes, Penal Code, Juvenile Delinquency and Penal Institutions

March 5, 1945

Commonwealth of Pennsylvania

JOINT STATE GOVERNMENT COMMISSION
of the General Assembly
Room 452, Main Capitol Building
Harrisburg

LETTER OF TRANSMITTAL

To the General Assembly of Pennsylvania:

Under authority of the Act of July 1, 1937, P. L. 2460, as last amended by the Act of March 8, 1943, P. L. 13, I have the honor to submit herewith a summary report of the Joint State Government Commission and its several Committees, with special reference to the activities of the Commission for the biennium February 1, 1943, to February 1, 1945, and the recommendations of the several Committees of the Commission.

IRA T. FISS, Chairman,
Joint State Government Commission
of the General Assembly

BIENNIAL REPORT OF THE JOINT STATE
GOVERNMENT COMMISSION

1943-1945

To the Members of the General Assembly:

The years 1943 and 1944 have proven to be the most active, and likely the most fruitful, in the history of the Joint State Government Commission, since it was established by Act of July 1, 1937 (P. L. 2460). The work carried on by the 26 members of the Commission, augmented by 13 auxiliary members from the Senate, and 28 auxiliary members from the House has served to establish that: (1) legislators, when afforded the opportunity, will study and attempt to solve problems affecting the public welfare in the interim between legislative sessions; (2) measures recommended as a result of studies made between sessions are more likely to be based on well considered facts; (3) the General Assembly can operate more effectively and economically with the aid of the Commission; and (4) the Commission should be sufficiently financed to enable it to function as intended by the General Assembly.

The Joint State Government Commission was established to provide means for investigating and studying problems of government. It is intended to serve the Legislature as a fact-finding body and as an authoritative source of information. Recommendations are made to the General Assembly for legislative action based upon the results of inquiries and research.

The duties of the Joint State Government Commission, as set forth in the act creating it, as amended by the

acts of June 26, 1939 (P. L. 1084) and March 8, 1943 (P. L. 13) are:

1. To investigate departments, boards, commissions and officers of the State and local governments, and to study their legislative, financial, and other problems.
2. To make studies for the use of the legislative branch of the government, seeking to improve the administrative organization of the State and local governments, to eliminate waste and overlapping functions, and to institute economies.
3. To suggest ways and means of financing the Commonwealth upon a more scientific and equitable basis.
4. To gather budget information for the use of the General Assembly.
5. To make such other investigations and studies and to gather such other information as may be deemed useful to the General Assembly.
6. To sit between legislative sessions.
7. From time to time, to report to the General Assembly such findings and recommendations accompanied with such drafts of legislation as it deems necessary for the information of and consideration by the General Assembly.

Economic dislocations since 1929 have made the problems of government vastly more complex. Ordinarily legislatures are in session for only a few months. During the sessions intense pressure of activity precludes calm reasoning, and makes impossible enactment of solid, well-reasoned and carefully prepared statutes.

This condition has necessitated the establishment of permanent and continuous research and fact-finding agencies, similar to the Joint State Government Commission. To these permanent commissions is delegated the planning of legislation in advance of the legislative sessions.

A legislative commission can make the facts and results of research and study available as a basis for sound legislation and thereby afford responsible and representative legislators an opportunity to study, analyze, and consider various alternative policies in the interim between sessions.

The Joint State Government Commission in no way interferes with the long and splendid service of the Legislative Reference Bureau. The Bureau was established primarily to draft legislation and is concerned with the technique of drafting bills and necessary amendments to existing legislation.

Prior to the current biennium the Commission has made studies and has issued reports on legislative printing, the tax and financial problems of the Commonwealth, the organization and administration of Pennsylvania's state government, the administration of public assistance, modernization of the Pennsylvania Unemployment Compensation Law, employer experience rating in unemployment compensation, practice and procedure before departments, and issuance of certified copies of birth certificates through the Bureau of Vital Statistics. Many of the recommendations made in the reports were incorporated into legislation.

During the current biennium, the Commission was charged with 7 studies:

1. Taxes.

2. Strip Mining.
3. Municipal Authorities.
4. Legislative Apportionment.
5. Unemployment Compensation Benefits.
6. State-Local Sharing of Liquid Fuel Taxes.
7. Penal Code, Juvenile Delinquency and Penal Institutions.

Subcommittees of the Commission were appointed to undertake these studies. All of these committees organized promptly and worked diligently. They held many meetings and made thorough and comprehensive investigations of the subjects assigned to them. Comprehensive reports were made by the committees and bills embodying their recommendations were introduced.

The year 1944 was marked by unprecedented activity on the part of the subcommittee on Continuation of the Tax Study, which completed ten studies that were printed and distributed widely by the Joint State Government Commission and the Pennsylvania Economy League.

An additional study was made by the Tax Advisory Committee, with the approval of the Commission. This Tax Advisory Committee enlisted the services of almost 200 tax experts, lawyers, and accountants who were constituted into subcommittees, each to study a particular phase of taxation. Those making this study constituted non-political, non-partisan citizens' groups, wholly independent, and responsible to The Tax Advisory Committee.

The reports of these subcommittees were submitted to the Tax Advisory Committee which, in turn, developed the most comprehensive report of its kind. The Tax Advisory Committee's report was issued as Report No. 11 by the Tax Committee of the Commission. It deals with every phase of the tax problem of Pennsylvania and contains specific proposals for the revision of the tax structure, including new sources of revenue, elimination of certain taxes, reductions of others and shifting of specific taxes from one unit of government to another, as well as proposals for reallocation of various governmental functions between the Commonwealth and its political subdivisions.

A list of the reports issued by the Commission in prior biennia, as well as the current biennium, is set forth at the end of this report.

A large part of the tax work of this Commission was made possible through the freely given co-operation and assistance of the Pennsylvania Economy League in providing the Commission with basic surveys, statistics, and data to serve as a basis for the preparation of the series of tax and financial reports.

All the committees have worked assiduously to discharge their duties well and have performed their assignments expertly. They have displayed enthusiastic and wholehearted co-operation in their efforts to reach a solution of the problems assigned to them for decision. The reports of the several committees, which appear later in this report, will confirm this statement.

The Commission could and should expand its facilities so that it becomes a truly fact-finding and research agency for the General Assembly, furnishing statistics, information, and data at all times, in addition to undertaking the investigations and studies with which it is charged by

the General Assembly. It is essential that the Commission be adequately financed in order that it can discharge its duties more effectively.

I also desire to commend the staff of the Commission for the tremendous amount of work performed in furnishing basic information to the committees and providing research assistance in addition to the routine work connected with the smooth functioning of the Commission.

IRA T. FISS, Chairman,
Joint State Government Commission.

GENERAL SUMMARY

Under the provisions of the act creating the Joint State Government Commission, and the amendments thereto, it is charged with overall continuing functions. In addition, the Commission as constituted for 1943-1945 was specially charged with seven studies. These were:

1. Taxes.
2. Strip Mining.
3. Municipal Authorities.
4. Legislative Apportionment.
5. Unemployment Compensation Benefits.
6. State-Local Sharing of Liquid Fuels Taxes.
7. Penal Code, Juvenile Delinquency, and Penal Institutions.

Seven subcommittees were named to study these subjects and the membership of the Commission was supplemented by 41 auxiliary members of the Senate and House. All of the committees organized promptly and carried out their assignments with diligence. The various reports and recommendations will show how well their work was done.

Taxes

The Committee on Continuation of the Tax Study, to which the study on taxes was assigned, proceeded to develop research material, statistical data, and other material on the debt, cost of state and local government, the tax structure, operating funds, and the economic resources and related tax problems of the Commonwealth of Pennsylvania. Ten reports were issued by the Committee embodying such information. However, it was realized early in its study that a comprehensive, factual analysis and thorough consideration of the many phases of the entire state and local tax structures would be imperative. It, therefore, accepted the assistance and co-operation of the Tax Advisory Committee, of which Mr. E. M. Elkin, of Pittsburgh, was Chairman.

The Tax Advisory Committee in turn enlisted the services of approximately 200 tax experts, lawyers, and accountants, of varying viewpoints, which were organized into subcommittees, each of which studied a specific phase of the Tax Structure of the Commonwealth and Its Political Subdivisions. These subcommittees made their reports to the Tax Advisory Committee which resolved all matters of policy and developed the most comprehensive report on Pennsylvania's tax situation which has ever been compiled.

The Tax Advisory Committee recommended new sources of revenue, elimination of certain taxes, reduction of others, and shifting of specific taxes from one unit of government to another, as well as proposals for realloca-

tion of general governmental functions between the Commonwealth and its political subdivisions.

Brief summaries of the work of this Committee and the Tax Advisory Committee are found on pages 8 to 14 of this report, while the complete study of the Tax Advisory Committee has been printed as Report No. 11, in the series of the 1944-45 publications of this Committee. Copies of the report of the Tax Advisory Committee and its recommendations have been made available for the information of the public and study by the General Assembly, and this Committee. The Committee on Continuation of the Tax Study has made no recommendations, but has requested that it be continued as a committee to study and consider the report and recommendations of the Tax Advisory Committee.

Strip Mining

The Committee on Strip Mining inspected stripping operations in six counties of the bituminous region and six counties of the anthracite region. Subsequent to the visits, conferences were held with representatives of County Commissioners, Township Supervisors, mine workers, coal operators, and various governmental departments interested in this subject. The Committee found itself faced with the problems of conserving the coal resources of the Commonwealth, regulating stripping operations, and maintaining maximum production in aid of the war effort. The Committee finally recommended that Strip Mining be regulated. The Committee approved a bill incorporating these recommendations, which was introduced in the General Assembly as Senate Bill No. 265.

Municipal Authorities

The Committee on Municipal Authorities decided at the organization meeting to send a questionnaire requesting information from the 95 incorporated Municipal Authorities in the Commonwealth. These questionnaires developed the fact that 60 Municipal Authorities are functioning at the present time. The replies to the questionnaires were carefully studied. Conferences were held with the Attorney General, attorneys for the Pennsylvania Municipal Authorities Association, and others interested in this subject in order to obtain suggestions for improvement of the law and the administration of Municipal Authorities. The Attorney General suggested that a new measure be drafted instead of amending the present law in order to avoid further patch-work to the law. The suggestions of the Attorney General were accepted by the Committee, which approved the various proposals for amending the law, as set forth on pages 17-18 of this report. A bill was drafted incorporating the old law and the new amendments and was introduced in the General Assembly as Senate Bill No. 423.

Legislative Apportionment

The Commission recognized that reapportionment of the Senatorial and Representative districts was necessary following the United States census of 1940. Therefore, a Committee to investigate and study this subject was appointed. In applying the formula prescribed by the State Constitution, the Committee found that membership of the House should be increased from 208 to 210. These changes included an increase in the Allegheny County delegation from 27 to 28; an increase in the Cumberland

County membership from 1 to 2; an increase in the Delaware County membership from 4 to 6; an increase in Lehigh County from 3 to 4; and an increase in York County from 3 to 4. Decreases were considered necessary in Cambria County from 5 to 4 members; in Northampton County from 4 to 3 members; in Philadelphia from 41 to 39. After examining the population figures for the Senatorial Districts, the Committee found it desirable that the counties of Philadelphia and Allegheny be reapportioned. Recommendations for legislation to carry out this program have been approved and are found on pages 18-19 of this report. Bills to incorporate these changes have been introduced into the General Assembly as House Bill No. 753 for House apportionment, and Senate Bill No. — for Senatorial apportionment.

Unemployment Compensation Benefits

The Committee on Unemployment Compensation Benefits held meetings with the administrators of unemployment compensation in the states of New York, New Jersey, and Ohio. The Committee considered, at first, the subject of paying benefits for partial unemployment and reviewed the pertinent provisions of the laws of a number of the states providing for the payments of such benefits. The Executive Committee of the Joint State Government Commission directed this Committee to enlarge its study to include consideration of the need for other amendments to the Pennsylvania Unemployment Compensation Law. The Committee recommended that benefits be paid for partial unemployment, and that the weekly benefit rate and the maximum duration of benefits be increased, and the waiting period be reduced as set forth on page 20 in this report. A bill to incorporate these recommendations was introduced in the Senate as Senate Bill No. 41.

State-Local Sharing of Liquid Fuels Taxes

The "Committee on the Study of Distribution of State Funds to Political Subdivisions in the Counties of the State" decided to make a field investigation, which took six months, in order to obtain first-hand information on the disbursement of the ½ cent gasoline tax by the County Commissioners. Field investigators undertook this investigation, and covered every county in the State, except Philadelphia. As a result of the survey, made by the field auditors, for the first time facts and figures were made available, showing the details of the manner in which the Liquid Fuels Tax Fund was handled by the County Commissioners. A great deal of confusion and lack of uniformity in the proper disbursement and distribution of these funds were found. The Committee recommended a number of changes in the law, among them being a provision for uniform distribution of the Liquid Fuels Tax Fund by the County Commissioners. It also recommended that the present permanent tax of 3c per gallon on Liquid Fuels remain as at present, and that the Emergency Tax of 1c per gallon be eliminated and in lieu thereof, there be substituted an additional tax of 1c per gallon to be allocated on a mileage basis as follows:

- 3 of a cent per gallon to Second Class Townships.
 - 3 of a cent per gallon to First Class Townships, Boroughs, and Cities of all classes.
 - 4 of a cent per gallon to the Motor License Fund.
- These recommendations are set forth in detail on page 21

of this report. Two bills carrying out all of the recommendations of the Committee have been drafted and introduced in the General Assembly as House Bill No. 541 and Senate Bill No. 404.

Penal Code, Juvenile Delinquency, and Penal Institutions

The Committee on Penal Code and Juvenile Delinquency decided to confine its study to Pennsylvania because of the wide scope of its task and the lack of funds necessary to carry out the mandate of the General Assembly to make "A careful, thorough, and impartial study of the whole question of Crime Prevention, Incarceration, Reform, Probation, Parole, and Pardon as administered in this Commonwealth and in other states." The Committee was divided into three subcommittees: (1) Crime Prevention and Juvenile Delinquency, (2) Criminal Code and Jurisprudence, (3) Parole and Criminal Institutions. These various subcommittees held numerous meetings and adopted a number of recommendations which will be of assistance in bringing about improvement of the Penal Code and the Correctional System of the Commonwealth. These recommendations are set forth in detail on pages 23, 24, 25 and 26 of this report. They have been embodied in legislation which has been presented to the General Assembly, and the list of such bills is also set forth on page 23 of this report. The Committee requested that it be continued for the purpose of undertaking a complete revision and recodification of the Penal Code and completing its study of the penal institutions.

ACTIVITIES OF THE COMMITTEES OF THE JOINT STATE GOVERNMENT COMMISSION

1943-1945

Committee on Continuation of the Tax Study

The Committee on Continuation of the Tax Study was appointed on July 16, 1943, and Hon. Edwin Winner was appointed Chairman. In November, 1943, Mr. Winner was elected Treasurer of Montgomery County, and resigned as Chairman of this Committee on March 22, 1944. Hon. Lloyd H. Wood, also of Montgomery County, was appointed a member and Chairman of the Committee to fill the vacancy. In view of his long experience in tax matters, Mr. Winner consented to serve with the Committee in an advisory capacity. Senator James A. Geltz, of Allegheny County, was designated as Vice-Chairman.

The Joint State Government Commission, which had been directed by the General Assembly to continue its study of the tax structure, suggested to the Committee that it give consideration to a complete revision and simplification of the tax structure of both the Commonwealth and its political subdivisions, since much of it had become antiquated. The Committee realized that it was not sufficiently staffed to undertake such a gigantic task. Therefore, it accepted the assistance and cooperation of a wholly independent citizens' committee, known as the Tax Advisory Committee. This Committee was composed of 15 members with E. M. Elkin, of Pittsburgh, as Chairman.

The Tax Advisory Committee asked approximately 200 other public-spirited tax experts, lawyers, accountants, statisticians, and economists to develop a critical analysis of every tax of the Commonwealth and its subdivisions. The members of Tax Advisory Committee were outstand-

ing, highly qualified experts in their field, and each was made the head of a subcommittee to study a different tax. These experts prepared their reports and submitted them to the Tax Advisory Committee.

The Tax Advisory Committee held many meetings at which it resolved all matters of policy and developed a comprehensive report, containing specific proposals for revision of the tax structure of the Commonwealth. This report was ordered printed and copies were distributed to members of the General Assembly, and the tax study groups, and are available to others interested.

The Committee on Continuation of the Tax Study held numerous meetings in order to analyze and consider thoroughly the basic research material, statistical data covering the subjects of debt, costs of State and local governments, tax structure, operating funds, and the economic resources and related tax problems of the Commonwealth of Pennsylvania. The Pennsylvania Economy League assisted the Committee in developing much of this material. Upon completing the review of the material on the subjects enumerated, ten (10) reports (see list of publications on page 28) were issued at various times during 1944 and 1945, embodying this important information.

The Committee on Continuation of the Tax Study has not had an opportunity to analyze and study the report of the Tax Advisory Committee and therefore has made no recommendations, but has requested that it be continued as a committee to study and consider the report and recommendations of the Tax Advisory Committee. However, the Committee considers this report as far-reaching and important to the Commonwealth, and herewith submits a summary of it:

"SUMMARY OF THE PROPOSED PLAN FOR TAX REVISION AND REALLOCATION OF GOVERNMENTAL FUNCTIONS AND THEIR COSTS BETWEEN THE COMMONWEALTH AND ITS POLITICAL SUBDIVISIONS

"Submitted to the Committee on Continuation of the Tax Study of the Joint State Government Commission (of the General Assembly) by the Tax Advisory Committee

"The objectives, embodied in the recommendations of the Tax Advisory Committee, are: (1) to remove existing inequities and discrimination in the present tax structure of the Commonwealth and its political subdivisions; (2) to make the tax burden on business more comparable with that of other industrial states and so encourage the expansion of existing business and industry, as well as new capital enterprises, and to stimulate the highest possible level of employment and production in Pennsylvania in the postwar period; (3) to relieve the present unduly high local tax burden on real estate by reallocation of certain governmental functions and their costs between state and local governments, and by dedication of revenues from certain new, as well as present, state or state-collected taxes to local governmental units for local purposes; and, (4) to stimulate and encourage the conversion of the 'distressed areas' of the Commonwealth to a more healthy and diversified basis.

"The objectives of the Tax Advisory Committee are

achieved by a twofold, interrelated plan, which effects major changes (1) in the taxes of the Commonwealth and their distribution between the Commonwealth and its political subdivisions, and (2) in the allocation of certain functions and their costs.

"The present revenue structure of the Commonwealth and its political subdivisions is based primarily upon taxation of business and industry, at the state level, and of real property, at the local level of government. Since the end of World War I, the decline in the Commonwealth's economic resources, related to those of the nation, has resulted in a constantly increasing burden upon its major tax sources, namely, productive capital and real estate. As a result of the depression of the 1930's, some new taxes were added on consumption items, but even heavier taxes were levied upon corporate and selected business. No substantial relief was given to the tax burden on real property at the local level, except by spasmodic transfers to the Commonwealth of the costs of the traditionally local function of public assistance and by increased subsidies from the Commonwealth to local governments for support of local functions, particularly, schools and highways.

"The recommendations of the Committee, in terms of 1943-1945 revenues, would result in a biennial net increase of \$141.4 million in total tax revenues of the Commonwealth and its political subdivisions. Although almost this entire amount would result from changes in, or additions to, state or state-administered taxes, the greater benefit would accrue to local governments, which would receive increased biennial revenues of \$110.7 million, distributed as follows: school districts, \$59.6 million; counties, \$35.8 million (including some funds to be further distributed to municipalities); and municipalities, \$15.3 million. The net biennial increase in state revenues would be \$30.7 million, the difference between a net decrease of \$4.3 million in Motor License Fund revenues and a net increase of \$35.0 million in revenues of the General Fund.

"The details of this plan, which appear in the supporting Table A, page 12, show that there is a potential biennial decrease in local taxes, which are levied principally on real estate, of \$110.7 million and a biennial net reduction in state taxes on corporate net income, capital stock, foreign franchise, and specific business, of approximately \$14.5 million.

"The extension of taxes upon consumption, through a general retail sales tax, and the levy of an effective tax upon the net income of unincorporated business would permit the removal of many existing inequities and discriminations in the present tax structure, and so make Pennsylvania a more attractive state for business and industry. At the same time, the state would receive, in addition to the advantages enumerated above, an ample revenue margin to offset the further revenue loss, anticipated when the manufacturers' exemption from the capital stock tax is restored and for the slight losses, which would result from certain proposed amendments to the existing statutes, which levy taxes on corporate net income, capital stock and foreign franchise, and other subjects.

"In order to relieve the burden of taxation placed by local governments on real estate, the Tax Advisory Committee recommends that a state-wide, state-collected, 2½

per cent general sales and compensating use tax, with an estimated yield of not less than \$150 million per biennium, be dedicated to local school districts. In addition, it is proposed that the present state taxes on the gross receipts of utilities and gross premiums of insurers be revised and dedicated to the support of the public school system. The basis of the proposed formula for the distribution of this revenue is \$1,600 per teacher unit, based on an average daily attendance of 33 pupils per teacher in first class districts, 30 in second and third class districts, and 25 in fourth class districts. Transportation costs would be provided, as at present, for fourth class districts. The funds allocated under this program, estimated at \$179 million in terms of 1943-1945 revenues, would decrease the need for locally-raised revenues in school districts by approximately \$59.6 million per biennium and, consequently, permit a related reduction on real property. Furthermore, the dedication of these funds to school districts would eliminate state grants from the General Fund, which amounted to \$119.6 million (including the cost-of-living increases in teachers' salaries) in 1943-1945.

"The proposed plan for a new distribution of the public assistance costs would return this important function to the domain of the counties, but apportion to these political subdivisions only about 40 percent of the total cost (a county's share might vary from 30 to 50 percent of its public assistance costs, depending upon the resources of the county). Included in the plan for counties are transfers from the counties to the state's General Fund of the costs of the judicial function, institutional care, now provided by the county institutional districts, and the maintenance of penal offenders in state and semi-state institutions so that, despite the transfer of a part of public assistance costs to the counties, the revenues of the counties, available for appropriation, would actually be increased. Furthermore, new revenues for the counties would be received from a primary share of the proceeds of a new state tax on the net income of unincorporated business (estimated to yield \$25 million biennially) for the support of public assistance. In addition, corporate and municipal loans would be made subject to the county personal property tax in place of the present state taxes. The county personal property tax would be further extended to the shares of stock of both federal and state building and loan and savings and loan associations. The tax on writs, wills, and deeds and the fees on marriage licenses would also be shifted wholly to the counties. The overall effect of the proposals would result in a biennial net revenue gain to the counties of \$35.8 million (in terms of 1943-45 revenues), which would be available for further reduction of taxes on real property.¹

"The proposals of the Tax Advisory Committee also would increase the amount of liquid fuels tax monies, dedicated to the highway uses of local governments. In place of the present distributions to counties of one-half of one cent of the regular three cents per gallon tax, there would be one cent per gallon of the tax dedicated to the municipalities. It is further provided that these payments, which would amount to \$22.6 million per bien-

nium, in terms of 1943-1945 revenues, be made only to cities, boroughs, towns, and townships of the first and second classes, for highway construction and maintenance and payment of highway indebtedness, according to a formula based equally on total mileage of roads, locally maintained, and on population. Inasmuch as this provision would provide approximately the same amount of revenue to second class townships, as they now receive in the form of subsidies from the Motor License Fund (\$7 million in 1943-1945), it is proposed that the state subsidy to second class townships be eliminated. As a consequence, the biennial net loss of revenue to the Motor License Fund (which would receive two cents in place of the present two and one-half cents per gallon of liquid fuels tax) would amount to only \$4.3 million.

"The net result to the Commonwealth's General Fund of administering newly allocated functions; discontinuing present grants for schools; limiting state participation in public assistance; and revising the present General Fund tax revenues by (a) dedication of certain state taxes to local government, (b) reduction of the basic rate of the capital stock-franchise tax from 5 to 4 mills, with a preferential rate of 2 mills for capital employed in coal mining, oil extraction, and domestic stock, fire and marine insurance companies, (c) equalizing the tax on shares of banks and trust companies at 4 mills, (d) eliminating of the one cent emergency tax on liquid fuels for general purposes, and (e) carrying out the other numerous provisions for desirable revision of the state tax structure, would be an increase of \$35.0 million in biennial (1943-1945) revenues.

"The overall changes effected by the Advisory Committee's recommendations would more equitably distribute the burden on state and local tax sources among property, business, income and consumption; modernize and rationalize the allocation of governmental functions and their costs among the Commonwealth and its political subdivisions; redetermine and simplify state grants, particularly to school districts; and provide new revenues for its political subdivisions, permitting a substantial reduction in local real estate taxes.

"While it is not expected that the additional funds of \$110.7 million per biennium, which would be made available to local governments, would result in commensurate reductions, the magnitude of the figure assures an ample margin for a substantial decrease in local real estate levies, which could be effected without disturbing present standards of services rendered by the Commonwealth's political subdivisions and, in the case of school districts, actually effecting substantial improvements by providing for a minimum program in all classes of school districts.

"The fiscal and other effects of the Tax Advisory Committee plan are incorporated in the following table. Reference to this table will show the twofold nature of the Tax Advisory Committee's proposals, whereby interrelated changes in the tax structure and the distribution of its revenues and in the allocation of governmental functions and their costs among the Commonwealth and its political subdivisions bring about the stated objectives of the plan. It is important to note that this plan is so interrelated that the enactment of any of its major proposals, without due consideration of the complementary

¹ This total includes all of the estimated revenues of the new tax on unincorporated businesses. A portion of this tax, however, under the Tax Advisory Committee's plan would be further distributed to the municipalities.

proposals, would seriously disrupt its essential character. functional costs are estimated on the basis of the latest available data." The revenue estimates are based on 1943-1945, while

TABLE A

Overall Fiscal Effects of the Tax Advisory Committee's Recommendations

I. Overall Net Effect on Commonwealth and Its Political Subdivisions

There would be a biennial net increase (in terms of 1943-1945 revenues) of \$141,431 million in revenue, available for appropriation, by state and local governments, as follows:

State—Biennial Net Increase	\$ 30.744
Local—Biennial Net Increase	110.687

State and Local Governments—Biennial Net Increase	\$141.431
---	-----------

II. Overall Fiscal Effect at State Level

1. Fiscal Effect on General Fund

A. General Fund biennial revenues, available for appropriation, would be increased \$154.596 million (in terms of 1943-1945 revenues) by:

Increase in Tax Revenues		
Extension of net earning tax	\$.027	\$.027
Transfer of Costs		
School grants from General Fund to be replaced by dedication to school districts of funds from proposed sales tax and revised taxes on utilities and insurers ¹	\$119.569 ^a	
Partial cost (average 40 percent) of public assistance to be transferred to counties ..	32.000	
		\$151.569
Decrease in Expenditures		
For Interest Saving on tax anticipation notes, due to changes in tax calendar	\$ 3.000	
		\$ 3.000
Total		\$154.596

B. General Fund biennial revenues, available for appropriation, would be decreased \$119.504 million (in terms of 1943-1945 revenues) by:

Transfers of Tax Revenues		
Gross premiums tax shifted to dedicated fund for school districts	\$ 16.400	
Gross receipts tax shifted to dedicated fund for school districts	8.400	
Writs, wills, and deeds tax shifted to counties600	
Corporate and municipal loans taxes shifted to counties	8.400	
		\$ 33.800
Decrease in Tax Revenues due to Rate Reductions		
Share tax on trust companies—from 5 to 4 mills	\$.600	
Capital stock tax—from 5 to 4 mills and preferential rate for mining and oil extractive industries	14.800	
Preferential rate for domestic stock fire and marine insurance companies160	
Corporate Net Income Tax—exemption of insurance companies101	
Interest rate on delinquent taxes—from 6 to 4 percent898	
		\$ 16.559
Taxes to be repealed:		
Liquid fuels—one cent emergency rate, now deposited in General Fund	\$ 22.600	
Stock transfer tax	1.100	
Domestic and foreign bonus900	
Spirituuous and vinous liquor tax040	
Rural electric co-operative membership tax005	
		\$ 24.645
Transfer of Costs:		
Judiciary costs—from counties to state's General Fund	\$ 15.500	
Cost of maintaining all penal offenders in state and semi-state institutions—to be shifted from counties to state's General Fund	7.000	
County institution districts costs—to be shifted to state's General Fund	22.000	
		\$ 44.500
Total		\$119.504

2. Fiscal Effect on Motor License Fund

A. Motor License Fund biennial revenues, available for appropriation, would be decreased \$11.348 million (in terms of 1943-1945 revenues) by:

Decrease in Tax Revenues	
Reduction of Motor License Fund's share of liquid fuels tax from 2½ to 2 cents per gallon ..	\$ 11.300
Loss of highway use tax (gross receipts tax on interstate motor carriers)048
Total	\$ 11.348

¹For details of these dedicated funds see page 14, Effect on School District Revenues.

^aThis is the total, appropriated for 1943-1945 school grants. It is made up of regular appropriations of \$116.867 million, of which \$40.000 was lapsed during the biennium, and deficiency appropriations of \$2.742 million for 1943-1945 purposes.

B. Motor License Fund biennial revenues, available for appropriation, would be increased by \$7 million, by:

Transfer of Expenditure

Highway grants to second class townships—to be made from dedicated share of liquid fuels tax \$ 7.000

3. Net Revenue Effect on State Level

There would be a biennial net increase of \$30.744 million in state revenue, available for appropriation, resulting from

General Fund—Biennial Net Increase \$ 35.092
Motor License Fund—Biennial Net Decrease 4,348

Biennial Net Increase—State \$ 30.744

III. Overall Effect on Local Revenues

1. Effect on County Revenues

A. County revenues, available for appropriation, would be increased biennially (in terms of 1943-1945 revenues) by \$79.1 million, by:

New Tax Revenues

New state-administered tax on unincorporated businesses to be distributed to the counties for public assistance^a \$ 25.000
Building and loan company shares to be taxed by county as personal property600

\$ 25.600

Transfer of Tax Revenues to Counties

Corporate and municipal loans tax to be taxed by county instead of state \$ 8.400
Writs, wills and deed tax and marriage license fees to be paid to county instead of state600

\$ 9.000

Transfer of Costs

Judiciary costs—to be assumed by state's General Fund \$ 15.500
Cost of maintaining penal offenders in state institutions—to be assumed by state's General Fund 7.000
County institution district costs—to be assumed by state's General Fund 22.000

\$ 44.500

Total \$ 79.100

B. County revenues, available for appropriation, would be decreased biennially (in terms of 1943-1945 revenues) by \$43.3 million, by:

Reduction in Tax Revenues

Loss of one-half cent per gallon of liquid fuels tax now dedicated to counties ... \$ 11.300

Transfer of Costs

Transfer to counties from state of partial cost of public assistance 32.000

Total \$ 43.300

2. Effect on School District Revenues

A. Revenues, available for school districts, would be increased biennially (in terms of 1943-1945 revenues) by \$179.126 million, by:

New Tax Revenue

General sales and compensating use tax at rate of 2½ percent, dedicated to school districts \$152.000

Transfers of Tax Revenue

Dedication to school districts of General Fund's gross premiums tax, plus revenue effect of expansion of tax 17.200

Dedication to school districts of General Fund's gross receipts tax on public utilities, plus revenue effect of expansion of tax 9.926

Total \$179.126

B. Revenues, available for school districts, would be decreased biennially (in terms of 1943-1945 revenues) by:

Loss of General Fund school grants (in millions) \$119.569^a

3. Effect on Revenues of Municipalities^b (cities, boroughs, towns, and townships)

A. The revenues of municipalities would be increased biennially (in terms of 1943-1945 revenues) by:

Dedication to municipalities for highway purposes of one cent per gallon of the liquid fuels tax, amounting to (in millions) \$ 22.600

B. The revenues of municipalities would be decreased \$7.270 million, biennially (in terms of 1943-1945 revenues) by:

Reduction in Tax Revenues

Philadelphia tax on domestic mutual insurance companies—void, if taxed by state^c \$.270

^aThe Committee recommended that municipalities receive a portion of this tax, not required for county purposes.

^bSee footnote (2) this table.

^cSee footnote (3) this table, in regard to unincorporated business tax.

^dThis would affect Philadelphia only.

Loss of State Grant

Discontinuance of highway grants to second class townships, now made from Motor License Fund

7.000

Total \$ 7.270

4. Net Effect on Local Revenues

There would be a net biennial increase of \$110.687 million (in terms of 1943-1945 revenues) in revenue, available for local governments, distributed as follows:

Counties ⁷ —Biennial Net Increase	\$ 35.800
School Districts—Biennial Net Increase	59.557
Municipal ⁷ —Biennial Net Increase	15.330

Local Governments—Biennial Net Increase	\$110.687
---	-----------

⁷ All of the state-administered tax on unincorporated businesses, recommended for distribution to counties and municipalities, is credited to counties.

COMMITTEE ON STRIP MINING

On June 4, 1943, the Governor of the Commonwealth, by Veto Message No. 39, vetoed Senate Bill No. 498 which would have created a commission to make a study and investigation of strip mining in the Commonwealth, stating that the "Joint State Government Commission and the Department of Mines both have ample authority to make the survey, investigation and recommendations."

Accordingly, the Joint State Government Commission, at its meeting on June 16, 1943, on its own motion, accepted the recommendation of the Executive Committee that a committee be appointed to study strip mining. Senator J. Fred. Thomas was designated as Chairman.

The committee held its organization meeting on July 21, 1943, elected Representative Earl E. Hewitt, Sr., to serve as Vice-Chairman and adopted a plan to be followed in making its study and investigation.

To obtain an accurate idea of the scope of strip mining and the methods employed the Committee decided it was necessary to visit such operations in various sections of the Commonwealth. On September 1 and 2, 1943, the Committee visited stripping operations in six counties of the bituminous region and on October 13 and 14, 1943, it visited stripping operations in six counties of the anthracite region. Detailed reports of these visits were made to the Commission at its meeting on December 16, 1943. Without this first-hand information the committee would have been seriously handicapped in performing its work.

At subsequent meetings, held in Harrisburg, February 8, 9, and 23, 1944, the Committee conferred with representatives of county commissioners, State Association of Township Supervisors, United Mine Workers, coal operators, and representatives of the State Departments of Internal Affairs, Forest and Waters, Mines, Commerce, Health and Agriculture, Game, Fish, and Postwar Planning Commissions, and the Sanitary Water Board. Invitations to attend these meetings were sent to every agency or organization it was believed might have an interest in the problem of strip mining, including all associations of local government units. Some replies, indicating lack of interest, were received, but all interested parties were afforded an opportunity to be heard.

The Committee then subdivided itself into three subcommittees to study the problems peculiar to the three regional coal fields of Pennsylvania, namely, the anthracite, central bituminous, and western bituminous fields.

Following receipt on July 27, 1944, of the reports of the

three Subcommittees, the Committee, meeting on December 15, 1944, adopted proposals which were submitted to the Commission as suggestions for legislative action.

In its deliberations, the Committee was faced with the problem of conserving the resources of our great Commonwealth and protecting the general welfare of the people. At the same time, the Committee was mindful of the importance of coal production to the war effort and the type of legislation which can be administered effectively.

The proposals set forth herewith represent the findings of this Committee after much study, deliberation and discussion of this subject. It believes the recommendations made represent the most practical, reasonable, and impartial solution to the problem at present.

Senate Bill No. 265 incorporating the recommendations was introduced in the Senate.

Recommendations

1. Regulations of strip mining should be by act declaring it to be within the police powers of the Commonwealth.
2. It should be unlawful for any operator to engage in commercial strip mining without first obtaining a permit from the Secretary of Mines.
3. Operators desiring to engage in commercial strip mining should make written application to the Secretary of Mines for an annual permit for each strip pit, having an annual fee of \$25.00 for less than 25 acres to be stripped, \$50.00 for 25 acres or more but less than 50 acres, \$75.00 for 50 acres and over.
4. The Secretary of Mines should have power to revoke the permit for noncompliance with rules and regulations or violation of the act.
5. Operator should annually submit to Secretary of Mines duplicate copies of map, showing location and description of land to be stripped.
6. After removal of coal, operator should, within a reasonable time and in a manner designated by the Secretary of Mines, refill the pits and replace and relevel the surface and overlapping soil, in such manner as is practicable, feasible and necessary to minimize the hazards of floods, pollution of bodies of water, accumulation of stagnant waters, etc.
7. Operator should file with the Secretary of Mines, a bond, conditioned upon the faithful compliance with the act and rules and regulations; such bond to be \$500 for the first five acres and \$50 for each acre or portion

thereof in excess of five acres; bond to be increased or decreased in accordance with the number of acres in operation.

8. In lieu of bond, operator may deposit with the Secretary of Mines, \$50 cash for each acre of land proposed to be stripped.
9. Any unexpired permit should be effective so long only as the operator shall possess the legal right to recover coal from the land described in the permit.
10. The authority of the Secretary of Mines to require improvements should terminate within 6 years after the end of the permit year.
11. The Secretary of Mines should have authority to grant, refuse, modify, revoke or cancel permits and have power to carry out and administer the act.
12. No permit should be refused, cancelled, or revoked until after the hearing on written charges has been had before the Secretary, testimony to be taken stenographically, and operators aggrieved to have the right of appeal to the Court of Common Pleas of the county where the stripping is or was being done, or to be done; the case to be heard on the record and no additional testimony to be taken. From the decision of the Common Pleas Court, appeal may be taken to the Superior Court of Pennsylvania.
13. A judgment should not act as a bar, after one year, on either party to apply for a new permit or to revoke or refuse to renew such permit for any cause which may thereafter accrue or be discovered.
14. The Secretary of Mines should have authority to subpoena witnesses and records.
15. Penalty for violation of the act—misdemeanor and on conviction, a fine of not less than \$250 nor more than \$5,000.
16. The act should become effective 60 days after final enactment.

COMMITTEE ON MUNICIPAL AUTHORITIES

House Resolution Serial No. 101 (1943) charged the Joint State Government Commission with an investigation and study of Municipal Authorities and the law under which they are created to ascertain—

- a. Number created.
 - b. Costs of acquisitions.
 - c. Operation and maintenance.
 - d. Rates paid by consumers.
 - e. Benefits derived.
 - f. Defects in the law.
 - g. Amendments deemed necessary to improve the operation of the law.
 - h. Any other pertinent facts considered as important to this study, and to report its findings to the General Assembly at the first Special or Regular Session thereafter.
- The Joint State Government Commission, at its meeting on June 16, 1943, ordered that such a Committee be created. Senator Clarence D. Becker was designated as Chairman and Hon. Benjamin F. James as Vice-Chairman. The Committee met for organization on August 18, 1943, and a proposed program for the work of the Committee was discussed, and adopted.

The Commission Counsel was directed to prepare and

send a questionnaire to all incorporated municipal authorities in the Commonwealth of Pennsylvania and obtain the information as directed in the House Resolution.

The questionnaires proved to be a fruitful source of information from which the Committee has been able to develop some definite ideas. It appears that ninety-five (95) municipal authorities have been created under the Act of 1935 and its supplements, and that approximately sixty (60) are functioning at the present time.

The replies to the questionnaires were studied carefully to determine if they indicated need for changes. Conferences were held with the Attorney General of Pennsylvania, Attorneys for the Pennsylvania Municipal Authorities Association and bond institutions and others interested in this subject in order to obtain suggestions for improvement of the law and the administration of Municipal Authorities, the protection of the rate payer and the public generally.

The Attorney General suggested that a measure be drafted for the enactment of a new law incorporating the present law and any desired changes to avoid any patch-work to the law. His suggestion was accepted. Proposals for changes approved by this Committee are embodied in their recommendations.

A bill carrying out the recommendation of this Committee has been drafted and introduced in the Senate as Senate Bill No. 423.

Recommendations

(Note: A new law should be enacted incorporating the present act, as last amended, and the following proposals:)

1. The definition of Federal agencies is revised so as to exclude the "Federal Emergency Administrator of Public Works," not now in existence.
2. The definition of project is amended to include acquiring, as well as constructing, etc., any structure authorized by the Authority, and including central heating plants and facilities
3. The Authority, after organization, shall certify to the Secretary of the Commonwealth, the names and addresses of its officers, the principal office of the Authority, and any change in the location of the principal office should likewise be certified to the Secretary of the Commonwealth within ten days after such change.
4. In the case of a Joint Authority in more than one county, the certificate of incorporation shall be recorded in the county where the principal office is located.
5. The purposes of an Authority as to airports and hangars is broadened so that it will apply to airports and all facilities necessary or incident thereto and thereby be all inclusive.
6. Where the Authority fails to specify its powers in detail, it shall have such powers as granted by the act.
7. The power to make any agreements or enter into obligations is extended to include agreements with any municipality which is a member of the group of municipalities creating the Authority.
8. In questioning the reasonableness of any rates fixed

- by an Authority operating in more than one county, the action shall be filed in the court of the county in which the principal office is located.
9. Ambiguities are removed with reference to appeals to the court of common pleas as to the reasonableness and uniformity of rates and other charges fixed by the Authority, and provides for further appeal to the Superior Court.
 10. The Authority is granted the right to do all things necessary to carry out its powers and do all things necessary and convenient "for the promotion of its business and general welfare of the Authority."
 11. The power to enter into contracts with municipalities which are not members of the Authority are broadened to include the Commonwealth of Pennsylvania.
 12. The Authority is given power to enter into contracts for group insurance for its employes and set up a retirement or pension fund similar to those existing in the political subdivisions.
 13. In the case of a Joint Authority, a vacancy shall be filled by the member Authority whose representative office is vacant.
 14. Every Authority is required to have at least one annual examination of its books and records by its certified public accountant and a copy of such audit be delivered to each municipality creating the Authority; and where the Authority fails to make such an audit, then the auditor or the accountant designated by the municipality is authorized, at the expense of the Authority, to do so, as now provided in the law.
 15. The Attorney General of Pennsylvania is authorized to examine the books, accounts and records of any Municipality Authority at his pleasure.
 16. The requirement that the acquisition shall be approved by a two-thirds majority is clarified so that two-thirds vote shall be required of all of the members of the governing body or of each of the governing bodies of a Joint Authority, etc.
 17. The exception that bids are not required for any construction where the work is performed by the Authority itself or under an agreement with the Works Project Administration is amended to include labor supplied under an agreement with any Federal or State agency.
 18. Authorities are permitted to purchase, without advertising for bids, articles which are not purchasable in the competitive market.
 19. In case of a Joint Authority, the power of eminent domain shall be exercised in the same manner as provided by law for the municipalities in which the right is exercised.
 20. Authorities are authorized to refund bonds but not beyond the life of the Authority.
 21. The act becomes effective immediately upon final enactment.
- representative apportionment and submit to the General Assembly an equitable plan for such reapportionment, based upon the population of the various districts of the Commonwealth, as indicated by the last United States decennial census, the Chairman of the Commission, on November 17, 1943, appointed a committee to make such a study. Hon. Franklin H. Lichtenwalter was designated as Chairman and Senator Weldon B. Heyburn as Vice-Chairman.
- The Committee held its organization meeting on November 30, 1943, and proceeded to outline the course of its study, directing the staff of the Commission to accumulate data as to the constitutional requirements of reapportionment.
- Data was assembled and a study was made to determine what changes in House Apportionment are necessary in order that the requirements of the Constitution be met.
- In applying the formula, as prescribed by Article II, Section 17, of the State Constitution, it was found that the membership of the House should be increased from 208 to 210 members; and that the following counties will be affected by the changes necessary in order to conform to the constitutional provisions:
1. Allegheny County will be increased from 27 members at present to 28 members, as follows:

City of Pittsburgh	13 members
City of McKeesport	1 member
Residue of county not included in cities of Pittsburgh and McKeesport	14 members
 2. Cambria County will be reduced from 5 members to 4 members, the change being that the City of Johnstown will have only 1 member instead of 2 as at present.
 3. Cumberland County will have 2 members instead of 1 as at present.
 4. Delaware County will increase its membership from 4 members to 6 members and be divided into three or more districts.
 5. Lehigh County will increase its membership from 3 members to 4 members.
 6. Northampton County will decrease its membership from 4 members to 3 members.
 7. The membership from Philadelphia County will be decreased from 41 members to 39 members, requiring redistricting in order to meet the required change in membership.
 8. The membership of York County will be increased from 3 members to 4 members. The City of York will have 1 member and the residue of the county, 3 members.

COMMITTEE ON LEGISLATIVE APPORTIONMENT

Pursuant to House Resolution No. 62, Serial No. 80, (1943) directing the Joint State Government Commission to investigate and consider the matter of senatorial and

The Committee reviewed the constitutional requirements for senatorial reappointment and concluded that it was necessary to reapportion the districts in Philadelphia and Allegheny Counties.

Bills incorporating the changes, as indicated, were drafted and introduced as House Bill No. 753 for House apportionment and Senate Bill No. — for Senate apportionment.

The Committee has also directed that a formal report embodying the basis for the recommended bills be prepared for submission to the General Assembly.

COMMITTEE ON UNEMPLOYMENT COMPENSATION BENEFITS FOR PARTIAL UNEMPLOYMENT

On June 16, 1943, the Joint State Government Commission authorized a study of the payment of unemployment compensation benefits for partial unemployment and on July 16, 1943, the Chairman of the Commission appointed a committee to make the study. Hon. David P. Reese, Jr., was designated as Chairman and Senator A. H. Letzler as Vice-Chairman. The Committee was organized on July 28, 1943.

The Committee has held a number of meetings and conferred with administrators of unemployment compensation in the states of New York, New Jersey and Ohio. The Committee also studied the provisions for "partials" in unemployment compensation laws of other states. On December 7, 1943, this Committee held a public hearing to which representatives of industry and labor were invited to present their views on the subject. On July 25, 1944, the Committee further conferred with representatives of the Tax Advisory Committee studying the subject of unemployment compensation taxes.

In the course of the study, it was disclosed that Pennsylvania is one of the two jurisdictions, out of a total of fifty-one jurisdictions under the federal government, which does not provide unemployment compensation benefits for partial unemployment. There are two methods in effect for the payment of benefits for "partials"—(1) benefits for loss of earnings, and (2) benefits for loss of time (New York being the only state with the "loss of time" plan).

After hearing from the several groups and concluding its visits to nearby states (named above) where the two systems were observed in operation, the committee concluded that it had considered the subject sufficiently to reach a decision as to the desirability of incorporating into the Pennsylvania law a provision for paying "partials." The following recommendations on "partials" represent an impartial decision as to the most desirable system for Pennsylvania.

The Executive Committee of the Joint State Government Commission at its meeting on September 12, 1944, authorized the Committee on Unemployment Compensation Benefits for Partial Unemployment to enlarge the scope of its study to include the entire field of unemployment compensation.

As a result of such further general study, recommendations 2, 3, 4, 5, and 6 for the liberalization of unemployment compensation benefits were adopted by the Committee. In some cases, however, the action was not unanimous.

In addition thereto, and because of the fact that the problem of unemployment compensation is a constantly changing field of law, the Committee has made recommendation number 7 which suggests to the Commission that a standing committee be established for the purpose of continuing the study of unemployment compensation in general. It was decided that such a committee be maintained not only during the interim between the sessions, but during the sessions of the Legislature as well, in order that the General Assembly be afforded an opportunity of being informed constantly of desired changes to the Pennsylvania Unemployment Compensation Law.

The Committee was assisted in its studies by the generous cooperation of the Secretary of the Department of Labor and Industry and the Bureau of Unemployment Compensation.

Senate Bill No. 41, covering the recommendations for legislation, was drafted and introduced in the Senate.

Recommendations

1. Partials

- (a) Benefits shall be paid to covered employes partially employed with respect to any week of less than full time work if the wages paid or payable to him with respect to such week are less than his weekly benefit rate.
 - (b) Benefits payable to such an employe shall be the difference between his regular weekly benefit rate, if he were totally unemployed, and the wages paid or payable to him plus \$3.00.
 - (c) The Pennsylvania Bureau of Employment and Unemployment Compensation shall design a reporting system for "partials" so that a statement of earnings on the pay envelope pay check stub, or similar pay voucher with a statement "Less than full time remuneration because of lack of work" shall be sufficient. (This is a recommendation to the Bureau and is not included as an amendment to the law.)
2. Increase the maximum weekly benefit amount from \$18.00 to \$20.00.
 3. Increase the maximum duration of payments from 16 weeks to 20 weeks.
 4. Reduce the waiting period from two weeks to one week.
 5. An employe shall qualify for benefits if he earns 30 times his weekly benefit rate instead of \$50 in each of two calendar quarters, as now provided in the law.
 6. An employe shall be denied compensation who is discharged for misconduct connected with his work.
 7. That a permanent committee be set up in the Joint State Government Commission to make a continuing study of Unemployment Compensation.

COMMITTEE ON STUDY OF DISTRIBUTION OF STATE FUNDS TO POLITICAL SUBDIVISIONS IN COUNTIES OF THE STATE

Pursuant to Senate Concurrent Resolution Serial No. 125 (1943) directing the Joint State Government Commission to make a study of the "Distribution of State funds to all political subdivisions of the State as well as to the counties, with the objective in mind of establishing a permanent and equitable distribution of a portion of the funds of the Commonwealth so that all political subdivisions will receive their fair and proportionate share of the funds and thus equitably relieve local real estate of taxation to the greatest extent possible," the Chairman of the Commission on November 17, 1943, appointed a committee to make such a study. Hon. Baker Royer was designated as Chairman and Senator John G. Snowden as Vice-Chairman.

At its organization meeting, on December 1, 1943, this committee planned to obtain by questionnaire, personal visits and conferences with local officials, complete in-

formation on the distribution of the liquid fuels tax to County Commissioners.

As the first step, a conference was held in the offices of the Hon. John U. Shroyer, Secretary of Highways. members of his staff, officers of the Commission and members of the Commission staff. It was agreed that the study outlined in the committee's organization meeting cover all the counties of the State, except Philadelphia, by submitting a questionnaire, to be followed by personal conferences with boards of county commissioners. Secretary Shroyer offered the full cooperation of his department and furnished assistance necessary to carry out the first phase of the program. Two field auditors of the Department of Highways, were assigned to the Commission and assisted in the investigation.

Every county in the State, except Philadelphia, was visited, with conferences being held with boards of county commissioners, county controllers, auditors and county treasurers.

As a result of this study, for the first time since the creation of the Liquid Fuels Tax Fund, facts and figures were available showing the liquid fuels tax receipts of counties, expenditures by counties for construction, maintenance, property, damage, county aid grants, retirement of road bonds and debt services, and the allocation of the Liquid fuels tax funds by county commissioners to political subdivisions within the county.

It was found that a great deal of confusion and lack of uniformity existed in the various boards of county commissioners as to the proper use and distribution of these funds. It was also learned that while some counties appeared to make an equitable distribution to political subdivisions, other counties made no distribution whatsoever, even though their receipts were in excess of their expenditures for road purposes, resulting in large surpluses. The investigation showed that some counties have need for every cent of liquid fuels tax moneys received from the Commonwealth, while the needs of other counties is much reduced. The methods used by various county commissioners for redistribution to local units were many and varied and lacked any systematic and uniform method of allocation, even within the same county. It was also found that there is need for further relief for road expenditures to local subdivisions, such as townships, boroughs and cities.

The committee held meetings in 1944, on August 15, October 4, and October 25, and discussed this problem in detail with, and received recommendations from, the representatives of State Associations of County Commissioners, Township Commissioners, and Boroughs, League of Cities of the Third Class, State Association of Township Supervisors, Keystone Automobile Club, Associated Petroleum Industries, Pennsylvania Motor Federation, Pennsylvania Motor Truck Association, Association of Pennsylvania Constructors.

In arriving at its recommendations, the committee tried to give due and fair consideration to the requests and recommendations of all interested groups, both the groups paying the tax, as well as the units requesting aid from the Commonwealth.

Two bills carrying out the recommendations of this committee have been drafted and introduced in the Gen-

eral Assembly as House Bill No. 541 and Senate Bill No. 404.

Recommendations

1. Liquid Fuels Tax receipts shall be used only on "county roads and bridges" etc., and interest and sinking fund charges on county road bonds and bridge bonds, when expended by the county commissioners subject, however, to the provision that in the case of new construction, whether on bridges or roads, approval of the plans must first be received from the Department of Highways.
2. All liquid Fuels Tax Fund receipts shall be deposited in a separate account and not commingled with any other funds.
3. Upon approval of the Secretary of Highways, a county may anticipate Liquid Fuels Tax Fund receipts in the case of an emergency and be permitted to credit such expenditures against subsequent receipts: Provided, That the county shall not anticipate such receipts for more than two years.
4. Reports on receipts and expenditures of the Liquid Fuels Tax Fund shall be made by the county commissioners to the Department of Highways semi-annually for the periods ending June 30 and December 31, respectively; copies to be sent to the Auditor General and the Department of Revenue.
5. Political units shall be notified by the county commissioners of any unencumbered balance in the county's Special Liquid Fuels Tax Fund on January 1 of each year when it is in excess of the prior year's receipts, and that distribution will be made upon proper application on the basis of a prescribed formula.
6. (a) County commissioners may make distribution of the Liquid Fuels Tax Fund to political subdivisions under the new formula prior to the said accumulation, as at present.
(b) County commissioners shall allocate or apportion among all the political units any moneys distributed thereto on a 50% mileage and 50% population basis, proportionately allocated.
7. Allocations of Liquid Fuels Tax Funds by the county commissioners to political subdivisions shall be on forms furnished or prescribed by the Department of Highways, but approval of the expenditure by the political unit must be first obtained from the Department of Highways before any allocation is effective.
8. The semi-annual reports and the expenditures therein stated must be approved by the Department of Highways before any further distribution to the counties is made.
9. Contracts for all highway and bridge work, by the political subdivisions to whom the county commissioners make allocations of the Liquid Fuels Tax, shall be approved by the Department of Highways.
10. The Department of Highways shall annually issue to all county commissioners copies of the laws, pertinent provisions thereof, and regulations relating to the receipts and expenditures of the Liquid Fuels Tax Fund by the county commissioners.
11. No county shall carry over any credit balance from

year to year, except when specifically authorized on account of an emergency.

12. Eliminate the one cent emergency tax and in lieu thereof provide a one cent additional tax to be allocated on a mileage basis as follows:

- .3 of a cent per gallon to second class townships.
- .3 of a cent per gallon to first class townships, boroughs and cities (all classes).
- .4 of a cent per gallon to Motor License Fund (Highways).

COMMITTEE ON PENAL CODE AND JUVENILE DELINQUENCY

Senate Resolution Serial No. 39, adopted May 5, 1943, directed that the "Joint State Government Commission make a careful, thorough and impartial study of the whole question of crime prevention, incarceration, reform, probation, parole and pardon, as administered in this Commonwealth and in other states." The Joint State Government Commission, at its meeting on June 16, 1943, added to this subject, the study of juvenile delinquency. Senator John M. Walker was appointed Chairman and Hon. John H. McKinney was designated Vice-Chairman.

This was a gigantic task and the committee recognized in the beginning of its study that it could not possibly carry out the mandate of the Legislature to the letter, with the time and funds at its command. It was, therefore, decided to confine the study to the Commonwealth of Pennsylvania, excluding other states, and to attempt to cover as much as possible of that phase.

The committee was subdivided into three subcommittees—Crime Prevention and Juvenile Delinquency, Criminal Code and Jurisprudence, and Parole and Criminal Institutions.

The Subcommittee on Crime Prevention and Juvenile Delinquency, of which Hon. Charles H. Brunner, Jr., was Chairman, conferred with a number of juvenile court judges, Department of Welfare employes, parole and probation officers, chiefs of police, and welfare workers, all of whom submitted suggestions and recommendations for the prevention and control of juvenile delinquency.

The Subcommittee on Criminal Code and Jurisprudence, of which Senator A. Evans Kephart was Chairman, circularized all the judges, district attorneys, and bar associations in the Commonwealth with the request that the committee be advised of needed amendments to the Penal Code and has arrived at recommendations which are considered of immediate need. In addition, this subcommittee is desirous of recommending that a complete revision and recodification of the Criminal Code be made through the Joint State Government Commission by a continued study in the next biennium.

The Subcommittee on Parole and Criminal Institutions, of which Hon. Thomas H. Lee was Chairman, conferred with outstanding penologists in the Commonwealth, as well as the Medical Society, Departments of Health and Welfare, and made personal visits to a number of institutions in the Commonwealth, including the Pennsylvania Industrial School at White Hill, the Pennsylvania Training School at Morganza; Western State Penitentiary at Pittsburgh; Eastern State Penitentiary at Philadelphia; and the New Eastern State Penitentiary at Graterford.

In addition, the Governor's Office made available to this subcommittee, the recommendations contained in a report of the Committee appointed by him to survey the existing correctional system of the Commonwealth. The committee has apoted some of the recommendations contained in the report to the Governor and, in addition, is making a number of recommendations which it deems will be of assistance in bringing about improvement in the penal and correctional system of the Commonwealth.

It is felt that the work of this committee should be continued into the next biennium.

All of the members of this committee have given unstintingly of their time and efforts and have worked hard in arriving at the recommendations submitted herewith. It urges that the recommendations be given earnest consideration.

Bills covering recommendations for legislation essential to carrying out this program have been drafted and introduced as:

House Bills Nos. 699, 700, 728, 729, 730, 731, 732, 739, 740, 742, 744, 745, and Senate Bills Nos. 362, 455, 456, 457, 458, 459, 466, 467, and others.

Recommendations and Findings—Juvenile Delinquency

1. Delinquent children under 18 should not be mingled with delinquent youths over 18, and boys and girls should be kept in separate institutions or sections.
2. Provision should be made for permanent custodial care of mentally defective delinquents under 18. Separate institutions should be provided for mentally defective delinquents and mentally defective children and they should be housed in separate institutions.
3. Juvenile delinquency is in general a community rather than institutional problem.
4. Pre-sentence clinics should be a must in all juvenile court procedure. Wherever not available, the State should make this possible and encourage its use.
5. Inadequate salaries, overburden of cases, and lack of skilled personnel, handicap probation.
6. The Commonwealth should maintain an advisory service where means are lacking to develop and support probation services.
7. The Clerks of Courts should be authorized to furnish to the State Police, a complete copy of the report which they turn over to the Parole Board on every case and also submit similar data for cases where the sentence is under two years. Have clerk of courts be the collector of police district reports of the county and have him send them to the State Police. The clerk of courts shall receive his customary fees for making such reports. The State Police shall maintain a bureau where the statistical data can be compiled and correlated and the available information and reports submitted at least once a year to the Governor and distributed to members of the General Assembly, judges, and district attorneys of the several counties in a form similar to the Uniform Crime Reports of the FBI. The statistics may be made available to the general public but names and addresses of individual cases shall not be given to anyone upon request, except for information of police departments.
8. Add the use of policewomen to the State Police staff.

9. Provide for additional facilities in State-owned and State-aided institutions for readjustments of juvenile delinquents.
10. Venereal disease clinics shall be established to treat delinquents and either the parents treat the child and report to the clinic for treatment or the child shall be sent to an institution. The judge or person who has the care of the case should commit the person to an institution unless the parents are prepared to provide them with treatment and report, as required, to show that the child is being properly treated.

The Department of Health shall provide additional institutions in at least three convenient sections of the State, similar to the one in Lancaster, for the treatment of juveniles with venereal diseases.

All penal institutions should make provision for the treatment of venereal cases.

11. Provide an adequate scale of pay for institutional personnel to provide permanency. Pennsylvania has a good training program but needs implementation from the standpoint of personnel.
12. Juveniles should not make application for parole to Parole Board; should be released by the juvenile court judge upon recommendation of institution board of managers; and the juvenile court judge should have the power to institute proceedings for parole at any time.
13. County commissioners should be authorized to expend funds to provide such recreation as would tend to reduce juvenile delinquency.

Recommendations—Penal Code

Section 309—Prison Breach

Amend to read "whoever, being imprisoned after conviction, of an offense other than murder in the first degree, or where the sentence is imprisonment for life, whether indictable or not, breaks prison, or escapes, or shall break prison, although no escape is actually made, shall be guilty of prison breach, * * *"

Section 648—Furnishing Cigarettes or Cigarette Papers to Minors

Eliminate entire section.

Section 656—Airport Obstructions

The original act put in as additional obstructions to airplanes, lights. This should be included in the Code.

Section 682—Prohibited Acts by Public Officers

Should be revised to permit directors of a corporation to be salaried officers thereof.

The second paragraph should be amended to insert "private corporation" instead of "banking institution"; insert the words "private corporation" instead of "bank" and the words "officer or director thereof" instead of "president or vice-president."

Section 725—Kidnapping Child from Persons having Custody

Should contain a proviso that "If the parent of a child, whether legitimate or illegitimate, takes the child from the other parent who has lawful charge or care of the child, it cannot be more than a misdemeanor," and a lesser penalty should be provided.

Section 733—Desertion and Nonsupport

Add provision giving the Court of Quarter Sessions jurisdiction of any support matters, upon petition by the person seeking support or anyone in his behalf, without the necessity of arrest for nonsupport. The present legislation should stand, but it should also be supplemented by the above suggestion, so that procedure by petition may be had as presently in effect in public assistance cases and in juvenile court cases.

Section 819—Receiving Property Fraudulently Disposed of

Prescribe a penalty of one year imprisonment or \$1,000, or both.

Sections 827-828-829, 842-843—Embezzlement, Fraudulent Accounts and False Statements

These offenses were originally misdemeanors and when this act was drafted they were left as misdemeanors in the original draft, but between the time of the drafting and the passage of the act, these sections were changed from misdemeanors to felonies. The Act of 1878, P. L. 196, Section 6, provides that these misdemeanors could be prosecuted within four years. The limitations ought to be four years and although the last Legislature passed such a statute, the Governor vetoed it.

An amendment should be drafted to put into effect the above recommendation. However, the Governor's Veto Message, No. 4 of 1943 Session, should be studied to avoid the objection contained therein.

Section 834—Fraudulent Conversion of Property

Amend to provide that fraudulent conversion of property be a misdemeanor instead of a felony and reduce the penalty to \$3,000 and 2 years, or both.

Section 836—Cheating by Fraudulent Pretenses

The words "felony" and "misdemeanor" are so mixed up it leaves this section in an ambiguous state. It should be amended to make it a felony throughout.

Section 901—Burglary

The following recommendations for amendment to this section were presented to the committee and the committee ordered the section to be amended to conform therewith:

"Should be amended to provide a distinction between breaking and entering during the day time or night time and whether it was to a dwelling house in night time or a store building or store house where no one resides. Discretion as to sentence should be vested in the court.

"Distinguish between felonious entry and burglary. Redefine breaking and entering.

"Provide a section for the crime to be known as 'Breaking and Entering,' similar to the prior code. There is no law now to cover the situation unless entering with intent to commit a felony is shown.

"Add amendment to include a charge of 'Breaking and Entering' wherein punishment is at the discretion of the court.

"Section should be repealed entirely and in its place the former codification of the common law should be re-enacted as follows:

"'Felony Burglary. If any person shall, by night, wilfully and maliciously break or enter into the State Capitol, or other public building belong-

ing to the Commonwealth, or to any city or county thereof, or to any body corporate, society or association, or into any church, meeting house or dwelling house, or outhouse parcel of said dwelling house, with an intent to kill, rob, steal, or commit rape, or any felony whatever, whether the felonious intent be executed or not, the person so offending shall, on conviction, be adjudged guilty of felonious burglary, * * * (1860, March 31, P. L. 382, Section 135).

“Breaking and Entering by Day or Entering Without Breaking. If any person shall in the daytime break and enter any dwelling, house, shop, warehouse, store, mill, barn, stable, outhouse or other building, or wilfully or maliciously, either by day or night, with or without breaking, enter the same with intent to commit any felony whatever therein, the person so offending shall be guilty of a felony, * * * (1863, April 22, P. L. 531, Section 2; 1901, March 13, P. L. 49, Section 1).”

Section 903—Burglary of Railroad Cars

Should be amended so as to strike out the word “burglary” throughout the entire section, and the title of the section should be, “Breaking and Entering Railroad Cars.”

Section 906—Burning to Defraud Insurer

Add amendment creating an additional crime of attempt to burn to defraud an insurer, making such attempt a misdemeanor, subject to a penalty of imprisonment not to exceed one year or \$1,000 or both. At the end of the paragraph as now appears in the law can be added a second paragraph, similar to the second paragraph of Section 908, “Attempt to Commit Arson” and reworded to fit the crime of “Attempt to Burn to Defraud Insurer.”

The title of Section 906 will also have to be amended to read “Burning or Attempt to Burn to Defraud Insurer.”

Section 958—Injury to Sidewalks

This does not include the obstruction of sidewalks or paths, as originally provided (18 P. S. 3432). Provide that obstruction of sidewalks or paths shall constitute violation.

Section 1014—Forgery, etc.

Crime of forgery should be broken down so that forgery up to \$100 be a misdemeanor. Create the crime of petty forgery, similar to petty larceny, confining petty forgery to fixed amounts of money up to \$100, the penalty for petty forgery to be the same as penalty for petty larceny.

Section 1107—Attempts to commit a crime

Provide a penalty for Attempt to Commit a Crime, where the penalty has not already been provided. In the case of misdemeanors, the penalty should be six months and \$500, and in the case of felonies, the penalty should be 1 year and \$1,000, but in no event shall the penalty for attempt to commit a crime exceed the penalty on the commission of the crime itself.

Sections 201, 202, 203, 204, 205,—302, 303,—401, 416,—510—706—717—723

Should be amended to clarify the language prescribing degree of imprisonment.

Section 506—Fornication and Bastardy

Provide the court, in its discretion, can require sureties on F. & B. bonds or allow the person convicted to file his own bond. This fact should appear in the order of the court specifically. Also permit the order imposed by the court as part of the sentence to be increased or modified at any time subsequent to sentence on application of either the child or someone in its behalf or the father.

Permit magistrates to release defendants in their own recognizance on a charge of fornication and bastardy where it appears that the baby has not yet been born and the defendant cannot obtain bail.

Section 3—Support Law of 1937

Amend to allow an indigent parent or grandparent to obtain support from a child or grandchild without such parent or grandparent being first in fact a public charge. (The decision of *Montgomery v. Wick*, 146 Pa. Super. 219, decided in 1941, says that the parent or grandparent must first be a public charge receiving either public assistance or being an inmate of an institution and maintained therein by public funds before the Support Law becomes operative.)

Recommendations—Institutions

- (a) A new agency or department under the State government should be created entitled, “Department of Corrections and Parole,” to which should be transferred all of the correctional functions of the Department of Welfare and the Parole Board.
- (b) The correctional functions in said department should consist of the supervision of the penal, reformatory, or correctional institutions and juvenile delinquents.
- (c) Transfer the Parole Board to this agency but retain its independence.
- (d) The head of this agency or department or his deputy should be made an ex-officio member of the Parole Board, without voting power, in order that information gathered in the department or the Parole Board might be interchanged to each other’s mutual benefit.
- Plan to transform the Pennsylvania Industrial School at Huntingdon into an institution for defective delinquents should be carried out and there should be added thereto a department for the reception and care of defective delinquent children between the ages of 12 and 15 years.
- Improve detention facilities.
- Provide for additional personnel and continuity of staff in Children’s Bureau and Correctional Bureau of Department of Welfare (or Department of Corrections and Parole, as the case may be).
- Some schools and institutions in Pennsylvania now receiving State aid that are no longer needed for care of normal children, after careful selection by the Department of Welfare, should be required to accept feeble-minded delinquent children.
- Create additional State-owned institutions for the care and training of mental defectives.
- Increase appropriations for institutional care of feeble-minded juveniles.

8. Establish an institution in Eastern Pennsylvania, similar to Morganza in Western Pennsylvania, where the court can commit juvenile offenders.
9. The State should establish an institution of its own in Eastern Pennsylvania for the reception, classification and treatment of delinquent juveniles.
10. State institutions at Pennhurst and Polk should be enlarged or similar institutions created for the care of feeble-minded in Central Pennsylvania.
11. Children's Ward at Allentown State Hospital should be enlarged as to buildings and staffs.
12. Arrangements should be made with some existing medical institution to receive both white and colored girls suffering from venereal diseases or the State should provide an institution for that specific purpose.
13. State-controlled institution for defective delinquent boys, under 18, to serve Philadelphia and adjacent counties.
14. Institution for defective delinquent boys above 15 years of age to serve Philadelphia and adjacent counties, which would emphasize a program of manual training.
15. State-controlled institution for female defective delinquents, irrespective of age, to serve Philadelphia and adjacent counties.
16. State-controlled institution for more seriously delinquent girls below 16 years of age to serve Philadelphia and adjacent counties.
17. Existing facilities for all feeble-minded cases of the custodial type should be enlarged.

† Resigned—Advisory to Committee on Continuation of Tax Study.
Hon. Lloyd H. Wood appointed in his stead.

† Resigned—Military Service.

ASSEMBLY JOINT RESOLUTION MEMORIALIZING
CONGRESS OF THE UNITED STATES TO AMEND
THE SOCIAL SECURITY LAW TO PROVIDE IN-
CREASED PAYMENTS TO OLD-AGE PENSIONERS

Whereas, During the past several years the cost of living has increased materially to all persons; and

Whereas, Old-age pensioners, as such, have been denied the opportunity to increase their income without being penalized in the form of reduced monthly payments; and

Whereas, These old-age pensioners are as much in need of an increased income as is any other person; now, therefore, be it

Resolved by the Assembly and the Senate of the State of Nevada, Jointly, That we memorialize the Congress of the United States to amend the social security act so that any person who receives or is eligible to receive old-age assistance shall receive a sum of not less than fifty (\$50) dollars per month; and be it further

Resolved, That a copy of this joint resolution be transmitted by the secretary of state of the State of Nevada to the president of the United States, to the vice president of the United States, to the speaker of the house of representatives, to our congressional representatives in the Congress of the United States, and to the presiding officers of each state legislature now in session.

PETER A. BURKE

Speaker of the Assembly

VAIL PITTMAN

President of the Senate

J. E. SPRINGMEYER

Chief Clerk of the Assembly

F. BUCKINGHAM

Secretary of the Senate

STATE OF NEVADA, Executive Department.

Approved, March 22, 1945, 3:04 p.m.

E. P. CARVILLE,

Governor.

Certified a full, true and correct copy.

MALCOLM M. EARLY,

Secretary of State.

(Seal)

THE URBAN NEGRO IN PENNSYLVANIA

A Summary of the Findings and Recommendations of the
Pennsylvania State Temporary Commission on the
Conditions of the Urban Colored Population

Philadelphia, Pa., 1945

FOREWORD

Even those who have numerous facts at hand about the stream of urban Negro life in the Commonwealth of Pennsylvania have much to gain from a careful study of the Final Report of the Pennsylvania State Temporary Commission on the Conditions of the Urban Colored Population¹ to the General Assembly, January 1943. Against a background of positive accomplishment by Negroes in Pennsylvania, chiefly through brief biographical references which are a direct challenge to the present Negro leadership in this State, major social problems are presented and recommendations for improving them, set forth.

¹ The Commission was created by an Act of the General Assembly approved by the Governor in June 1939. Mr. E. Washington Rhodes, Chairman of the Commission, introduced the bill into the legislature. Dr. Laurence Foster, Executive Director of the Commission, had major responsibility for the direction of the study.

In the review of this significant report it is well to have a frame of reference within which to study and interpret its findings and recommendations. The principal concern of the Commission survey is a study of certain social problems. What, we may ask ourselves at this point, is a social problem. Dr. James H. S. Bossard² defines a social problem as a social situation (1) which is a product of group life, (2) which involves a substantial number of persons, (3) which constitutes a threat to social well-being, (4) as defined by the mores of the group, and (5) which must be dealt with in an organized and concerted way.

Further, he emphasizes the necessity for taking into consideration the "specificity of social problems"³—specificity as to place, which means simply a localized approach, specificity as to time, inasmuch as problems made the object of social concern vary from time to time, and specificity as to the combination of factors which produce them, or the accepted fact of multiple causation.

The Commission report is by no means exhaustive. That is, it does not attempt to encompass all the social problems known to urban Negro life in Pennsylvania. The Commission selected for study in 20 cities the following major social problems: housing, health, recreation, employment, crime and delinquency, education, and, finally interracial contacts and civil rights.

Studies in these areas of Negro life were made by the research staff of the Commission, assisted by 21 volunteer workers. Cooperative research projects were also conducted by the staff and some professors and students of several of the higher institutions of learning in the State. In addition, 63 persons of state and national importance prepared special statements, studies and exhibits for the Commission.

The recommendations of the Commission, primarily legislative because they were addressed to the General Assembly, point the way, nevertheless, to intelligent planning and effective social action.

ESTELLA H. SCOTT.

Findings of the Commission Survey

Before the Commission findings are presented in part, may we take a more patient view toward the statistics which will be cited to describe objectively the incidence of these social problems among the urban Negro population of Pennsylvania. Instead of labelling these figures as "dry" and "uninteresting", as is so frequently done, let us think of them as numerical expressions of what people have done or are doing, of the varying conditions of people, in health, income, etc.; or the number of people living at a certain time in a certain place, and so on. These figures, we must remember, get the essence of their meaning from life itself in all of its ramifications. Thus, if the percentages of urban-rural dispersion are discussed, they will indicate the movements of people and the places where they now live. Similarly, if mortality rates are cited, they will tell a story of the number of people who have died in relation to every 1000 persons in the population. These statistics, then, are but convenient tools for summarizing and comparing facts about people in different places and at different times.

² Bossard, James H. S. *Social Change and Social Problems*, New York: Harper and Brothers, Rev. Ed., 1938, c., pp. 3.

³ *Idem*, pp. 44-58.

Population

It is important, first, to have within our purview the most meaningful facts about population changes among Negroes in Pennsylvania as a backdrop against which to project the Commission findings. At least four such facts reveal themselves:

1. Negroes have constituted an increasing proportion of the population

Population Ratio of Negroes in Pa.: 1880-1940

1880—2%
1920—3.3%
1930—4.5%
1940—4.74%

2. More impressive is the percentage of increase of Negroes in relation to the increase among white people. The latest decade covering this information that was cited in the report is 1920-1930, during which the white population increased 9% and the Negro population increased 51%. From agency reports, etc., it has been found that there has been a considerable influx of Negroes, especially into urban centers, during the present conflict.

3. There has been an exceedingly high concentration of Negroes in non-farm areas. For example, in 1940, almost 99% of the Negroes in Pennsylvania lived in non-farm areas.

4. The Negro population in Pennsylvania has been highly "migrant." In 1930, for instance, 65% of them were born in other states, and approximately 94% of this group of out-of-state Negroes were born in the South. Moreover, frequently they came from a rural to an urban industrial area, which inevitably created serious problems of adjustment.

Housing

Location of Dwellings

1. A pattern of residential segregation persists throughout the State, with its resultant "artificial" housing scarcity among Negroes.

2. Negro dwellings, in significant numbers, are still situated in "areas of transition", or slum areas.

Conditions of Dwellings

1. Approximately three-fourths of all Negro-occupied dwellings were found to be sub-standard.

There were, of course, local variations. In Erie, for example, 44% of all Negro-occupied units were sub-standard. In Harrisburg, 72%; 69% in Philadelphia; a little over 94% in Reading, and so on.

Tenancy and Home Ownership

1. Eighty-five per cent of the Negroes in the State were tenants and paid higher rates in proportion to value received.

2. Although home ownership increased from 1900 to 1930, Negroes in Pennsylvania have not kept pace with Negro home ownership throughout the United States.

The housing problem among Negroes in Pennsylvania has been intensified by their high degree of urban concentration. Its seriousness raises a fundamental issue because housing is related to every major aspect of family life.

Health

Mortality Rates (All Causes)

1. There has been a remarkable decrease in the death rates of Pennsylvania Negroes during the last 50 years. Nevertheless, they still exceed the national white and Negro death rates.

Specific Types of Illness

1. Tuberculosis—in 1941 the Department of Health treated Negroes at about 3 times their ratio to the general population. Facilities for therapy are still quite inadequate.

2. Venereal Diseases—similarly, Negroes were treated for venereal diseases at the rate of approximately thirteen times their ratio in the total population.

Public Health Program

1. There was apparent an inadequacy of public health facilities for all citizens, and especially for the Negro.

2. Paradoxically, there was a concentration of public health nurses in small municipalities of 5,000 population and less, whereas Negroes are clustered, as we have mentioned above, in urban centers.

Recreation

1. "Because of restrictions and exclusions, poverty and related factors, qualitatively and quantitatively, there is a shortage of recreational facilities and services for Negroes."¹

Crime and Delinquency

1. Negro delinquency and crime rates range from 2 to nearly 8 times their proportion in the general population.

2. Taken per 100,000 population, the rate of law violations of Pennsylvania Negroes exceeds that of Negroes throughout the nation.

3. In 1940 Negroes in Pennsylvania constituted over 26% of the total prison population in State penal institutions (4.7% of the population).

4. Delinquency rates of Pennsylvania Negro children are higher than the national percentage for Negro children.

5. An excessive number of recidivists, or repeaters, was apparent.

Employment

1. Negroes are disproportionately concentrated in the most unremunerative and insecure occupations.

2. The composition and utility of the Negro labor force are typical. There is restrictive occupational diffusion and upgrading is slow.

3. Negroes were characterized by employment marginality. Their rate of unemployment was in excess of that for the general population of the State.

Education

1. Since 1900, there has been a steady increase in the percentage of Negroes between the ages of 5 and 25 attending school.

¹ Commission Report, p. 324.

2. In 1940, proportionately, there were 7 times as many Negroes as whites, 25 years and over, who had "no schooling".

3. An exclusive policy on the secondary level was in operation in some parts of the State.

4. The character of some textbooks with reference to racial groups was questioned.

Interracial Contacts and Civil Rights

1. As was indicated above, a pattern of physical and psychological residential segregation persists.

2. Many civil and political rights are denied the Negro.

3. Social distance, in many instances, seems to be greater.

4. Prevailing public opinion continues to adhere to "expensive, unjust and undemocratic caste system."

Recommendations of the Commission Housing

1. A program of tenant education.

2. The increased development of public low-cost housing, as well as the coordination of public and private housing agencies.

Health

1. Legislation prohibiting discrimination in granting any and all types of insurance.

2. Withdrawal of tax-exemption and tax-aid from all health and medical agencies which discriminate against qualified persons.

3. Increase of tax funds to Negro-staffed hospitals.

4. Increased funds to the Department of Health to expand its program.

5. Additional medical centers provided by the State.

Recreation

1. Closer organic relation between formal education and organized recreation.

2. Legislation prohibiting discrimination on account of race, religion or national origin in the use of tax-supported recreational facilities.

Employment

1. The enactment of effective fair employment practice legislation.

Crime and Delinquency

1. Office of the Attorney General or some other agency be charged with the responsibility of studying "police brutality", "mass arrests", "cold storage" and "the third degree".

2. Improved facilities for rehabilitation program.

3. Department of Welfare or some other designated agency be charged with investigating the status of dependent and neglected children.

Education

1. Equitable number of qualified Negroes on faculties of public schools.

2. Revision of public school curriculum to include consumer education, increased adult education and intercultural education.

3. The practice in education of the democracy for which we are fighting.

4. Establishment by the Department of Public Instruction of pre-delinquent clinics, in which an extensive guidance program would be set up.

5. Legislation withdrawing from use any books and other teaching materials misrepresenting any racial, national, cultural or religious group.

Interracial Contacts and Civil Rights

1. Office of the Attorney General or some other agency be charged with the responsibility for investigating and receiving complaints regarding violations of the Civil Rights Law of the State.

2. Employment of Negroes in the various State Departments and their use on advisory boards, in Health, Labor and Industry, Public Assistance, Public Instruction, etc.

3. Further, that these Negroes should not necessarily be charged with "Negro Affairs", but rather with problems common to all citizens.

Members of the Commission

E. Washington Rhodes, Chairman

Franklin Spencer Edmonds, Member of the Senate, Vice-Chairman

R. Maurice Moss, Secretary

Homer S. Brown, House of Representatives

George B. Scarlett, Member of the Senate

A. Evans Kephart, Member of the Senate

Wayne L. Hopkins

Laurence Foster, Executive Director

Minnie E. Lee, Office Secretary

REPORT AND RECOMMENDATIONS OF THE COMMISSION FOR THE PORT OF CHESTER

to the

GENERAL ASSEMBLY OF THE COMMONWEALTH OF PENNSYLVANIA

As provided by the Act of June 1, 1943, P. L. 811

To the Members of the General Assembly of the Commonwealth of Pennsylvania:

The Commission for the Port of Chester having been created in pursuance of the provisions of the Act of June 1, 1943, P. L. 811, and under authority thereof, to study, report upon and recommend measures for the development and improvement of the Port of Chester located within and upon that portoin of the Delaware River within the territorial limits of the Commonwealth of Pennsylvania, between Darby Creek to the northeast and the southern boundary of this Commonwealth to the southwest, sub-

mits herewith Report and Recommendations for the improvement of the Port of Chester.

GEORGE L. ALSTON
L. ALDEN ESTES
LOUIS KAPELSKI
WALTER PALMER
RAYMOND C. MATEER
REX J. SELF
CHARLES A. TURNER

Chester, Pennsylvania
January 15, 1945

Organization of the Commission

In pursuance of the provisions of the Act of June 1, 1943, P. L. 811, and under authority thereof, the first meeting of the Commission for the Port of Chester was held at the Chester Club, 511 Welsh Street, Chester, Pennsylvania, on Monday, July 12, 1943, at 12:15 o'clock in the afternoon.

Present were Messrs. George L. Alston, William R. Argyle, L. Alden Estes, Louis R. Kapelski, William D. Mason, Raymond C. Mateer and Walter Palmer.

L. Alden Estes was by unanimous vote chosen temporary chairman of the meeting, and thereafter presided as such.

George L. Alston was chosen temporary secretary of the meeting, and recorded the proceedings.

The chairman directed that every member present credentials certifying his appointment to the Commission, and the Secretary having examined same reported that all were in order and that appointments made under the enabling provisions of the aforementioned Statute, were as follows:—

Louis R. Kapelski, appointed by the Mayor of the City of Chester;

George L. Alston, appointed by the Court of Common Pleas of Delaware County;

Raymond C. Mateer, appointed by the President Pro Tempore of the Senate;

L. Alden Estes, appointed by the Speaker of the House of Representatives;

William R. Argyle, appointed by the Governor, (resigned September 15, 1943);

William D. Mason, appointed by the Governor, (resigned July 6, 1944);

Walter Palmer, appointed by the Governor.

George L. Alston was unanimously chosen as Chairman of the Commission.

William F. Delehanty was appointed Secretary, to serve at the pleasure of the Commission and until his successor shall have been appointed and qualified.

On September 15, 1943, William R. Argyle having found it impossible to function further as a member of this Commission because of his acceptance of an assignment with the Petroleum Administration for War, at Washington, tendered his resignation to the Governor. The resignation of Mr. Argyle was noted by the Commission with regret.

On October 29, 1943, Rex J. Self having been appointed a member of the Commission by the Governor, replacing William R. Argyle, resigned, and his credentials having been found to be in order, was welcomed as a member of the Commission.

On February 28, 1944, J. H. Ward Hinkson Esquire, was retained as Solicitor to the Commission.

On July 6, 1944, the Governor having accepted the resignation of William D. Mason as a member of this Commission and the Governor having appointed Mr. Mason a member of the Navigation Commission for the Delaware River and its Navigable Tributaries, Mr. Mason's resignation was noted with regret.

On July 25, 1944, Charles A. Turner having been appointed a member of the Commission by the Governor, replacing William D. Mason, resigned, and his credentials having been found to be in order, was welcomed as a member of the Commission.

In order that the work of the Commission might proceed as expeditiously as possible, special committees were appointed. (See Appendix I, page 31.)

Findings and Recommendations

In order that the Port of Chester may utilize to a greater degree the shipping advantages created by improvements made in the Delaware River, and that the Commonwealth of Pennsylvania may obtain the economic benefits for commerce that will result, the following recommendations are made:

1. The Legislature shall enact a law constituting and establishing Delaware County as the Port of Chester.

2. The Legislature shall enact a law creating a port commission, authority or other appropriate state and/or county agency, to conduct the business of the port; such agency to have duties and exercise authorities comparable to those now exercised by the Department of Wharves, Docks and Ferries of Philadelphia as set forth in the Act of June 8, 1907, P. L. 488.

3. The powers and duties of the Navigation Commission should be extended to include all inter-port matters and intra-port matters not assigned to the constituted port authorities of the Ports of Chester and Philadelphia. It should serve as a coordinating Agency for the advancement of general port business and should be assigned the duty of planning and developing overall port and inter-port communications, including highways, bridges, ferries, tunnels, airports, railroads, etc., in much the same manner as the New York Port Authority operates.

4. Exceptions and exemptions of the Port and City of Philadelphia from the jurisdiction of the Navigation Commission should prevail equally with respect to Delaware County and the Port of Chester.

5. In view of the fact that port operations and functions pertain to commerce and business, the Navigation Commission should be attached to the Department of Commerce instead of the Department of Forests and Waters as at present.

Principal Factors

The following are the chief considerations which were given due weight by this Commission in the course of its studies of the Port of Chester and in the formulation of its report and recommendations as set forth therein:

1. The Port of Chester comprises an important industrial area of the Commonwealth situated on the Delaware

River. It is a natural and economical port for the industries and shippers of the Commonwealth and other areas. The availability of water transportation greatly extends the area over which manufacturers may profitably distribute their products.

2. Chester has access to the sea, free from bridges or other obstructions to navigation, via a channel forty feet in depth, capable of accommodating the world's largest merchant ships. Ample room is provided for the turning of ships in the river channel, and a specially designed space is provided for anchorage.

3. 31½% of all commerce on the Delaware River is handled at the Port of Chester. (United States Engineers Report 1941. Due to war conditions no later figures are available.)

4. Railroad freight rates to Chester are favorable. Three major railroad systems provide excellent service to and from the Port.

5. A public terminal, with pier, docks and storage facilities, is privately owned and operated by the Chester Tidewater Terminal, Inc.

6. The State highway system, further improvement of which is planned for the immediate postwar period, affords access to the Port from all points.

7. The Chester-Bridgeport Ferry provides additional access to the Port, free from traffic congestion.

8. Chester is a United States customs port of entry by official decree of the President.

9. The Federal government has expended large sums to improve port facilities along the Delaware River, contemplating ultimately a much larger volume of commerce than that presently utilizing these facilities.

10. The proceedings of the 33d Annual Convention of the American Association of Port Authorities held at New York, October 10-13, 1944, disclosed that American ports along the eastern seaboard and on the Gulf and west coasts are engaged in a highly competitive race to secure for themselves the increased, resurgent commerce that is anticipated as a result of new alignments in world affairs, commerce and business, in which the United States may predominate to an extent not thought probable prior to the present world conflict. The competition among ports noted above is expressed in plans for greatly improved port facilities and aggressive management of port business.

11. The advantages to be attained by the Commonwealth through the promotion of the commerce and business of its ports are obvious; however, port business is subject to the same vicissitudes and problems that confront all business and commercial enterprises. Ports are susceptible of progress or decay in the degree that management either is good or bad, for which reason this Commission has given special consideration to the matter of management, and to the manner in which proper supervision and control may best be applied to the business of the Port of Chester.

It is noted that home rule—granting a measure of administrative authority and self-government to school districts, counties and other municipalities—is an established policy of the Commonwealth, the soundness and wisdom of which is generally acknowledged to have contributed to the advancement and development of important areas of the State.

The supervision and management of the commerce of the Delaware River, as presently constituted, are too remote to be efficient or effective, and deny to local interests an opportunity for self-government, self-expression and enterprise, which, properly applied through the appointment of a permanent Commission for the Port of Chester, will doubtless substantially increase our commerce and advance the interests of the Commonwealth.

Supporting Facts

The facts which have led this Commission to recommend the establishment of a permanent Commission for the Port of Chester are set forth in detail in the following pages.

Location

Chester is approximately 90 miles from the ocean by water. It is in the extreme southeastern corner of the Keystone state. The Port of Chester for U. S. Customs Service extends from Darby Creek to the Delaware state line. The land around Chester in Delaware County rises slowly from the river to a plateau about 400 feet above sea level, with the highest point 485 feet above sea level approximately 10 miles from the river.

The city is only 100 miles from the central Pennsylvania coal region and 280 miles from the iron and steel region around Pittsburgh. The location also lends itself to the delivery of raw materials from all parts of the world by ship direct to the Port of Chester.

Historical Development

In 1643 a group of Swedish and Finnish pioneers sailed up the Delaware River and landed on the western bank near the present site of Chester. In 1664 England took over the colony and the town of Upland became English in character. William Penn was granted the lands of the present State of Pennsylvania in 1681, and the next two years showed considerable activity in the renamed settlement of Chester.

Due to its location inland, yet on a navigable river, Chester became a point of destination for shipping from Europe. Industry started early. In 1776 the first powder mill was placed in operation. John Fitch ran the first steamboat on the river in 1790, and in 1840 the town boasted a population of 1,790 persons.

Following the Civil War, the industrial boom of the reconstruction period made Chester an important industrial center. During World War I, Chester again experienced a tremendous increase in industrial activity, both manufacturing and shipping. It is now, primarily, a manufacturing center with a large diversity of products.

Chester has been a port in fact since the time the Swedes and Finns landed here. Down through the years there has been a steady flow of commerce coming to local plants from foreign ports, and leaving those plants for shipment abroad.

On January 25, 1904, Chester was approved as a sub-port under the Philadelphia Customs District.

On July 1, 1913, Chester was made a port of entry without official decree.

Since September 18, 1937, Chester has been a port of entry by official decree of the President.

A United States Customs Office is located in the Chester post office building, with a Deputy Collector in charge.

General Data

The following data was furnished by the Bureau of Statistics of the Department of Internal Affairs:

	Chester	Delaware County
Total Population 1940	59,278	310,000
Total Population 1944	70,000	340,475
Land Area—square miles	4.8	183
Industrial Record—1941		
Number of establishments ...	91	255
Number of employees	20,074	50,263
Total wages and salaries	\$41,891,700	\$104,846,600
Value of Production	\$151,466,400	\$405,264,400

According to the U. S. Weather Bureau office in Philadelphia, the monthly average maximum temperature of 76.2° F. occurs in July, and the minimum of 32.6° F. in January, with a yearly mean of 54.4° F. Average rainfall is 40.4 inches per year, humidity ranges from 58% to 77%, with an average of 68%, and cloudless days average 114 per year, with 58% of total possible sunshine.

Present Industrial Development

One of the most important advantages of the Chester area is the diversity of its products. Although primarily a heavy-industry center, with one-third of its industrial activity in the metal products field, its many manufacturing and processing concerns annually turn out over 100 separate types of products.

The size of the industrial plants ranges from small companies employing a few persons up to some of the largest concerns in the Eastern industrial region, affording employment to 43,757 persons in 1940, prior to the entry of the United States in World War II. A list of the larger companies and their products follows:

Aberfoyle Manufacturing Company	Textiles
American Dyewood Company	Natural dyestuffs and tanning materials
American Viscose Corporation	Rayon yarns
Atlantic Steel Castings Company	Steel castings
Baldt Anchor, Chain and Forge Company	Anchor and chains
The Baldwin Locomotive Works	Steam, diesel, electric locomotives, hydraulic presses, testing machines, hydraulic turbines; foundry products; diesel engines; special products and ordnance material
Belmont Iron Works	Engineers, fabricators, exporters of fabricated structural steel
Chester Dairy Supply Company	Dairy equipment
Chester Lace Mills	Lace
Chester Packing and Provision Company, Inc.	Meat packers
Chester Times	Daily newspaper
Congoleum-Nairn, Inc.	Hard surface floor coverings
Crucible Steel Castings Company	Electric furnace steel castings
Chester Tidewater Terminal, Inc.	Pier and public terminal operators
Delaware River Ferry Company	Chester-Bridgeport ferry
The Eddystone Manufacturing Company	Textile printing, bleaching and finishing
Ewing-Thomas Corporation	Mercerized cotton yarns
Ford Motor Company	Automobile and truck assembly and distribution also exporting plant
General Steel Castings Corporation	Steel castings and railroad equipment
Harbison-Walker Refractories Company	Refractories
The Irving Worsted Company	Worsted yarns
Kellett Aircraft Corporation	Helicopters, aircraft parts and assemblies
Kent Manufacturing Company	Wool fabrics

Lansdowne Steel & Iron Company

Lester Piano Manufacturing Company, Inc.
The Linde Air Products Company
Paper Products Manufacturing Company

Penn Steel Castings Company
Philadelphia Quartz Company
Platt-LePage Aircraft Company
The Pure Oil Company
Scott Paper Company

Sharp and Dohme, Inc.

Shallcross Manufacturing Company
Sinclair Refining Company

John Spencer, Inc.
South Chester Tube Company
Stauffer Chemical Company
Sun Oil Company
Sun Shipbuilding and Dry Dock Company

Ugite Sales Corporation
H. H. Ward Company

Westinghouse Electric & Manufacturing Company—Steam Division

A. H. Wirz, Inc.
Yorkshire Worsted Mills

(For a more complete list of Delaware County Industries, see Appendix, II, page 33.)

Carpet looms, special machinery and hollow forgings
Pianos, airplane and glider parts

Oxygen
Paper specialties

Steel Castings
Chemicals
Helicopters
Petroleum products
Toilet tissue, paper towels and facial tissue
Biological and pharmaceutical products
Electrical instruments; switches and resistors
Refiners and marketers of petroleum products
Printing and lithographing
Steel pipe
Carbon bisulphide
Petroleum products
Shipbuilding and repairing; oil refining equipment, vessels, pressure tanks, etc.

Chemicals
Sheet metal fabricators and industrial roofers
Turbines, marine reduction gears, blowers, condensers, associated equipment
Collapsible metal tubes
Textiles

Transportation

Three of the largest railroad systems in the east serve Chester and vicinity. The tracks of the New York-Philadelphia-Washington lines of the Pennsylvania and Baltimore & Ohio railroads run through Chester, providing excellent passenger service to all sections of the country. There are 119 scheduled trains in and out of Chester per day. The Pennsylvania, Baltimore and Ohio, and Reading railroads maintain freight service to and from Chester. Freight sidings extend throughout the manufacturing sections of the city and connect directly with important shipping facilities along the river front. Industries are thereby assured of fast, convenient handling of freight from any part of the area.

Chester is the home of numerous trucking concerns, providing excellent service to all points. Route 13, which connects Philadelphia, Baltimore and Washington, runs through the center of Chester. State and national highways connect main traffic roads east, west, north and south. U. S. Route No. 322 from Cleveland, Ohio, through Harrisburg and Chester to Atlantic City, is a through highway intersected by all main routes. Trucks destined to and from points east and north cross the Delaware River by ferries operating between Chester and Bridgeport, New Jersey, thereby avoiding Philadelphia traffic and its delays.

The Philadelphia Municipal Airport, located less than 7 miles from Chester, now temporarily closed to commercial aircraft as a war measure, provided this area with excellent air transportation. The airport was opened officially on June 20, 1940, and prior to war emergencies there were between 45 and 50 scheduled flights per day, connecting with all important cities and air terminals. The following companies operated from the airport:

American Air Lines

Eastern Air Lines

Transcontinental & Western Air Lines

United Air Lines

Travel Times and Distances from Chester

	Highway Miles	Airline Hours March 1, 1942	RAILROAD	
			Freight Days	Passenger Hours
Albany	256	2.00	4	4¾
Atlanta	786	6.00	4	19
Baltimore	82		1	1¼
Boston	337	1.47	2	8
Buffalo	382	4.20	2	10
New Haven	191	1.16	2	4
New York	106		1	2¼
Norfolk	222	2.30	2	8
Philadelphia	15.5		1	½
Pittsburgh	288	2.15	2	8
Richmond	222	2.00	2	5¼

Port Facilities and Advantages

One of the main advantages of Chester as an industrial location is the excellence of its shipping facilities. The Port of Chester extends from Darby Creek, south of the Philadelphia city line, to the Delaware state line, a total river frontage of 10 miles. The value of its exports in 1939 was over \$30,000,000, and these exports consisted of more than 50 diversified products. Twelve million tons of material are handled by the port annually. Total ship clearances for 1939 were 380. Before World War II, seven steamship lines maintained direct connections to the West Coast, with a normal schedule of two sailings per week and to the Gulf Ports with three sailings per week.

Chester Tidewater Terminal, Inc., owns a pier and public terminal providing dockage space for two sea-going vessels. The Pennsylvania Railroad and the Reading Company have railroad sidings to this pier, which is served by some three miles of storage tracks and locomotive cranes to facilitate loading and unloading. Open and covered storage areas are available. Boats are also docked at the pier of Philadelphia Electric Company, operated by the Chester Tidewater Terminal. Ford Motor Company, Sun Oil Company, Sinclair Refining Company, The Pure Oil Company, The Baldwin Locomotive Works and others maintain private piers for their own shipping. Adequate local stevedoring facilities furnished by the Chester Stevedoring Company are available. In the year 1941, 31½% of the total tonnage on the Delaware River was handled through the Port of Chester. The Port of Philadelphia handled 52% of the total tonnage.

The Sun Shipbuilding and Dry Dock Company is one of the largest privately owned shipyards on the Atlantic Coast and is equipped for all ship-repair work.

Ample anchorage space is available; and the present anchorage off Marcus Hook is to be greatly enlarged, according to a program recently announced by Government Engineers. No congestion exists in the Port as there is plenty of room for the turning of ships free from interference by local shipping.

Chester is nearer the sea than is any other port in the Commonwealth. At least two additional sailing hours are required to reach ports farther up the river.

The competitive area over which a manufacturer may profitably distribute his goods is widened tremendously by the availability of water transportation, both for raw materials and finished goods. The Delaware River is a broad conveyor belt to and from the sea. The Commonwealth has an enormous potential asset in the navigable

waters of the Delaware River. Chester is a natural and economical port for industries whose costs are favorably affected by doing business through the Port of Chester.

The general public, too, has a broad interest in port developments. It has been estimated that for every ton of freight moving over a public terminal, an average of \$2.00 labor payroll is distributed, eventually to find its way to merchants and tradesmen of the community.

Fuel

The supply of fuel oil for bunkering ships is practically unlimited, since large oil refineries located in this area are supplied with various grades of crude petroleum by ocean tankers and the "Big Inch" crude line. Large oil companies refine this crude petroleum and manufacture, store, transport, distribute and market a large variety of petroleum products. Crude petroleum products are transported by various means, including ocean tankers, barges, tank cars, pipe lines and various types of motor vehicles.

Chester is in an extremely advantageous position insofar as anthracite and bituminous coal are concerned. Bituminous can be obtained from the nearby coal fields of Pennsylvania, Maryland and West Virginia. Anthracite, from the Schuylkill region of Pennsylvania, can be brought to Chester at a lower cost than to the large majority of other eastern industrial cities.

Gas is supplied by the Philadelphia Electric Company from its Tilghman Street gas plant, located in the center of the industrial section of Chester and connected by high pressure transmission mains to other gas plants.

Power

Ample electric power is available from the Philadelphia Electric Company system. There is generating capacity of well over 1,000,000 kilowatts in seven major stations, which are interconnected by heavy capacity transmission lines. This system is also tied in with two other large adjoining systems, to form the 220,000-volt Pennsylvania-New Jersey Interconnection, a Power pool of almost 2,500,000 kilowatt capacity.

Information and Advice

Information and advice was sought by the Commission from state, municipal and federal agencies, shipping lines, chambers of commerce, port commissions, State College, and others, in order that the most comprehensive report possible might be presented to the members of the General Assembly of the Commonwealth.

In the above connection, inquiries were addressed to thirty-six chambers of commerce and to nineteen port authorities along the coastal areas of the country.

(For copy of letter and list of addresses see Appendix III, page 38.)

Letters, pamphlets and reports received from those replying were replete with information respecting the subject matter of the inquiry. A study of these disclosed that most of the older ports, such as New York, Boston, Philadelphia, Baltimore, New Orleans and San Francisco, grew up more or less like Topsy. They were natural landing places, with safe harbors for the ships of shallow draft that visited our shores up to the time of the Civil

War. Piers and wharves were, and many continue to be, privately owned; and these sufficed for the character and volume of trade of that period. The development of steamships and ocean-liners of deep draft, together with a vastly increased amount of business and commerce via rail and truck, later necessitated the deepening of harbor channels and the installation of modern piers, warehouses and freight handling equipment.

The economic advantages of water-borne interstate commerce having been demonstrated, the development of our natural resources, such as coal, iron and petroleum products, in areas distant from natural ports and harbors, created a demand for and resulted in the construction of harbor and port facilities for the economic transportation of these and other materials. An outstanding port of this character is that at Houston, situated inland some 50 miles from the Gulf of Mexico.

Houston and the newly constructed port at Albany, N. Y., are said to be two of the most modern ports in the country in point of design and equipment.

Methods of operating of ports, subject to certain basic controls exercised by the Federal government, differ in various sections of the country. Older ports have inherited properties, systems and agencies which may have been efficient when established, but which in some instances at least are now outmoded and have probably become inefficient from an engineering standpoint.

Ports have expanded beyond the borders of single municipalities, and in some instances of single states, thereby requiring overall coordinating agencies and controls, with limited and sometimes indefinite or overlapping powers, to be set up as this need developed.

While there is no set pattern of control, it may be noted that, in the newer ports, state commissions and state authorities appear to possess positive and definite powers; while in the older ports these powers are retained by local authorities acting in conjunction with coordinating agencies of the State.

An outstanding example of the latter type of control may be found at New York. Large areas of the State of New Jersey on the Hudson River and New York Bay developed port facilities in response to their immediate commercial needs. Piers, docks, warehouses, railroad terminals, publicly and privately owned, all interrelated with those of New York City, now comprise the present port and harbor of New York.

The desirability of having some coordinating agency to facilitate the movement of interport commerce was obvious to all concerned, and in consequence the "Port of New York Authority" was set up as a bi-state agency to meet this need. Contrary to general belief, however, the Port Authority is a coordinating agency only. The city of New York retains ownership and control of its piers and harbor frontage, as well as its airports, and the same is true of the cities on the New Jersey side of the harbor. The Port Authority has engaged in activities designed to finance and tie together the various land areas of the port district with adequate rail connections, bridges, tunnels, etc., and to create union freight terminals to facilitate expeditious and economic handling of rail and truck freight, and in advancing the development of the Port as a whole.

Somewhat similar situations prevail at Boston and

others of the older ports, where authorities became fixed before overall planning and control of port business and commerce under present day conditions had demonstrated their necessity and advantage.

The Port of Chester, while in an old community enjoying many natural advantages and channel improvements, is not hampered by fixed conditions and established authorities to the extent that are many of the older ports on the eastern seaboard. In this respect, the Port of Chester offers an unusually favorable opportunity for development and improvement. The channel is established, much of the river front is open and available for improvement and the already excellent approaches to the river front by highway and railroad, are now being further improved.

(For procedure to secure port improvements by the Federal Government see Appendix IV, page 42.)

The magnitude of the task assigned to the Commission, as well as the importance of the inquiry, clearly indicated the necessity of securing the aid and advice of a competent authority on ports and traffic in connection therewith. On October 29, 1943, after careful examination of his credentials, John F. Lent, an independent consultant on port matters, a practitioner before the Interstate Commerce Commission, was employed to study conditions at the Port of Chester and report his findings to the Commission. Mr. Lent thereupon devoted seven months to his investigation and to the preparation of his report, which was submitted on May 12, 1944.

(Report of John F. Lent is printed in full, Appendix V, page 45.)

In addition to the foregoing study, the Commission solicited and obtained the voluntary assistance and advice of the following Traffic Managers, employed by local industries; Charles J. Isett, Ford Motor Company; John J. Inch, Scott Paper Company; Victor Lanagan, Sinclair Refining Company and H. L. Green, Chester Tidewater Terminal, Inc. These traffic managers made an independent study of the freight rates from various Pennsylvania points to Baltimore, Wilmington, Philadelphia and New York, and prepared a map showing the relative advantages which each port enjoys. Freight rates to Chester are generally on a par with those prevailing to Philadelphia; class rates for some points in Pennsylvania are lower.

(For Map see Appendix VI, page 98.)

The proceedings of the 33d Annual Convention of the American Association of Port Authorities, held at the Hotel New Yorker, New York City, October 10-13, 1944, illustrated the manner in which some of the major ports of the country are planning to increase port service and improve their respective competitive positions in the field of port business in the postwar period.

Port Authorities and Commissions from the West Coast, the Gulf and Atlantic Coasts attended, including at least one representative from British Columbia. The principal subjects of discussion were:

- a. Postwar business.
- b. Reconversion.
- c. Acquiring or disposal of wharf and dock equipment and improvements installed by the government during the war.
- d. Design and equipment of docks and slips.

It was the consensus of opinion as expressed at the convention that there would be more port business during the postwar period than at any time heretofore in the history of the country.

Many docks have been taken over by the Federal government for the shipment of troops and war material requiring the installation of special equipment. Docks have been extended and improved at great expense; in many instances docks now bear little resemblance to their prewar appearance. Much of this additional equipment and dock improvement is said to be unsuited to peacetime operations. However, it is clear that most port authorities think in terms of priority in acquiring this additional equipment and improvements at bargain prices, under their preferential position as state or municipal agencies, as provided in the Act for disposal of surplus property. If they are successful in this, it is evident that many ports will be in a better competitive position for the transaction of port business than they were before the war.

In view of the fact that many of the improvements involved extensions of piers and slips, and are attached to the land, and that the equipment was especially designed and installed to handle a larger volume of business than had been handled in these ports before the war, it would seem that, because of lack of competitive buyers, the port authorities should have little difficulty in acquiring these improvements and equipment at low prices under very favorable financial arrangements with the government.

While all of the proceedings of the convention were interesting and informative, those noted above have especial application to the Port of Chester in the period just ahead.

Conclusions

Appraisal of existing and proposed port facilities with recommendations for assistance in development should be a duty of the permanent Port of Chester Commission. The business of the Port of Chester was developed entirely by private capital, while other ports along the river have been built largely by public funds. This Commission makes no recommendation in regard to the use of public money for the Port of Chester, except as to an equitable allocation of available appropriations for dredging from pierhead to channel. It is believed that the extent of private facilities available now and planned for port expansion should be appraised and that future recommendations should be based upon such an appraisal by the permanent Commission. A city or state financed terminal is rarely self-supporting, but may be necessary, if privately owned facilities are not available and adequate.

The Commission for the Port of Chester, after due consideration of all the facts that have come to its notice as stated herein, believes that the best interest of the Commonwealth requires that a permanent commission for the Port of Chester should be established to administer the affairs of the Port in the manner set forth in its Findings and Recommendations as they appear on pages 7 and 8 hereof.

APPENDIX I

Committees, Duties and Assignments

1. Finance. To prepare a budget, audit all accounts of expense and fix salaries.

Walter Palmer, Chairman,
Rex J. Self,
Charles A. Turner

2. Statistics and Research. Secure and compile data on pertinent subjects, i. e.,

a. Inbound and outbound tonnage through the port—prewar—present and postwar, by industries, localities and names of firms.

b. Pier and terminal facilities—prewar—present and postwar.

c. Freight rates—domestic, export, rail and water—compared with other ports.

d. Stevedoring facilities and costs, compared with other ports.

e. Costs of delivery from shipside to various cities, compared with costs from Philadelphia and Wilmington ports.

f. Value of port payrolls to community.

g. General advantages of Port of Chester, nearness to the sea, lack of congestion, adequate roads, rail, dock and warehouse facilities, possibly lower pilot cost, good roadstead anchorage, etc.

h. Reciprocal business with export and coastwise shippers, i. e., lumber from Pacific Coast and steel from Chester; sulphur from Gulf Coast and pipe from Chester.

L. Tilden Estes, Chairman,
Raymond C. Mateer,
Walter Palmer

3. Public Relations. Publicity, keeping the public appropriately informed of the work of the Commission, to maintain public interest and support.

Raymond C. Mateer, Chairman,
Louis R. Kapelski,
Rex J. Self

4. Industry Relations. Contacts with industries that are served and could be served by the port, to enlist their interest and definite plans for expansion of their tonnage through the port.

Rex J. Self, Chairman,
Raymond C. Mateer,
Walter Palmer

5. Transportation Relations. Contacts with rail, trucking and steamship lines to coordinate traffic movement and to obtain their constructive support.

Louis R. Kapelski, Chairman,
L. Alden Estes,
Charles A. Turner

6. Federal, State and Municipal Relations. Study of appropriate means of State and Federal financial aid in dredging, engineering, etc.

Charles A. Turner, Chairman,
L. Alden Estes,
Louis R. Kapelski

7. Conclusions and Report. Digest the data and con-

clusions of the other committees and prepare the final report for the approval of the Commission and presentation to the General Assembly of the Commonwealth on January 15, 1945.

Rex J. Self, Chairman,
Louis R. Kapelski,
Charles A. Turner

Changes in the personnel of the foregoing committees have resulted from time to time because of changes in the personnel of the Commission.

APPENDIX III

Information and Advice Sought

The following letter was addressed to thirty-six Cham-
bers of Commerce and to nineteen Port Authorities over a
period of two days, beginning July 21, 1943.

"A State Commission on the Port of Chester, Penn-
sylvania, has just been appointed for the purpose of
studying the existing facilities of the Port and to re-
port to the Governor in what manner they may be
improved.

"Until now there has never been a Port Commis-
sion at Chester, for which reason there is no back-
ground of experience to guide the present Commis-
sion.

"In these circumstances, I wonder if you would be
good enough to let me know what your State and
Municipality have done and plan to do for the benefit
of your Port and what the federal government has
done and what you hope it will do in the same con-
nection.

"We are particularly interested in the physical de-
velopment of our Port from a standpoint of state and
federal aid; public and private docks, clearance of
rock and other obstructions, and the development of
a commodious and safe anchorage and harbor up to
the U. S. Pier Headline for the benefit of shipping
generally.

"We are starting from scratch, and it is hoped that
you will make your response as informal and broadly
informative as possible. Printed reports, statistics
and advertising matter pertaining to your Port will
likewise be appreciated."

The above letter was addressed to the following (an
asterisk is placed in front of those that responded):

APPENDIX IV

Procedure to Secure Port Improvements by Federal Government

Many ports are now planning special projects for post-war development. Most of these projects are being or have been developed through surveys conducted by the Office of the United States Engineers. Procedure to secure such a survey is very carefully and precisely described in the letter of J. P. Doyle, Manager of the port of Portland, Ore., and that of G. D. Curtis of the Tampa Chamber of Commerce. Quotations follow:—

Mr. Doyle,

"Your Congressional Delegation gets a resolution through Congress directing the Chief of Engineers to cause a survey to be made. This, generally, includes estimates of the potential commerce, as well as a plan of development and an estimate of cost. This procedure might take one to two years. (With respect to Chester, much less time would be required because information now in the hands of the Engineers affecting the Port of Philadelphia would, no doubt, have application to the Port of Chester.)

"When a report is made by the District Engineers, reviewed by the Board of Engineers, for Rivers & Harbors and endorsed by The Chief of Engineers and if the report is favorable to an improvement, your Congressional Delegation has a good chance of having a project included in a Rivers & Harbors Bill. In other words, if the set-up is favorable, the favorable report is adopted as a legal project, by reference in the general Rivers & Harbors bill. Such bills, we believe, are considered approximately every two years. If and when a project is so legalized, through the Rivers & Harbors Act, it becomes an authorized

Project but does not necessarily become active. It only becomes an active project if funds are allocated to it out of the Rivers & Harbors appropriation.

"The Rivers & Harbors appropriations are made in a lump sum, allocable by the Secretary of War to any and all of the adopted projects. However, since the defense and war expenditures got under way the appropriations for Rivers & Harbors have been theoretically limited to maintenance of essential projects, and new work is practically out for the duration. We presume that the Federal Bureaus, are, however, interested in building up a backlog of public improvements and, therefore, it is reasonable to assume that a logical project could reach the "legally authorized" stage without too much opposition."

Mr. Curtis, Secretary of the Tampa Chamber of Commerce, writes,

"It is noted that Chester is on the Delaware River below Philadelphia, which no doubt already enjoys a port development program under the jurisdiction of the Corps of Engineers.

"We believe that the first step in the development of navigable waters, in order to obtain an appropriation through Congressional action by recommendation of the Rivers & Harbors Committee, is to have the U. S. Engineers make a thorough survey to obtain supporting data as to the tonnage which could be developed which would warrant the expenditure and improvement of the Delaware River at your port.

"Of course, you understand the Federal Government does not improve any port unless it can be conclusively proved that it is for the general public benefit and not promoted or instigated by private interests, and in many cases the Federal Government through the Corps of Engineers has imposed on communities the acquisition of municipal docks in order that The Federal Government may be assured that certain provisions of the law referring to harbor improvement will be dedicated to the use of the public and controlled by the Municipal Government.

"The city of Tampa owns the municipal docks and during this emergency it has developed into a very remunerative operation, as ships which have been allocated to the Port of Tampa by the War Shipping Administration otherwise could not have been berthed and properly serviced."

APPENDIX V—PART 1—REPORT

COMMISSION FOR THE PORT OF CHESTER
COMMONWEALTH OF PENNSYLVANIA

By JOHN FRANKLIN LENT, Commerce Consultant

DECEMBER 27, 1943

REPORT OF JOHN F. LENT

To The Honorable Commissioners
For The Port of Chester

Report

Pursuant to the provisions of Senate Bill number 440,
The General Assembly of Pennsylvania, Session of 1943,

Part one of a report which will contain two parts, is hereby submitted setting forth factual matter and recommendations for the improvement and development of the Port of Chester. For transcript of Bill see Appendix A, page 55.

Part I

Introduction

Situated on the west side of the Delaware River within the limits of this Commonwealth, the Port of Chester waterfront extends from Darby Creek southwest to the boundary line of the State of Delaware. Within this area are located the City of Chester, also boroughs of Marcus Hook and Eddystone.

The Philadelphia Customs District as defined by law comprises all that part of the State of Pennsylvania lying East of 79 degrees west longitude; all of the State of Delaware, and all that part of the State of New Jersey not included in the district of New York; the City of Chester was designated a port of entry. More recently (in 1937) Marcus Hook, Eddystone and other adjacent localities were included as territory within the jurisdiction of the Deputy Collector of Customs at Chester.

To clarify statistics herein presented, a distinction must be drawn between the designation "Port of Philadelphia" as applied under the Custom Laws, and "Philadelphia Harbor" the boundaries of which are those of the City of Philadelphia. Beyond these boundaries the Delaware River with its 40 foot channel awaits a greater utilization to the economic advantage of the Commonwealth of Pennsylvania and its citizenship. The improvement and development of the Port of Chester, too long neglected, will stimulate world commerce through this valuable waterfront. Likewise the excessive transportation expense now incurred by diversion through competing ports, commerce originating at or destined to the Chester Port District, and such other commerce as would normally pass through it, would be avoided. This has been the experience of other Delaware River ports improved with public marine terminals.

Delaware River Channel

Early pioneers moving up the Delaware River in 1638 landed in the area now the Port of Chester district. Here it was that the first steamboat was operated by John Fitch in 1790.

In its natural condition the river had a channel 175 to 600 feet wide and a controlling depth of 17 feet. In 1828 Congress authorized the early improvement at a cost of two million dollars, the project completed in 1869. The importance of this river to the commerce of the nation prompted Congress in 1885 to adopt a comprehensive plan for a channel 600 feet wide and 26 feet deep at mean low water, from Philadelphia to deep water in Delaware Bay and the work was completed in 1898.

The continued growth of commerce and construction of larger and faster ships brought further legislation in 1899 when construction of a channel 30 feet deep was authorized and again in 1910 the depth of 35 feet was provided, the latter completed in 1934. The River and Harbor Act of 1938 authorized enlargement of the channel depth to 40 feet and this is now available.

This great water highway made possible the industrial and shipping development of the City of Philadelphia where the advantages have been capitalized by extensive construction of waterfront facilities. Other areas bordering the river were slow to make such improvements as were necessary to participate fully in the strategic economic location. The Port of Chester only 84 miles from the open sea, free from bridge or other obstruction, presents a challenge to this Commonwealth and its business leaders for enlarging the Port facilities in the public interest. The State of Pennsylvania and the Port of Chester may well examine the potential benefits for the area embraced by the latter where adequate public terminal facilities for commerce are conspicuously absent.

Jurisdiction

1—Federal

The Federal Constitution has been construed as delegating to Congress the power over navigation on water highways of the United States as well as over the commerce with foreign nations and among the several states. The Secretary of War exercises the powers of Congress with respect to regulation and protection of navigation. The Corps of Engineers of the War Department, by virtue of various Acts of Congress, are required to determine the amount of commerce each project would benefit and the River and Harbor Act of March 1909 contained provisions pertaining to terminal facilities which were extended in the Act of 1913 as follows:—

"The existence and establishment of both private and public terminal transfer facilities contiguous to the navigable waters proposed to be improved and, if water terminals have been constructed, the general location, description, and use made of the same, with an opinion as to their adequacy and efficiency, whether private or public. If no public terminals have been constructed, or if they are inadequate in number, there shall be included in the report an opinion in general terms as to the necessity, number and appropriate location of the same, and also the necessary relations of such proposed terminals to the development of commerce. (b) The development and utilization of water power for industrial and commercial purposes. (c) Such other subjects as may be properly coordinated with the project: Provided, That in the investigation and study of these questions consideration shall be given only to their bearing upon the improvement of navigation, to the possibility and desirability of their being coordinated in a logical and proper manner with improvements for navigation to lessen the cost of such improvements and to compensate the Government for expenditures made in the interests of navigation, and to their relation to the development and regulation of commerce."

2—The State of Pennsylvania

(a) The Commonwealth of Pennsylvania Act of Assembly 1907 amended June 1937, created the Navigation Commission for the Delaware River with powers to regulate all construction or alteration of harbor construction such as piers, bulkheads, slips and basins, outside of the City of Philadelphia. It is also authorized to regulate the services and to fix the maximum rates for wharfage,

cranage and dockage. Jurisdiction over pilots licensed by the State of Pennsylvania and supervision of the State Nautical School. Pertinent sections of Law shown in Appendix B, page 57.

(b) The Regulation of the waterfront of the City of Philadelphia is provided by an old law (1885) of the State of Pennsylvania supplemented by an Act P.P.L. 321 of 1907. This legislation created a Department of Wharves, Docks, and Ferries and authorized the Mayor of the City to appoint a Director whose powers are outlined in detail. Thus the State has for many years prescribed the processes for regulation and utilization of the waterfront of the Delaware River within the municipal limits of Philadelphia and have made appropriations for improvements therein.

For excerpts of this Act see Appendix C, page 59.

3—State of New Jersey

Adopting a new policy for the East shore of the Delaware River, the State of New Jersey, by Act of Assembly, Chapter 336, Laws of 1926 created the South Jersey Port Commission with broad powers. The reason given for its creation was stated to be: that New Jersey has an extensive frontage on its waterways and this great asset has been neglected; and the manufacturers and shippers were seriously handicapped by lack of adequate, modern facilities for receiving and shipping by water which is the cheapest method of transportation. Further, that Philadelphia had expended upward of 40 millions of dollars for piers, wharves and docks, that Wilmington, Delaware, had constructed a public terminal thereby adding to its industries and there was no such improvement along the New Jersey shore. The shippers of the latter being without terminal facilities and regular ship services, had to pay toll to the opposite side of the river and were at a disadvantage in the competitive struggle for business. It was urged that New Jersey's neglectful attitude with respect to its waterfront was a handicap also in connection with the appropriation and allotment of Federal funds for the improvement of the Delaware River and its navigable tributaries; that local cooperation is required by the Federal government in river and harbor improvement and if the funds were expended on projects chiefly beneficial to the Ports of Philadelphia and Wilmington, the State of New Jersey, not having provided this cooperation, could not justly complain.

For excerpts of Act see Appendix D, page 61.

Port Development

Authorities agree that a successful port divides into two main sections; first, the industrial and second the commercial. The first includes all industrial activities situated on the waterfront. These are so located to benefit by the low water transportation cost for raw materials. Among these are paper mills, steel plants, soap factories, sugar and oil refineries, fertilizing plants, etc., required to move low valued materials. Such industries with railroad service only cannot successfully compete with other plants having access to water transportation. The second or commercial section of a port comprises (a) marine terminal with warehouse facilities for the use of the public at large; (b) piers for ships exchanging general cargoes, also open dockage for bulky commodities; (c) facilities

for trans-shipment between vessels and railroads also motor trucks, so that territory tributary to the port may participate in the benefits of water transportation service.

Commerce for Pre-War Year 1941 and Port Participation

Intensely industrialized the Port of Chester District provided 31½% of the foreign and domestic coastwise tonnage handled on the Delaware River in the pre-war year 1941 as reported by the War Department Engineers in their annual statement of waterborne commerce; the harbor of Philadelphia accounted for 52%; Camden-Gloucester 5%; Billingsport-Paulsboro 7.4%; Wilmington less than 1%. Thus the port areas of the Commonwealth of Pennsylvania aggregated 81½% for these major classified divisions of world commerce.

Refer to Appendix E, page 62.

In somewhat similar ratio was the tonnage movement recorded as "internal domestic" through the Chesapeake and Delaware Canal, with Port of Chester handling 23.4% of the total movement on the Delaware River; Philadelphia 44-1%; Camden-Gloucester 11.4%; Wilmington 13.7%; Trenton 1.4%.

Refer to Appendix F, page 63.

Commerce of 1932 Compared With 1941

This volume of waterborne commerce at the Port of Chester has been accomplished in the absence of a modern marine public terminal such as is provided at Philadelphia, Trenton, Camden and Wilmington.

The progress is further emphasized in a comparison of tonnages handled at all these ports for the decades preceding the present war. Contrasting the year 1932 with 1941 it is interesting to observe that the Port of Chester exceeded all others in the percentage of increase. Analysis reveals these outstanding results.

	Coastwise			
	Imports	Exports	Inbound	Outbound
Port of Chester Increase	501.1%	8.2%	55.4%	5.9%
Philadelphia Increase	60.9%	71.1%	17.1%	.3%

Refer to Appendix G, page 64.

The total volume of commerce moved on the Delaware River in 1932 was 27,279,783 net tons, in 1941 it was 44,948,882 tons, an increase of 28.1%. The Port of Chester handled in 1932, 7,158,766 net tons and in 1941, 11,959,201 tons, an increase of 67%.

Refer to Appendix H, page 65.

Tonnage of Ports Compared Pre-War Year 1941

Analysis of the movement of Foreign and Coastwise tonnages for the Delaware River during 1941 reveals the relation of each port held to the total movement. The Port of Chester enjoyed 14.3% of the foreign and 38.8% of the Coastwise tonnage, exceeding the aggregate of all other ports except Philadelphia, which accounted for 76.5% and 41.6% respectively.

For statement showing comparison of all ports see Appendix I, page 66.

Commodities Handled at Port of Chester

The waterborne commerce of the Port for pre-war year 1941 has been classified as to commodities under headings adopted by the Federal government and are shown in statement Appendix J, page 67.

The principal commodities entering into the port's business were petroleum and its products which appear in table as "non metallic minerals." In both foreign and domestic trades, these classes of cargo are major factors, and also in the commerce of Philadelphia. Chemicals ranked second, wood and paper products third, and ores, metals and manufactures fourth.

Total Foreign trade accounted for 10.7% and Domestic Coastwise 89.3% based on tonnage handled. The total movement of both trades on the Delaware River and the percentage relation each bears to the total is shown in Appendix K, page 68. The Port of Chester proportion of 31.5% is 60% of the Philadelphia tonnage.

Commodities in Foreign Trade on Delaware River— Year 1941

Commodities that comprised the foreign trade handled on the Delaware River are shown in Appendix L, page 69. It will be observed that as to imports, petroleum and products classified non metallic minerals, rank first in volume, vegetable food products second, ores, metals and manufactures third. For exports petroleum and products rank first, ores second, and food products third.

The table obviously includes tonnage figures for the Port of Chester which are given in form to harmonize with the segregation made by War Department Engineers.

The Port of Wilmington and Mantua Creek, N. J., are separately shown and only the imports at the former are substantial in volume.

Custom receipts for the Port of Philadelphia in 1941 amounted to \$32,422,778.

Waterfront Facilities

Privately owned facilities of large industrial plants bordering the shore of the river have provided for efficient handling of materials moved by water. To these may be attributed the success the Port has thus far attained in enlarging the commerce. In this development the economic advantages of this location are demonstrated, yet absence of a modern marine terminal available for public use comparable to those provided at other ports prevents full utilization of these advantages. The list of operators are detailed in Appendix M, pages 70-72.

Storage Warehouses

There are two public storage warehouses for handling vessel cargo at the Port and both are located at Chester; the one consists of 2 steel frame one-story buildings at foot of Thurlow Street with an area of 6,500 square feet. The other is at 5th and Upland Streets, adapted for dry storage only with capacity of 75,000 square feet. Both warehouse operations have track connections with railroad lines.

Shipbuilding Industry

Shipbuilding and ship repair has long been one of the principal industries of this port. The Sun Shipbuilding and Dry-Dock Company has ship-ways for constructing large and small vessels, as well as a completely equipped marine repair plant. One of the largest plants of its kind in America, its production being "ships" is not reflected in commerce tonnage statistics of the Port.

Oil Bunkering

Fuel Oil for vessels is available at Marcus Hook within the port area, and these facilities briefly stated here are further detailed in Appendix N, page 73.

	Sun Oil Co.	Sinclair Refining Co.	Pure Oil Co.
Number of steel tanks	96	126	4
Number of barrels storage capacity ...	6,343,489	3,253,604	424,500
Berthing space for bunkering	1,440: 712 ft.	1,000 ft.	412 ft.
Bunkering capacity per hour	2000 to 3000 bbls.	2,500 bbls.	1,500 bbls.

Transportation Facilities

In addition to the great water highway of the Delaware River, the Port of Chester has accessible every known transport facility for land and air carriage.

A—Water Carriers

Steamships operating between the Delaware River and all parts of the world are potential carriers for the cargoes destined to or shipped from the Port of Chester. Except as limited by adequate terminal facilities and volume of cargo offered for shipment or discharge, this port presents no disadvantages for steamship operation.

Of the 16,007 vessels operating on the river in 1941, only 39% showed drafts of 18 feet and over, 61% included many small craft with less draft. Refer to Appendix O, page 74.

Comparing the number and size of vessels operating in years 1932 and 1941, the increase was 17% in number and 13% registered net tons. Refer to Appendix P, page 75.

B—Railroads

The port is served by three major railroad systems viz Pennsylvania Railroad, Reading Railway, and the Baltimore and Ohio Railroad. Their tracks and those of their connections penetrate a large section of the nation; the same rail lines serve the harbor of Philadelphia, and in both ports their tracks reach to the river shore. Unlike Philadelphia, these railroads operate no piers at the Port of Chester.

C—Motor Trucks

The net-work of improved highways that converge at this Port is utilized by motor carriers operating to and from all parts of the country.

D—Vehicular Ferry

The Delaware River Ferry Co. maintain a ferry for vehicular and passenger service between Chester and Bridgeport, N. J. This service connects the highways of New Jersey with the Port and serves to by-pass the more congested highways leading to New York.

E—Pipe Lines

The growing mileage of the nation's pipe lines leads directly to the Port of Chester, where petroleum and its products are extensively assembled and distributed.

F—Air Transport

Air transports operating from Philadelphia Airport within seven miles of the Port of Chester are within easy access for serving the Port with air transportation to all parts of the world.

Piers for Public Use

1—South Chester Terminal

The Pier of the South Chester Terminal and Warehousing Company at foot of Thurlow Street, Chester, is an open pier available for handling coastwise and foreign shipments with terminal tracks which connect with the Pennsylvania and Reading Railroad systems. It has berthing space of 400 feet on the lower side and 420 feet on the upper. Locomotive cranes are accessible to the public. The handling charges with certain limitations, are absorbed by the railroads in tariff provisions.

This enterprise has demonstrated the economic advantages of direct transfer of cargoes at the Port and within the limits of its structure, has handled successfully large volume of business.

The pier is inadequate for supplying the needs of this important industrial port area, but its potential service to the public will not necessarily be curtailed through an enlarged modern terminal adapted to meet the present and future requirements of this section of the State's deep water frontage.

2—Municipal Wharf

The wharf owned by the City of Chester located at the foot of Market Street is adapted only for small craft and landing of excursion vessels. It is not adapted for other use, having no facilities for cargo or rail connection.

Map of Delaware River

The shore line, topography, channels and depths at mean low water for the Port of Chester District are depicted in a map of the river, marked Sheet number 7, prepared by the War Department Engineers. This map is revised to 1942 and is submitted as confidential information for purposes of this report.

Freight Rate Structure

1—Class Rates

The freight rates charged for transporting commerce in a large degree determine the economic advantage of industrial location.

At the Port of Chester, the overseas, coastal and inter-coastal water rates are generally those applied for Philadelphia. The railroad and motor truck rates are for some inland areas lower than Philadelphia.

The basic first class rates as applied between these representative Pennsylvania points are as follows:

	Port of Chester	Phila- delphia		Port of Chester	Phila- delphia
Coatesville .	43	46	Bloomsburg .	74	74
Columbia ..	57	59	Lebanon	61	61
Downingtown	43	44	Pottstown ..	47	47
Lenape	43	46	Pottsville ...	62	62
Lancaster ..	54	57	Shamokin ...	70	70
Middletown .	61	64	Williamsport.	80	80
Steelton	62	64			

These rates per 100 pounds are scaled down for each of the other classes by percentages, viz. 85% for 2nd class, 70% for 3rd, 55% for Rule 26, 50% for 4th, 35% for 5th and 27½% for 6th class.

For Import and Export rates to and from more distant

territory, the charges are the same for Port of Chester, Philadelphia and Wilmington as shown by statement Appendix Q, page 77.

2—Commodity Rates

Special rates apply on specific commodities that remove them from the Class Schedules, and these account for the greatest volume of tonnage. Extended analysis of these will be provided in Part 2, page 81, of this report.

Vitalizing the Port

The improvement and development of the Port has no equal as an enterprise of merit for the communities it embraces. Capturing the economic advantages that lie dormant requires business enterprise and legislative assistance. The Commonwealth also has a stake in the benefits that arise from public terminals that reduce costs of transporting its commerce.

The State recognized the value of establishing and maintaining waterfront terminals by making substantial appropriations to the city of Philadelphia for such purpose. In 1905, the State appropriated \$375,000.00 for removing ledge rock and have since appropriated annually large sums, the last in 1943 amounting to \$200,000.00.

An appropriation made under House Bill 924 Session of 1943 of \$14,000.00 for constructing dikes along Darby Creek with further appropriation of \$10,000.00 for maintenance, is helpful legislation within the borders of the Port District.

Consideration for the improvement and development of the Port of Chester leads directly to construction of a public marine terminal, of modern design, adequately equipped to handle, economically, its proper share of world commerce. Part 2 of the report will set up a program in detail for consideration by this Commission.

Respectfully submitted,

JOHN FRANKLIN LENT

APPENDIX A

The General Assembly of Pennsylvania

Senate Bill No. 440, Session of 1943

Mr. Heyburn, in place, March 29, 1943

As amended on second reading in Senate, April 21, 1943

An Act creating a Commission for the Port of Chester providing for the appointment of the members of said commission, defining its powers and making an appropriation to defray its expenses.

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

Section 1. A Commission is hereby created to be known as the Commission for the Port of Chester which shall consist of seven members, one of whom shall be appointed by the Mayor of the City of Chester, one by the Court of Common Pleas of Delaware County, one by the President Pro Tempore of the Senate, one by the Speaker of the House of Representatives and three by the Governor, all of whom shall be residents of the County of Delaware and whose duty it shall be to study, report upon and recommend measures for the development and improvement of the Port of Chester located within and upon that portion of the Delaware River within the territorial limits of the

Commonwealth of Pennsylvania between Darby Creek to the northeast and the southern boundary of this Commonwealth to the southwest.

Section 2. The said commission shall select a chairman from its own members and may employ a secretary, counsel and such other assistants as may be needed. It shall fix the compensation to be paid employees within the amount made available by appropriation.

Section 3. The said Commission may meet anywhere within the Commonwealth of Pennsylvania. It may take testimony and subpoena witnesses and require the production of books, records and documents. Its subpoenas shall be issued under the hand and the seal of the chairman of the Commission, commanding any person or persons to appear before it to answer questions concerning matters properly being inquired into by the Commission, and to produce such books, papers, records and documents as the Commission may deem necessary. Such subpoenas may be served in the same manner and with the same force and effect as subpoenas issued out of the courts of this Commonwealth. Each member of said Commission shall have the power to administer oaths and affirmations to witnesses appearing before the commission.

Section 4. Any person who shall willfully neglect or refuse to testify before said Commission or to produce any books, papers, records or documents required by it shall be subject to penalties provided by the law in such cases.

Section 5. The members of said Commission shall receive no compensation for their services, but they shall be entitled to necessary travelling expenses incurred in the performance of their duties.

Section 6. The said Commission shall remain in existence until January fifteenth, one thousand nine hundred forty-five and shall, at that time, make a full and complete report of its findings to the General Assembly with appropriate recommendations for legislative action.

Section 7. The sum of ten thousand dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated from any money in the State Treasury not otherwise appropriated payable on the requisition of the chairman of said Commission and upon the warrant and audit of the Attorney General.

Section 8. The provisions of this Act shall become effective immediately upon final enactment.

APPENDIX B.

Excerpts from Acts

Laws Establishing the Navigation Commission for the Delaware River and its Navigable Tributaries Defining Their Duties, Etc.

Act 322, approved June 8, 1907, supplements and amendments thereto; Act 126, approved May 9, 1913; Act 300, approved July 8, 1919; Act 148, approved April 4, 1925, and Laws abolishing the Commissioners of Navigation, and creating in lieu thereof the Navigation Commission for the Delaware River and its navigable tributaries; Act 385, approved June 21, 1937, entitled:

An Act "Be it enacted etc., That there is hereby created a departmental administrative commission in the Department of Forests and Waters, to be known as the Navigation Commission for the Delaware River and its navigable trib-

utaries, consisting of seven members, three to be appointed by the Governor; two of whom shall be appointed from among the residents of Delaware County; and one of whom shall be appointed from among the residents of Bucks County; two to be appointed by the Mayor of the City of Philadelphia; one to be the Secretary of Forests and Waters, who shall serve ex-officio; and one of whom shall be the Director of Wharves, Docks and Ferries of the City of Philadelphia, who shall serve ex-officio. The Governor shall designate one of the Commissioners to be the president of the said commission. The principal office of the Commission shall be in the City of Philadelphia.

Section 4. The Commissioners shall make rules for regulating, stationing, and anchoring ships, vesesls, and boats in the River Delaware and its navigable tributaries, or at the wharves, piers, or bulkheads, or in the docks, slips or basins, extending into or on the said river and its navigable tributaries for removing from time to time, ships, vessels, and boats, in order to accommodate and make room for others, or for admitting river craft to pass in and out of the docks, slips and basins, and for compelling the masters and captains of ships, vessels, and boats to accommodate each other, so that ships, vessels and boats shall, for a reasonable time, be entitled to berths next to the wharves, piers, and bulkheads, until they have landed or loaded their cargoes.

Section 5. The Commissioners shall have power to make surveys and soundings to ascertain the capacities of the aforesaid river and its navigable tributaries for commercial purposes, and to prepare plans therefrom, and to keep records thereof. They shall also have power to regulate, fix, and establish bulkhead and pierhead lines, and the distance between piers, subject to the regulation of the United States Government; to adopt and promulgate rules and regulations for the construction, extension, alteration, improvement, and repairs of wharves, piers, bulkheads, docks, slips, and basins; Provided, That, for the purposes of this section, the Commissioners shall not have jurisdiction within any city of the first class.

Section 7. "Whenever any person or persons, association, other than a corporation, corporation or municipal corporation, shall desire to construct, extend or alter any wharf, or pier, or to erect, extend, alter, or improve any bridge or other harbor structure wholly within the State into or on the aforesaid river and its navigable tributaries, such person, persons, association, other than a corporation, corporation or municipal corporation, shall make application to the president of the commissioners, stating in writing the nature and extent of such intended wharf, pier, or other harbor structure or building in the nature of a wharf or harbor structure, aforesaid; and file in the office of the president of the commissioners plans and specifications showing fully the proposed erection, construction, extension, alteration, or improvement, and produce their deed or deeds, or other evidence of title, to the property to be so occupied, altered, or improved."

Section 10. The Navigation Commission, after a hearing of the parties in interest, is authorized to regulate the services and to fix the maximum rates for wharfage, crantage, and dockage. Provided, That, for the purpose of this section, the Commissioners shall not have jurisdiction within any city of the first class."

APPENDIX C

Excerpts from Act 321

Laws Establishing the Department of Wharves, Docks and Ferries City of Philadelphia

P.P.L. 321

(1907)

A Supplement "To an Act, entitled 'An Act to provide for the better government of cities of the first class of this Commonwealth,' approved the first day of June, one thousand eight hundred and eighty-five; creating a Department of Wharves, Docks and Ferries, for the improvement, regulation, and supervision of the construction, extension, alteration, maintenance and use of wharves, piers, bulkheads, docks, slips, basins, ferries, harbors, and harbor structures, in cities of the first class; and providing for the making and enforcement of rules and regulations, and fixing certain penalties for violation thereof; and providing for the acquisition of property by said cities, by purchase and condemnation, for certain purposes.

Whereas, the growing commerce of the Commonwealth of Pennsylvania, and the substantial improvements being made by the government of the United States in the channel-ways of our rivers and harbors, make it desirable to enlarge and extend the powers given cities of the first class for the control and development of their wharves, docks and harbors.

Section 6. The Director shall have power to make surveys and soundings, and to prepare plans therefrom and to keep records thereof. He shall also have power to regulate, fix, and establish bulkhead and pierhead lines, and the distance between piers, subject to the regulations of the United States Government; and to adopt and promulgate rules and regulations for the construction, extension, alteration, improvement, and repair of wharves, piers, bulkheads, docks, slips and basins within the limits of said cities.

Section 8. The Director shall have charge, control, and supervision of all the wharf and storage property belonging to the cities of the first class, including all wharves, piers, bulkheads, docks, slips, basins, structures thereon, and approaches thereto, storage facilities and waterfronts, lands under the water and structures thereon, and the appurtenances, easements, uses, reversions, and rights belonging thereto, which are now or may hereafter be owned or possessed by said cities; of the repairing, building, rebuilding, maintaining, altering, strengthening, and protecting said property, and every part thereof, and of all the cleaning, dredging, and deepening in and about the same.

The Director shall have authority, after appropriation of the money required therefor by the councils of said cities, to acquire, by purchase, in the name of and for the benefit of said cities, such wharves, piers, bulkheads, docks, slips, basins, and storage facilities appurtenant thereto, lands, property, rights, easements, and privileges, within the limits of said cities, as may be required for the purpose of commerce and navigation.

Section 14. The Director, after a hearing of the parties in interest, is authorized to regulate the services and

to fix minimum rates for wharfage, crannage, and dockage, whether the service is performed by the owners of said wharves, piers, and docks or by the said cities.

Section 18. The income to said cities from all wharfage and storage rates, crannage, dockage, and other charges, from all leases of lands, storage structures, wharves, piers, bulkheads, docks, slips and basins, shall be collected by the said Director, and at once paid into the city treasury."

APPENDIX D

Excerpts from New Jersey Law Creating South Jersey Port Commission

Chapter 336, passed—April 1926

"To confer with governing bodies of each of the municipalities within the Port District and any dock, port, harbor, channel or improvement commission and any body or official having to do with port and harbor facilities within and without the district and hold public hearings as to such facilities."

"Have power to confer with the railroads, steamships, warehouse and other officials in the district with reference to the development of transportation facilities in such district and the coordination of the same."

"Determine upon the location, type, size and construction of requisite port facilities, subject however, to the Secretary of War and Chief of Engineers of the U. S. Army and the Board of Commerce and Navigation."

"Power to lease, erect, construct, equip and maintain port facilities in the District and for any such purpose to acquire real property including easements therein, lands under water and riparian rights by agreement."

¹ Net commerce of the Philadelphia Port Area is determined by adjusting total gross figures under certain traffic headings, as follows: Under "Internal other than Chesapeake & Delaware Canal," which is long haul freight traffic between the main ship channel of Delaware River, the channel to Trenton, N. J., and certain other connecting harbors and channels where a shipment at one locality is a receipt at another, and the net total equals one-half of the sum of the receipts and shipments. Similarly, "Intraport receipts and shipments," being largely traffic between the Schuylkill River at Philadelphia and the Delaware River at Philadelphia and below; and "Local receipts and shipments," being traffic to and from localities within the confines of one channel, the gross total of each is reduced wholly or substantially by one-half to show the net.

	1,249	12	2,883
		149	
993,328	7,527,496	58,107	1,225,028

Principal imports consist of Crude Oil, Woodpulp and Chrome Ore.

Principal exports consist of Gasoline, Automobiles and parts.

Principal Coastwise receipts consist of Crude Sulphur, crude oil, fuel oil, gasoline and lubricating oils, phosphate rock.

Principal Coastwise shipments consist of Steel pipe and plates, and various petroleum products, and paper.

APPENDIX R

Industries of the Port

A partial list of industrial plants located in Port of Chester District includes a number of the Nation's largest producers. For these and many others, economics in transportation will be realized by linking the land and water transports here with adequate terminals making diversion of their traffic through other ports unnecessary.

Aberfoyle Manufacturing Co.	Textiles
Abrasive Products Co.	Abrasives
American Dyewood Companies	Dyestuffs
American Viscose Corporation	Rayon Yarns
Atlantic Steel Casting Co.	Steel Castings
Atlantic Refining Co.	Petroleum Products

Hides & Skins	Scrap iron
Licorice root	
Manganese Ore	

APPENDIX V—PART 2—REPORT

COMMISSION FOR THE PORT OF CHESTER
COMMONWEALTH OF PENNSYLVANIA

BY JOHN FRANKLIN LENT

MAY 1st, 1944

Port Essentials

The improvement of rivers and harbors in the United States has long been recognized a function of the Federal Government. In recent years, however, Congress has required the localities benefited to contribute toward the expense of the project proposed or to make supplementary improvements on their own account. The River and Harbor Act approved by Congress March 2nd, 1919, provided the following:

"It is hereby declared to be the policy of Congress that water terminals are essential to all cities and towns located upon harbors or navigable waterways and that at least one public terminal should exist, constructed, owned and regulated by the municipality or other public agency of the State and open to the use of all on equal terms, and with the view of carrying out this policy to the fullest possible extent the Secretary of War is hereby vested with the discretion to withhold, unless the public interest would seriously suffer by delay, monies appropriated in this Act for new projects adopted herein, or the further improvement of existing projects, if in his opinion, no water terminals exist adequate for the traffic and open to all on equal terms, or unless satisfactory assurances are received that local or other interests will provide such adequate terminal or terminals."

The Missing Link

Linking the transportation facilities of land carriers with those of deep water craft requires terminals, if all classes of cargo are to be economically handled. The strategic position of the Port of Chester is unexcelled for such development as no other Delaware River port combines these favorable factors: (a) a 40 foot ship channel extending the entire length of the port area; (b) lowest basic class rates applying on freight between the largest section of the State and the Delaware River; (c) shortest distance to eastern terminus of the Pennsylvania Turnpike; (d) shortest distance to open sea. These advantages inherent in location will lie dormant as factors of economic value for much of the shipping until activated by a suitable structure where commerce may be economically and expeditiously handled. A modern terminal is the missing link in this otherwise well equipped port. Such a new industry for public use would supply an additional ocean gateway for the industries of this Commonwealth and those located in other states of the hinterland.

Class Rate Advantage of Port of Chester

Inland freight rates provided under class rate schedules

are determined by a rate structure in general conformance with the distance principle, and distance scales of first class are constructed so that rates increase with distance but at a decreasing rate, thus resulting in lower rates per mile for the longer distances. The method of computing distances adopts the shortest route between two points via which carload traffic can be interchanged without transfer of lading. Groups of points adjacent to accepted base points are combined to minimize the number of individual rates.

These class rates, governed by the Official Classification as to class assigned articles of Commerce, are subject, however, to certain modifications called "Exceptions to the Classification".

Thus, since the Port of Chester enjoys a less distance to a large segment of the State of Pennsylvania than Philadelphia, the class rates applied by the carriers for freight transportation are likewise less. Where the distance is practically the same from both ports, the rates are uniform. This situation showing the relationship in the rates is graphically sketched in the chart.

While the success of a port is largely determined by the geographical position, the inland freight rates of the carriers modify or accentuate the commerce flow of all ports. These rates filed with the Interstate Commerce Commission are the legal charges for transporting cargoes to and from the seaboard. The railroads and motor truck carriers supply the rates in individual tariffs or in publications of their agents. An illustration of the latter type of schedule as affecting the Port of Chester is that of Agent W. S. Curlett for the railroads. An analysis of his issue identified as I.C.C. A 334 reveals approximately 3000 class rate basing points located between the Eastern seaboard and the Ohio River. About one-third of these points are on a lower basis for the Port of Chester than Philadelphia; one-third are the same for both ports and one-third give Philadelphia less rates than Port of Chester.

Reflected in the chart showing comparisons are also class rates between Pennsylvania points in W. S. Curlett's issue I.C.C. 755.

Executives of Industrial Companies Assist With Tonnage and Transport Facts

To provide a composite statement of the commerce of the Port by trades, commodities and types of transport, facts were developed through the medium of a confidential questionnaire addressed to industrial executives. Difficulty was experienced by some in providing replies to all phases of the inquiry because pre-war records were either not available or not kept in a manner to supply the segregation sought in the request for the information. However, thirty-seven replies were sufficiently uniform in content to supply the following charted information. Thus a cross section of the Port's activities in the realm of commerce, for the first time, has been developed. This data is based on the period of 1941 and is, of course, not inclusive of all commerce handled, since it represents the replies of only a portion of those addressed.

Tonnage Transported Inbound and Outbound at Industrial Plants for the Year 1941 as Reported by 37 Representative Companies, Located in the Port of Chester Area, Classified as to Type of Production

	Chemicals	Machinery	Non-Metallic Minerals	Ores, Metal and Manufactures	Paper & Wood	Textiles	Unclassified	Total Tons

Comparison of Freight Rate Areas

Penetrating the heart of Pennsylvania from within a few miles of Lake Erie to the Port of Chester is an area of varying width which is provided with less freight rates than those applied to and from Philadelphia. In this large area of the Commonwealth are located many industrial communities, where trade involves the use of ocean shipping. Waterford and Meadville in the Northwest, Blairsville and Connellsville in the west, Clearfield and Sunbury on the north are here located as are all places intermediate to the Port of Chester.

Surrounding the above described differential freight rate territory are the extreme western and northern sections of the State where the basic class rates applied for the Port of Chester are the same as those applied for Philadelphia. At Pittsburgh, Erie, Emporium, Pottsville and many other localities within this area class rates to the two Pennsylvania ports are on a parity.

A third segment of the State comprise the extreme eastern section much less in size where the basic class rates as applied to Philadelphia are lower than those for Port of Chester. Among these are Towanda, Scranton, Bethlehem, Reading and others of less importance.

Emphasis may here be placed upon the fact that shippers and receivers of water-borne commerce enjoying the lower inland rates as applied for Port of Chester are required to divert shipments to ports where inland rates are higher, because no suitable marine terminal is provided.

Commodity Rate Structure

The play of competitive forces, particularly the competition between rival producing points, and between rival markets, exerts more influence on the commodity-rate structure than on the the class-rate structure. Some commodity rates have, however, been tied into the class rate method by the use of "column rates" viz. making the commodity rate a percentage of the first class rates. Many of the important commodity rates however are unrelated to the class rates structure and less frequently influenced by distance basis. Because commodity rates are constructed

upon so many different bases and levels, it is virtually impossible to generalize as to their structure.

A modern marine terminal as a new industry for the Port of Chester opens a new avenue of land-water exchange of cargo and will take its place in the competition for sharing in the distribution of world trade with other Atlantic Ports. It also affords the industries located in the Port District and those located within its sphere of influence to reduce transportation costs that accrue at present when their shipments must be sent through other ports.

Eliminating Waste in Transportation

Distance is not controlling in freight rate determination yet in cost of operation it is a potent factor. The movement of commerce of this Commonwealth which requires the services of water carriers contributes to wasteful inland transportation if not routed through the nearest port. Much of the revenues that accrue at ports in adjacent states have been due to handling the foreign and coastwise trade of industries located in Pennsylvania. Equipped with a modern terminal the Port of Chester would supply the largest area of the State with its nearest seaport facilities producing economy in transport operation.

Since transport cost embraces a considerable portion of the delivered cost of a majority of commodities, success in reducing commodity prices must depend to a large degree upon transportation efficiency. It is probable that we face a world that is much poorer and likely to be unable to pay accustomed prices for raw materials, and economics in transportation must strengthen the competitive position of American producers in the world markets and promote expansion of domestic consumption.

Motor Carrier Rates and Services

In addition to three trunk line railroads the Port of Chester is served by many Motor Carriers. The rates and the classifications of the latter are frequently based on those rail carriers. Their schedules provide truck load and less than truck load rates and as common carriers are subject to regulations of the Interstate Commerce and

State Public Utility Commissions. In recent years the motor carriers have handled an increasing volume of commerce to and from the port.

A list of 70 such carriers detailed in Middle Atlantic States Motor Carriers Conference tariff identified as M. F. I. C. C. A. 88 operate in all directions.

Potential Steamship Services

The Port of Chester has with one exception everything needed to qualify as a great export and import seaport and that exception is a modern marine terminal. Its position as a gateway for the States foreign trade, and particularly trade with South America which may become more desirable, must excite the interest of those who seek out the economics in distribution.

In per-war period vessels handling cargo for all nations passed within a few hundred feet of the shore line while industry in this Port and State attained an unprecedented production level. Foreign and coast-wise commerce produced in the Port area required payment of heavy toll to reach these vessels docking at other ports where suitable terminals are provided.

A list of the many steamship companies operating in Delaware River during pre-war period would serve no useful purpose. It is reasonable to expect a greater number will operate when peace comes.

The merchant marine of the United States has been expanded and sailings will be more frequent. The United States Maritime Commission is developing a program of the trade routes American vessels will follow and the ports to be served. Only ports that are equipped with adequate terminals will be selected as regular ports of call.

Highways of Exceptional Importance

The Pennsylvania Turnpike extends 160 miles through an area of the state where distances and basic class rates are lower for Port of Chester than for Philadelphia. Stretching from Irwin to Middlesex it supplies motor truck transportation between the east and west with a four lane concrete highway with maximum grade of 3 percent. Progress was advanced when this addition to two other major highways, the Lincoln and William Penn, was made available.

Construction of the Turnpike was begun in the fall of 1938 the year following the passing of the Act (211) that created the plan for it. Completed in October 1940 it was opened for public use.

The project was to be self supporting through collection of tolls. In a recent report of the Secretary of Highways the total cost was placed at \$73,000,000, with bonds issued and authorized amounting to \$43,800,000.

This Turnpike created a new artery of transportation and its value as a medium for commerce in conjunction with a new marine terminal at the Port of Chester will contribute to economic distribution of trade.

Many other State and Federal Highways serve the Port extending in all directions and the recently projected Industrial Highway to connect Port of Chester with Philadelphia which is partially completed marks a new era in expeditious transportation for Motor traffic along the waterfront where major industries are located.

Public Marine Terminals

Since 1910 there has been an increased tendency toward public ownership and operation of waterfront properties. The community of interest among the commercial and industrial enterprises of each port accounts for this development, and the requirement of Congress that communities receiving Federal aid in harbor and waterway improvements maintain public terminals. As early as 1863 the State of California provided for the public operation of terminals at San Francisco and in 1871 New York legislature made possible the complete system of publicly owned piers and wharves in the Port of New York. New Orleans in 1896 obtained similar authority and by 1900 the principle of public ownership and operation had gained wide approval.

Stimulated by a new desire for world commerce and encouraged by an enlarged merchant marine, every port of consequence has recognized definite services must be performed under a centralized control of administration not only for itself but a vast tributary area.

There being no doubt of the right of a State or a duly authorized authority to operate water terminals for the convenience of commerce, the character of the enterprise and the methods to be employed in financing the construction and operation requires only a reasonable presumption that the required expenditure of funds serves a public purpose.

Examples of Procedure

Wilmington, Delaware: In 1917 the State of Delaware passed an act creating a Board of Harbor Commissioners for the city of Wilmington. In 1921 by amendment additional powers were vested in the port commission. These acts provide among other things the following:

1. To fix lines regulating the erection of wharves, piers and bulkheads.
2. To control by licensing procedure the alteration, extension, improvement or repair of any wharf, pier or other harbor structure within the city.
3. To make, adopt and enforce by-laws, rules and regulations regarding the use and management of all municipal waterfront property.
4. To fix, regulate and collect rates or charges for wharfage, tonnage and other services rendered in the loading and unloading of vessels or other carriers and also such warehouse and storage charges as it may determine.
5. The power of eminent domain and the procedure for condemnation of waterfront property is provided.

The city of Wilmington may issue bonds to provide funds for the acquisition of property, and the construction of port facilities.

Philadelphia: Councils of the City of Philadelphia on June 29th, 1916, enacted an ordinance with the following provisions:

"that the Mayor, City Controller and City Solicitor or any two of them be and they are hereby authorized to borrow at such times and in such proportions as in their judgment the best interests of the city demand, either by popular subscription or from the highest bidder or bidders by advertisement, at not less than par, on the faith and

credit of the City of Philadelphia a sum or sums which in the aggregate shall not exceed \$67,100,000 to be expended as provided in the second section of this ordinance."

To be used for the construction and improvement of wharves, and docks including the acquisition of land upon which to erect them, the construction of bulkheads and for the reclamation of land to be used for the construction of wharves and docks; toward the construction and improvement of subways, tunnels, railways and other transit facilities.

Baltimore: The Maryland Legislature in 1920 authorized an aggregate loan of \$50,000,000 for the development of the Port of Baltimore, each issue of the securities to be approved by the voters of the city at a regular election. On November 2nd, 1920 the electors ratified the issuance of such bonds to an amount of \$10,000,000 and each subsequent issue was ratified by the electorate.

Portland, Oregon: The governing body of the port is the Commission of Public Docks, under its own charter as a separate corporation not subject to city ordinances are given power by electors of the city to issue "dock bonds" and "general harbor improvement bonds."

Seattle: Similarly the Port authorities here are authorized to issue bonds in an amount not exceeding 3 percent of the taxable values of all property in the port district upon a three-fifth majority vote of the qualified voters in the port district voting thereon.

New York City: A resolution of the Board of Estimate and Apportionment, finances port improvements and the acquisition of waterfront property is through the issuance of "dock bonds" and "corporate stock." Laws of New York 1919, Chapter 322.

Services and Charges at Terminals

The right to assess wharfage charges for the use of a public water terminal is in the nature of a franchise conferred by legislative grant. So long as terminal charges for dockage, wharfage, storage, craning, elevation, etc., are reasonable as related to service performed, they are considered lawful by the Federal courts.

It is frequently urged that Port Administration is something more than a local municipal matter, that it concerns a shipping public over a broad tributary area, that the port is essentially a State facility, and should not be subjected wholly to local municipal control. This type was not adopted by Philadelphia and that portion of the Delaware River within the borders of this Commonwealth south of Philadelphia may well adopt the State Board type of marine terminal construction and administration to develop potentialities of this location. Comprising several municipalities port facilities are not looked upon as public works of any one city government. Such development usually involves the use of State credit and expenditure of State funds in the construction of terminals which would be beyond the means of most individual waterfront cities.

Many wharves and open piers constructed as plant facilities for waterfront property owners detailed in appendix M of Part 1, accounts for the large tonnages moved by water at the Port. This is conceivable because here are located some of the nation's largest industrial enterprises for the building of ships, locomotives, trucks and automobiles, the refining of oil, plants for the production of steel, paper products, chemicals and textiles. Nevertheless

the facilities for delivery and receipt of cargo do not provide all the requirements and a substantial portion of their traffic has been forced through other ports. This portion could be retained for the Port of Chester when adequate terminal provision is made to accommodate it.

Practices of the railroads with respect to handling shipments that move by water including free time allowance and charges for services are detailed at length in tariff schedules typical of which are the issues of the Pennsylvania Railroad I.C.C. 2627 and Baltimore & Ohio Railroad I.C.C. 23529.

Map of the Waterfront

Especially prepared for this report and to accompany it, is a map consisting of six sections traced from an authentic Delaware River map of the United States Army Engineers. The shore line is true and pierhead, bulkhead and channel lines are accurately depicted. Properties that extend to the shore line have been designated as to owners and area of each drawn to uniform scale. Marcus Hook Anchorage is also shown to the degree its boundary extends opposite the shore line of the Port. It was expedient to omit all installations such as buildings, oil tanks and power plants, but railroads and highways are provided.

Recommendations

To the end that the Port of Chester may utilize to a greater degree the shipping advantages created by improvements made in the Delaware River, and that the Commonwealth of Pennsylvania may obtain the economic benefits for commerce through the establishment of an additional ocean gateway within its borders, the following recommendations are made:

1. That the legislature enact a law creating a port authority for the Port of Chester which shall constitute a body, both corporate and politic, with full powers to purchase, construct, lease and/or operate a terminal within the Port District; to make charges for the use thereof; and for such purposes to own, hold, lease and/or operate real or personal property; to borrow money and secure the same by bonds or by mortgages.

2. That the limits of the Port District be determined and designated by the Act and that consideration be given to extending the present northern boundary authorized for Customs purposes, to the southern boundary of the City of Philadelphia.

3. That the legislature amend Act 322 approved June 8, 1907 supplements and amendments thereto, for the purpose of providing exemption of the Port of Chester similar to that authorized for Philadelphia, respecting jurisdiction of the Navigation Commission for the Delaware River and its Navigable Tributaries. Such exemption provided for "cities of the first class" as specifically set forth in the several governing Acts pertaining to jurisdiction within port areas, should be provided for concurrent with legislation establishing a Port of Chester Authority.

Acknowledgments

Sincere appreciation is extended to William F. Delehanty for his cooperation in making available the facilities of the Delaware County Chamber of Commerce, of which he is Secretary-Manager, and for his consistent good judgment, generously contributed, to clarify subjects not of record

yet, having a potent influence on the objectives of this report.

Grateful appreciation for the contribution made by the Chester Times at the inception of this work, as exemplified by Editorial Comment in issue of November 19th, 1943, under the caption "For a Better Port", from which these excerpts are quoted:

"The Chester Port Commission has earned a vote of congratulations from the City of Chester in its selection of John F. Lent, a recognized authority on port development, to prepare a professional survey of the possibilities of the Port of Chester.

Many an appointive committee has bogged down in delivery of an assignment because the members thereof are not to engage a man who knew what he was about.

It will take the energetic, far-seeing, politically-smart brains of a lot of people, but it will also have to be backed up with unquestionable facts and figures on commerce and transportation, proof of large public benefits, proof of potential coast-wise and foreign shipping and evidence of natural, geographical blessings.

These, presumably, will be the meat of the report that John F. Lent will furnish to the Port Commission."

My thanks are likewise extended to the executives of the many industrial companies who, under pressure of war work, supplied the necessary tonnage figures.

The cooperation of the United States Engineers, particularly the Division of Statistics, is also gratefully acknowledged.

JOHN F. LENT, Commerce Consultant.

UNITED STEELWORKERS OF AMERICA

1500 Commonwealth Building

Philip Murray
President

Grant 5254

Pittsburgh, Pa., March 23, 1945

Honorable Edward H. Martin
Governor of Pennsylvania
Harrisburg, Pennsylvania

Dear Governor Martin:

I am writing you this public letter to lift above the realm of partisan politics the need for state legislation to eliminate discrimination in employment because of race, creed, color or national origin.

The action of Governor Thomas Dewey in signing such a bill in neighboring New York State on March 12th, demonstrates its non-partisan character. The passage of

the bill by a ninety percent vote in the New York Senate together with its joint advocacy by Republicans and Democrats give further emphasis to the fact that anti-discrimination legislation runs to the very heart of America's form of government. Fair and equal employment treatment of all citizens is a cardinal principle of the American philosophy of democracy. It transcends all consideration of party differences. All good citizens must agree with the New York Governor who said in signing the bill:

"By this act the State declares the simple principle that in employment there shall be no discrimination by reason of race, creed, color or national origin. It expresses the rule that must be fundamental in any free society—that no man shall be deprived of the chance to earn his bread by reason of the circumstances of his birth."

There are before the Legislature two main bills to accomplish this objective in Pennsylvania on which hearings are to be held March 27th. I have carefully examined both measures, and find that Senate Bill 444 to amend the State Labor Relations Act does not withstand legal examination. It would create two separate standards for private and government employment and hence is clearly unconstitutional, and of course undesirable. New York State also has a State Labor Relations Act, but it did not attempt to abolish employment discriminations through an amendment, because it would be illegal, and impractical. I am happy, therefore, to learn that you have disclaimed Senate Bill 444.

I commend to your attention and that of the Legislature House Bill 354, introduced by the distinguished Legislator, Homer S. Brown, to establish a Fair Employment Practices Commission. This bill is essentially the same as the New York bill, both in substantive content and administrative procedure. Acknowledged experts in New York worked out the details of its bill, which was drafted by a non-partisan commission of twenty-three members. The Brown Bill does not vary from the New York Statute in any essential, and thus merits the uncritical support of all Pennsylvanians regardless of party affiliation.

I therefore urge you to address a special message to the Legislature requesting the unanimous passage of the Brown Bill so that Pennsylvania can proudly take its place along side of New York in allaying among various groups in the community the social tensions that have been accentuated by the war.

Sincerely yours,

PHILIP MURRAY
President

Oath of office administered to, 48.

Objections raised by, to
Granting any further leaves of absence, except on account of illness, 2330.

Immediate consideration of Senate Bill No. 502, relating to registration in cities of first class, 3149. Withdrawn, 3149.

Request for unanimous consent to report Senate concurrent resolution, Serial No. 103, memorializing the Congress of the United States not to approve or authorize the construction of the proposed St. Lawrence Waterway and Power Project, 558.

Offers microphone on the Minority side of the House to the gentleman from Delaware, Mr. Turner, 564.

Points of order raised by, on
A motion to adjourn at a particular time is debatable, 4470.

The gentleman from Crawford County, Mr. Mahany, having interposed his objection to amendments, has said all that is in order, and the amendments are not before the House for debate, 709.

ANDREWS, HIRAM G.—Continued.

The gentleman from Delaware, Mr. Turner is not discussing the matter under consideration, 4180.

The gentleman from Lehigh is not in contempt until some action is taken to bring him in contempt, 1702.

There is no House Rule prescribing penalties to be imposed on a Member for not voting, 1702.

Presides as Speaker Pro Tempore, 3275.

Questions of information raised by, on

What action Members of a Committee which has failed to organize should take to compel the Chairman to call a meeting of the Committee, or to meet upon their own initiative, 3032.

Whether, if the Allegheny County Republicans and Democrats are meeting, the rest of the Members are invited to the wedding, 2520.

Whether the House is considering House Bill No. 205 amending "Liquid Fuels Tax Law," 1931, exempting from tax, and providing refunds of taxes paid on liquid fuels used for operation of stationary engines, and tractors, and machinery used other than on the highways; as amended, 3065.

Whether the House is under the order of Leaves of Absence, 2395.

Whether the Majority Leader will have a constitutional majority on his side of the House, April 26th; 3026.

Whether there will be copies of the report of the Commission to study the public school system, available for all the Members, 2081.

Questions of parliamentary inquiry raised by, on

What Committee is reporting Senate concurrent resolution, Serial No. 105 concerning "National Freedom Day," 220.

What House Rule could be invoked to discipline a Member who is present for not voting, 1702.

What is the change in the House Rule, if any, regarding persons in the Hall of the House, and those who vote, 365.

What is the fault in the resolution offered by the gentleman from Luzerne, Mr. Boney, 3642.

What is the jurisdiction of the House to require a Committee to meet and act, and if it declines to act, to gain possession of the bills in the Chairman's keeping, 3032.

What is the parliamentary procedure of requiring a Member to vote, 1702.

What is the procedure for a Member, who requests leave of absence and then attends a session, to establish his legal presence in the House, 999.

What is the process that a Member of the House goes about to secure unanimous consent to be recorded as present when he is not present, 1045.

What is the proper motion to make in order that Senate Bill No. 548, relating to chattel mortgages, may be read for the first time, 3911.

What legislative day is the House operating under, 3891.

What motion is necessary to give a gentleman on the Majority side of the House five minutes to report the purpose and intent of any pending bill to the House, 1600.

ANDREWS, HIRAM G.—Continued.

What precedents are there of instances in which the House has imposed penalties on Members declining to vote, 1702.

Whether a bill is subject to general debate on second reading, 552.

Whether a Member can be stopped in debate until he has committed some breach of parliamentary procedure to which objection can possibly be filed, 1341.

Whether a motion to recommit is debatable, 3480.

Whether discussion of a bill pending in committee should be taken up before the committee or on the floor of the House, 1212.

Whether if the Chair has reason to question the conduct of the Chairman of a Committee, the Chair can replace that Chairman, 3032.

Whether it is on the schedule that the Speaker serve lunch, 3812.

Whether it is possible for the Chair to instruct the Chief Clerk or some other officer to prepare mimeograph copies for all House Members of the report of The Commission to study The Public School System, 2082.

Whether it is the intention of the Chair to announce the appointment of a Committee on Committees at the 1945 Session, 53.

Whether it is within the power of the House, at its discretion to revoke, rescind or recall leaves of absence granted, 2329.

Whether it was not by unanimous consent that the House passed over and did not act upon bills on second reading, 4391.

Whether since second-reading bills were passed by, by unanimous consent, that would imply that the House has power to return to that order of business without suspension of the rule, or special order of the day, 4392.

Whether the amendments to the House Rules adopted February 6th, are in force, 364, 365.

Whether the bills under consideration by the House, are printed and copies thereof on the Members' desks, 359.

Whether the Chair on his own initiative could ask the House to be in recess for a brief period, 2938.

Whether the Committee on Rules is going to meet to act on the suggestion about shoveling snow, 140.

Whether the General Assembly will have to remain in session on Sunday, May 6, 1945; 4101.

Whether there was a special order of the day that fixed the order of business as third-reading bills to the exclusion of second-reading bills, 4391.

Whether when amendments to a bill are not in the House and ready to consider prior to the debate on a bill, they will be given consideration at the time they are presented, 796.

Questions of personal privilege raised by, on

Snow-shoveling crew to clear the Capitol steps, suggesting who shall constitute a, 139, 140.

The duties of the Majority and Minority Floor Leaders; provisions in the Constitution and the House Rules concerning "bills"; and a suggestion on House proceedings, 1484, 1485.

Remarks by, on

Absentees, 222.

No. 320 (Senate) amending "The Permanent Registration Act in Cities of Second Class," 1937, further regulating check-up of registered electors in cities of second class, 1371.

No. 321 (Senate) amending "The Permanent Registration Act, in Cities of Second Class A," 1937, further regulating check-up of registered electors in cities of second class A, 1371.

No. 322 (House) amending "Uniform Interparty Agreement Act," 1927, authorizing conveyances from husband and wife as tenants by the entireties to either husband or wife, 922.

No. 322 (Senate) amending "The Permanent Registration Act in Cities of Third class," 1937, further regulating check-up of registered electors in cities of third class, 1371.

BARR, JOSEPH M.—Continued.

- No. 323 (Senate) amending "The Permanent Registration Act for Boroughs, Towns and Townships," 1937, further regulating check-up of registered electors in boroughs, towns and townships, 1371.
- No. 365 (House) amending "Pennsylvania Election Code," 1937, further regulating elections during the time of the present War and for six months thereafter; providing procedure for voting of qualified absent electors in actual military service; further regulating last day for filing nomination petitions; the withdrawal of nominated candidates; and payments of fees of nominees, 540. (A G. I. Voting Bill)
- No. 366 (House) amending "The Permanent Registration Act in Cities of The Second Class A," 1937, exempting qualified electors in military service from registration in cities of second class A, 539. (A G. I. Voting Bill)
- No. 367 (House) amending "Pennsylvania Election Code," 1937, enlarging the definition of a qualified elector in actual military service and providing for additional reimbursement of certain compensation and expenses by the Commonwealth in connection with elections, 539. (A G. I. Voting Bill)
- No. 368 (House) amending "The First Class City Permanent Registration Act," 1937, exempting qualified electors in military service from registration in cities of first class, 539. (A G. I. Voting Bill)
- No. 369 (House) amending "The Permanent Registration Act in Cities of The Second Class," 1937, exempting qualified electors in military service from registration in cities of second class, 539. (A G. I. Voting Bill)
- No. 370 (House) amending "The Permanent Registration Act for Boroughs, Towns and Townships," 1937, exempting qualified electors in military service from registration in boroughs, towns and townships, 539. (A G. I. Voting Bill)
- No. 371 (House) amending "The Permanent Registration Act in Cities of The Third Class," 1937, exempting qualified electors in military service from registration in cities of third class, 539, 540. (A G. I. Voting Bill)
- No. 380 (Senate) amending "Credit Union Law," 1933, redefining scope of membership and territory concerning credit unions, 3528.
- No. 488 (Senate) amending "Bank Collection Act," 1931, making further provision concerning the revocation of bank credits given for items drawn on or payable at the bank issuing the same, 1372.
- No. 532 (Senate) amending Act, 1929, making further provision determining what stockholders are entitled to vote, in lieu of closing corporations' stock transfer books, 1713.
- No. 534 (House) amending "General County Law," 1929, making certain provisions now applicable to parks in second class counties only, applicable to parks in all classes of counties, 2611.
- No. 693 (Senate) amending "Pennsylvania Election Code," 1937, providing for payment of filing fees for nomination petitions by cash, in certain cases concerning elections, 2299.
- No. 774 (Senate) amending "Pennsylvania Election Code," 1937, requiring Commonwealth to reimburse counties and cities of first class for expenses of voting by official military ballots at elections, 3332.
- No. 892 (House) amending "Credit Union Law," 1933, further defining the membership of credit unions, 3528.

Communication to.

From U. S. Senator Guffey, presented to Senate, 1710, 1711

BARR, JOSEPH M.—Continued.

- Election returns, 3. Election majority of, referred to, 1392.
- Interrogations by, concerning
 Bill No. 62 (House) amending Act, 1931, imposing, and providing for payment thereof into the Motor License Fund, of an additional liquid fuels tax, 3545.
- Bill No. 64 (House) amending Act, 1889, increasing for further limited period, rate of tax upon gross receipts of certain companies, limited partnerships, associations, joint-stock associations, copartnerships and persons, 764.
- Bill No. 80 (House) reenacting, amending and extending for further limited period, the Corporate Net Income Tax Act 1935, 1310.
- Bill No. 645 (Senate) amending "Housing Authorities Law," 1937, providing for appointment of members of housing authorities, 2879.
- Question of connection between the nomination for judgeship in Allegheny County and the Mayor of Pittsburgh, 877.
- Whether it would be possible to hold a meeting during the week of February 12th of the Committee on Public Utilities, 303.
- Member of Conference Committee, 4287.
- Member of Legislative Committee on St. Patrick's birthday program, 585.
- Member of Standing Committees, 77-79, 107.
- Motion by, to
 Pass over Bill No. 122 (House) amending Acts, 1913 and 1941, exempting public loans and obligations of counties, cities, boroughs, towns, townships, school districts, also incorporated districts, and municipal authorities from taxation, 3197. Defeated, 3197.
- Pass over Bill No. 806 (House) concerning appraisal and valuation of capital stock of corporations doing business in the Commonwealth, 3408. Defeated, 3408.
- Read bills first time, 3410, 3411. Motion pressed, 3410-3412.
- Recess, 3397.
- Recommit to Committee on County Government, Senate Bill No. 264, ascertaining and appointing fees to be received by the several prothonotaries of the courts of common pleas in counties of fourth class, 1235.
- Recommit to Committee on Municipal Government, Senate Bill No. 443, regulating and improving the civil service in cities of second class, 3104.
- Recommit to Committee on State Government, Senate Bill No. 645, amending "Housing Authorities Law," 1937, providing for appointment of members of housing authorities, 2879. Defeated, 2879.
- Reconsider second-reading vote on House Bill No. 62, concerning liquid fuels tax, 3541. Defeated, 3541.
- Reconsider second-reading vote on House Bill No. 64, amending Act, 1889, increasing for further limited period, rate of tax upon gross receipts of certain companies, limited partnerships, associations, joint-stock associations, copartnerships and persons, 767.
- Reconsider second-reading vote on Senate Bill No. 385, amending "Insurance Company Law," 1921, authorizing domestic stock and mutual fire and marine and casualty insurance companies to make insurances against all risk or loss of or damage to personal property, 1149, 1236.

BARR, JOSEPH M.—Continued.

Reconsider third-reading vote on House Bill No. 805, amending "Penal Code," 1939, making it unlawful to injure, tap, or make unauthorized connections with telegraph and telephone facilities, 2870.

Objections raised by, to

Motion to read bills first time, 3111.

Request for unanimous consent to report bills, 3412.

Paying respects to brother, the late Lt. Colonel James P. Barr Jr., who made the supreme sacrifice in his line of duty in the Pacific area (Senate) resolution, Serial No. 27, 233. Bronze Star Medal Citation for meritorious service, noted, 234.

Points of order raised by, on

A motion to recess is out of order when a previous motion passed by the Senate has not been complied with, 3411.

House Bill No. 1190, empowering cities of second class to levy, assess, and collect certain additional taxes—referred to the Committee on Finance, has nothing to do with finance, 2525.

House Bills Nos. 872, 1190, 871, and 936 cannot be put on the Calendar for first reading at our next Session, because they were not reported according to the rules of the Senate, 3416.

There was a motion before the Senate prior to the motion to adjourn, 3410.

There was no roll call on the second-reading vote on House Bill No. 62, concerning liquid fuels tax, and everyone is recorded as voting in the affirmative; therefore I voted in the affirmative thereon, 3541.

Unanimous consent was not requested to report bills from Committee, 3412.

Questions of information raised by, on

What is the ruling of the Chair regarding an offering of amendments almost verbatim with amendments previously offered to a bill, and turned down, 3393, 3394.

What is the Senate voting on, 768.

Whether the amendments have been agreed to on House Bill No. 936, amending Act, 1911, fixing a limit for taxes to be levied on real estate in cities of second class, 3997.

Questions of parliamentary inquiry raised by, on

What is the rule under which the Senate can return to reporting bills, other than with unanimous consent, 3415.

Whether a motion passed by the Senate must be complied with prior to the introduction of a subsequent motion to recess, 3411.

Question of personal privilege raised by, on

Better lighting for the news room, 4199.

Remarks by, on

Appointment of William A. Challener, Sr. as Judge of the Court of Common Pleas of The Fifth Judicial District, Allegheny County, 876.

Bill No. 59 (Senate) amending "General County Law," 1929, providing rest periods, sick leave, hospital and medical expenses, and extra compensation in certain cases for counties of second class police, 829.

Bill No. 62 (House) amending Act, 1931, imposing, and providing for payment thereof into the Motor License Fund, of an additional liquid fuels tax, 3393-3395, 3541, 3542, 3545, 3546, 3549.

Bill No. 64 (House) amending Act, 1889, increasing for further limited period, rate of tax upon gross receipts

BARR, JOSEPH M.—Continued.

of certain companies, limited partnerships, associations, joint-stock associations, copartnerships and persons, 764, 765.

Bill No. 80 (House) reenacting, amending and extending for further limited period, the Corporate Net Income Tax Act of 1935, 770, 1310.

Bill No. 115 (House) amending "The General County Assessment Law," 1933, exempting certain properties belonging to institutions of learning, benevolence or charity, from taxation, 894, 1088, 1636.

Bill No. 122 (House) amending Acts, 1913 and 1941, exempting public loans and obligations of counties, cities, boroughs, towns, townships, school districts, also incorporated districts, and municipal authorities from taxation, 3197.

Bill No. 135 (House) fixing salaries of State Mine Inspectors, under the jurisdiction of the Department of Mines in the Commonwealth, 2713.

Bill No. 160 (Senate) Ohio River Valley Sanitation Compact, 1070.

Bill No. 164 (Senate) relating to appropriation to the University of Pittsburgh, 163.

Bill No. 264 (Senate) ascertaining and appointing fees to be received by the several prothonotaries of the courts of common pleas in counties of fourth class, 1235.

Bill No. 291 (Senate) making appropriation to the State Council for The Blind, to supply vocational training to adult blind, to equip them for employment, 3397.

Bill No. 296 (Senate) providing that taxes levied by political subdivisions on real estate of service persons shall not bear interest or be subject to penalties, 2983, 2989.

Bill No. 379 (Senate) Pennsylvania Authority for Veterans Act ("Pennsylvania G. I. Bill of Rights"), 3171.

Bill No. 385 (Senate) amending "Insurance Company Law," 1921, authorizing domestic stock and mutual fire and marine and casualty insurance companies to make insurances against all risk or loss of or damage to personal property, 1149.

Bill No. 410 (Senate) relating to care and maintenance of children away from their parents; and providing for certification and licensing of child welfare organizations and foster homes, 3189.

Bill No. 414 (Senate) providing protection in all cases in courts of record or proceedings therein, secured by individual surety or sureties, 1854.

Bill No. 443 (Senate) regulating and improving the civil service of cities of second class, 3205.

Bill No. 444 (Senate) concerning equal employment rights, 1323.

Bill No. 514 (Senate) amending "The Permanent Registration Act for Boroughs, Towns and Townships," 1937, requiring registrars to sit in voting precincts upon the petition of a certain number of qualified electors in boroughs, towns and townships, 3554.

Bill No. 539 (Senate) amending Act No. 1, 1944, supplementing "Pennsylvania Election Code," 1937, further regulating the disposition of military files at elections, 1869.

Bill No. 568 (House) concerning minimum compensation for public schools' professional personnel, 3401.

Bill No. 568 (Senate) regulating civil service in bureaus of police and park police in the bureau of parks in cities of second class, 3368.

BARR, JOSEPH M.—Continued.

Bill No. 570 (Senate) amending Constitution of Pennsylvania, Article 9, Section 8, regulating the debt-incurring capacity of Philadelphia, 2040.

Bill No. 631 (House) concerning the Ohio River Valley Sanitation Compact, 1069, 1070.

Bill No. 645 (Senate) amending "Housing Authorities Law," 1937, providing for appointment of members of housing authorities, 2879.

Bill No. 656 (Senate) concerning workmen's compensation 2887.

Bill No. 658 (House) amending Act, 1925, exempting federated women's clubs from provisions relating to solicitation of moneys, 3978.

Bill No. 675 (Senate) repealing General State Authority Act of 1935; and abolishing The Authority upon its compliance with certain specified conditions, 2724.

Bill No. 717 (Senate) relating to staging and playing of ice skating exhibitions and ice hockey on Sunday, 2767.

Bill No. 783 (Senate) imposing liability upon parents or guardians, and prohibiting willful defacement, damage or destruction by minor children, of public property in cities, boroughs and towns, 3167, 3168.

Bill No. 784 (Senate) amending "General County Law," 1929, making further adjustments concerning allowances of employes for County Employees' Retirement, 3578, 3167, 3168.

Bill No. 806 (House) concerning appraisal and valuation of capital stock of corporations doing business in the Commonwealth, 3408.

Bill No. 826 (House) making appropriation to the Department of Health for continuation of its Health Program in full, 3171, 3385, 3386.

Bill No. 1170 (House) making appropriation to the Department of Property and Supplies for the installation of an electric roll call system in the Hall of the House of Representatives, 2758.

Bill No. 1280 (House) The General Appropriation Act, 4079.

Connection between the nomination for judgeship in Allegheny County and the Mayor of Pittsburgh, 877.

Remarks by, on

Democrat Senators' majorities vs Republican Senators' majorities, 1392. Correction noted, 1458.

Passing certain bills, 3361.

Precedence of the motion to read bills first time, 3410, 3411.

Reason for voting "present" on second-reading of Senate Bill No. 444 concerning equal employment rights, 1323.

Reasons for vote on House Bill No. 122, amending Acts, 1913 and 1941, exempting public loans and obligations of counties, cities, boroughs, towns, townships, school districts, also incorporated districts, and municipal authorities from taxation, 3197.

Reasons why Minority is not placing the name of any one in nomination for the office of Secretary of The Senate, 1370.

Resolution discharging the Committee on Banking from further consideration of Senate Bill No. 379, Pennsylvania Authority for Veterans Act ("Pennsylvania G. I. Bill of Rights") (Senate), 3171.
